

*Preparing compassionate, patient-centered graduates
for Christian servant leadership in the profession of nursing.*

Program Mapping: Student Learning Outcomes, AACN Essentials, Program Outcomes, Goals and Core Values

Student Learning Outcome 1: Synthesize theoretical and conceptual knowledge from the liberal arts, sciences, humanities, Christian worldview and nursing to provide patient-centered compassionate care in a variety of nursing contexts and settings

AACN Essential I: Liberal Education for Baccalaureate Generalist Nursing Practice

Program Outcome I: Synthesize knowledge from arts, humanities and sciences in the planning, provision and evaluation of professional nursing care to diverse populations.

Student Learning Outcome 2: Integrate creative leadership knowledge and skills to promote quality health care and patient safety in a rapidly changing multicultural, multiethnic, global environment

AACN Essential II: Basic Organizational and Systems Leadership for Quality Care and Patient Safety

Program Outcome II: Apply organization and leadership concepts, skills and decision making to effectively implement patient safety and quality improvement initiatives within the context of the interprofessional team.

Student Learning Outcome 3: Apply the nursing process and evidenced based research using critical thinking in the practice of nursing across the lifespan for health promotion, risk reduction, and disease prevention in the care of patients, families, and communities

AACN Essential III: Scholarship for Evidence-Based Practice

Program Outcome III: Integrate evidence, clinical judgment, interprofessional perspectives, and patient preferences in planning, implementing, and evaluating outcomes of care.

Student Learning Outcome 4: Incorporate current technologies and informatics and evaluate healthcare policy, finance, and regulatory standards to support quality care outcomes in complex healthcare environment

AACN Essential IV: Information Management and Application of Patient Care Technologies

AACN Essential V: Health Care Policy, Finance, and Regulatory Environments

Program Outcome IV: Demonstrate skills in using patient care technologies, information systems, and communication devices that improve patient care outcomes and create a safe care environment.

Program Outcome V: Demonstrate basic knowledge of healthcare policy, finance, and regulatory environments including local, state, national, and global healthcare trends.

Student Learning Outcome 5: Demonstrate effective communication, collaboration, leadership skills, sensitivity, and flexibility advocating for the delivery of high quality, safe, cost-effective nursing care

AACN Essential VI: Interprofessional Communication and Collaboration for Improving Patient Health Outcomes

Program Outcome VI: Demonstrate effective communication and collaboration strategies when working with interprofessional teams to optimize patient outcomes.

Student Learning Outcome 6: Provide patient-centered, age-appropriate culturally sensitive care that assists patients with health promotion and wellness, disease and injury prevention

AACN Essential VII: Clinical Prevention and Population Health

Program Outcome VII: Integrate the concepts of spirituality, psychosocial needs and culturally appropriate strategies for health promotion, risk reduction, and disease and injury prevention for diverse individuals, families, groups, and communities across the life span.

Student Learning Outcome 7: Integrate professionalism and professional nursing values based on legal, ethical, and Christian worldview standards into compassionate, sensitive nursing practice

AACN Essential VIII: Professionalism and Professional Values

Program Outcome VIII: Integrate professional standards of moral, ethical and legal conduct in the provision of care to patients across the lifespan including vulnerable populations.

Student Learning Outcome 8: Demonstrate the knowledge, skills and attitudes of baccalaureate generalist nursing practice in the compassionate holistic care of persons, families, communities, and populations

AACN Essential IX: Baccalaureate Generalist Nursing Practice

Program Outcome IX: Integrate knowledge, skills, and attitudes into the implementation of holistic, patient-centered compassionate care of individual, families, communities and populations in a variety of settings.
