DISCLAIMER
The provisions of this catalog are subject to change without notice and do not constitute
an irrevocable contract between any student and Toccoa Falls College.
“That they might be called trees of righteousness, the planting of the Lord, that He might be glorified.” Isaiah 61:3

Nestled in the hills of northeast Georgia and located in a valley formed by waters that cascade down a 186-foot waterfall, Toccoa Falls College is a place where God has been at work in the lives of His people since its founding in 1907. R. A. Forrest, the founder of the college, referred to the college as “a tree of God’s planting.”

Toccoa Falls College is a training location where the heart and mind are challenged, inspired, broken, and developed. The TFC President, Dr. Bob Myers, often reminds students, faculty, and staff that this is a location where “godly character is developed with intellect.” This does not happen in an isolated venue separated from the concerns and problems of this world. The college has literally come through a fire and a flood; has experienced the sudden and unexpected death of students, staff, and faculty; and has faced financial challenges. Yet, through it all God has been faithful and continues to establish His “tree” and broaden its canopy.

Today Toccoa Falls College rejoices in hosting over 30 majors; sporting events and various student activities fill students’ schedules; engagement with the local communities and nations broaden the life experience of students, faculty, and staff. The mission centers these activities around one statement: “The mission of Toccoa Falls College is to cultivate a uniquely Christian learning community that integrates the pursuit of truth with godly character to produce graduates prepared both personally and professionally for service.” This impact is felt throughout the world as current students and graduates bring their knowledge, skills, and the hope provided through the transforming work of Christ to the peoples of the world.

Toccoa Falls College is a team. It is composed of a faithful and experienced maintenance staff, committed administrative assistants and office personnel, scholarly professors, experienced administrative leaders, and student leaders. God continues to grow the tree He planted many years ago through a similar team whose legacy continues today.

## FALL SEMESTER & WINTERIM SESSION 2018-2019

### AUGUST
- **01**: Fall Semester Student Account Payment Deadline  
- **01**: Fall Semester Pre-registration/Schedule Change Deadline  
- **05**: Residence halls close for summer students (5 p.m.)  
- **21**: Residence halls open for new students  
- **21**: New Student Registration check-in (9 a.m. – 12 p.m. & 1 p.m. – 3 p.m.)  
- **20-24**: Faculty Preplanning  
- **22-24**: New Student Orientation  
- **23**: Residence halls open for returning students  
- **25**: Back to School Bash  
- **27**: First day of classes / Drop-Add begins/ Attendance Check-In  
- **27**: Online Fall Session A classes begin  
- **30**: Drop-add ends at 5 p.m., Last day to enter classes

### SEPTEMBER
- **20**: Online Session A Midpoint; last day to withdraw failing without penalty  
- **24**: Chapel by Schools

### OCTOBER
- **08**: Chapel by Departments  
- **08**: Explore TFC Day  
- **12-13**: Homecoming  
- **15**: Midpoint in semester  
- **17**: Online Fall Session A classes end  
- **18-19**: Fall Break (no classes)  
- **22**: Online Fall Session B classes begin  
- **26**: Last day to withdraw failing without penalty for traditional courses  
- **29**: Registration for Winterim and Spring semester begins  
- **29**: Application for Graduation Dec. 2019 and Jan. 2020 period begins  
- **30-31**: Woerner Missionary Lecture Series (T & W evening chapels)

### NOVEMBER
- **01**: Woerner Missionary Lecture Series  
- **08-09**: Future Scholars Weekend  
- **11**: Application for Graduation Dec. 2019 and Jan. 2020 period ends  
- **15**: Online Session B Midpoint; last day to withdraw failing without penalty  
- **21-23**: Thanksgiving Break (no classes)

### DECEMBER
- **07**: Winterim/Spring Semester Pre-registration/Schedule Change Deadline  
- **07**: Last day of class  
- **10-13**: Final exams  
- **13**: Online Fall Session B classes end  
- **14**: Residence halls close (5 p.m.)  
- **15**: Winterim and Spring Semester Student Account Payment Deadline

### JANUARY
- **06**: Residence halls open for winterim students (1:00 p.m.)  
- **07**: Winterim First Day of Classes/Attendance check-in  
- **08**: Drop-add ends at 5 p.m. Last day to enter classes  
- **18**: Last day of Winterim

## SPRING SEMESTER & SUMMER SESSIONS 2019

### JANUARY
- **17** Residence halls open for new & returning students (9 a.m.-5 p.m.)
- **17** New Student move-in (9 a.m.–12 p.m.)
- **17** New Student Registration check-in (9 a.m.–12 p.m.)
- **17-18** New Student Orientation
- **21** Martin Luther King, Jr. Day (no classes)
- **22** First day of classes/Drop-Add begins/Attendance Check-In
- **22** Online Spring Session A classes begin
- **25** Drop-add ends at 5 pm. Last day to enter classes

### FEBRUARY
- **05-07** World Outreach Conference (T & W evening chapels)
- **15** Online Session A Midpoint; last day to withdraw failing without penalty
- **25** Chapel by Schools

### MARCH
- **11** Chapel by Departments
- **13** Midpoint in semester
- **18** Online Spring Session A classes end
- **18-22** Spring Break
- **25** Chapel by Departments
- **28** Last day to withdraw failing without penalty for traditional courses
- **31** Registration for summer sessions and fall begins
- **31** Application period for May & Summer 2020 grads begins

### APRIL
- **04-05** Campus Preview
- **10** Application period for May & Summer 2020 grads ends
- **18** Online Session B Midpoint; last day to withdraw failing without penalty
- **19** Good Friday (no classes)

### MAY
- **01** Summer Sessions I & II Student Account Payment Deadline
- **01** Summer Sessions I & II Pre-registration/Schedule Change Deadline
- **01** Financial aid (FAFSA, GTEG) priority date for 2019-2020
- **08** Last day of classes
- **09** Study Day
- **09** Faculty Post-planning 2:00 p.m.
- **10-15** Final Exams
- **15** Online Spring Session B classes end
- **16** Residence halls close (5 p.m.)
- **17** Baccalaureate (7:30 p.m.)
- **18** Commencement (10:30 a.m.)
- **18** Residence halls close for graduating seniors (5 p.m.)
- **22** Residence halls open for Summer Session I
- **23** First day of classes, drop-add begins for Summer Session I/Attendance Check-In
- **23** Online Summer Session classes begin
- **24** Summer Session I drop-add ends at 5 p.m.
- **27** Memorial Day (no classes)

### JUNE
- **10** Completion Deadline for Financial Aid File
- **18** Last day of classes for Summer Session I
- **19** Online Summer Session Midpoint; last day to withdraw failing without penalty
- **19** Final exams for Summer Session I
- **20** Residence halls open for Summer Session II
- **21** First day of classes, drop-add begins for Summer Session II/Attendance Check-In
- **24** Summer Session II drop-add ends at 5 p.m.

### JULY
- **04** Independence Day (no classes)
- **17** Last day of classes for Summer Session II
- **17** Online Summer Session classes end
- **18** Final exams for Summer Session II

### AUGUST
- **01** Fall Semester Student Account Payment Deadline
- **01** Fall Semester Registration/Schedule Change Deadline
CAMPUS
Toccoa Falls College is nestled on the edge of the Piedmont Plain and the foothills of the Smoky Mountains. The campus is in the center of 1,100 acres of forest, mountains, and streams, and on the edge of the Chattahoochee National Forest. Located on campus is the famous Toccoa Falls which is higher than Niagara Falls. The Cherokee Indians named the falls, Toccoah, meaning beautiful.

HISTORY
In the fall of 1907, Dr. Richard A. Forrest founded the Golden Valley Institute at Golden, North Carolina, to provide educational opportunities for young people in the South who had been educationally deprived. The institute offered general and biblical studies to prepare dedicated persons for Christian ministries and service.

Realizing the need to be nearer a railroad for easier access, on January 1, 1911, Dr. Forrest purchased the Haddock Inn and 100 acres of land including the beautiful Toccoa Falls, near Toccoa, Georgia. On October 19, 1911, the institute moved from Golden Valley to Toccoa. Reorganized and enlarged, Toccoa Falls Institute which had existed in embryo in Golden Valley became a reality. Since many early students of Toccoa Falls Institute had not had the opportunity for a secondary education, general and vocational high school courses were offered along with the two-year track of biblical and theological training.

Under the direction of Dr. Forrest, the school kept pace with the advancement of educational standards in the United States. In 1928, the State of Georgia fully accredited the Toccoa Falls High School. This established a cooperative relationship with the county educational system that continued until the academy closed in 1976.

In 1937, the two-year Bible Course was expanded to a four-year Bible college program by adding to the biblical and theological studies a number of courses in the field of general education. The Legislature of the State of Georgia chartered the college division in 1939 and authorized the institute to grant the degree of Bachelor of Arts in Biblical Education. In 1957, the college was accredited by the Association for Biblical Higher Education, formerly the Accrediting Association of Bible Colleges, and on December 13, 1983, by the Commission on Colleges of the Southern Association of Colleges and Schools.

During the history of the institute, there have been seven presidents: Dr. Richard A. Forrest, Founder; Dr. Julian A. Bandy; Dr. Kenn W. Opperman; Dr. Paul L. Alford; Dr. Donald O. Young; Dr. W. Wayne Gardner; and Dr. Robert M. Myers. In October 1975, in order to keep abreast of the current usage of terms, the Board of Trustees changed the name from Toccoa Falls Institute to Toccoa Falls College.

Dr. Forrest often referred to the school as a “tree of God’s planting.” The tree has expanded and has borne much fruit. It has also been severely tested on several occasions. In 1913, Haddock Inn, which housed all the school facilities, burned to the ground. In 1950, fire destroyed LeTourneau Hall, the women’s dormitory. In 1958, the music building burned.

The severest trial of all came on November 6, 1977, when the dam holding back the lake above the falls burst and 40 acres of water surged across the lower campus leaving in its wake 39 dead, 60 injured, and millions of dollars in property damage. When the news of the tragedy spread, thousands of people responded. Local, state, and federal agencies, churches, colleges, businesses, and private individuals gave personal, material, and financial aid. With their help the college recovered. God has been faithful. Though tried by fire and water, His “tree” continues to flourish.

The college has always maintained a fellowship with evangelical Christian organizations. Dr. Forrest was associated with the Christian and Missionary Alliance for over half a century. He pastored the First Presbyterian Church in Toccoa for 25 years and upon his retirement became pastor-emeritus. An evangelist of national reputation, he preached regularly in churches of many different denominations and personally desired that the ministry of Toccoa Falls College be as broad as the wide fellowship of Christian believers. His heartwarming biography is told in the book, Achieving the Impossible—With God, by Lorene Moothart. The larger story of Toccoa Falls is found in A Tree God Planted by Troy Damron.

Toccoa Falls College, an independent, nonprofit educational institution, educates men and women for vocational Christian ministries as well as professional occupations. Toccoa Falls College is an affiliate college of the Christian and Missionary Alliance denomination. Graduates serve in places of Christian leadership throughout the United States and in most nations of the free world. The college functions under a Board of Trustees that sets policy and an administration and faculty that implement the policy.

TODAY
As we enter our second century, Toccoa Falls College continues to focus on students who are dedicated to Christ and aspire toward academic excellence in preparing to invest their lives either in full-time Christian ministry or in ministry through their secular employment. TFC currently has 34 majors and 41 minors in four different schools: Arts & Sciences, Christian Ministries, Nursing, and Professional Studies.

CURRICULUM
A Toccoa Falls College education is commonly divided into three distinct but related areas: biblical, general, and professional.

Biblical education is provided through course offerings primarily in the Bible and Theology Department. Graduates in all majors receive some foundation in Bible survey, book studies, and systematic theology. Beginning with introductory courses, biblical studies progress to exposition of individual books and clusters of books. Theology courses analyze Christian tenets under traditional categories.

The general-education program is a basic core of the subjects from the area of the social sciences, the humanities, and the natural sciences. It is designed to acquaint students with the major areas of knowledge and to integrate this knowledge with biblical truth.

The professional-education program offers specialized training through a variety of majors offered through the Schools of Arts & Sciences, Christian Ministries, Nursing, and Professional Studies. These courses are designed to develop the students’ abilities and to give them skills in life’s vocation.

COMMUNITY STANDARDS
Toccoa Falls College is a private, Christian professional institution that has sought to create and encourage the kind of atmosphere in which quality Christian education can flourish. It is believed that the college should provide the student with precept and example from which a student can develop personal values within a biblical framework.

The college expects its faculty, staff, and students to maintain personal conduct which is spiritually and morally constructive—thus glorifying the Lord in all things.
The student should understand that attendance at Toccoa Falls College is a privilege granted only to those who desire to work together in the carrying out and attaining of the aims of a Christian college.

When a student is accepted, there is implied an agreement to be diligent in studies and employment and to obey the student handbook regulations. The administration reserves the right to request any student to withdraw who is considered to be out of harmony with the spirit of the college. It is expected that the conduct of each student will give evidence of Christian standards of honesty, morality, and courtesy.

The policy of the college in promoting spiritual growth and the pursuit of learning is best summed up in these words: Be diligent to present yourself approved to God as a workman, who does not need to be ashamed, handling accurately the word of truth (2 Timothy 2:15, NASB).

The leaders of Toccoa Falls College believe that the application of biblical principles in the lives of the faculty and the students will result in personal love and commitment to Christ, wholesome consideration for others, and a well-disciplined life.

STUDENT BODY
In the fall 2017 academic semester, Toccoa Falls College enrolled 1,421 students representing 33 different denominations from 32 states and 29 countries. Of the total number of students enrolled, 58% were women, 56% lived on campus, 21% were minority, and 3% were international students.

STATEMENT OF FAITH
The Board of Trustees and faculty subscribe to the following statement of biblical doctrines, thus identifying Toccoa Falls College with the evangelical movement within Christianity. The Statement of Faith is traditional and stems from the foundation of the college. Toccoa Falls College is committed to teach and defend the historic and basic doctrines of evangelical Christianity:

1. The verbal inspiration of the Holy Scriptures as originally given
2. The existence and manifestation of one God in three persons—Father, Son, and Holy Spirit
3. The incarnation and virgin birth of the Son of God
4. The redemption of man by the vicarious death of Christ on the cross
5. The bodily resurrection from the grave
6. The fact that all men have sinned and consequently must be regenerated by the working of God’s grace
7. The fact of justification by faith
8. The sanctifying work of the Holy Spirit in the believer producing holiness of life and power for service
9. Practical faith in the sufficiency of Christ for spiritual, temporal, and physical needs
10. The purifying hope of the Lord’s imminent return
11. The urgency of preaching the gospel to all mankind that men may be saved from eternal judgment
12. Toccoa Falls College, even though non-sectarian, is to be conducted according to the faith and teaching of the Christian and Missionary Alliance.

MISSION
MISSION STATEMENT
The mission of Toccoa Falls College is to cultivate a uniquely Christian learning community that integrates the pursuit of truth with godly character to produce graduates prepared both personally and professionally for service.

MISSION DISTINCTIVES
Toccoa Falls College is an educational institution, a character-building enterprise, and a spiritual formation community, all integrated into a unique way of life. Its primary purpose is to glorify God through offering residential programs that prepare men and women for lives of personal fulfillment and Christian servant leadership to the church and the world. It also seeks to glorify God through offering non-residential Christ-centered programs to the community at large.

MISSION GOALS
1. Spiritual: to orient, motivate, and lead students to emotional maturity, Christian commitment, and spiritual depth
2. Academic: to provide an understanding of the Bible as the basis for Christian life and thought within the context of the college statement of faith, and to introduce students to the cumulative knowledge of the ages
3. Intellectual: to stimulate students to develop inquisitive and creative minds that possess tools for critical analysis, and to motivate them for continuing intellectual pursuits
4. Moral: to provide the atmosphere, motivation, and support system for developing Biblically based lifestyles of wholesome attitudes and ethical principles
5. Professional: to produce graduates competent for Christian service to humanity in the areas of their individual choices

MOTTO
"Where Character is Developed with Intellect"

ATHLETICS
National Christian College Athletic Association, Division II: men’s and women’s basketball, soccer, cross-country and golf; men’s baseball, and women’s volleyball.

COLORS
Blue and Gold

MASCOT
Screaming Eagles

DISCLAIMER
The provisions of this catalog are subject to change without notice and do not constitute an irrevocable contract between any student and Toccoa Falls College.

Modification of Regulations
The provisions of this catalog are not to be regarded as an irrevocable contract between the student and the college. Toccoa Falls College reserves the right to change any provision or requirement at any time within the student’s term of attendance.
ONLINE PROGRAMS
Acceptance into the online programs follows the same general procedures and policies for admission given above.

Applicants should indicate on the application for admission that they are interested in one of the online programs so that the admissions staff will be able to respond with appropriate information. Applicants will then be contacted by an online admissions counselor who specializes in the online programs.

APPLICATION DEADLINES
Toccoa Falls College admits qualified students on a rolling basis who have submitted all application materials and have met the admission standards. Applicants are notified of the admission decision by phone, email and mail approximately one week after all admission materials have been received.

SPRITRUAL REQUIREMENTS
As a Christian Liberal Arts college, TFC is dedicated to serving Christ and integrating biblical truth into the curriculum. All prospective students should understand and acknowledge this prior to enrolling. We believe in spiritual formation and developing the intellectual character for the greater good. The student must be in agreement with, or accept, the college’s doctrinal statement and policies.

ACADEMIC REQUIREMENTS
1. All applicants must have graduated from high school prior to enrollment or passed the General Education Development (GED).
2. TFC requires all students who do not have 12 attempted college level credits to take the SAT or ACT and to submit an official copy of their high school transcript showing the graduated conferral date as part of the admission process.
3. SAT or ACT scores will be considered official if they’re sent directly from the test agencies OR if they’re on the official High School transcripts. TFC’s school codes are: SAT- 5799 and ACT- 0868.

HIGH SCHOOL CURRICULUM
While there is no specific set of course requirements, TFC strongly recommends completion of the following courses in high school:

- 4 courses in English (Grammar, American Literature, World Literature, Advanced Composition)
- 3 courses in Math (Algebra I, Algebra II, Geometry)
- 3 courses in Natural Science
- 3 courses in Social Studies (US History, World History, Government)
- 8 additional units in academic study

Students should select additional units from English, Math, Natural Science, Social Studies, Foreign Languages, Fine Arts, Physical Education, or Computer Technology.

HOME-SCHOoled STUDENTS
TFC encourages home-schooled students to apply. Regular admission policies apply to home-schooled students. Transcripts from an accrediting or outside group are preferred, but not necessary. Home-schooled students are not required to take the GED test with acceptable transcripts and test scores.

1. Online application and $30 non-refundable application fee
2. High school transcript showing completion of junior year or later
3. Scores on the Scholastic Aptitude Test (SAT), the American College Test (ACT), or the Classical Learning Test (CLT).
4. 200-300 word essay that explains how and when you came to know the Lord and where your relationship is today.

TRANSFER STUDENTS
The policies for transferring credit from other colleges, Advanced Placement (AP), or College Level Examination Program (CLEP) are listed in the Academic Information section of this publication.

NON-TRADITIONAL STUDENTS
The college will evaluate the academic preparedness of students who have not been enrolled in high school or college for more than five years on an individual basis.
FORMER TFC STUDENTS
The Office of the Registrar, Student Financial Services, and Student Affairs must approve students applying for readmission to the college. The Office of Admissions initiates this process once the former student submits an application for admission. TFC requires former students to submit all required documents to complete the admissions file.

A student whom the college suspends academically may reapply to continue at the college on academic probation through the Office of Admissions after an absence of one regular semester. A student whom the college dismisses academically may not apply for readmission to the college on academic probation until the student documents earning at least 12 semester credit hours of college level work with a 2.0 grade point average at another regionally accredited college.

INTERNATIONAL STUDENTS
TFC requires all international students to submit certified, translated copies of all academic records as part of the application review process. Since all instruction, reading, and research is in English, it is essential that all international students be able to understand and speak English fluently immediately upon arrival on campus. In this light, the college requires a paper-based TOEFL score of 550, computer-based score of 213, or an internet-based score of 79 for students whose native language is not English, or whose primary language of instruction was not English. A student’s TOEFL requirement may be waived if he/she has scored above a 600 on the Evidence-Based Reading and Writing section on the SAT.

The Immigration and Customs Enforcement (ICE) requires that international students submit a completed Financial Certification Form and original bank statements showing support in US funds for one academic year to the college. This is required for the college to issue an I-20 immigration form. TFC also recommends international students show proof of medical insurance equivalent to the plan that students may purchase through TFC. Federal law requires international students admitted to the United States on an F-1 student visa to enroll as full-time students, carrying a minimum of 12 credit hours each semester.

International students applying to TFC should submit an application at least four to six months prior to the desired date of enrollment.

DUAL ENROLLMENT
TFC designed the dual enrollment program for qualified high school students to enroll at TFC during the regular academic year while completing high school. Students must meet the following conditions to participate in the program:

1. Be a high school student.
2. Have a 3.0 cumulative high school GPA.
3. Meet regular TFC admissions requirements and follow all regular procedures.

There is no limit to the number of credit hours a student may take at TFC while dually enrolled. Dually enrolled students, however, are responsible for payment of their tuition and books, unless they are residents of Georgia.

NON-DEGREE SEEKING STUDENTS
Students may apply as non-degree seeking students. The same policies and procedures governing regular admission to the college apply to non-degree seeking students. The college furnishes grades and transcripts for courses taken. Non-degree seeking students, however, are not eligible for federal or state financial aid.

AUDITING STUDENTS
The Office of Admissions requires only an application for admission, application fee, and testimony from high school graduates who apply as audit only students. Students may only audit certain courses. Registering as an audit student also requires the permission of the Registrar and the course instructor. No college credit or grades are given. Students who do not attend at least 60% of the classes receive a “W” for the course. Students must register to audit a course before the end of the drop and add period. Students may not change from credit to audit or audit to credit after the end of the drop and add period. The audit fee is not included in tuition. A Parking Permit is required of audit students and available through the Campus Security Office. High school students who desire to audit a course must first be accepted under the terms of the dual enrollment program. For audit fees, see the Student Financial Services section of this publication.

ADMITTED STUDENTS
DEPOSIT
The college requires a non-transferable $200 deposit after students receive their notification of acceptance. TFC makes room assignments and schedules classes in the order that the deposit is received. Therefore, students should submit the deposit soon after they receive the notification of acceptance. This deposit is not an additional charge; it is credited to the student’s account during the first semester of attendance. The advance deposit is refundable to students who request cancellation prior to May 1 for summer and fall semesters and November 1 for the spring semester.

IMMUNIZATION INFORMATION
Students who enroll in at least six credit hours must submit the completed Medical Form that they receive upon deposit. Health Services must receive the completed Medical Form before the Registrar’s Office may enroll students in classes. Former students may be required to submit updated information.

TFC 100
The college welcomes new freshmen and transfer students to the campus a few days before the official start of classes in the fall semester for TFC 100. This course is designed to help all new students acclimate to the community of Toccoa Falls College. Students will participate in activities that help them prepare academically, socially, emotionally, and spiritually for college life at TFC. All new and transfer students are required to attend; TFC 100 is a graduation requirement.
STUDENT LIFE

DIVISION OF STUDENT AFFAIRS
(706) 886-7299, ext. 5320
studentaffairs@tfc.edu

VICE PRESIDENT FOR STUDENT AFFAIRS
Abigail Davis, M.A., M.Div.

STUDENT AFFAIRS STAFF
Melissa D’Albora, Director of Culinary Services
Amy Marshall, LCSW, Director of the Counseling Center
Faith Champion Newey, M.A., Director of Housing & Residence Life
Diane Russell, B.S.N., R.N., Director of Student Health Services
Saylo Lord, M.A., Director of Student Engagement

Athletics
Kevin Hall, M.S., Director of Intercollegiate Athletics
The college intends intercollegiate athletics to promote and maintain vigorous, sound, life-long health benefits. The Screaming Eagles compete in the South Region of the National Christian College Athletic Association (NCCAA) in men and women’s basketball, men and women’s soccer, men’s baseball, and women’s volleyball. The NCCAA requires that all student athletes must be enrolled full-time, in good academic standing and earn 24 credit hours per academic year, as well as other regulations, to maintain academic eligibility for intercollegiate competition. Toccoa Falls College does not offer intercollegiate athletic scholarships.

STUDENT AFFAIRS
Housing and Residence Life
Residence Life partners with students to enhance their academic experience by cultivating spiritual maturity and personal development while promoting a Christ-centered community.

Living on the college campus is a vital element in the Toccoa Falls College experience. It is within the residence halls that students find a safe and encouraging environment to grow academically, socially, and spiritually. Our residence halls are staffed with Resident Directors and Resident Assistants to promote the building of healthy, Christ-centered communities within each residence hall.

TFC requires all students to reside on-campus, unless meeting one of the exceptions listed in the Student Handbook.

Intramurals
Intramural athletics plays an important role in the co-curricular program of the college. Opportunities exist each Fall and Spring semesters and are coordinated through Student Affairs.

All students may participate in the intramural sports program that offers competition in activities such as men and women’s basketball, flag football, soccer, softball, spikeball, volleyball, and more. Intramurals are played between members of the student body in a competitive environment, but are not official intercollegiate athletic activities.

Student Activities
Because of its whole-life approach toward learning, the college seeks to provide opportunities beyond the classroom itself to develop Christian community and character through a balanced program of social events throughout the year. These events include programs and activities that are initiated predominantly by Housing and Residence Life, Athletics, Student Engagement and Student Government Association. The Student Affairs division works collaboratively across departments to bring activities and initiatives to the campus community. All students are encouraged to get engaged and contribute new ideas and creativity to this dynamic element on campus.

Student Government Association (SGA)
The Student Government Association and its activities are an important part of the educational and social environment and can be an opportunity for valuable leadership experience. It serves as the official liaison between the faculty, administration, and the student body. All students are encouraged to participate and help advocate for consistent improvement to the student experience at TFC.

Student Engagement
Investing in service opportunities change a student's perspective on life. Shaping a student’s mind to know and feel what leadership looks like furthers a student’s ability to change the world. Student Engagement partners with local, state, and national organizations to assist students in service opportunities as well as offer unique experiences to grow leadership capacity.

Student Handbook
It is the desire of the administration of the college that true freedom of thought and action be enjoyed by students, but there can be no effective freedom without responsibility. This is particularly true of large groups of people living in close contact and interdependence.

The guidelines set forth in the TFC Student Handbook are designed to regulate the activities of the student body so that the basic rights of all are protected. Scriptural standards that are binding on the entire Christian community have been taken into consideration in the formation of all guidelines.

The college expects that all students will read and carefully keep the policies, standards and regulations of the Student Handbook. (The TFC Student Handbook can be found in the Student Life section of the Toccoa Falls College website).

TFC 100
The college welcomes new freshmen and transfer students to the campus before the official start of classes each semester for TFC 100. This required course is designed to help all new students acclimate to the community of Toccoa Falls College. Students will participate in activities that will help them prepare academically, socially, emotionally, and spiritually for college life at TFC.

STUDENT SERVICES
Career Development Center
The Career Development Center at TFC is provided to assist graduates and currently enrolled students in finding appropriate employment opportunities. Services may include career assessment tools, help with resume writing, mock interviews, and a job listing service for employers. Students can explore their skills, interests, values, and personality, and how they relate to career possibilities. The Career Development Center will help students have a better understanding of who they are and how this impacts their career choices within a biblical perspective.

Counseling Services
The counseling center at TFC provides professional mental health services in a Christian format. Services are provided in individual, group, marital, and premarital formats. The counselors provide a confidential place to work through issues that are of personal, family, interpersonal, or developmental nature. The services are available to all students at no cost.
Culinary Services
A balanced desire to provide nutritious and delicious offerings everyday help keeps students engaged in the classroom. Meal plan options are provided to students to meet their individual needs.

The main Dining Hall and the Eagle’s Nest are both under the supervision of Culinary Services, which is managed by Chartwells. To-go boxes are available upon request and require a small deposit. The Eagle’s Nest provides students, faculty, and staff with a relaxing and informal atmosphere. Light meals and a variety of snacks are available.

Student employment in the Dining Hall and the Eagle’s Nest is also an option for those seeking to work while at TFC.

Married Student Housing
The college provides several different alternatives for those interested in on-campus housing. The Burton E. Boykin apartments are one- and two-bedroom apartments owned by the college and are available for our married students. All rental properties are available on a first-come, first-served basis.

Information regarding off-campus housing can be obtained by contacting the Director of Housing and Residence Life.

Student Health Services
A registered nurse is on staff and available to advise and give medical care to the students. Clinical and hospital facilities are available nearby at Stephens County Hospital.

TFC Books and TFC Mail Services Center
TFC Books and Gifts carries books of general interest, school supplies, TFC apparel and souvenirs.

UPS shipping and FedEx are provided through the TFC Mail Services Center.

Vehicle Information
Students who bring motor vehicles to school are required to register them with the Director of Security and secure a parking permit. Every student who has a vehicle on campus is required to carry liability insurance.

Parking facilities are provided for both residence hall and commuting students where vehicles are required to be left during the time students are in classes. Information concerning traffic violations and restrictions on the use of vehicles is furnished by the security department.

STUDENT ORGANIZATIONS
Participation in student organizations provides the opportunity for fulfillment in campus life and is a vital part of the student experience at Toccoa Falls College. A list of all active Student Organizations can be found below. If a student is interested in creating a new student organization, he/she should stop by the Student Affairs Office or talk with an SGA representative.

Atlanta Outreach Ministry (AOM)
AOM seeks to impact lives through methods of lifestyle and friendship evangelism in the Atlanta community. By building into lives, AOM aims to share the gospel message and to exemplify the purity of God’s love for all. One of our primary ministry strategies is to purposefully initiate contact and remain faithful in maintaining relationships.

Black Spade Society
The Black Spade Society is a group of students that are interested in the art of filmmaking, script writing, acting, and producing. Each school year the group sets out to produce episodes of a completely original TV show to be enjoyed by the TFC body.

Black Student Fellowship Association (BSFA)
BSFA exists to connect African American students to the TFC community and to the larger African American community in the city of Toccoa. BSFA strives to create fellowship with all other student organizations at TFC and to edify, uplift, and educate its members. While designed as a place of support for African American students at TFC, all students are welcome to participate in BSFA’s events and activities.

Clarkston Ministry
Clarkston, Georgia is often referred to as “the most diverse square mile in America.” This organization seek to minister to the underserved and immigrant population, bringing the love of Christ to those living in this area.

Counseling and Psychology Club
The Counseling and Psychology Club exists to provide additional opportunities for further development within counseling and psychology. The members of this club will be challenged to learn, experience, and glean from an integrative framework of both Biblical truth and practical counseling with the overarching desire to help members pursue excellence in their own counseling practice.

Hmong Student Association (HSA)
HSA is an organization made up of students interested in the Hmong community. This club reaches out to the Hmong churches around the United States. The goal of HSA is to encourage believers, promote Toccoa Falls College, and deliver the Gospel of Jesus Christ to those we come in contact.

Justice Campaign
Each school year, the Justice Campaign focuses their efforts on one area of injustice locally or globally. Areas addressed in the past have included human trafficking, domestic violence, and poverty in Stephens County. The organization raises funds and volunteers for non-profits addressing the focused area of injustice.

Kokua Conservation Club
Kokua Conservation exists to bring awareness and action to the problems of environmental degradation on campus, in Stephens County, and beyond. The group desires to educate and bring change in order to conserve God’s creation for its benefit and His people.

Outdoor Club
The purpose of the Outdoor Club is to promote outdoor activities in a moral and Christian atmosphere for all who wish to participate. Activities include hiking, camping, caving, rafting, canoeing, kayaking, and rock-climbing.

Philosophy Club
The Philosophy Club exists to provide students with the opportunity to gain higher understanding and wisdom of things both Godly and worldly through the engagement of their minds in discussion and experiences while in fellowship with others, and to be able to apply this understanding and wisdom to their lives.

Rock Climbing Club
The Rock Climbing Club is a community for all students interested in indoor and outdoor climbing. The club organizes travel and events for regular climbing practice while promoting fellowship among beginners and the more experienced. They also partner with the surrounding county in order to preserve and protect areas of climbing.
**Running Club**
The Running Club provides structure, accountability, and encouragement to the community of runners on campus. The group provides fellowship for avid runners and beginners alike. This community of runners meets weekly for group runs and attends 5K or cross-country races regularly.

**STEM Club**
The purpose of the STEM Club is to aid students in the goal of achieving and pursuing a career in Science, Technology, Engineering, and Medicine. This includes but is not limited to MCAT resources, AMCAS assistance, spiritual support, and to offer available resources as potential volunteer experiences related to the STEM fields.

**Student Missions Fellowship (SMF)**
SMF, composed of all college students, meets each Wednesday evening to give reports on the work of former students and other missionaries and to pray for these servants of the Lord. Representatives of many missionary organizations actively engage in the program of the Student Missions Fellowship. In addition, prayer bands meet weekly to support various missionaries.

**Theatrical Society**
The TFC Theatrical Society will engage the general public through production and performance of plays and other drama related events in order to enhance artistic awareness in the community and strengthen the college/community relationship. This club will seek to train members in the dramatic arts through educational events and practical applications.

**Toccoa Falls for Life (TFFL)**
TFFL is an advocacy group on campus to promote, educate, and support the pro-life movement. The group works to educate on the nature of the pro-life movement, rally support politically and socially, and improve lives on campus of those pregnant or with children. TFFL also supports and fundraises for pro-life groups such as pregnancy crisis centers in the Toccoa area.

**Women’s Intentional Ministry (WIM)**
WIM exists to go beyond the surface to deeper issues to discover, confront, and begin the process of healing. The desire is to open the doors of communication and be a safe haven and a heart of encouragement to the women of Toccoa Falls College. To assist in development and growth WIM provides accountability, resources, referrals, education, and support to all interested women.

STUDENT ACCOUNTS

APPLICATION FEE
TFC requires all new students to pay a non-refundable, non-transferable $30 application fee to apply.

DEPOSIT
The college requires a non-transferable $200 deposit after students receive their notification of acceptance. TFC makes room assignments and schedules classes in the order that it receives deposits. Therefore, students should submit the deposit soon after they receive the notification of acceptance. This deposit is not an additional charge; it is credited to the student’s account during the first semester of attendance. The advance deposit is refundable to students who request cancellation prior to May 1 for Summer and Fall semesters and November 1 for the Spring semester.

REGISTRATION
Although students have the opportunity to register for courses at different times, course registration is complete when a student has paid or made financial arrangements satisfactory to TFC for all tuition, fees, room, and board charges, including previous balances and completes registration on registration day.

TUITION
Part-time student tuition for the 2018-2019 academic year is $916.00 per credit hour. Full-time student tuition (12-19 credit hours) for the 2018-2019 academic year is $10,987.00 per semester. Credit hours over 19 are $577.00 per credit hour.

Tuition rates are determined by the type of program the student has applied for and is intending to complete. Students applying for the online Biblical Studies Certificate program, Cross Cultural Certificate program, or an online degree completion major are billed the online tuition rate, while students applying for a resident major are billed the resident tuition rate no matter which format the class is taken (resident or online). This is subject to an appeal with the Vice President for Enrollment Services and/or the Director of Student Financial Services.

RESIDENCE HALL CHARGES
The room and board charge for the 2018-2019 academic year is $4,165.00 per semester. Students who move off campus before the end of the published drop and add period will not incur any room and board charges. Students who move off campus after the end of the published drop/add period but remain enrolled at the college are responsible for the appropriate room and board charges for the entire semester. Students who move from the full meal plan to the five-meal per week plan after the end of the published drop/add period are responsible for full meal plan charges for the entire semester.

The room and five-meal per week option is available only to seniors or persons age 22 or older living in the terrace houses. The petition for the room and five-meal per week only option is available in the Office of Student Affairs and must be submitted by the end of the drop/add period for the semester in question.

In addition, students who currently live on-campus and plan to live off-campus for one of the approved reasons listed in the Fallife Student Handbook are required to complete an Off-Campus Form in the Office of Student Affairs by the end of the previous semester. Petitions to live off-campus for reasons not specified in the Fallife Student Handbook must be submitted to the Office of Student Affairs by the end of the previous semester. Students must appeal to Student Affairs for any changes in housing status after the end of the previous semester. All appeals should be made prior to the end of the drop/add period of the current semester.

WINTERIM SESSION
Tuition for the 2019 winterim session is $445.00 per credit hour. The room and board charge for winterim 2019 is $340.00. The cost associated with winterim must be reconciled no later than the payment deadline associated with the spring semester (see front of this publication for payment deadlines). There will be no refunds on withdrawal from winterim after the drop/add period.

SUMMER SESSIONS
Tuition for the 2019 summer sessions is $445.00 per credit hour. The room charge for summer 2019 is $238.00 per session. The cost for Summer must be reconciled no later than the payment deadline associated with the summer semester (see front of this publication for payment deadlines).

STUDENT FEE
The college charges a $235.00 student fee each semester of attendance. The student fee covers yearbook, student activities, late graduation application fee, no show fees, placement fees, parking fees, and all schedule change drop/add fees.

TECHNOLOGY FEE
The college charges a $150.00 technology fee each semester of attendance. The technology fee covers student printing, wireless/network access, library and computer lab use, cost and maintenance of course management software and maintenance and enhancement of the student portal.

MUSIC FEES
The charge for private music applied lessons for the 2017-2018 academic year is $450.00 per credit hour. The charge for class applied music lessons for the 2017-2018 academic year is $225.00 per credit hour. Music fees are not included in tuition or the student fee.
AUDIT FEE
The charge to audit a course for the 2017-2018 academic year is $139.00 per credit hour. The audit fee is not included in tuition or the student fee. However, the audit fee is included for students who are currently paying full tuition in the 12-19 credit hour range. A parking permit is required of audit students and available through the Campus Security office for $25 per semester. A technology fee of $150 will be charged to audit students for each semester a class is audited.

WITHDRAWAL FEE
The college charges a $100 withdrawal fee to any student who completely withdraws from the college on or after the first day of regular classes up to the end of the 100% refund period.

BOOK VOUCHERS
Book vouchers are available for students who have a pending credit balance from anticipated financial aid. Students with a pending credit balance in their student account prior to the beginning of each semester will be contacted by our book vendor, eCampus.com, via email with instructions on how to purchase books against their credit balance via the eCampus.com webpage. If a student does not have a credit balance, the student may use eCampus.com services to purchase books by using a credit card. (Vouchers are not applicable for winterim or summer sessions.)

POST OFFICE BOX KEY DEPOSIT
The college requires all students to pay a $25.00 key deposit. The post office refunds this deposit when the student returns the key.

REFUND FOR WITHDRAWALS
TFC complies with the 1998 Higher Education Act Amendment revisions as they apply to students receiving Title IV funds. TFC allocates refunds according to the provisions listed in the 1998 Higher Education Act Amendment in the following order of priority:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal Perkins Loan
4. Federal PLUS Loan
5. Federal Pell Grant
6. Federal SEOG
7. Other Title IV Aid Programs
8. Other federal, state, private, or institutional aid
9. The student

There is no refund, in whole or part, on all fees, including the student fee, technology fee, course fees, and music fees, as well as room charges for students who withdraw after the end of the drop/add period. A withdrawal fee of $100.00 will be charged to students withdrawing during the drop/add period. TFC disburses tuition and board refunds for students who completely withdraw, or the college dismisses, according to the portion of the semester already completed.

The Federal Refund Policy states, up through the 60% point in each payment period or period of enrollment, a pro-rata schedule is used to determine the amount of Title IV funds the student has earned at the time of the withdrawal. After the 60% point, the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she has scheduled to receive during the period. Students may owe a repayment of Federal Funds to the government or funds to the institution.

In the event of a complete withdrawal, TFC will calculate a refund through the 60% point of the semester (or session for online students). After 60% of the semester or session has been completed, there will be no refund of tuition. A refund is calculated by dividing the date of withdrawal by the number of federally defined days in the semester or session. Board fees will be refunded on a pro-rata basis. There is no refund of room charges.

Refunds for students receiving federal aid will be calculated using the current federal policy.

The last day for residential students to completely withdraw from Fall 2018 and still receive any portion of a refund is October 26, 2018. The last day for residential students to completely withdraw from Spring 2019 and still receive any portion of a refund is March 28, 2019.

The last day for online students to completely withdraw from Fall 2018 Session A is September 20, 2018, and for Session B is November 15, 2018. The last day for online students to completely withdraw from Spring 2019 Session A is February 15, 2019 and for Session B is April 18, 2019. When an online student is enrolled in both Session A and Session B, and withdraws from only one session, no refund will be calculated, because the student has not completely withdrawn from the college.

The following table outlines the refund entitled on tuition charges, as well as employee tuition benefits refunded back to the college, for the summer session based on the date of withdrawal:

<table>
<thead>
<tr>
<th>Date Complete Withdrawal</th>
<th>Refund Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>By the end of day twelve</td>
<td>No refund</td>
</tr>
<tr>
<td>By the end of day ten</td>
<td>50%</td>
</tr>
<tr>
<td>By the end of day eight</td>
<td>60%</td>
</tr>
<tr>
<td>By the end of day six</td>
<td>70%</td>
</tr>
<tr>
<td>By the end of day four</td>
<td>80%</td>
</tr>
<tr>
<td>By the end of day two</td>
<td>100%</td>
</tr>
</tbody>
</table>

A withdrawing student must obtain a Withdrawal Form from the Office of Student Affairs and personally process it through the offices listed on that form. The official withdrawal date is the date the student signs the withdrawal form when the student initiates the withdrawal process. The withdrawal form must be completed and returned within two business days for the withdrawal date to be effective. Online students needing to withdraw from college should contact their online advisor.

REFUND POLICY FOR CREDIT BALANCES
Students with a credit balance on their account can receive a refund from the Office of Student Accounts or request that the credit balance be carried forward on the account. Students processed for a refund by the Office of Student Accounts by noon on Tuesday will have the refund check mailed or placed in the students P.O. Box after 11:00 a.m. on Friday of that week by the Accounts Payable office.

The college will not issue refunds to students until all charges have been posted and paid and a credit balance shows on the account.

PAYMENTS
Students must reconcile all charges not covered by financial aid (federal loans, federal and state grants, TFC grants and scholarships, not including work-study) no later than the payment deadline for the semester. Students can reconcile their account balances by paying the balance in full via cash, check, echeck, credit card, or by registering for the NELNET payment plan.

There will be a $50.00 late payment fee assessed on accounts of previously enrolled students not reconciled by the payment deadline for the appropriate semester. (See front of this publication for dates.)

The college charges a $50.00 late registration fee to students who register after the Registration period for the appropriate semester. (See front of this publication for dates.)

NELNET PAYMENT PLAN
Students may register for the NELNET payment plan to reconcile their student accounts. NELNET Business Solutions charges a $25.00 per semester registration fee for any student who registers for the plan. Students who choose this option must register for the plan in advance of enrollment since payments begin before
classes start. Students can enroll in NELNET via the TFC website, www.tfc.edu/makepayment.

RETURNED CHECK CHARGE
The college charges $15.00 for each check a student submits to the college that the bank returns to the college for insufficient funds. Students who have two bad check incidents will lose their check writing privileges at TFC for six months.

UNPAID ACCOUNTS
Students with an outstanding balance from a previous semester cannot re-enroll unless the account is reconciled in full or the Student Accounts office gives permission. Upon final departure from TFC, students must pay any outstanding balance in full, including all library, parking, and disciplinary fines, as well as any other charges before the college will issue an official transcript or diploma.

COLLECTION OF UNPAID ACCOUNTS
The college turns over unpaid student accounts that are inactive for two months to a collection agency. Payments that the student makes to a collection agency are then passed onto the college and applied to their past due student account balance.

²The room and five-meal per week option is available only to seniors living in the terrace houses.

FINANCIAL AID

FINANCIAL AID APPLICATIONS
TFC requires all students to submit the Free Application for Federal Student Aid (FAFSA), which is available on-line at www.fafsa.ed.gov. Students will need information from the previous year’s U.S. income taxes to complete the FAFSA. Federal, state and some institutional programs of financial aid use the information provided. Students should submit the FAFSA to the federal processing center as soon after October 1 as possible for the next academic year. Students must apply every year and list Toccoa Falls College on the FAFSA. The federal school code for TFC is 001586. Non-degree seeking and audit students are not eligible for federal, state, or institutional financial aid.

Students and parents are encouraged to complete their federal taxes as soon as possible after October 1 in order to complete the FAFSA. Early submission places students on federal, state, and college rosters for priority processing.

PRIORITY APPLICATION DATES
The TFC priority date for full financial aid consideration for the fall semester is April 15. Students considering enrollment beginning in the spring semester or summer sessions should also complete the necessary steps for financial aid before April 15 of the previous year. However, for full financial aid consideration for the spring semester, all financial aid forms should be submitted by November 1. The Office of Financial Aid considers applications submitted after the priority date as funds are available.

NEED ANALYSIS
The Federal Processing Center uses the information from the FAFSA to calculate the student’s Expected Family Contribution (EFC) toward the student’s education. A Student Aid Report (SAR) will be sent to the student and to each of the colleges listed on the FAFSA. The college then uses the EFC in an equation to determine the student’s financial need. The cost of attendance (tuition, housing, meals, books, transportation, etc.) minus the EFC and all financial aid equals the financial need.

VERIFICATION
Approximately thirty percent of all FAFSA applications are selected by the U.S. Department of Education for verification. During this process, the Office of Financial Aid compares the information from your FAFSA application with copies of IRS Tax Return Transcripts of Federal tax returns, and/or other financial documents you provide. If there are differences between your FAFSA application information and the tax and/or financial documents, the Office of Financial Aid may send corrections electronically to have the FAFSA application reprocessed.

CALCULATION AND NOTIFICATION OF AWARD
The Office of Financial Aid completes the financial aid award once the student has been accepted by the Admissions Office and the student’s financial need has been determined. The college notifies the student when an award letter is ready for student confirmation. The award letter indicates the various types of financial aid that the student is eligible to receive. Therefore, it is important for students to review the information carefully to understand the exact amount and type of financial aid offered. Students must review the award letter and indicate whether they accept or decline each type of financial aid and return a signed copy of the award letter to the financial aid office. New incoming students should direct questions to their admissions counselor. Returning students should direct questions to a financial aid counselor in the Office of Student Financial Services.
Satisfactory Academic Progress

Satisfactory academic progress is the minimum requirement for a student to receive federal, state, and college financial aid. Some financial aid programs have requirements that are more rigorous.

The Office of Financial Aid determines Satisfactory Academic Progress (SAP) by evaluating the cumulative grade point average (GPA) and the completion rate (cumulative credit hours earned divided by cumulative credit hours attempted) at the conclusion of each payment period (fall, spring and summer semesters) of each academic year.

Qualitative Standard

The minimum required Cumulative GPA for each benchmark is as follows:

<table>
<thead>
<tr>
<th>CREDIT HOURS ATTEMPTED</th>
<th>CUM GPA REQUIRED</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 23.9</td>
<td>1.50</td>
</tr>
<tr>
<td>24 – 47.9</td>
<td>1.70</td>
</tr>
<tr>
<td>48 – 71.9</td>
<td>1.90</td>
</tr>
<tr>
<td>72 and above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Grades of A, B, C, D, F and FX are used in computing a cumulative GPA. Grades of AU, S, U, W, WF and WP will not impact the cumulative GPA. Course incompleted will not impact the qualitative standard of satisfactory academic progress, but should be completed as soon as possible.

Quantitative Standard

The minimum number of cumulative credit hours a student must have earned at the end of each payment period is at least 67% of the cumulative credit hours attempted.

Grades of A, B, C, D, F, FX, S, U, WF, WP and TR are used in computing the percentage of course work attempted and completed. Grades of AU and W are not used in computing the percentage of coursework attempted and completed. Course incompleted will impact the quantitative standard of satisfactory academic progress and should be completed as soon as possible. Courses accepted by the Registrar’s Office for transfer from another college are treated as both attempted and completed courses at TFC in calculating the completion rate.

The maximum time frame that a full-time student has for completing a bachelor’s or associate’s degree is 150% of the hours required for the degree. Financial aid recipients must complete their program of study without having attempted more than 150 percent of the credit hours required to complete their curriculum. This provides up to 189 attempted semester hours for student financial aid recipients to complete a 126 semester hour program.

A student failing to meet the minimum requirements for satisfactory academic progress, reviewed at the end of each semester, will be placed on financial aid warning for the following semester, during which time the student remains eligible to receive financial aid. After being placed on financial aid warning, if the student is still not meeting SAP at the end of the following semester, the student is placed on financial aid suspension and is ineligible to receive federal, state and institutional financial aid for subsequent semesters until the student achieves satisfactory academic progress. This means that the student will have to bear the full cost of attendance without financial aid until the student achieves satisfactory academic progress.

In cases of extreme and unusual circumstances, the student may appeal a financial aid suspension and loss of financial aid in writing to the Director of Financial Aid for the Financial Aid Appeals Committee to review. Additional information regarding Satisfactory Academic Progress and the appeals procedure is available on the financial aid page of the TFC website.

Title IV Federal Student Aid Programs

Federal Aid Eligibility

Students must meet the following criteria to be eligible for Title IV student aid programs:

1. Have financial need, except for some loan programs.
2. Have a high school diploma or GED certificate.
3. Be enrolled or accepted as a degree-seeking student.
4. Be a U.S. citizen or eligible non-citizen.
5. Have a valid Social Security Number.
6. Make satisfactory academic progress.
7. Sign a statement on the FAFSA certifying that the student will use federal student aid only for educational purposes and that the student is not in default on a federal student loan and does not owe any money on a federal student grant.

Federal Pell Grant

The Federal Pell Grant is awarded to undergraduate students who have not earned a bachelor's or a professional degree. Students do not have to repay a Federal Pell Grant. The award for the 2018-2019 academic year ranges from $650 to $6,095 per year. The amount of the award is based on the cost of attendance, the EFC, enrollment status (full-time or part-time) and the number of semesters attended in the academic year. Award amounts are subject to change annually.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Federal Supplemental Educational Opportunity Grant (FSEOG) is for undergraduates with exceptional financial need. Pell Grant recipients with a “0” EFC will be the first to receive FSEOG based on the school’s availability of SEOG funds. The maximum award for the 2016-2017 academic year is $1000 per year ($500 per semester). The amount of the award is based on the EFC and enrollment status (full-time or part-time). Like the Pell Grant, students do not have to repay a SEOG.

Federal Work-Study Program

The Federal Work-Study Program provides funding for jobs for students with financial need, allowing them to earn money to help pay education expenses. TFC employs many students through the work-study program. The college expects students to perform work functions for all hours documented on their time cards. The college withholds federal and state taxes from wages earned and issues checks to students on a monthly basis. The Office of Financial Aid will award the amount of FWS a student is eligible to earn. It is the student’s responsibility to obtain a job. Positions, award amounts and pay scales are listed on the Student Employment page on the TFC website.

Federal Direct Loan Program

Federal Subsidized Loan

The subsidized loan is a low-interest student loan, funded directly by the federal government and awarded on the basis of financial need. The federal government does not charge interest on subsidized loans while borrowers are enrolled at an eligible school at least half time. The federal government pays the interest until the borrower begins the repayment period. The maximum amount a student may borrow in a subsidized loan in any single year is equal to the cost of attendance minus the sum of all forms of financial aid already awarded minus the EFC, not to exceed the limits outlined below under “Federal Loan Amounts and Limits.” Once the borrower begins the repayment period of the loan, interest charges will start accruing. Students enrolling in college for the first time after 7/1/2013 cannot have loans subsidized longer than 150% of the degree/program length.

Federal Unsubsidized Loan

The unsubsidized loan is a low-interest loan available to students who meet the need criteria for a subsidized loan and to students who do not meet the financial-need criteria for a subsidized loan. The Office of Financial Aid may award unsubsidized loans based on the cost of attendance. The federal government does not make interest payments for the borrower. The borrower is responsible for all interest charges on the loan, but does not have to make
payments on the loan while enrolled in college. The federal government charges interest to the borrower from the time the federal government disburses the loan until the student pays it in full. The maximum a student may borrow in a single year is equal to the cost of attendance minus the sum of all forms of financial aid already awarded, not to exceed the limits outlined below.

FEDERAL LOAN AMOUNTS AND LIMITS
Eligible students enrolled at least half-time may qualify for a Federal Direct Loan. Dependent students may borrow up to $5500 ($3500 subsidized) per year as a freshman, $6500 ($4500 subsidized) per year as a sophomore and $7500 ($5500 subsidized) per year as a junior or senior. The cumulative lifetime maximum for dependent students is $31,000 (no more than $23,000 may be subsidized). Independent students may borrow an additional amount (unsubsidized only) at the following scale: freshman or sophomore - $4000, junior or senior - $5000. The cumulative lifetime maximum for independent students is $57,500 (no more than $23,000 may be subsidized). Repayment begins six months after a student graduates, withdraws, or drops below half-time enrollment. The net origination fee for Federal Direct Loans for 2017-2018 is 1.066% of the principal amount of each Direct loan. (Congress may change rates, loan amounts and loan fees at any times.)

FEDERAL PLUS (PARENT) LOAN
A parent of a dependent student enrolled at least half-time is eligible to apply for a PLUS loan. The parent applying for the loan must also be a citizen or resident of the United States, pass a credit check, and not be in default or owe a refund to any student financial assistance program. The yearly limit on a PLUS loan is equal to the cost of attendance minus the sum of all other forms of financial aid, including loans, already received. Repayment begins within 60 days after the lender disburses the final portion of the loan. For loans disbursed beginning 7/1/2008, parents have the option to postpone repayment until 6 months after the beneficiary student leaves school or drops below half-time enrollment. If payments are postponed, interest will accrue and will be capitalized on the unpaid loan balance. PLUS Loans generally must be repaid within 10 years. The current interest rate is fixed at 7.0% and begins to accrue as soon as the lender disburses the loan. The net origination fee for PLUS Loans for 2017-2018 is 4.284%. (Congress may change these rates, loan amounts and loan fees at any time for future loans.)

OTHER FEDERAL STUDENT AID PROGRAMS
VETERANS ADMINISTRATION EDUCATION BENEFITS
Various programs are available for veterans, reservists, and their dependents. Students can obtain information and applications from state veteran’s affairs offices. Students should consult the policies on transferring credits from other sources in the Academic Information section of this publication. A Certificate of Eligibility is required before the school can certify the V.A. Benefits. Certification of V.A. Benefits is sent to the V.A. after the drop/add period each semester.

STATE OF GEORGIA STUDENT AID PROGRAMS
GEORGIA TUITION EQUALIZATION GRANT (GTEG)
The Georgia Tuition Equalization Grant (GTEG) program provides grants to eligible Georgia residents who attend an approved private college in Georgia. Students must be U.S. citizens or classified as permanent resident aliens, as well as legal residents of Georgia, as defined by the Georgia Student Finance Authority, for a minimum of twenty four consecutive months immediately preceding enrollment. Students must enroll full-time in an undergraduate program. Certain other conditions apply. The current award for GTEG is $475.00 per semester. (State legislative proposals may change the GTEG award amount at any time.)

HOPE/ZESELL MILLER SCHOLARSHIP
The Helping Outstanding Pupils Educationally (HOPE) Scholarship program provides scholarships to eligible Georgia residents who attend an approved college or university in Georgia. Students must be U.S. citizens or eligible non-citizen for Title IV funds, be a 1996 or later graduate of an eligible high school with a “B” average (3.0 HOPE GPA) in the core curriculum, and meet HOPE’s Georgia residency requirement. Certain other conditions apply. Current legislative action has set the award amount for the 2017-2018 academic year at $4,056 per year ($2,028 per semester) for full-time (enrolled for 12 hours or more) attendance. For students attending part-time for a semester (less than twelve credit hours and greater than or equal to six credit hours), the award amount is one-half of the full-time award amount per semester. HOPE funding discontinues after 127 attempted credit hours. The Zell Miller Scholarship is provided for graduating H.S. students with at least a 3.7 GPA and a 1200 SAT score (critical reading + math). The Zell Miller Scholarship amount will be $4,480 per year ($2,240 per semester) and will be awarded in lieu of the HOPE Scholarship.

All state aid is subject to change annually. For more detailed information regarding state regulations for the HOPE and GTEG program go to www.gacollege411.org or contact the Office of Financial Aid.

TFC SCHOLARSHIPS & GRANTS
The College encourages all students to submit a FAFSA to maximize their potential for financial aid. Only full-time, traditional (not Online) students are eligible for institutional financial aid. Students confirm offers of financial aid by submitting all documents needed to complete their financial aid files. The minimum required cumulative GPA for any institutional scholarship or grant is a 2.0. Some scholarships and grants may require a higher GPA.

The Office of Financial Aid considers college scholarships and grants only after all federal and state scholarships and grants have been applied to the student account. The total amount of institutional scholarships and grants awarded cannot exceed the actual remaining need (cost of tuition, on campus room and board, and fees less any federal and state scholarships and grants). The Office of Financial Aid awards college financial aid in two increments: half for the fall semester and half for the spring semester. TFC does not award summer institutional aid. Students who have a lapse in enrollment of more than one semester forfeit all institutional scholarships and grants previously awarded.

TFC SCHOLARSHIP
The Toccoa Falls College Scholarship was awarded to new, incoming students who enrolled for the first time at TFC, prior to the Fall 2016 semester. Based on academic achievement, we awarded a scholarship package that reflected a pooling of all of our scholarships. Upon acceptance and receipt of a student’s deposit, the scholarship was awarded to the student.

ENTRANCE SCHOLARSHIPS
Entrance scholarships are based on academic merit and are awarded to currently enrolled U.S. students who enrolled for the first time at TFC for the Fall 2016 semester or later. Students can renew entrance scholarships each year, up to four years, provided they continue to meet the minimum renewal standards. The Office of Financial Aid awards only one entrance scholarship to each eligible student. Students should contact the Financial Aid Office for eligibility requirements.

TFC ASSIST
The TFC Assist Scholarship is awarded to students who enrolled for the first time at TFC for the Fall 2016 semester or later. The amount awarded to students is based on need, which is calculated by the Financial Aid Office. The amount is not recalculated each year, and is renewable, up to four years, provided they continue to meet the minimum renewal standards.

FUNDED AND ENDOWED SCHOLARSHIPS
The college bases these scholarships on academic merit and specific requirements consistent with donor wishes. Currently enrolled students should contact a financial aid counselor for
eligibility requirements. The college awards over 40 different funded and endowed scholarships each year depending upon the availability of funds. Endowed scholarships require completion of the FAFSA by the priority deadline of April 15.

INTERNATIONAL STUDENT SCHOLARSHIP
This scholarship is for currently enrolled international students who demonstrate academic achievement. The scholarship ranges from $2,000 to $5,000 per year. This scholarship is awarded in lieu of the TFC Scholarship.

CHRISTIAN WORKER DEPENDENT GRANT
This grant is only for dependent children of clergy and missionaries, according to the following categories: a) pastor, b) currently serving full-time ministerial staff or c) currently serving missionaries appointed by their denomination. The qualifying minister/missionary must be the primary family income source. The parents should be either ordained or licensed by their denomination and active in ministry. The amount is $500 per semester or $1,000 per year for students who received this grant prior to the Fall 2016 semester.

MARRIED STUDENT SPOUSE GRANT
This grant is for the spouse of a full-time student. The grant covers the cost of one course of up to three-credit hours for audit or for credit per fall or spring semester. The grant is not available for winterim or summer school and cannot be used in conjunction with any other TFC institutional aid. The couple must be married prior to first-time matriculation at TFC to be eligible.

OUTSIDE SCHOLARSHIPS
The College accepts scholarship donations from organizations for individual students. Official documentation is required. Anticipated scholarships will be removed from the student’s financial aid package if documentation is not received by midpoint of the semester.

CHURCH MATCHING GRANT
The Church Matching Grant is available to full-time, residential students of Toccoa Falls College during the fall and spring semesters. Toccoa Falls College will match up to $1,500 ($750 per semester) of scholarship funds given by a student’s church. The source of the funds must be the church’s general budget or established scholarship fund. The funds cannot come from a member of the student’s immediate or extended family through the church’s operating accounts. A Church Matching Grant Verification Form must be completed by the church.

STUDENT RIGHTS AND RESPONSIBILITIES

STUDENT RIGHTS
Students have the right to know the following:
1. The financial assistance that is available, including information on all federal, state, and institutional financial aid programs.
2. The deadlines for submitting applications for each of the financial aid programs
3. The cost of attending and the policies on refunds to students who withdraw from school.
4. The criteria used to select financial aid recipients.
5. How financial needs are determined. This includes the consideration of costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses.
6. The details regarding the various programs in the student aid award. If the student believes that the college made the award in an unfair manner, the student may request reconsideration of the award.
7. The portion of the financial aid award that the student must repay and the portion that is grant aid. If the aid is a loan, the student has the right to know the interest rate, the total amount the student must repay, the length of time allowed to repay the loan, and when repayment begins.

STUDENT RESPONSIBILITIES
It is the student’s responsibility to do the following:
1. Complete the application for student financial aid (FAFSA) accurately, and submit it to the appropriate office before the deadline. Errors may delay the receipt of financial aid. Intentional falsification of information on application forms for federal aid is a violation of law and is considered a criminal offense subject to penalties under the US Criminal Code.
2. Complete any TFC forms or submit any documents needed to process the student’s financial aid.
3. Return all additional documentation including verification, corrections, and new information requested by either the Office of Financial Aid or the agency to which the student submitted the application.
4. Read, understand, and keep copies of all submitted forms.
5. Accept the responsibility for all agreements signed.
6. Notify the college and the lender of changes in name, address, or school enrollment status.

FINANCIAL ASSISTANCE DISCLOSURE
The Director of Student Financial Services is responsible for disclosure of college and financial assistance information and can be contacted by writing to the following address: Director of Student Financial Services, Toccoa Falls College, 107 Kincaid Drive, MCS 900, Toccoa Falls, GA 30598.
SEBY JONES LIBRARY

LIBRARY HELP DESK

Torri L. Beck, M.L.I.S.
Selina E. Slate, M.L. I.S.

GENERAL INFORMATION
Academic research at Toccoa Falls College centers on the Seby Jones Library, a two-story building located in the middle of campus. The library provides members of the college community with resources for their intellectual, spiritual and cultural development. The library's total learning resources include access to over 750,000 volumes (paper and electronic), over 73,000 electronic periodical subscriptions, and over 3.4 million scholarly reference articles. Also available are over 27,185 e-videos and over 1.5 million statistical research reports. As a participant in the statewide GALILEO library network, the library provides access to over 280 academic research databases, including full-text periodicals, indexing, encyclopedias, newspapers, statistical books and other Internet resources. Library Orientation sessions are held at the beginning of each semester for new students.

The library houses the following collections: general books, reference, print periodicals and media. Music Scores and Music CDs are easily accessible to Music majors in the Music Department area of Grace Chapel.

MEDIA AND TECHNOLOGY
Both floors of the library provide access to 60 Windows and Mac computers for student use. Video Cameras and iPads are also available for checkout for use within the building. Equipment for listening, viewing and editing media is provided. DVDs and CDs are available for listening, viewing or checkout. The library also provides laminating services and materials for making bulletin boards. A color copier, scanner and printers are available for student and faculty use.

The IT department supplies and maintains the permanent projection equipment in campus classrooms. The library provides portable multimedia projectors and other media equipment for checkout to faculty, staff and students for campus use. Workshops are offered periodically to assist students in using technology and in producing and editing media.

THE LIBRARY ONLINE
The library’s online catalog, Athena, is available on computers in the library as well as over the Internet. The library’s webpage provides access to an array of the library’s services including: searching the library’s catalog, searching library databases, checking your library account, renewing materials online, requesting an interlibrary loan, asking a reference question, reading the library’s collection of electronic resources, as well as making suggestions for improving library services. Access is available 24 hours/day all year long.

INTERNET USAGE POLICY
The library expects students to abide by the campus “Internet Usage Policy” outlined in the TFC Student Handbook when using library computers.

RESEARCH ASSISTANCE
The reference staff offers individual assistance with library research including instruction on using the Internet, locating library resources and searching online databases. Online reference help is available through email, on course pages, and phone during posted hours. Specific Class Research sessions are held at the professor's request throughout the semester. A variety of Subject Seminars are available each semester for students to attend.

The library allows faculty and students to borrow materials using WORLDCAT from other libraries across the United States through its interlibrary loan service. Students can make interlibrary loan requests via the library’s web page, from any library database or by email at ill@tfc.edu.

FACILITIES
The 2 story, over 16,000 square foot, library building houses over 185 seats in a variety of seating arrangements to accommodate a diversity of user needs. The first floor provides areas for individual and group study. A coffee bar is available providing a more casual atmosphere. The second floor accommodates more research oriented activities by providing individual study carrels and large study tables. A twelve-seat conference room is also available for scheduled group meetings. Wireless Internet access is available throughout the library for students who bring their own wireless devices. A new computer teaching lab is being complete in room 204 for computer related classes and research training sessions.

CIRCULATION SERVICES
Most library materials have a check-out period of two weeks with renewal privileges if needed. DVDs circulate for three days. Students may renew materials up to three times at the Help Desk, by phone or via the library webpage.

Fees for lost materials include the replacement cost plus a processing fee. Fines are charged for overdue materials. Brochures with basic library policies and procedures are available in the library and on the library’s webpage.

The University of Georgia libraries, the GPALS (25 Georgia Private Academic Libraries) consortium libraries and the Toccoa Public Library provide circulation privileges to students in good standing at Toccoa Falls College. Students interested in receiving a GPALS or UGA library card can do so at the Reference Desk.

TUTORING HELP
Tutoring help is available through the school year in the library room 202 from 7 p.m.-11 p.m., Monday-Thursday evenings in various academic subjects. It is coordinated through the Center for Academic Success. The library also has a statistical check in system to track student athlete library usage to assist in their academic success.

LIBRARY HOURS
Library hours during school sessions are: (80+ hours/week)

<table>

ACCREDITATION AND MEMBERSHIPS

Toccoa Falls College is incorporated under the laws of the State of Georgia as a four-year college and is authorized by the Georgia State Legislature to grant the baccalaureate degree.

Toccoa Falls College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award Associate and Bachelor degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Toccoa Falls College. Toccoa Falls College is an accredited institutional member of the National Association of Schools of Music (11250 Roger Bacon Drive, Suite 21, Reston, VA 22090; telephone number (703)437-0700), an institutional accrediting body recognized by the Council for Higher Education Accreditation. The Teacher Education and Music Education programs are approved by the Professional Standards Commission of the State of Georgia, and graduates are eligible for teacher Certification upon graduation.

In addition, the college is listed by the United States Department of Education in the directory of Accredited Institutions of Higher Learning, approved for the training of veterans and certain of their dependents, approved by the State Department of Vocational Rehabilitation and approved by the United States Department of Justice for the training of foreign students.

Toccoa Falls College holds full membership with the Council of Christian Colleges and Universities as well as membership in a number of regional and national professional organizations in order to maintain the highest of standards, strengthen itself, and keep abreast of current developments in educational trends.

ACADEMIC SESSIONS

Toccoa Falls College operates on the semester system. The regular fall and spring semesters are 15 weeks of class plus an additional period for final examinations. Winterim is a two-week accelerated term in early January for all new freshmen and transfer students. Additional courses are offered during Winterim for other students. Summer school is made up of two four-week sessions in May, June, and July.

ACADEMIC DIVISIONS

The academic divisions of the college are identified as Schools and Departments. The School of Arts & Sciences includes the departments of Counseling Psychology, Humanities, and Natural Sciences & Mathematics. The School of Christian Ministry includes the Departments of Bible & Theology, Global Ministries, and Ministry & Leadership. The School of Nursing includes the Department of Nursing. The School of Professional Studies includes the Departments of Business Administration, Music, and Teacher Education. In order to qualify as a Department, it must offer at least one major program leading to an academic degree.

RECORDS

PRIVACY RIGHTS
In accordance with FERPA, the Family Educational Rights and Privacy Act of 1974 as amended, Toccoa Falls College guarantees any student who is or was attending Toccoa Falls College the right of access to inspect and review their educational records, subject only to certain specific exceptions. With other limited exceptions, any employee of Toccoa Falls College will not disclose personally identifiable information from educational records to any third party without the written consent of the student.

The college guarantees each student an opportunity to challenge the accuracy of information contained in any file or record that the student may access, including the right to a hearing if so requested. Each student also has the right to file a complaint directly with the U.S. Department of Education whenever the student believes the rights afforded the student by the college policy or the Family Educational Rights and Privacy Act have been violated. Students can obtain copies of the complete college policy statement on student education records from the Registrar’s Office.

REQUEST TO PREVENT DISCLOSURE OF DIRECTORY INFORMATION

The Registrar’s Office provides forms to request non-disclosure of directory information at fall registration. The Registrar’s Office uses the form to carry out student desires regarding release of directory information from education records. Forms are effective for one year; therefore, students must renew this form each fall.

RECORDS RETENTION POLICY

The transcript is the permanent historical record of the student’s academic performance at Toccoa Falls College. It contains the term-by-term record of enrollment in courses, grades awarded, and degrees conferred. The Registrar’s Office permanently retains the transcript, along with a record of Service and Outreach activities and credit, in the student’s file. The student’s file also contains supplemental material associated with admission to TFC, enrollment, and graduation. Examples include petitions for exemption to policy, degree audits, evaluations of transferred work, declaration of major forms, and miscellaneous correspondence. The office destroys these supplemental materials five years after the student’s last day of attendance.

TRANSCRIPTS

The Registrar’s Office keeps the permanent record of all credits earned by each student on file. The college does not issue transcripts unless the student fulfills all financial obligations owed to the college. Signed consent forms are necessary when ordering transcripts.

REGISTRATION AND SCHEDULING CONCERNS

COURSE LOAD

The normal course load for fall and spring semesters is 12 to 18 credit hours with additional charges for any credit hours over 19. Fewer than 12 credit hours is considered a part-time load. Summer school is made up of two four-week sessions. Students may take up to 6 credit hours each session. A student must enroll in 12 credit hours over the two sessions for full-time enrollment.

CLASS OVERLOAD

Students may register for a maximum of 18 credit hours in a regular semester, 3 credit hours in Winterim, or 6 credit hours in a single summer session. Students must have written approval from the Registrar to register for any credit hours above these limits.
Students should consult the Student Accounts section of this publication for class overload charges.

CLASS STANDING
The college classifies students based on total credit hours earned:

<table>
<thead>
<tr>
<th>CREDIT HOURS EARNED</th>
<th>CLASS STANDING</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 - 29</td>
<td>Freshman</td>
</tr>
<tr>
<td>30 - 59</td>
<td>Sophomore</td>
</tr>
<tr>
<td>60 - 89</td>
<td>Junior</td>
</tr>
<tr>
<td>90+</td>
<td>Senior</td>
</tr>
</tbody>
</table>

ROLE OF THE ACADEMIC ADVISOR
The college assigns each incoming student an academic advisor in the anticipated field of study as designated on his/her course selection form. If a student’s declared major changes, they are assigned a new advisor from their chosen major. The faculty advisor is an integral part of the student’s educational program, so it is important to establish an ongoing relationship. The advisor assists students in planning a course schedule each semester and helps students select appropriate courses and electives that best support their educational and vocational goals. In all instances, however, students carry full responsibility for completing their program of study. Students cannot hold advisors liable for student failure to meet specified program requirements.

STUDENT RESPONSIBILITIES IN THE ADVISING PROCESS
Students should take advantage of the opportunity to talk with their academic advisor. In the first meeting, students should introduce themselves and explain why they are there. Advisors would like to know as much as possible about each student’s educational and vocational plans. Students should tell advisors about learning problems, special needs, failure experiences, or financial problems that may detract from academic work. Many times, there are campus or community resources available to assist students. Keeping a file of personal records and bringing it to an appointment with an advisor is recommended. Students should be assertive and ask questions if they think they have received insufficient or misleading information.

Students should read as much as they can about institutional and school requirements before talking with their advisor. Communication with an advisor is more rewarding when students come prepared. Students who have difficulty communicating with their advisor should request the assignment of another advisor. Sometimes special forms are necessary before asking an advisor for assistance. Students should use common courtesy in scheduling times with advisors and not wait until registration to contact an advisor.

CATALOG REQUIREMENTS
Students normally endeavor to fulfill the requirements set forth in the catalog in force at the time of entering college. The previous fall and spring catalog would be in effect for students entering in the summer. Students may maintain the catalog in force at the time of entering college if they lapse matriculation for only two regular semesters. However, a lapse in matriculation of three or more regular semesters requires the student to fulfill the requirements of the catalog in effect upon reentry. A student extending continuous enrollment more than eleven semesters is required to fulfill the requirements of the catalog in force during the twelfth semester. Students may choose to meet the requirements of a newer catalog by submitting a “Request for Change of Catalog” form. In all instances, students carry full responsibility for completing their own program of study.

TFC 100
The college welcomes new freshmen and transfer students to the campus one full week before the official start of classes in the fall semester for TFC 100. This course is designed to help all new students acclimate to the community of Toccoa Falls College.

Students will participate in activities that will help them prepare academically, socially, emotionally, and spiritually for college life at TFC. All new and transfer students are required to attend; successful completion of TFC 100 is a graduation requirement.

REGISTRATION
On-line Registration is available for continuing students through TFC Self-Service during the posted dates for the Schedule Selection period. Instructions for registration are also on the TFC website.

The college charges a $50.00 late registration fee to students who register after the Registration period. The college does not accept late registrations after the last day of the drop and add period.

INCOMING STUDENT SCHEDULING
The college determines the initial schedule for new and transfer students by academic background, information provided on the Course Selection form, TFC program requirements, and class availability. After registration day, students must meet with their assigned faculty advisor to review program requirements and career goals. Students with superior scores on the Bible and Doctrine Test during Orientation may exempt NTE 103 and/or OTE 103, and later substitute a more advanced NTE or OTE elective. Incoming students with the new Evidence-based Reading and Writing SAT score of 650 or more, or minimum ACT subscores of 27 in both English and Reading may exempt ENG 113 Freshman Composition I and be placed in ENG 123 Freshman Composition II. Students exempting ENG 113 may then take an additional ENG prefixed literature elective and complete a Course Substitution form, or take the College Composition CLEP Exam (prior to earning 60 hours) with passing scores for ENG 113 credit.

CONTINUING STUDENT SCHEDULING
Students must give priority to general education courses or courses within a major in which they earned a “D” or an “F” before continuing with courses from the major or electives. The college recommends full-time students take at least one Bible or theology course each semester until the Bible & theology general education requirement for the degree sought is fulfilled.

CLOSED CLASSES
Students who need to enter a closed class because they are close to graduation or cannot rearrange their schedules, may request to enter a closed class by obtaining the required signatures on the “Request for Entering a Closed Class” form, and bringing this form to the Registrar’s Office during the registration period to have the course added to their schedule.

DROPPING & ADDING COURSES
Students drop and add courses through the internet using TFC Self-Service. Students may not add new courses after the end of the drop and add period. Students should consult the calendar at the beginning of this publication for specific dates. Absences during the drop/add period are registered as absences by the instructor.

AUDITING
Persons desiring to attend courses or lectures without examination or credit may register by paying the auditing fee. Any student auditing a course will be responsible to attend more than 60 percent of the classes. Failure to do so will be indicated by a W on the transcript. The Veterans Administration does not subsidize audited classes. A student may not change to audit status after the end of the drop/add period.

ONE FREE CLASS
The spouse of a full-time student may take one class per semester without charge of tuition. To qualify, enrollment must be during a regular semester (not winterim or summer school), and the couple must have been married prior to first-time matriculation at Toccoa Falls College. The student receiving one free class and an additional class resulting in eligibility for government aid who then withdraws from classes would no longer be eligible to
receive any free classes from the college for the remainder of the time at Toccoa Falls College. Appeals can be made through the Office of Student Affairs. In addition, the full-time student who drops below full-time status makes the spouse ineligible for the one-free-class waiver for the remainder of their tenure. (Audit hours do not count as a student for any government assistance.) An application form must be picked up from the Business Office and submitted before the drop/add period ends.

CLASS ATTENDANCE
Students must attend class regularly to achieve the maximum benefit of college academic life. Individual instructors have attendance policies that affect the possibility of make-up work or examinations and grading in their courses. Students who become sick and cannot attend class must register the illness at once either with a local physician or with the college nurse.

All attendance and absence policies of the instructor begin with the first day of class. Absences during the drop and add period are registered as absences by the instructor.

Students must secure group absence forms for college events such as athletics or touring groups from the coach or team leader and present them to instructors before the absence. If for some reason an instructor does not show up for class, students must wait ten minutes. If the instructor still has not come and someone does not advise the class otherwise, class is dismissed.

PLAGIARISM & CHEATING
Integrity extends to all parts of the Christian’s life and character. This includes the Christian’s academic life. Plagiarism is defined in the MLA Handbook as the use of another’s ideas or expressions without proper acknowledgement. Plagiarism is not limited to word for word copying; it includes any false assumption of authorship, including paraphrasing lines of reasoning from a printed source and copying or stealing from an unpublished writer. Although it can be unintentional, plagiarism is always a serious ethical and moral offense.

Examples of intentional plagiarism include, but are not limited to: buying a paper from a public source, copying material from a printed source, soliciting or allowing someone to submit material for you, and submitting previously written material without the consent of the faculty member.

Whenever the college establishes that a student has engaged in cheating, plagiarism, or dishonesty, disciplinary action will be taken, up to and including the assignment of an automatic “F” for the entire course. This grade penalty shall take precedence over a course withdrawal received by the Registrar’s Office on the same day or later than the incidence of academic dishonesty. The Deans Council may also consider dismissal from the college. Any modification of the above disciplinary action will be considered only if the student files an appeal to the Academic Discipline Appeals Committee through the Academic Dean’s office.

WITHDRAWING FROM COURSES
Withdrawals after the drop and add period of any academic term note whether the student was passing or failing. Students must return a completed course withdrawal form to the Registrar’s Office within 48 hours of the date noted on the form, for that date to be effective. The last day to withdraw failing from a class without academic penalty is the Friday following fall or spring break (or midpoint in summer school, winterim, or an online course). Students who withdraw failing after the Friday following fall or spring break receive an “F.” Unofficial withdrawal will result in failure of the course. Administrative online course withdrawals due to lack of attendance or communication are considered unofficial withdrawals. Changes which place a student below full-time status will affect Veteran’s benefits, foreign student visas, and financial aid benefits unfavorably. Withdrawal grades are calculated as hours attempted.

VOLUNTARY WITHDRAWAL FROM THE COLLEGE
Students who wish to completely withdraw from the college must complete a withdrawal form from the Office of Student Affairs and personally obtain the signatures required on the form. This includes the Office of Student Affairs, Financial Aid, Student Accounts, and Registrar. All withdrawals must be in writing. The effective date of withdrawal is the date the student signs the form. The completed form must be returned within 48 hours. When students withdraw, the college refunds tuition, fees, room, and board charges according to the Refund Policy outlined in the Student Accounts section of this publication. Non-attendance does not constitute official withdrawal from the college. Students who do not complete the above procedure are financially responsible for the term and receive an “FX” in each class.

IN Voluntary withdrawal/suspension policy
TFC reserves the right to withdraw or suspend a student involuntarily from the college. Such an involuntary withdrawal is termed an “administrative withdrawal” or suspension. Reasons for this action may include, but are not limited to, the behavior of a student who:

1. Demonstrates an apparent threat of harm to self or to others.
2. Engages in activity that leads to significant property damage.
3. Fails, after due notice, to satisfy financial obligations to the college.
4. Neglects to satisfy health regulations, such as required immunizations.
5. Is not attending classes on a regular basis, indicating an attitude of apathy.
6. Violates standards of the Code of Student Conduct that call for suspension or expulsion as set forth in the TFC Student Handbook.

As a result of administrative withdrawal, suspension, or expulsion, the student will be removed from classes, receive failing grades for that school term (FX), lose his or her status as a student of TFC, and have TFC internet access revoked. The student will also lose the privilege of living in college-owned residences.

Before an administrative withdrawal is put into effect, the student will be given opportunity to appeal the decision. Student suspension or expulsion is based on matters related to violations of the Code of Student Conduct, may be appealed by means of the process described in the TFC Student Handbook. Involuntary withdrawal based upon academic issues may be appealed to the Academic Discipline Committee as described under the heading “Academic Discipline Appeals” in the academic information section of the college catalog.

An administrative withdrawal, suspension, or expulsion, however, renders the student ineligible for any refund of institutional charges. Such a withdrawal or dismissal could also incur additional financial responsibility for the student. Any amount of federal funds provided the student that would have to be returned to the government, depending on the time of the withdrawal/dismissal, would become the responsibility of the student to repay the college. The student will not be allowed to apply for re-admittance for any subsequent term until the reasons for withdrawal/dismissal have been resolved.

BIBLE COURSES AND BIBLE GPA
Courses having the following prefixes count toward the college’s minimum requirement of Bible and theology: BIB, BMI, BSF, NTE, OTE, THE, HEB (except 213), GRK (except 213 and 223). In addition, COM 463 and PHY 243 are approved integrative courses and may be taken for elective Bible and Theology credit. Students should check with their advisors to verify eligibility. Courses prefixed PAM and REL do not count as Bible and theology courses. The college recommends full-time students take at least one Bible or theology course each semester until the Bible and theology general education requirement for the degree sought is fulfilled.
For Bachelor’s degrees, the college requires a minimum of 30 credit hours of Bible and theology (15 hours for Nursing and Teacher Education majors, and Associate level degrees) as specified with a 2.0 Bible GPA as one of the requirements for graduation. Students should divide the total quality points earned in Bible and theology courses by the credit hours attempted in Bible and theology courses to calculate their Bible grade point average.

The college administers a Bible and Doctrine Examination. All new students will take a pre-test during orientation and graduating students will take the post-test prior to graduation.

**INDEPENDENT STUDY**

Independent study provides students with the opportunity to investigate areas of knowledge not covered in regular course offerings or explore in greater depth areas of knowledge only touched upon in regular courses. This method of study represents an irregular method of meeting college course requirements and therefore the college grants this only under exceptional circumstances. Each student should realize that the expectations and requirements are at the same level as a regular classroom course.

The following guidelines apply when the college approves an independent study:

1. Students begin the process at the Registrar’s Office. Students must obtain the signatures of the instructor, the student’s advisor, the Department Chair for the student’s major, and the Dean of the School for the student’s major. Students must have the completed form returned to the Registrar’s Office with any accompanying materials by the end of the previous semester. This form also registers the student for the independent study.

2. The college limits each student to six hours of independent study.

3. Because of the nature of independent research, independent studies are limited to juniors and seniors.

4. A student may not enroll for the same independent study if the student previously earned a “D” or an “F” in that course. Independent studies may not be repeated under the grade forgiveness policies of the college.

5. Students understand and contract with the instructor to spend a minimum of 42 hours of study for each credit hour (i.e. a one-hour course requires a minimum of 42 hours of study; a two-hour course requires a minimum of 84 hours of study; a three-hour course requires a minimum of 126 hours of study). The student must keep a log of these hours and return it to the instructor as part of the course requirements.

**DIRECTED STUDY**

Directed study is a regular course of study taken outside the normal class period with content and requirements very similar to those prescribed for the regular class. This method of study represents an irregular method of meeting college course requirements and requires considerably more work on the part of the instructor. Therefore, the college grants this only under exceptional circumstances such as a schedule conflict close to graduation. The college does not grant directed studies for conflicts with work schedules. All other alternatives to taking a course by directed should be considered prior to the application process, such as investigating if the course is also offered online, possible course substitutions, or scheduling the conflicting course section at an alternate time. Only after all other options have been exhausted should application be made. Students should realize that the expectations and requirements are at the same level as a regular classroom course.

The following guidelines apply when the college approves a directed study:

1. Students begin the process at the Registrar’s Office. Students must then obtain the signatures of the instructor, the student’s advisor, the Department Chair for the student’s major, and the Dean of the School for the student’s major. Students must have the completed form returned to the Registrar’s Office with any accompanying materials by the end of the previous semester. This form also registers students for the directed study course.

2. The college limits each student to six credit hours of directed study.

3. Directed study is limited to juniors and seniors.

4. The college considers directed study hours as part of the normal course load.

5. A student must take responsibility for obtaining all information related to the class such as handouts, recording lectures, etc.

6. A student may not enroll for a course as directed study if the student previously earned a “D” or an “F” in that course.

7. Students understand and contract with the instructor to spend a minimum of 42 hours of study for each credit hour (i.e., a one-hour course requires a minimum of 42 hours of study; a two-hour course requires a minimum of 84 hours of study; a three-hour course requires a minimum of 126 hours of study). The student must keep a log of these hours and return it to the instructor as part of the course requirements. Instructors may waive this requirement if a student is taping the class lectures.

**PRACTICUM & INTERNSHIP CREDIT**

All Practicum and Internship courses carry academic credit, thus the college charges the same tuition rate as regular courses. Students must register for Practicum and Internship courses for the term that they are actually doing the Practicum or Internship. Students who will complete a Practicum or Internship experience out of residence must complete an Absentee Registration Form at the time of Schedule Selection to complete their Registration process and receive credit.

**TRANSFER CREDIT**

**EVALUATION AND TRANSFER POLICY**

Please note the following guidelines for acceptance and suitability of transfer credit:

1. An official transcript from each institution attended must be submitted to TFC’s Office of Admissions. For students currently enrolled in another institution, an updated complete official transcript must be submitted to TFC within 30 days of completion for the additional transfer work to be considered.

2. The Registrar’s Office evaluates transferability of credit from most institutions accredited by agencies authorized by the Council for Higher Education Accreditation. The Registrar serves as the final authority in determining the general acceptability of work completed at other institutions.

3. While much or all of a student’s transfer credit may be accepted at TFC, all of the transfer credit may not be applicable to the student’s major. The final transfer credit evaluation should be compared to the major program of choice listed in the catalog. Courses accepted in transfer that do not fulfill a specific course requirement in the chosen major count as open electives.

4. Transfer course work must be deemed significantly equivalent in content for credit to be granted course equivalency. When this occurs, a lacking hour must be balanced with open electives to meet the total graduation credit hour requirement. Approved course substitution forms are necessary.

5. Developmental or remedial courses are usually designed for institutional credit only and are therefore not eligible for transfer.

6. Degree level vocational and technical credit is accepted in transfer only when it bears a clear and direct equivalency to academic courses offered at TFC.

7. Lower division (100 and 200 level) coursework will generally be transferred as lower division credit.

8. Only those courses with a C- or better are considered for transfer. A “C” is required in all transfer courses applied to the Nursing degree, including all General Education coursework. Grades and GPA do not transfer.
9. Courses other than Physical Education activity courses that are graded on a Pass/Fail or Satisfactory/Unsatisfactory basis are generally not accepted in transfer.

10. Credits transferred from institutions on the quarter system are granted the standard two/thirds equivalency according to the following: 5 and 4 quarter hours = 3 semester hours; 3 and 2 quarter hours = 2 semester hours; 1 quarter hour = 1 semester hour.

11. Upon receipt of an official transcript from the transferring institution, the Registrar's Office completes a transfer credit evaluation and sends the results to the prospective student. All acceptable transfer coursework is entered on the TFC transcript upon enrollment.

**CREDIT RECOGNIZED FROM OTHER SOURCES**

TFC does not grant credit based on experiential learning. However, credit can be validated and awarded for prior learning through several options. Up to a total of 45 semester hours may be transferred to Toccoa Falls College in any combination from the following prior learning experiences: AP, CLEP, DANTEs, IB, PONSI, Educational Experiences in the Armed Services, and ICE. No more than 30 semester hours may be transferred in any one category. As with all transfer credit, only credit that is applicable to degree programs at Toccoa Falls College will be accepted. Check with the Registrar's Office for more information on these opportunities. The Music Department requires students desiring to transfer credits in Music Theory, Aural Skills and Class Piano to pass our placement tests in the respective subject area. Credit from other institutions in these courses will be accepted upon demonstrated competence within the varying levels of each course sequence.

**Advanced Placement (AP)**

Advanced Placement is a College Board program taken in high school that allows students to take an exam (following the course work) that is the equivalent to introductory college-level course work. The College Board assures the faculty teaching AP are qualified academically for teaching college level work. These exams are taken before the student attends college usually as the final exam in their high school AP course. A minimum score of 3 is necessary to award credit. TFC awards credit based on the table below. “Electives” are worth 3 credit hours each.

College Level Examination Program (CLEP)

CLEP is the most widely accepted credit-by-examination program in the country. CLEP exams may be taken to validate prior course work from an unaccredited institution, self-study, prior job or work experience, extension classes, etc. Students may attempt each CLEP only one time. All CLEP testing must be completed prior to earning 60 semester hours. Credit earned through CLEP does not count toward residency requirements. Students may not take the CLEP if they are currently taking the course or have attempted the course previously. The current cost for taking each exam can be found on our website, and students can register online through the TFC website or another CLEP testing center. Students must pay for the actual test by creating an account at www.collegeboard.com. The TFC proctoring fee must be paid at the time of the test or prior to it. “Electives” in the table below are worth 3 credit hours each. The College Board CLEP School code for Toccoa Falls College is 5799.

Educational Experiences in the Armed Services

The American Council on Education in cooperation with the Department of Defense evaluates educational experiences of service members and makes recommendations for college credit. Veterans and active duty service members may complete a Request for Course Recommendation form available in the Registrar’s Office and supply the appropriate supporting documentation. The college generally awards credit when the recommendation bears a clear and direct equivalency to TFC coursework. The Registrar’s Office makes the final determination of the amount and appropriateness of credit.

Institutional Challenge Examination (ICE)

The Institutional Challenge Examination (ICE) program gives students the opportunity to demonstrate competency in a particular subject area that the college offers for academic credit. Students must obtain an ICE form from the Center for Academic Success. Students submit the completed form to the department chair of the department that offers the course. The student arranges a testing time for the ICE with the appropriate instructor if the Director of Academic Success and department chair approve the request and the Director of Student Accounts also documents on the form that the student paid the examination fee. The department chair reports the results of the ICE on the form and submits the examination to the Office of the Registrar for inclusion in the student’s academic file. ICE requests are subject to the following guidelines:

1. Each department chair establishes the courses in his/her department for which students can earn ICE credit and develops the ICE tests.
2. The minimum passing grade for all exams is “C” (73).
3. Students may not take the Institutional Challenge Examination if they are currently taking the course or have taken the course already at TFC.
4. Students may not take an ICE for a course that is available through the CLEP or DANTES programs.
5. The student may attempt each ICE only one time.
6. The credit hours earned do not count toward residency requirements.
7. There is no fee to place the credit hours earned through ICE on the student academic record. However, students must pay the ICE fee (see website) in full before testing approval.
8. As with CLEP, all ICE testing must be completed prior to earning 60 semester hours.

Currently, TFC offers an ICE for the following courses:

- MPN 111 Class Piano I
- MPN 121 Class Piano II
- MPN 231 Class Piano III
- MPN 241 Class Piano IV
- MUT 111 Aural Skills I
- MUT 113 Music Theory I
- MUT 121 Aural Skills II
- MUT 123 Music Theory II
- MUT 231 Aural Skills III
- MUT 233 Music Theory III
- MUT 241 Aural Skills IV
- MUT 243 Music Theory IV

International Baccalaureate (IB)
The International Baccalaureate Diploma program is a rigorous pre-university course of study, leading to examinations, that meets the needs of highly motivated secondary school students. Toccoa Falls College will consider for credit the following individual IB courses with Higher Level examination results of 5 or higher. “Electives” are worth 3 credit hours each.

Program on Non-Collegiate Sponsored Instruction (PONSI)
The National Program on Non-Collegiate Sponsored Instruction (PONSI) reviews formal courses and educational programs sponsored by non-collegiate organizations, makes appropriate college-level credit recommendations for the courses and programs evaluated, and promotes academic recognition of these learning experiences to the nation’s colleges and universities. Credit is generally awarded when the recommendation bears a clear and direct equivalency to TFC coursework. The Registrar’s Office makes the final determination regarding the appropriateness and the amount of credit to award.

GRADES AND ACADEMIC STANDING

GRADING POLICIES & PROCEDURES
Students access their grades through the internet using Self Service. The Registrar’s Office posts final grades as faculty members submit them at the end of each semester. All courses adhere to the following grade scale:

<table>
<thead>
<tr>
<th>LETTER GRADE</th>
<th>PERCENT</th>
<th>QUALITYPTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>94-100</td>
<td>4.0</td>
</tr>

</tbody>
</table>

A - Superior work
B - Above average or good work
C - Average work
D - Below average or poor work
F - Failing work or withdrawn failing after the Friday following fall or spring break
FX - Failed to make up incomplete work, unofficial, or administrative withdrawal from college
I - Incomplete (given in cases of illness or extreme circumstances; if incomplete work is not completed within the prescribed limit, the grade becomes FX)
AU - An audited course
W - Withdrawn from an audited course or failed to attend at least 60% of the audited course
WP - Withdrawn passing (non-punitive)
WF - Withdrawn failing (used prior to mid-point; non-punitive)
S - Satisfactory
U - Unsatisfactory (non-punitive)
TR - Transfer coursework
PC - Proficiency Credit, Institutional Challenge Exam

INCOMPLETES
Students may request an “incomplete” from the instructor if an emergency or other extreme circumstance prevents completion of coursework by the end of the semester. The instructor will obtain and submit the proper form to the Registrar’s Office for approval if the instructor supports the request. The normal deadline for an incomplete is 30 days. If special circumstances warrant, an extension may be given. Instructors must use another form, also obtained from and submitted to the Registrar’s Office, for an extension. When the incomplete is made up, the instructor will issue the final grade using the Change of Grade form obtained in the Registrar’s Office. The college issues an “FX” automatically to grade incomplete work that is not completed within the prescribed limit (the grade becomes FX)

EXPLANATION OF GRADE POINT AVERAGE (GPA)
There are four columns of numbers listed on grade reports and transcripts (i.e., attempted, earned, points, and divisor). Hours attempted include all hours taken at TFC, in addition to any transfer credit, exclusive of grades AU and W. Hours earned include all hours passed at TFC and all credits transferred from other institutions (including CLEP, ICE, and Advanced Placement credit). Divisor hours include all attempted hours from TFC with the exception of S/U courses and prior attempts as noted in the Grade Forgiveness Policy below. Quality points are the amount of points given for each grade multiplied by each credit hour. For example, an “A” is worth 4.0 quality points per hour. An “A” received in a 3-credit hour course would equal 12.0 quality points.
Students can calculate their grade point average (GPA) by dividing the total quality points by the total divisor hours. For example, a total of 93.0 quality points with a total of 31.0 divisor hours would equal a 3.00 GPA.

**GRADE FORGIVENESS POLICY**

The college permits students to repeat courses with an "F" or "D" grade. Students who desire to repeat courses with a "C-" or better must receive approval from the Vice President for Academic Affairs. When a student repeats a course, the college deducts the previously earned grade from the earned, divisor, and quality point totals, but the college does not physically remove the previous grade earned from the permanent record. The college computes only the last grade earned in cumulative totals and the grade point average. Students may not repeat physical education activity courses, internships, practicums, applied music, ensemble, seminar, selected topics, and independent study courses under the grade-forgiveness policy. Students may not repeat courses at another institution for transfer to Toccoa Falls College under the grade-forgiveness policy.

**REPEATING COURSES AND FINANCIAL AID**

Special rules apply for Title IV financial aid and the repeating of courses. A failed course may be repeated as many times as needed until passed (although all hours attempted are calculated). A previously passed course with a D grade may only be repeated once. This includes even those courses where a higher grade is required. This does not apply to courses designated as repeatable for credit.

**GRADE APPEAL PROCESS**

Students who have concerns related to academic courses (grading, assignments, class policies, course materials, etc.) should first discuss the matter with the class instructor. If no agreement on the matter can be achieved on that level, the student may consult with the Department Chair of the department in which the course is taught. If the matter is not resolved by consultation with the Department Chair, the student may arrange for a meeting with the School Dean. If the matter is not resolved by consultation with the School Dean, the student may arrange for a meeting with the Vice President for Academic Affairs. The Vice President for Academic Affairs may choose to refer the matter to the Deans Council. Students must submit all appeals and rationale in writing to the instructor within 14 days of the last exam day of the semester in question. Grade changes submitted after this period must have the approval of the appropriate School Dean.

**ACADEMIC STANDARDS FOR ATHLETIC PARTICIPATION**

Toccoa Falls College is a member of the National Christian College Athletic Association (NCCAA). As a member of this association our student athletes are required to maintain certain academic standards. The student athlete must be enrolled in a minimum of 12 semester hours at the time of participation. They must be full-time and pass 12 hours of credit in their first semester of college for eligibility and then a total of 24 hours of credit for the two semesters prior to the season of competition. The student athlete is not to be on any form of academic restrictions or probation that the college may require of any student in attendance at the college. Further information concerning the academic standards of the NCCAA may be obtained from the Athletic Director.

**SEMESTER ACADEMIC HONORS**

Dean’s List - To qualify for the Dean’s List, students must earn a semester grade point average of at least 3.6 with no grade below “B-.” Students must complete at least 12 credit hours. Honor Roll - To qualify for the Honor Roll, students must earn a semester grade point average of at least 3.3 with no grade lower than a “C-.” Students must complete at least 12 credit hours.

**SATISFACTORY ACADEMIC PROGRESS**

The college considers a student as maintaining good (satisfactory) academic standing by achieving the required minimum cumulative grade point average for the total credit hours attempted as follows:

<table>
<thead>
<tr>
<th>ACADEMIC STANDING LEVEL</th>
<th>CREDIT HOURS ATTEMPTED</th>
<th>CUMULATIVE GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>1 - 23</td>
<td>1.50</td>
</tr>
<tr>
<td>II</td>
<td>24 - 47</td>
<td>1.70</td>
</tr>
<tr>
<td>III</td>
<td>48 - 71</td>
<td>1.90</td>
</tr>
<tr>
<td>IV</td>
<td>72 - 95</td>
<td>2.00</td>
</tr>
<tr>
<td>V</td>
<td>96 +</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Total credit hours attempted consists of all courses attempted at Toccoa Falls College, including all courses with grades of A-F, FX, S, U, WF (through the Friday following fall or spring break), WP, and I. Grades of AU and W are not included in hours attempted. The college bases classification of transfer students on hours attempted at Toccoa Falls College in addition to hours accepted by Toccoa Falls College from transferring institutions. The Registrar’s Office calculates academic standing at the end of the fall semester, at the end of the spring semester, and after the second summer session.

**ACADEMIC DISCIPLINE**

**Academic Warning**

The college places on academic warning any student who fails to attain and maintain the academic standing required (see above). The student is limited to 13 credit hours during the next semester of attendance. The student must also meet the guidelines outlined in the Academic Success Agreement set up with the Director of the Center for Academic Success.

**Academic Probation**

The college places on academic probation any student who fails to raise the cumulative grade point average to a satisfactory level (see above) at the end of the semester on academic warning. The student is limited to 13 credit hours during the next semester of attendance. The student must also meet the guidelines outlined in the Academic Success Agreement set up with the Director of the Center for Academic Success.

**Academic Suspension**

The college places on academic suspension any student who fails to raise the cumulative grade point average to a satisfactory level (see above) after one semester of attendance. An academically dismissed student may not apply for readmission to the college until the student documents earning at least 12 semester credit hours of college level work with a 2.0 grade point average at another regionally accredited college or university.

**Academic Discipline Appeals**

Current TFC students must file in writing all appeals relating to academic discipline with the Academic Dean’s Office within 14 days of discipline notification. The Academic Discipline Appeals Committee considers the appeal. The decision of the Academic Discipline Appeals Committee comprised of the Vice President for Academic Affairs, Vice President for Student Affairs, the Registrar, Dean over the area that the student is appealing, and Director of Center for Academic Success, is final.
ACADEMIC PROGRAM SELECTION

DECLARATION OF A MAJOR
The college encourages students to declare a major after successful completion of 12 credit hours. Transfer students who have previously transferred 12 credit hours may declare a major immediately, subject to Department requirements. Students can obtain an application from the Registrar’s Office. Students must complete at least 50 percent of major course hours through Toccoa Falls College.

DECLARATION OF A MINOR
The college encourages students to declare one or more minors in an area of secondary interest to the student. Students can obtain a declaration of minor form in the Registrar’s Office. Students must complete at least 50 percent of minor course hours through Toccoa Falls College. The chosen minor must consist of at least fifteen unique semester hours that are over and above defined major course requirements.

DOUBLE MAJORING
Students who choose to complete two majors, each offered by a different Department, must complete the requirements of both programs. For students double majoring, each major must have a minimum of 30 unique hours. Students must decide which of the two majors will be their primary major. Students retain their advisor for the primary major, but also meet with an advisor of their choice in the Department sponsoring the second major.

The college prints both majors on the transcript and awards only one Bachelor’s Degree. If, after graduating with a Bachelor’s Degree, a student decides to return to complete another major, the college awards a second Bachelor’s Degree under the following conditions:

1. A minimum of an additional 30 semester hours must be completed for the second degree. Students must complete all program requirements for the major.
2. A second Bachelor’s Degree must be awarded in a different commencement program from the first.
3. The college will award no more than two Bachelor’s Degrees to an individual.

The following academic departments do not allow for double majoring within their department: Business Administration, Ministry & Leadership, Music and Global Ministries. Students are not permitted to double major across degrees offered by the Music Department (B.A., B.S., or B.M.) or the Nursing Department (B.A., B.S., or B.S.N.). Students in the Bible & Theology Department may double major within the department provided they fully meet the degree requirements for both majors. The Teacher Education Department does not allow double majoring within the department. However, students can be certified in more than one field by completing the Post Baccalaureate Checklist of courses for the second area of certification.

COURSE SUBSTITUTION POLICY
The student’s advisor, Department Chair for the student, Registrar, and School Dean must approve any deviation from the catalog. Students may obtain the proper form from the Registrar’s Office. Course substitution forms should be submitted by the time the student applies for graduation one year prior to the anticipated graduation.

CENTER FOR ACADEMIC SUCCESS
The Center for Academic Success assists Toccoa Falls College in fulfilling its commitment to educate and serve students. The Center for Academic Success coordinates and provides a variety of academic and support services to students. The goal of the Center for Academic Success is to provide counsel for students concerning academic issues including academic tutoring for students seeking help, academic support for students with documented disabilities, and administration of CLEP tests. The Center for Academic Success is comprised of three main programs, which include Disability Services, CLEP Administration Services, and Tutoring Services.

DISABILITY SERVICES
The Americans with Disabilities Act (ADA) defines a person with a disability as any person who has a physical or mental impairment which substantially limits one or more major life activities (walking, seeing, hearing, speaking, breathing, learning, and working), has a record of such an impairment, or is regarded as having such an impairment. Disability Services coordinates and provides a variety of academic and support services based on the individual needs of each student. The goal of Disability Services is to seek to create an accessible academic, social, and physical environment for students with disabilities at Toccoa Falls College.

CLEP ADMINISTRATION SERVICES
The goal of the CLEP Administration Services is to provide efficient test administration and services for the community and students of Toccoa Falls College. Institutional tests include the Institutional Challenge Examination (ICE). Nationally-normed tests include the College Level Examination (CLEP) Tests. These institutional and nationally-normed tests are administered through the Center for Academic Success at various times throughout the year.

TUTORING SERVICES
The goal of Tutoring Services is to provide a variety of academic and support services for student achievement and adjustment in college. Tutoring services are available free of charge to currently enrolled students requesting academic assistance. Tutoring involves one-on-one assistance from qualified students who have been approved by the director and the faculty in a given subject area. Tutoring is available for most subjects offered at Toccoa Falls College.

SERVICE AND OUTREACH
Toccoa Falls College seeks to glorify God through preparing men and women for lives of personal fulfillment and Christian service to the church and all humanity. The Service and Outreach Department desires to build on classroom learning by providing opportunities for organized and supervised ministry. Students learn how to serve the church and all humanity through practical ministry experience.

The Service and Outreach program seeks to challenge students toward spiritual and moral growth by involving them in practical Christian ministry. The successful student will demonstrate emotional maturity, a Christian commitment with a wholesome attitude, spiritual depth, and ethical principles.

The Service and Outreach 250 Advance Ministry Experiences is an enhanced SAO that is available for residential Ministry & Leadership Department students. Detail of major specific offerings are provided on each major’s catalog page.

Ministry experience is a requirement for graduation. For the Bachelor’s degree one must successfully complete a minimum of four semesters of field experience. For the Associate of Arts degree one must successfully complete a minimum of two semesters of field experience. Transfer students must successfully complete one assignment for each semester enrolled, with a maximum of four assignments for a B.A., B.M., B.S., or B.S.N. and two assignments for an A.A. Each Department has the option of requiring a minimum of six semesters of field experience. Students must check their particular catalog and major requirements. These requirements must be met in order to graduate, participate in the Commencement program or receive a diploma. All ministries are graded and become part of the student’s permanent record. No more than two Service and Outreach field experiences may be taken in any one term.
There are various opportunities for ministry. Students may work with children, youth, adults, or elderly people in preaching, teaching, counseling, music, drama, and serving opportunities. Decisions on a particular ministry will be made on the basis of student preference, catalog, and program requirements, and the approval of the Director of Service and Outreach.

STUDY ABROAD AND OFF-CAMPUS OPPORTUNITIES

TFC STUDY ABROAD COURSES
Toccoa Falls College Study Abroad occasionally includes a summer course led by TFC professors to Europe or a Winterim course to Europe or the Middle East. Prerequisites include minimum GPA requirements, HUM 103 Western Thought and Culture, and two full-time semesters at TFC. Application deadline for summer TFC-led study abroad courses is January 31. Application packets are available in the Registrar’s Office. The packet includes an application, checklist, instructions for obtaining a passport and International Student Identity Card (ISIC), and other forms.

JERUSALEM UNIVERSITY COLLEGE
Toccoa Falls College has partnered with Jerusalem University College to offer a semester of study in Israel. Prerequisites include a minimum GPA and second semester sophomore status (with the last 30 hours earned in residence). To learn more about Jerusalem University College, visit their website at www.juc.edu or pick up the TFC application packet in the Registrar’s Office. Application deadline for the following academic year is February 15.

ROME WITH PURPOSE
Toccoa Falls College students can experience Italy in Christian community through participation with Rome With Purpose. This semester-length program offers up to 16 hours of academic credit in Rome, with field trips to Florence and Ostia. Prerequisites include a minimum GPA and second semester sophomore status (with the last 30 hours earned in residence). To learn more about Rome With Purpose, visit their website at www.RomeWithPurpose.com or pick up the TFC application packet in the Registrar’s Office. Application deadline for the following academic year is February 15.

SAINTS BIBLE INSTITUTE
Saints Bible Institute is a semester-length study abroad experience rich in personal discipleship, evangelism and missions experience, travel, intensive learning and cultural interaction. Based in San Lorenzo, Toccoa Falls College students gain perspective of European life and culture as they join missionaries and faculty in ministry and daily life while taking up to 18 hours of academic coursework. Prerequisites include a minimum GPA and second semester sophomore status (with the last 30 hours earned in residence). To learn more about Saints Bible Institute, visit their website at www.SaintsBibleInstitute.org or pick up the TFC application packet in the Registrar’s Office. Application deadline for the following academic year is February 15.

CCCU PROGRAMS
In addition to the above study abroad programs, Toccoa Falls College offers the following study abroad and off-campus opportunities in partnership with the Council for Christian Colleges & Universities (CCCU). Specific information on each of these programs is available in the Registrar’s office and at the following CCCU website: www.bestsemester.com. Prerequisites include a minimum GPA and second semester sophomore status (with the last 30 hours earned in residence). The TFC deadline for applying for all CCCU programs for the following academic year is February 15.

Culture-Crossing Programs
- China Studies Program
- India Studies Program
- Latin American Studies Program
- Middle East Studies Program
- Programmes in Oxford
- Russian Studies Program

Culture-Shaping Programs
- American Studies Program
- Contemporary Music Center
- Los Angeles Film Studies Center
- Summer Institute of Journalism

International Partner Programs
- Australia Studies Centre
- Uganda Studies Program

FINANCIAL AID
All federal or state financial aid funds for which a student may be eligible may be applied toward study abroad program costs. Institutional forms of financial aid, including scholarships and grants, can not be applied toward program costs. However, TFC’s Student Financial Aid Office can re-evaluate the cost of attendance (COA) of an individual study abroad program in order to maximize federal and state financial aid eligibility.

ACADEMIC ISSUES
TFC prerequisites include a minimum GPA and second semester sophomore status (with the last two semesters in residence). After deciding which program is right for you, come to the Registrar’s Office to pick up the application packet. Be sure to plan well in advance as February 15 is the deadline for applying for all JUC and CCCU programs for the following academic year.

- The best time for planning a study abroad experience is between the second semester sophomore year and the first semester senior year.
- Coursework and credit equivalency is determined by the TFC Registrar’s Office.
- Coursework and grades are posted to the student’s TFC transcript and calculated in the cumulative grade point average and hours attempted.
- TFC standards for satisfactory academic progress apply to study abroad coursework.
- Study abroad questions should be directed to the TFC Registrar’s Office.

GRADUATION CONCERNS

APPLICATION
December and Winterim graduates must submit an application for graduation during Schedule Selection in the fall semester one year in advance of their intended date. May and summer graduates must submit an application for graduation during Schedule Selection in the spring semester one year in advance. All course substitutions should be submitted at this time. All CLEP and ICE testing must be completed prior to earning 60 semester hours.

RESIDENCY REQUIREMENTS
Residency Requirements at Toccoa Falls College apply to three areas of the curriculum: At least the final 32 hours or final 25% of the Bachelors degree, whichever is greater, and the final 21 hours of the Associates degree must be completed through TFC, whether taken in online or traditional format. A minimum of 50 percent of major course hours must be completed through TFC. A minimum of 50 percent of minor course hours must be completed through TFC.
COMMENCEMENT
The college holds commencement ceremonies in May. Students must complete all requirements for graduation, including coursework, Service and Outreach, senior interviews/orals, required testing, and academic and financial stipulations to participate in commencement. Students who complete their degree requirements in Summer, Fall, and Winterim participate in the following May commencement.

Students must complete all graduation requirements before participating in the commencement program. It is of utmost importance that students ascertain in their senior year that they will meet all requirements. Students order caps and gowns through the college bookstore. Students then purchase their caps and gowns after the ordered merchandise arrives. The Registrar's Office contacts graduating students during their final semester with line-up lists and instructions for participating in the program. The college releases diplomas and transcripts only to students who meet all financial obligations to the college.

GRADUATION HONORS
TFC Dean's List
The Toccoa Falls College Dean's List honors baccalaureate graduates with a minimum 3.6 cumulative grade point and who have achieved Dean’s List semester honors a minimum of four semesters. Recognition is granted by the awarding of the TFC Dean’s List Certificate.

Latin Honors
Candidates for Bachelors degrees qualify for graduation with honors by achieving, at graduation, a cumulative grade point average in courses completed at Toccoa Falls College of 3.5 for cum laude, 3.7 for magna cum laude, and 3.9 for summa cum laude. Latin Honors are recognized in the Commencement Program by the wearing of the gold honor cord.

FORMS PROCEDURES
It is essential that students develop personal habits of discipline concerning the use of academic forms. Many forms have deadlines for submission. The Registrar’s Office does not accept forms submitted after deadlines. Therefore, students should plan their program carefully and thoughtfully to avoid disappointment.

RELATING TO REGISTRATION AND CLASSES
REQUEST TO ENTER A CLOSED CLASS
Students use this form during the registration or drop and add period to enter a closed class. It requires approval of the instructor and Department Chair of the course. Students should bring the completed form to the Registrar’s Office to have the course added to their schedule.

REQUEST FOR OVERLOAD
Students use this form to take more than 18 credit hours in a regular semester or more than 6 credit hours in a single session of summer school. Students must have at least a 3.0 cumulative grade point average before an overload is considered. It requires approval from the Registrar.

COURSE WITHDRAWAL
Students use this form after the drop and add period when they withdraw from an individual class. The instructor indicates on the form withdraw passing (WP) or withdraw failing (WF). The student’s advisor must also sign this form and then the student returns it to the Registrar’s Office immediately. Students do not use this form to withdraw from all of the classes on their schedule.

WITHDRAWAL FROM COLLEGE
Students use this form to withdraw from all of their classes. Students obtain this form from the Office of Student Affairs. It requires signatures from the Office of Student Affairs, Office of Student Accounts, Office of Financial Aid, and the Registrar’s Office. Students submit the completed form to the Registrar’s Office. Students under 18 years of age, or whose parents are paying a portion of the student's bill, must notify their parents or guardians prior to the withdrawal process.

REQUEST FOR INCOMPLETE
In case some emergency or other extreme circumstance prevents students from completing their coursework by the end of the semester, they should first explain their situation to their instructor. Instructors must submit any requests for an incomplete on the proper form to the Department Chair and School Dean for approval. If granted, the deadline for an incomplete is 30 days. The School Dean may grant an extension if special circumstances warrant it. The college issues an “FX” grade automatically for students who do not complete the course by the 30-day deadline or the extension time granted.

RELATING TO ACADEMIC PROGRAMS
TRANSFER CREDIT EVALUATION
The Registrar’s Office uses this form to evaluate transfer credit from another institution. The prospective student receives a copy.

DECLARATION OF MAJOR
Students use this form to declare or change a major. Students must have completed at least 12 credit hours and be in good academic standing. Transfer students with more than 12 credit hours may declare upon enrollment at the discretion of their department.

DECLARATION OF MINOR
Students use this form to declare, change, or drop a minor. Students submit this form to the Registrar’s Office once they have obtained the necessary signatures.

REQUEST FOR CHANGE OF ADVISOR
Department Chairs use this form to inform the Registrar’s Office of a new advisor for a student who is in the process of declaring a new major. Students may also use this form to switch to a different advisor.

COURSE SUBSTITUTION
Students use this form whenever there is any deviation from the program in the catalog. This requires the approval of student’s advisor, the Department Chair, the School Dean, the School Dean of the required course and the Registrar. Students should submit Course Substitution requests to the Registrar’s Office by the time the student applies for graduation.

REQUEST FOR TRANSFER OF CREDIT
Students use this form when they wish to take courses elsewhere as a transient student to transfer this coursework back to TFC. It serves to verify to the other school that the student is in good standing, and it guarantees the student TFC will accept the courses listed if satisfactorily completed. Students should complete this form during the term at TFC just before the term during which the student wants to take these courses elsewhere. Although credits can transfer back to TFC, students are reminded that earned grades do not transfer back in a way that affects or assists their GPA.
REQUEST FOR CHANGE OF CATALOG
Students use this form when they update their program to a newer catalog. Students should understand that they must meet all the requirements of the newer catalog. Students may only update to a newer catalog and may not request to go back to any earlier catalog.

DIRECTED OR INDEPENDENT STUDY
Students must submit this form with all necessary supporting documents and endorsements to the Registrar’s Office during the registration period to officially register for the course.

APPLICATION FOR GRADUATION
Students must submit this form during the registration period one year before the term of intended graduation. The Registrar’s Office will not accept late applications after the start of the semester that the student wishes to graduate. Students must have previously declared their major and submit course substitutions at or by the time of applying for graduation.

GRADUATION EVALUATION - DEGREE AUDIT
The Registrar’s Office uses this form to notify students of any remaining graduation requirements in their program. Students must notify the Registrar’s Office of any modifications they may find after comparing it with their own records.

TRANSCRIPT REQUESTS
Current students have access to their unofficial transcripts and may request official copies through their myTFC account. Past TFC students may request official copies through the main TFC webpage.
CURRICULUM STRUCTURE & DEGREE REQUIREMENTS

CURRICULUM STRUCTURE
The college structures the curriculum around the following:

GENERAL EDUCATION CORE CURRICULUM
This is a basic core of subjects from the areas of Bible & theology, humanities, social sciences, computers, science & mathematics, as well as general education consisting of 69 semester hours. The college designed the core to acquaint students with the major areas of knowledge, to integrate this knowledge with Christian principles, and to enable them to participate intelligently and constructively in society as effective Christian witnesses.

MAJOR
A major is a collection of courses designed to give opportunity for in-depth study within a specific discipline. Students completing a major should be able to demonstrate a significant level of expertise in that area. Though a major on the baccalaureate level cannot provide comprehensive coverage of a particular area within a discipline, the collection of courses within it must be coherent, progressing from a basic understanding of the area’s history, nature, theory, methodology, tools, and practice to a more complex and sophisticated integration of knowledge and skills in that area.

Each course makes a significant contribution to the major and the fulfillment of its outcomes. Each major is monitored to assess the contribution of courses and maximize the value added to students in each outcomes area including an outcome goal and related specific outcomes in knowledge, skills and attitudes.

Normally a major consists of at least 36 credit hours of courses related to a given area. A minimum of 30 required major hours must be from among prefixes offered by the Department providing the major. At least 30 hours must be unique to each major. Although a minimum of 24 credits for a major must be at the 300 or 400 level, the preferred practice would be at least two-thirds of all major courses would be at the 300 or 400 level. Exceptions to the preceding definitions may be made with approval of the Curriculum Committee, for example, programs with specific accreditation or state certification requirements.

DEFINITION OF A CREDIT HOUR
Toccoa Falls College operates on the semester credit system using the standard Carnegie unit of 750 minutes of instruction per credit hour. Therefore a standard one credit course consists of 750 minutes of instruction, a two credit course 1500 minutes of instruction, and a three credit course 2250 minutes of instruction, including the final exam period. Course expectations are developed such that students spend two hours of outside work per week for each hour of class time. For example, a course meeting three hours per week should have an average of 6 hours of expected outside work weekly. Courses delivered in an on-line format ensure equivalent learning outcomes.

CONCENTRATION
A concentration is a structured selection of courses within a major that provides a particular specialization designed to give a student specific knowledge within the major. A concentration is a minimum of 15 hours.

TRACK
A track is a subset of professionally oriented courses within a major or concentration, providing the student the opportunity for competence or expertise in a certain area of skill.

MINOR
A minor is a secondary area of specialized academic study usually consisting of 15-21 semester hours. Each course must make a significant contribution to the minor. Students may not minor in the same area as their major.

Certain departments provide the option of additional in-depth study beyond the major. To qualify as a minor within the same department as the major, the minor must consist of at least 15 unique semester hours that are over and above defined requirements of the major. Departments may choose not to permit students to select a minor from within their department.

OPEN ELECTIVES
Students may use any course in the curriculum, or accepted in transfer, to meet open elective requirements. The standard for every major program is a minimum of 15 semester hours of open electives that may be used to meet minor course requirements if students so desire. Any exceptions to this standard must be approved by the Curriculum Committee.

ACADEMIC DIVISIONS

The academic divisions of the college are identified as Schools and Departments. The School of Arts & Sciences includes the departments of Counseling Psychology, Humanities, and Natural Sciences & Mathematics. The School of Christian Ministries includes the Departments of Bible & Theology, Global Ministries, and Ministry & Leadership. The School of Nursing includes the Department of Nursing. The School of Professional Studies includes the Departments of Business Administration, Music, and Teacher Education. In order to qualify as a Department, it must offer at least one major program leading to an academic degree.

COURSE NUMBERING

The college identifies each course by a three-letter prefix followed by a three- or four-digit number and, in some cases, terminated with a letter suffix:

- 100 - first-year subject
- 200 - second-year subject
- 300 - third-year subject
- 400 - fourth-year subject

DIGITS

The first digit of each course number usually indicates the year that the college recommends that students take the course. The second digit suggests the sequence in which students should take courses unless specific prerequisites are listed. The third digit indicates the number of semester hours of credit normally received for the course.

SUFFIXES

Certain letters may follow the course number. An X indicates the course is taught under another prefix within the college but may be taken for credit in keeping with the specified prefix. An E indicates that the course is being offered on an experimental basis.

ASSOCIATE DEGREE REQUIREMENTS

1. Completion of a minimum of 60 earned credit hours, of which the final 21 credit hours must be taken from Toccoa Falls College. At least 50% of all minor credit hours must also be taken through Toccoa Falls College.
2. Satisfactory completion of a minimum of two semesters of Service and Outreach field experience.
3. A cumulative grade point average of at least 2.0.
4. A cumulative grade point average of at least 2.0 in Bible & theology courses.
5. Fulfillment of all requirements of the associates core curriculum (with a minimum grade of “C-” in ENG 113 and ENG 123), including a passing grade in TFC 100 Orientation.

6. A minimum grade of “C-” for each course taken to fulfill requirements for a minor if the student elects to take a minor.

7. Application for graduation submitted during Schedule Selection one full year before the anticipated graduation.

8. Meet all financial obligations before degrees are granted or transcripts released.

BACHELOR OF SCIENCE DEGREE REQUIREMENTS

1. Completion of a minimum of 126 earned credit hours, of which the final 32 credit hours (or 25% of the degree, whichever is greater) must be taken through Toccoa Falls College. At least 50% of all major and minor credit hours must also be taken through Toccoa Falls College.

2. Satisfactory completion of at least four semesters of Service and Outreach field experience, transfer students enrolled at TFC for fewer semesters than required for service and outreach must successfully complete one assignment for each semester enrolled.

3. A cumulative grade point average of at least 2.0.

4. A minimum grade of “C-” is required for each course in a student’s major (including tracks and concentrations), and a cumulative grade point average of 2.0 is required for the total credit hours in the major.

5. A minimum of 30 hours in Bible & theology with at least a cumulative grade point average of 2.0 in Bible & theology courses (15 hours for Teacher Education majors). Bible & Theology Department majors must earn a grade of “C-” or above in every Bible & theology course that counts toward their minimum number of Bible & theology courses. (See “Bible & Theology” section for minimum hours required for majors in the Bible & Theology Department.) Students taking more than 30 hours of Bible & theology but who are not majors in the Bible & Theology Department must earn at least a cumulative grade point average of 2.0 in the 30 hours of Bible & theology for which they earn the highest grades, including specified required courses.

6. Fulfillment of all requirements of the core curriculum (with a minimum grade of “C-” in ENG 113 and ENG 123), including a passing grade in TFC 100 Orientation.

7. All of the additional requirements of one of the professional departments including any prescribed oral or comprehensive examinations.

8. A minimum grade of “C-” for each course taken to fulfill requirements for a minor if the student elects to take a minor.

9. Application for graduation submitted during Schedule Selection one full year before the anticipated graduation.

10. Meet all financial obligations before degrees are granted or transcripts released.

11. Participation in final commencement exercises (permitted only after all financial obligations are met).

12. Participation in final commencement exercises (permitted only after all financial obligations are met).

BACHELOR OF SCIENCE IN NURSING DEGREE REQUIREMENTS

All of the requirements for the Bachelor of Science degree with the following distinctions:

1. A minimum grade of “C-” (2.0) for all courses, including ENG 113, ENG 123, minor courses, Nursing major courses, and all general education and transfer courses.

2. A minimum of 15 hours in Bible & Theology with at least a cumulative grade point average of 2.0 in Bible & Theology courses.

GENERAL EDUCATION CORE

All students planning to receive a degree are required to complete the core curriculum and other requirements specified in each degree program. In addition, students must pass core competency tests in order to matriculate through their major. In total, students at Toccoa Falls College will demonstrate their competence in nine foundational areas as they complete required assignments and receive credit for specified core classes.

The core curriculum is divided into two main areas (Arts & Sciences and Bible & Theology) and requires a total of 69 hours. Each department may specify courses in the core curriculum within the requirements listed below. Therefore, students should consult the general education requirements for their particular major.

BASIC ACADEMIC COMPETENCIES

Every student is required to demonstrate basic competency in areas such as mathematics, critical thinking, and written communication. Assignments to assess these competencies are embedded in ENG 123 Freshman Composition II, and MAT 113 General College Math. Students must pass those assessments to successfully complete the courses.

CORE CURRICULUM PURPOSE STATEMENTS

ARTS & SCIENCES CORE:

The Arts & Sciences component of the core provides intellectual preparation in the mastery of basic tools and skills of thought and learning and academic preparation in acquiring the general knowledge which is the foundation for more specialized studies.

BIBLE & THEOLOGY CORE:

The Bible & Theology component of the core provides all degree candidates with basic academic knowledge of the Bible’s content and doctrines, provides skills necessary for its proper interpretation, and prepares students to communicate and apply biblical and theological truth.

CORE CURRICULUM ARTS & SCIENCES COMPETENCIES [GENERAL EDUCATION]

1. READING: TFC graduates will be competent in their ability to read with comprehension sufficient to accurately paraphrase what a given literary composition is communicating.

2. CRITICAL THINKING: All TFC graduates will be competent to think critically particularly in their ability to organize material, present it well, develop a logical argument and support their ideas with appropriate evidence.

3. WRITING: All TFC graduates will be competent in writing, particularly in their ability to develop a central idea; express things with proper grammar, spelling, and punctuation; and organize material well.

4. MATHEMATICS: All Toccoa Falls College graduates will have a foundational knowledge of mathematics including, but not limited to, integers, expressions, exponents, radicals, equations, functions, graphs, rational and irrational numbers, and problem solving.
CORE CURRICULUM BIBLE & THEOLOGY

COMPETENCIES

1. INTRODUCTION TO THE NEW TESTAMENT: TFC graduates will be competent in their foundational knowledge, comprehension, and ability to apply the New Testament message of the life and revelation of Christ.
2. INTRODUCTION TO THE OLD TESTAMENT: TFC graduates will be competent in their foundational knowledge, comprehension and ability to apply the Old Testament message of God’s covenantal relationship with Israel.
3. INTRODUCTION TO THEOLOGY: TFC graduates will be competent in their foundational knowledge, comprehension and ability to apply the theological beliefs of Christianity.
4. FOUNDATIONS OF SPIRITUAL FORMATION: TFC graduates will be competent in their foundational knowledge, comprehension and ability to apply the basic principles of discipleship.
5. HERMENEUTICS: TFC graduates will be competent in their ability to understand literary compositions through utilizing principles of interpretation, including attention to context, word meanings, grammatical structure, and figures of speech.

CORE CURRICULUM OUTCOME GOALS

(LO = IDEA Learning Outcome)

2. Learning to apply course material (to improve thinking, problem solving, and decisions)—as it relates to: 1] Bible & Theology; 2] the humanities; 3] the social sciences and 4] computer/science/mathematics. [LO-03 Core Application]
4. Developing a clearer understanding of, and commitment to, personal Biblical values—as they relate to: 1] Bible & Theology; 2] the humanities; 3] the social sciences and 4] computer/science/mathematics. [LO-10 Core Biblical Values]

BIBLE & THEOLOGY - 30 hours

BIB 213 Hermeneutics
BSF 103 Foundations of Spiritual Formation
NTE 103 Introduction to the New Testament
OTE 103 Introduction to the Old Testament
THE 303 Introduction to Theology
NTE ___ New Testament Elective
OTE ___ Old Testament Elective
THE ___ Theology Elective

Choose six credit hours of Bible or Theology from any:
BIB, BMI, GRK 333, 343, HEB 223, 333, 343, NTE, OTE, THE.

Nursing & Teacher Education majors and all Associate degree students will complete the following 15 hours of Bible & Theology courses:

BIB 213 Hermeneutics
BSF 103 Foundations of Spiritual Formation
NTE 103 Introduction to the New Testament
OTE 103 Introduction to the Old Testament
THE 303 Introduction to Theology

A minimum of 39 credits are required while maintaining no less than the minimums in each category.

HUMANITIES – 15-18 hours

COM 113 Introduction to Communication
ENG 113 Freshman Composition I
ENG 123 Freshman Composition II
HUM 103 Western Thought & Culture

Choose one ENG Literature course at the 200- or 300-level

SOCIAL SCIENCES – 12-15 hours (Music Performance, Middle Grades, and Science Education majors only require 6/9 hours)

Choose one of the following Psychology courses:
PSY 113 General Psychology
PSY 243 Developmental Psychology

Choose one History course at the 100-, 200-, or 300-level

Choose six hours from the following Social Science prefixes/courses:
ANT, CRJ 113, CSG, ECO, GHY, HIS, ICS 323, POL, PSY, SOC

COMPUTER, SCIENCE & MATHEMATICS – 9-12 hours

SCI 113 Scientific Literacy or other science elective

Choose one of the following Math courses:
MAT 003 Transfer Math Elective
MAT 113 General College Math
MAT 133 College Algebra
MAT 253 Introduction to Statistics
MAT 263 College Trigonometry
MAT 313 Modern Geometry
MAT 323 Elements of Calculus

Choose one course (3/4 hours) from among the following prefixes: BIO, CHM, CSC, MAT, PHS, or SCI

1Music Education majors may substitute ENL 393 to fulfill this requirement.
2Bachelor of Music or Music Education majors substitute MUH 213 for the course in this requirement.
3Bachelor of Music or Music Education majors substitute MUH 223 for both courses in this requirement.
4Teacher Education majors substitute PSY 323 for one course in this requirement.
Currently there are fifteen programs available online.

1. **Biblical Studies Certificate.** One year Bible program that will provide students with a basic academic knowledge of the content, themes, and interpretation of the Bible.

2. **Cross-Cultural Studies Certificate.** To provide training to adults to more effectively minister to peoples of diverse cultures.

3. **Associate of Arts Degree in General Studies.** This degree equips future servant leaders with knowledge, skills and character pertinent to servicing as business practitioners from a biblical worldview for Kingdom service.

4. **Associate of Science Degree in Criminal Justice.** This degree equips future servant leaders with the knowledge, skills and character pertinent to servicing the justice system from a biblical worldview for Kingdom service.

5. **Associate of Arts Degree in General Studies.** This degree provides future servant leaders with the knowledge, skill, and character pertinent to a junior college degree or future study, from a biblical worldview for Kingdom service.

6. **Biblical Studies.** This degree completion program provides an extensive and focused study of Scripture. It prepares future Seminarians and ministry leaders to properly read, interpret, and apply the content of the Bible.

7. **Business Administration.** The Business Administration major equips future servant leaders with knowledge, skills and character pertinent to serving as professionals in accounting, management, marketing, and other business disciplines from a biblical worldview for Kingdom service.

8. **Counseling Psychology.** This degree completion program provides academic preparation in foundational psychological and counseling concepts, intellectual preparation through advanced studies of theory and philosophy of persons and relationships, and professional preparation in counseling laboratory and practicum events.

9. **Criminal Justice.** This degree completion program equips future servant leaders with the knowledge, skills and character pertinent to servicing the justice system from a biblical worldview for Kingdom service.

10. **General Studies.** This degree completion program offers an outstanding option for students unable to locate a traditional major that meets academic, professional, and/or ministry goals.

11. **Ministry Leadership.** This degree completion program is offered through the Ministry & Leadership Department. It builds on a foundation of core courses already taken by a student, and leads to a Bachelor of Science degree with a major in Ministry Leadership.

12. **Non-Profit Business Administration.** This degree completion program equips future servant leaders with knowledge, skills and character pertinent to serving as professionals in nonprofit organizations from a biblical worldview for Kingdom service.

13. **Organizational Leadership.** This degree completion program equips future servant leaders with knowledge, skills and character pertinent serving as professionals in leadership and management roles from a biblical worldview for Kingdom service.

14. **Sport Management.** This degree completion program prepares learners for a leadership role within the ever-growing world of sport. Taught from a biblical perspective (integrating faith and practice),

15. **Youth Ministries.** This degree completion program is offered through the Ministry & Leadership Department. It equips future servant leaders with knowledge, skill, and character pertinent to youth-related ministries in church and faith-based organizations, from a biblical world view for kingdom service.

More details on each of these programs are provided below.

**ADMISSION**

Acceptance into the online programs follows the same general procedures and policies for admissions given in the catalog (www.tfc.edu/admissions). Because these programs are distance education, however, the catalog sections on dual enrollment, immunization information, registration check-in, orientation for the Toccoa campus, and immigration procedures for international students do not apply.

Applicants should indicate on the application for admission that they are interested in one of the online programs so that the admissions staff will be able to respond with appropriate information. Applicants will then be contacted by an online admissions counselor who specializes in the online programs.

In addition to the regular admissions policies, the following specifically apply only to the Biblical Studies, Business Administration, Counseling Psychology, General Studies, Ministry Leadership, Nonprofit Business Administration, Organizational Leadership, Sport Management and Youth Ministries degree completion programs:

Because these programs are structured as degree completion majors, students must have accumulated a total of at least 64 credit hours before taking any degree completion major courses. These hours will consist of undergraduate studies including the fulfillment of a core of general education courses and basic Bible courses listed in the individual degree completion program sections.

**Pre-Requisites for the Degree Completion Programs – see individual degree completion program sections**

**Resident Student Issues**

Resident students may take up to twelve hours of online coursework and online students may take up to twelve hours of courses on campus. This benefit is based on the type of program in which the student is enrolled. Upon a change in program, the cap will not apply to the transfer of credit but the freedom of students to take classes of the other program is still capped at twelve hours. Students must register for all courses by the end of the regular registration and drop/add period for that resident term.

Registration for all courses will not be permitted after the drop/add period for that semester. Note: the tuition remission program for TFC dependents is valid for entry to online classes depending on space available.

Tuition rates are determined by the type of program the student has applied for and is intending to complete. Students applying for online degrees are billed the online tuition rate, while students applying for a resident major are billed the resident tuition rate no matter which format the class is taken.

</tbody>
</table>

Once an applicant has been accepted for admission, paid the new student deposit, received and confirmed their financial aid award letter, and registered for classes with the Registrar’s Office, payment must be made in person or online. Online payment may be made by accessing tfc.edu/makepayment. Once payment has been processed and verified, access to the course will be granted from the Online Education Office. If financial aid is needed to reconcile charges, all financial aid documents must be submitted 30 days prior to the first day of the class. Access to the online course is possible only after all financial arrangements have been met.
APPLICATION FEE
TFC requires all new students to pay a non-refundable, non-transferable $30 application fee to apply.

DEPOSIT
The college requires a non-transferable $100 deposit for online students after students receive their notification of acceptance. The advance deposit is refundable to students who request cancellation prior to May 1 for Summer and Fall semesters and November 1 for the Spring semester.

REGISTRATION
Although students have the opportunity to register for courses at different times, course registration is complete when a student has paid or made financial arrangements satisfactory to TFC for all tuition, fees, including previous balances and completes Registration on Registration day. The college charges a $50 late Registration fee to students who do not complete Registration by the end of the published Registration period for each semester (see front of this publication for dates). If financial aid is needed to reconcile charges, all financial aid documents must be submitted 30 days prior to the first day of the class.

TUITION
Online tuition for the 2017-2018 academic year is $315 per credit hour.

AUDIT FEE
The charge to audit a course for the 2017-2018 academic year is $134 per credit hour. The audit fee is not included in tuition or the student fee.

STUDENT FEE
The college charges a $35 student fee each semester of attendance. The student fee covers late graduation application fee, no show fees, placement fees, and all schedule change drop/add fees.

TECHNOLOGY FEE
The college charges a $150 technology fee to all new students in their first semester of attendance and each semester thereafter. The technology fee covers cost and maintenance of course management software and maintenance and enhancement of the student portal.

PAYMENTS
Students must reconcile all charges not covered by financial aid (federal loans, federal and state grants, TFC grants and scholarships, not including work-study) no later than the payment deadline for the semester. Students can reconcile their account balances by paying the balance in full via cash, check, echeck, credit card or registering for the NELNET payment plan.

There will be a $50 late payment fee assessed on accounts of previously enrolled students not reconciled by the payment deadline for the appropriate semester. The college also charges a $50 late registration fee to students who register after the Registration period for the appropriate semester. (See front of this publication for dates.)

REFUNDS FOR WITHDRAWALS
Refunds for withdrawals from college will follow the policy outlined in the Student Financial Services section on page 11. There is no refund for individual course withdrawals after Drop/Add period.

SCHOLARSHIPS, GRANTS & FINANCIAL AID
Toccoa Falls College does not offer scholarships or grants due to the reduced tuition for TFC’s online courses. However, if a degree is sought through the online program financial aid may be available. Refer to the financial aid section of this catalog for all general financial aid policies. Some Georgia residents may qualify for the Hope Scholarship which can be applied toward a degree received online.

SATISFACTORY ACADEMIC PROGRESS STANDARDS
Satisfactory academic progress standards for resident students as found in the financial aid and the academic information sections of the TFC Catalog also apply to students in the online programs.

STUDENT SERVICES
For Administrative Services the following offices may be contacted. In each case, online student status should be mentioned.

Library Services:
Phone: 706-886-7299, ext. 5346
Email: library@tfc.edu
Web: www.tfc.edu/academics/seby-jones-library

Bookstore Services:
Book Store Manager: 706-886-7299, ext. 5257
Assistant Manager: 706-886-7299, ext. 5259
Email: bookstore@tfc.edu

Financial Aid:
Phone: 706-886-7299, ext. 5435
Email: finaid@tfc.edu

Registrar’s Office (Registration & Transcripts):
Phone: 706-886-7299, ext 5396
Email: registrar@tfc.edu
www.tfc.edu/academics/registrar

Service & Outreach:
Faith Newey, Director
Phone: 706-886-7299, ext 5224
Email: faithnewsey@tfc.edu

Student Accounts (Billing and Payments):
Phone: 706-886-7299, ext. 5292
Email: stuaccts@tfc.edu

For all other questions, the Online Education Office may be contacted:
Phone: 706-886-7299, ext 5440
Email: TFCOnline@tfc.edu

SERVICE & OUTREACH
Toccoa Falls College seeks to glorify God through preparing men and women for lives of personal fulfillment and Christian service to the church and all humanity. The Service & Outreach Department desires to build on classroom learning by providing opportunities for organized and supervised ministry. In ministry assignments, students should demonstrate emotional maturity, Christian commitment with a wholesome attitude, spiritual depth, and ethical principles. Students represent not only TFC in ministry, but also represent the Lord Jesus Christ. In the performance of these ministries, honor is brought to the Lord and respect to the college.

For the Bachelor’s degree (Biblical Studies, Business Administration, Counseling Psychology, General Studies, Ministry Leadership, Nonprofit Business Administration, Organizational Leadership, Sport Management and Youth Ministries) one assignment for each semester enrolled must be successfully completed, with a maximum of four assignments. These requirements must be met in order to graduate, participate in the commencement program or receive a diploma. All ministries are graded and become part of the student’s permanent record.

Various opportunities for ministry exist, including ministry with children, youth, adults, or elderly people in preaching, teaching, counseling, music, drama, and other serving situations. Decisions on a particular ministry will be made on the basis of student preference, previous experience, and program requirements, with the approval of the Director of Service & Outreach.

GRADUATION REQUIREMENTS
Applying For Graduation
In preparation for graduation, the online Application for Graduation for all degree completion programs must be completed one full year prior to the semester of anticipated graduation. For example, if a student plans to graduate in May, he or she should apply for graduation during the registration period in the spring semester the year before.

The Registrar’s Office will contact graduating students during the semester immediately preceding the commencement program with line-up lists and instructions for participation in the program. The college releases diplomas and transcripts only to students who meet all financial obligations to the college.

Degree Completion Program Graduation
Toccoa Falls College holds commencement ceremonies in May. Degree completion graduates may participate in the commencement program which follows the certification of all graduation requirements, including:

1. Completion of a minimum of 126 earned credit hours
2. A minimum grade of C- for each course in the major
3. A cumulative grade point average of 2.000 for all courses taken through TFC
4. A minimum of 30 hours in Bible & theology with at least a cumulative grade point average of 2.000 in Bible & theology courses
5. Fulfillment of all pre-requisite core courses
6. Application for Graduation submitted one full year before the anticipated graduation
7. Satisfactory completion of four service & outreach assignments
8. All financial obligations fulfilled

Degree completion students are eligible for graduation honors. All coursework and graduation requirements must be completed in order to participate in the commencement program. For those desiring to participate in the commencement ceremonies, academic regalia may be ordered and purchased through the college bookstore.
Biblical Studies & Cross-Cultural Certificate Program
Certificate students will receive a Certificate of Completion upon successful accomplishment of all requirements, including coursework, grade point average standards, required testing, and all academic and financial obligations. Although certificate recipients do not participate in the Commencement program, they are welcome to attend the graduation activities. Completion requirements include:

1. A minimum grade of C- for each course
2. A cumulative grade point average of 2.00 for all courses
3. Declaration of Biblical Studies or Cross-Cultural Certificate Program Intent
4. Application for Certificate completion by January for the spring semester (or August for fall semester completion)
5. All financial obligations fulfilled

BIBLICAL STUDIES CERTIFICATE
PROGRAM PURPOSE & OUTCOME GOALS
The one-year Biblical Studies Certificate program offered through the Bible and Theology Department provides non-degree students with a basic academic knowledge of the content, themes, and interpretation of the Bible. The Biblical Studies Certificate is designed to meet the desire for biblical studies by a wide variety of students who do not enroll in a course of study leading to an academic degree at this college. It will assist those who wish a foundation in Bible instruction prior to pursuing a degree in a different field. It serves lay people who desire to study the Word for personal growth or greater usefulness in their local churches. It also supplies the need of professionals and other college graduates who seek an intensive cluster of Bible courses to fulfill requirements of a mission board or other Christian organization. Ministry-related graduate students may need to take courses from this program to fulfill entrance prerequisites for their graduate programs.

Learning objectives for this program include the following:

- Gaining factual knowledge of the contents, major themes, and doctrines of Scripture (IDEA 1)
- Developing skills in accurately interpreting Scripture and applying it to life situations (IDEA 3)
- Developing a clearer understanding of, and commitment to, personal values of living out the message of Jesus and communicating that message to others as well (IDEA 10)

CROSS-CULTURAL STUDIES CERTIFICATE
PROGRAM PURPOSE & OUTCOME GOALS
The Cross-Cultural Studies Certificate is for adults who desire to be better equipped to minister among peoples of diverse cultures. This could be within one’s own country or outside of it. Examples would be adults who already have a degree and want to expand their training to equip them for cross-cultural ministries; adults who lack a degree and due to circumstances are unable to invest in the time and resources for a full degree but still desire equipping for cross-cultural ministry; or adults already in cross-cultural ministry who feel a need for sharpening their skills and knowledge to more effectively minister. The Certificate equips the adult cross-cultural worker in key areas of both knowledge and skills.

ASSOCIATE DEGREES
BUSINESS ADMINISTRATION PURPOSE & OUTCOME GOALS
The Associates of Arts degree in Business Administration produces marketplace professionals with business knowledge and skills for service as business practitioners by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:

- Gaining factual knowledge—to identify and recall key facts, terms, and methods in business administration (IDEA 1)
- Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to business administration (IDEA 2)
- Developing skills, competencies, and points of view needed by business practitioners—enabling students to develop in the skills of research, communication, writing, and computer usage (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in business administration, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

Criminal Justice PURPOSE & OUTCOME GOALS
The Associate of Science degree in Criminal Justice equips students for service in the criminal justice field by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:

- Gaining factual knowledge leading to competency in the knowledge base of counseling and psychology (IDEA 1)
- Learning fundamental principles, generalizations, and theories related to counseling and psychology (IDEA 2)
- Learning fundamental principles, generalizations, or theories related to counseling and psychology (IDEA 2)
- Developing specific skills, competencies, and points of view needed by professionals in the field of criminal justice (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values (IDEA 10)

GENERAL STUDIES PURPOSE & OUTCOME GOALS
The Associate of Arts degree integrates the pursuit of truth with godly character in a junior college degree to produce graduates prepared both personally and professionally for service.

The learning objectives for this major include the following:

- Gaining factual knowledge leading to competency in the knowledge base of counseling and psychology (IDEA 1)
- Learning fundamental principles, generalizations, or theories (IDEA 2)
- Developing specific skills, competencies, and points of view needed by professionals in the field of criminal justice (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values (IDEA 10)

BACHELOR DEGREES
BIBLICAL STUDIES MAJOR PURPOSE & OUTCOME GOALS
The Biblical Studies major supports the mission of Toccoa Falls College in cultivating a uniquely Christian learning community that integrates the pursuit of truth with godly character to produce graduates prepared both personally and professionally for service. Students in the Biblical Studies major are equipped with knowledge, skill, and character pertinent to detailed knowledge of Old and New Testament literature, with advanced skills in personal and practical application of biblical principles, and with fundamental skills in research, writing and presentation of material appropriate to student's professional goals. All this is accomplished from within a biblical worldview for kingdom service.

The learning objectives for this major include the following:

- Gaining factual knowledge of the history, literature, and science, etc. of Western culture (IDEA 1)
- Learning fundamental principles of mathematics and computers (IDEA 2)
- Developing skill in expressing oneself orally and in writing (IDEA 8)
- Learning how to find and use resources in college-level research (IDEA 9)
- Developing a clearer understanding of and commitment to personal Biblical values (IDEA 10)

BUSINESS ADMINISTRATION MAJOR PURPOSE & OUTCOME GOALS
The Business Administration major produces marketplace professionals with business knowledge and skills for service in public and private organizations by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:

- Gaining factual knowledge—to identify and recall key facts, terms, and methods in business administration (IDEA 1)
- Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to business administration (IDEA 2)
- Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in business administration such as analytical thinking, communication, computers, presentations, research, teamwork, and writing (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in business administration, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

COUNSELING PSYCHOLOGY MAJOR PURPOSE & OUTCOME GOALS
The Counseling Psychology major equips students to integrate the pursuit of truth with knowledge, skill, and godly character for service in the field of counseling psychology.

The learning objectives for this major include the following:

- Gaining factual knowledge leading to competency in the knowledge base of counseling and psychology (IDEA 1)
- Learning fundamental principles, generalizations, and theories related to counseling and psychology (IDEA 2)
• Developing skills, competencies, and points of view needed by professionals in the counseling field (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal biblical values for use in Christian counseling (IDEA 10)

CRIMINAL JUSTICE MAJOR PURPOSE & OUTCOME GOALS
The Criminal Justice major equips students for service in the criminal justice field by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:
• Gaining factual knowledge (terminology, classifications, methods, trends) (IDEA 1)
• Learning fundamental principles, generalizations, and theories (IDEA 2)
• Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in the field of criminal justice (IDEA 3)
• Developing specific skills, competencies, and points of view needed by professionals in the field of criminal justice (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal values (IDEA 10)

GENERAL STUDIES MAJOR PURPOSE & OUTCOME GOALS
The mission of the General Studies major is to produce graduates prepared both personally and professionally for service through a unique and individually-tailored path of study leading to an accredited college degree.

The learning objectives for this major include the following:
• Gaining factual knowledge in interdisciplinary pursuits in areas including biblical & theological studies, humanities, social sciences, computer, science, and mathematics (IDEA 1)
• Learning to apply course material to cultivate critical thinking skills (IDEA 3)
• Developing skill in expressing oneself orally and in writing (IDEA 8)
• Learning how to find and use resources for college-level research projects in cross-disciplinary contexts (IDEA 9)
• Developing a clearer understanding of, and commitment to, personal biblical values in all aspects of life (IDEA 10)

MINISTRY LEADERSHIP MAJOR PURPOSE & OUTCOME GOALS
The mission of the Ministry Leadership major is to create a learning community that integrates the pursuit of truth with godly character to equip students with the knowledge, skills character and cultural awareness necessary for ministry leadership in church and faith-based organizations.

The learning objectives for this major include the following:
• Gaining factual knowledge of the foundations for ministry leadership (IDEA 1)
• Learning fundamental principles, generalizations, and theories related to leadership ministries (IDEA 2)
• Developing skills, competencies, and points of view needed by ministry leadership professionals (IDEA 3)
• Developing skill in expressing oneself orally in ministry leadership contexts (IDEA 8)
• Developing a clearer understanding of, and commitment to, personal biblical values that inform ministry leadership and individual character (IDEA 10)
• Learning to analyze and critically judge ideas (IDEA 11)

NONPROFIT BUSINESS ADMINISTRATION MAJOR PURPOSE & OUTCOME GOALS
The Nonprofit Business Administration major marketplace professionals with business knowledge and skills for service in nonprofit organization by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:
• Gaining factual knowledge—to identify and recall key facts, terms, and methods in nonprofit business administration (IDEA 1)
• Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to nonprofit business administration (IDEA 2)
• Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in nonprofit business administration (IDEA 3)
• Developing skills, competencies, and points of view needed by nonprofit professionals—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in nonprofit business administration, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

ORGANIZATIONAL LEADERSHIP MAJOR PURPOSE & OUTCOME GOALS
The Organizational Leadership major marketplace professionals with organizational knowledge and skills for service in leadership roles by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:
• Gaining factual knowledge—to identify and recall key facts, terms, and methods in organizational leadership (IDEA 1)
• Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to organizational leadership (IDEA 2)
• Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in organizational leadership (IDEA 3)
• Developing skills, competencies, and points of view needed by professionals in leadership & management—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in organizational leadership & management, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

SPORT MANAGEMENT MAJOR PURPOSE & OUTCOME GOALS
The Sport Management major produces marketplace professionals with sport management knowledge and skills for service in sport organizations, media, events, and facilities by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:
• Gaining factual knowledge—to identify and recall key facts, terms, and methods in sport management such as coaching, facilities management, sport marketing, sport finance, and sport law (IDEA 1)
• Learning fundamental principles, generalizations, or theories - to identify, recall, and understand concepts relating to sport management (IDEA 2)
• Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in sport management (IDEA 3)
• Developing skills, competencies, and points of view needed by professionals — enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in sport management, specifically, a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

YOUTH MINISTRIES MAJOR PURPOSE & OUTCOME GOALS
The mission of the Youth Ministries major is to cultivate learning that integrates the pursuit of truth with godly character to produced ministry leaders prepared both personally and professionally for service.

The learning objectives for this major include the following:
• Gaining factual knowledge of the foundations for youth ministry (IDEA 1)
• Learning fundamental principles, generalizations, and theories related to youth ministry (IDEA 2)
• Developing skills, competencies, and points of view needed by youth ministry professionals (IDEA 3)
• Developing skill in expressing oneself orally in youth ministry contexts (IDEA 8)
• Developing a clearer understanding of, and commitment to, personal Biblical values that inform youth ministry and individual character (IDEA 10)
• Learning to analyze and critically judge ideas (IDEA 11)

### ONLINE MINORS

#### BIBLE & THEOLOGY MINOR¹ - 18 hours

- **NTE 103** Introduction to the New Testament 3
- **NTE ___** New Testament Elective 3
- **OTE 103** Introduction to the Old Testament 3
- **OTE ___** Old Testament Elective 3
- **THE 303** Introduction to Theology 3
- **___ ___** Theology Elective 3

#### BUSINESS ADMINISTRATION¹ – 15 hours

- **ACC 213** Principles of Accounting I 3
- **BUS 113** Introduction to Business 3
- **MAN 213** Principles of Management 3
- **MKT 213** Principles of Marketing
  - Choose one of the following courses:
    - **ACC 223** Principles of Accounting II 3
    - **BUS 333** Business Ethics 3
    - **BUS 343** Business Law 3
    - **BUS 473** Business Finance 3

#### COUNSELING MINOR¹ - 15 hours

- **CSG 113** Introduction to Counseling 3
- **CSG 253** Counseling Skills 3
- **CSG 383** Christ-Centered Counseling 3
  - Choose two of the following courses:
    - **CSG 333** Crisis & Trauma Therapy 3
    - **CSG 363** Family Therapy 3
    - **CSG 423** Counseling for Addictions 3
    - **CSG 443** Premarital & Marital Counseling 3
    - **CSG 453** Child & Adolescent Therapy 3
    - **CSG 463** Group Counseling 3

#### CRIMINAL JUSTICE MINOR¹ – 15 hours (Online)²

- **CRJ 113** Principles of Criminal Justice 3
  - Choose 12 hours from courses prefixed CFJ 12

#### ORGANIZATIONAL LEADERSHIP¹ - 15 hours (Online)²

- Choose 12 hours from LED courses 12
  - Choose one of the following courses not already used toward your major:
    - **BUS323** Nonprofit Ethics & Social Responsibilities 3
    - **MAN213** Principles of Management 3
    - **MAN383** Organizational Behavior & Development 3
  - Any 3 hour LED course not already taken in the 12 hours above. 3

#### PSYCHOLOGY MINOR¹ - 15 hours

- **PSY 113** General Psychology 3
- **PSY 243** Developmental Psychology 3
- **PSY 353** Personality Theories 3
- **PSY 363** Abnormal Psychology 3
  - Choose one of the following courses:
    - **PSY 413** Research Methods in Psychology 3
    - **PSY 423** Tests & Measurements 3

#### SPORT MANAGEMENT¹ – 15 hours

- **BUS 313** Organization & Administration of Sport 3
- **BUS 373** Sport Law & Ethics 3
- **MKT 373** Sport Marketing 3
  - Choose two of the following courses:
    - **BUS 453** Sport Financial Management 3
    - **MAN 373** Event & Facility Management in Sport & Entertainment 3
    - **MAN 393** Study Abroad in Sport Management 3
    - **MAN 443** Policies & Issues in Sport Management 3
    - **MAN 473** Sport Management Internship 3

#### YOUTH MINISTRIES MINOR¹ - 15 hours

- **YTH 253** Foundations for Youth Ministry 3
  - Choose 12 hours prefixed YTH 12

¹Majors in this area of study are ineligible for this minor.
²Residential students who declare this minor may have online courses taken toward this minor exempted from the online course limits.
ONLINE PLANS FOR TRANSITIONING TO RESIDENTIAL PROGRAMS

The plans below DO NOT result in a degree from TFC. They are for students intending to complete a residential degree.

TOCCOA FALLS COLLEGE DUAL ENROLLMENT & STATE-FUNDING

TFC Dual Enrollment refers to all eligible high school students (both in and out of state) participating in TFC college courses. The state Dual Enrollment Program (administered by the Georgia Student Finance Commission or GSFC) refers to eligible in-state students participating in approved courses for state-funding.

ADMISSION REQUIREMENTS

TFC designed its dual enrollment program for qualified high school students to enroll at TFC during the academic year (fall, spring & summer), while completing high school. Students must meet the following conditions to participate in the program:

1. Be a high school student, 10th-12th grade.
2. Have a 3.0 cumulative high school GPA.
3. Meet regular TFC admissions requirements and follow all regular procedures.
4. Have written approval from a parent or guardian via the TFC Dual Enrollment Form or state Participation Agreement.
5. Have written approval from the high school guidance counselor or school official via the TFC Dual Enrollment Form or state Participation Agreement.

ADMISSION PROCEDURES

1. Complete the online Dual Enrollment Application for Admission (www.tfc.edu/admissions).
2. Submit official high school transcript.
3. Have official transcripts from all other colleges attended for dual enrollment.

REGISTRATION PROCEDURES

Forms for registration will vary, depending on the type of school the student attends, i.e. private, public, or home school. Commonly accepted registration documents include:

1. The TFC Dual Enrollment form (found online at www.tfc.edu/dual-enrollment). Required for all out-of-state students.
2. The appropriate state Participation Agreement (www.gafutures.org). Required for students participating for state-funding.

PUBLIC/PRIVATE SCHOOL OR ACCREDITED HOMESCHOOL

A student attending a public or private school must submit the following forms:

1. Completed TFC Dual Enrollment Form or state Participation Agreement (for state-funding students).
2. ONLY FOR STATE-FUNDING STUDENTS: Complete online funding application (www.gafutures.org).

UNACCREDITED HOME SCHOOL

A student attending an unaccredited homeschool must submit the following forms:

1. Completed TFC Dual Enrollment Form (required for out-of-state students; optional for state-funding).
2. Completed Home Study Participation Agreement (sent directly to sas@gsfc.org or attached to paper funding application).
3. Completed State Dual Enrollment funding application (replaced TFC Dual Enrollment form for state-funding students).

DUAL ENROLLMENT CAMPUS

Students dual enrolling with Toccoa Falls College have the option to take courses online and residually. This provides the student flexibility to fit their dual enrollment courses into their existing high school schedule. While most students take classes either residually or online, they are always welcome to combine both residential and online classes in a single semester.

In some cases, TFC may provide a dual enrollment course in the student's local high school. In this case, though the class is taught at the high school, students are still considered to be Toccoa Falls College students and are responsible for checking their TFC email and completing required TFC course paperwork for dual enrollment.

SEMESTERS APPROVED FOR STATE-FUNDING

The state Dual Enrollment Program has approved fall, spring, and summer semesters as eligible for receiving state-funding. Students may take summer courses up until they fulfill all their high school graduation requirements, after which they may apply as a traditional college student to continue their education with TFC.

COURSES APPROVED FOR STATE-FUNDING

TFC currently has 40+ classes approved by the the Dual Enrollment Program for state-funding. These classes range in subject areas, including: science, social studies, humanities, and foreign language. The college is continually looking to expand, in order to offer a variety of important courses for high school students. Note that some Dual Enrollment approved classes may be solely offered in residence or online, not necessarily both.

Maximun credit for state-funding

TFC courses approved for state-funding can be found on the GSFC’s course directory at www.gafutures.org. Schedules on a semester basis will be published on a recurring basis to reflect any updates in approved courses (www.tfc.edu/dual-enrollment).

MAXIMUM CREDIT FOR STATE-FUNDING

Per the state Dual Enrollment Program regulations, a participating dually enrolled student may take a maximum of 15 credit hours each semester (approximately 5 classes). In the event that a student exceed 15 semester credit hours, the remaining tuition for the extra credit(s) must be paid out of pocket.

There is no overall limit to dual enrollment credit for participating state-funding students apart from the per semester regulations.

DROPPING & ADDING COURSES

Dual enrolled students are subject to general TFC drop/add policy. Any courses dropped prior to the end of a semester’s drop/add period will not require payment or state-funding. (See ACADEMIC INFORMATION for more details.)

WITHDRAWAL POLICIES

Dual enrolled students are subject to general TFC withdrawal policy. Withdrawn courses will still require payment or state-funding. (See ACADEMIC INFORMATION for more details.)

READMISSION TO DUAL ENROLLMENT

If a student takes a semester off from dual enrollment courses, he or she will need to reapply to the dual enrollment program by following the standard admission procedures. Please note, this rule does not apply to students opting out of summer dual enrollment courses.

INTRODUCTION
The Counseling Psychology Department is committed to educating men and women in the behavioral sciences within a Christian worldview. Knowledge of the Bible and an understanding of human personality are combined in teaching psychology and counseling. Psychology and theology are integrated while retaining priority on evangelical doctrine and biblical authority. Students are encouraged to seek emotional wholeness and spiritual maturity, realizing healthy persons make better counselors. The curriculum is intended to serve those whose goal is the baccalaureate degree as well as those who need an academic foundation for graduate education.

GOALS
The successful student will demonstrate:
1. The ability to integrate biblical, theological, and scientific knowledge with a counseling methodology to function as an efficient counselor.
2. The ability to be conversant with an array of counseling approaches, both Christian and secular, including both the theoretical and the applied principles involved.
3. The ability to display a basic competence in interviewing skills and counseling techniques.
4. The ability to conduct biblical counseling with strategic intent in treating a diversity of adjustment problems.
5. The ability to utilize the knowledge of how diverse personalities respond differentially to counseling and evangelism.
6. A willingness to evaluate aspects of the student's personality which may facilitate or hinder success in a chosen professional field.
7. An uncompromising commitment to Christian principles and the preeminence of scriptural truth in the midst of scientific empiricism and humanistic biases.
8. Familiarity with the classical personality theories.
9. The ability to critique scholarly journal articles.
10. Familiarity with the basic principles of psychological research.

PROCEDURE FOR ADMISSION
A student desiring to pursue a major in the Counseling Psychology Department must submit a Declaration of Major form as well as an Application for Declared Counseling Students. The advisor assigned to that student will submit his/her name to the faculty of the Counseling Psychology Department where a majority vote is needed. Upon approval, the student will receive a letter of notification regarding acceptance from the Department Chair. Students must hold a 2.0 cumulative grade point average and have earned at least 12 semester hours to be considered for admittance. A curriculum checklist is given to each student and updated with the advisor throughout the student's academic career. It is recommended that this process be completed before the end of the freshmen year.

GRADUATION REQUIREMENTS (B.A. or B.S.)
1. Fulfillment of all the “General Requirements for Graduation” (see section on “Academic Information”)
2. Satisfactory completion of all required courses listed with a minimum grade of “C-” in all counseling and psychology courses. A cumulative average of 2.0 will be required for the total hours applied to the major
3. Satisfactory completion of a counseling internship served in a community agency or professional setting, or a senior research paper
4. Student portfolio

COUNSELING PSYCHOLOGY MAJOR PURPOSE & OUTCOME GOALS
The Counseling Psychology major provides academic preparation in foundational psychological and counseling concepts, intellectual preparation through advanced studies of theory and philosophy of persons and relationships, and professional preparation in counseling laboratory and practicum events.

The learning objectives for this program include the following:
• Gaining factual knowledge leading to competency in the knowledge base of counseling and psychology (IDEA 1)
• Learning fundamental principles, generalizations, or theories related to counseling and psychology (IDEA 2)
• Developing skills, competencies, and points of view needed by professionals in the counseling field (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal Biblical values for use in Christian counseling (IDEA 10)

COUNSELING MINORS
The Counseling Psychology Department offers the following three minors for non-counseling majors:

COUNSELING MINOR - 15 hours
(Residential and Online)
CSG 113 Introduction to Counseling 3
CSG 253 Counseling Skills 3
CSG 383 Christ-Centered Counseling 3
Choose two of the following courses:
CSG 333 Crisis & Trauma Therapy 3
CSG 363 Family Therapy 3
CSG 423 Counseling for Addictions 3
CSG 443 Premarital & Marital Counseling 3
CSG 453 Child & Adolescent Therapy 3
CSG 463 Group Counseling 3

MARRIAGE & FAMILY COUNSELING MINOR – 15 hours
CSG 253 Counseling Skills 3
CSG 363 Family Therapy 3
CSG 443 Premarital & Marital Counseling 3
CSG 453 Child & Adolescent Therapy 3
PSY 243 Developmental Psychology 3

PSYCHOLOGY MINOR - 15 hours
(Residential and Online)
PSY 113 General Psychology 3
PSY 243 Developmental Psychology 3
PSY 353 Personality Theories 3
PSY 363 Abnormal Psychology 3
Choose one of the following courses:
PSY 413 Research Methods in Psychology 3
PSY 423 Tests & Measurements 3

---

*If PHY 243 Ethics is chosen, it may be used as an integrative Bible elective above. If so, an open elective may be substituted for the PHY requirement in the Humanities core.

---

*PA 333 Bioethics requires permission of instructor to waive PHY 113 prerequisite.
COUNSELING PSYCHOLOGY: PRE-MED PLAN OF STUDY

Course Schedule for the Pre-Med Plan of Study is listed in the Humanities & Natural Sciences Department section of this Catalog.

Because it enriches the applicant to medical and other professional schools with the knowledge of human psychology and behavior, in addition to the acquisition of invaluable interpersonal, clinical and diagnostic skills, this major’s curriculum will provide the student with a degree that will be seen by the various professional schools as highly desirable and competitive. It also offers the academic and skill foundation to prepare the student to apply to counseling and psychology graduate programs, or apply to the nursing field, or other programs in the medical support fields, such as physical therapy, occupations therapy, etc.

In addition, the service-oriented community and missions experiences our students are known to take with them is an important part of the experience of this “well-rounded” physician or professional that professional school admissions committees tend to value.

And, like our present counseling psychology major, the knowledge and skills acquired through this program can be effectively used in the traditional ministries or missions.

This major’s degree curriculum will offer the following:

• The requisite 42 semester hours in the major field of study
• The basic science and math courses required for admission to medical school
• Additional elective time to fulfill specific additional requirements of various professional fields
• The required 30 semester hours of Bible and Theology.
HUMANITIES DEPARTMENT

(706) 886-7299, ext. 5418
e-mail: humanities@tfc.edu

INTRODUCTION

It is the purpose of the Humanities Department to celebrate the human endeavors, such as literature, art, language, philosophy and history, and to explore ways they are able to potentially articulate the restorative and liberating power of the gospel of Jesus Christ.

The Humanities Department is a collection of academic disciplines that study the ways people produce, process, consume and understand the human experience. The department pursues this study within a biblical framework that fosters a learning community committed to growing in humanity’s purpose as for minors in disciplines outside of the Humanities Department. Students must hold an adequate foundation before transferring to a university for a more specialized major.

The Humanities Department also serves the total student body by providing much of the general education core curriculum, teaching students to think constructively about every area of life framed by a commitment to Christ and His Kingdom.

PROCEDURE FOR ADMISSION

A student desiring to pursue a program in the Humanities Department must submit a Declaration of Major Form as an application. Then the student is assigned one of the Humanities Department instructors as an advisor. Students must hold a cumulative 2.0 grade point average, and have at least 12 earned hours, for consideration for admittance to the Humanities Department.

GRADUATION REQUIREMENTS (Associates)

1. Fulfillment of all the “General Requirements for Graduation” for the Associate Degree (see section on “Degree Requirements”)
2. For minors in Coaching, English, French, History, Philosophy, or Spanish, completion of all required courses in the curriculum below with a minimum grade of “C-” in all minor courses; a minimum of 15 hours in the area of specialization for those specializing in one of the eight minors offered
3. For minors in disciplines outside of the Humanities Department, completion of all required courses in accordance with the regulations of the appropriate school

GRADUATION REQUIREMENTS (B.A. or B.S.)

1. Fulfillment of all the “General Requirements for Graduation” (see section on “Degree Requirements”)
2. For the Communication Majors: Satisfactory completion of the hours in Communication as outlined below. A minimum grade of “C-” will be required for each course that applies toward a major in the Communication Department, and a cumulative average of 2.0 will be required for the total hours applied to the major. Satisfactory completion of the comprehensive oral examination, taken during one of the final two semesters at TFC. Also satisfactory completion of an analytical response paper that seeks to address the issue of Christ and Culture from a biblical and theologically informed position. Specific consideration will be paid to how this response is articulated in the student’s chosen professional area
3. For the English and History Majors (B.A.): Satisfactory completion of a minimum of 30 hours in either English or History above the 100 level, with a grade of “C-” or better in all major prefixed courses, and a cumulative grade point average of 2.0 for the total hours applied to the major. At least 12 ENG or HIS hours must be at the 300-level or above and at least six hours at the 400-level. Two years of the same foreign language is required. If Greek is chosen, GRK 333 and GRK 343 may also count as the six hours of Bible electives in the Bible and Theology requirement. In this case an additional six hours of English or History must be taken
4. For the General Studies Major (B.S. or B.A.): Satisfactory completion of a minimum of 36 hours of Major Elective courses, 24 of which must be at the 300-level and 400-level. A grade of “C-” or better must be achieved in all of these courses, and a cumulative grade point average of 2.0 must be maintained for the total hours applied to the major. If a student wishes to receive a B.A. in General Studies, he/she will need to take two years of the same foreign language through successful completion of the second year of intermediate studies. The foreign language option serves as exemplary preparation for graduate studies, and the flexibility of the coursework structure makes it a viable option for all students pursuing a major in General Studies
5. For the Philosophy Major: Satisfactory completion of 42 hours in Philosophy with a grade of “C-” or better in all major prefixed courses. The department requires a cumulative grade point average of 2.0 for the total hours applied to the major
6. A minimum grade of “C-” is required in each course taken to fulfill requirements for a minor if the student elects to have a minor

COMMUNICATION STUDIES MAJOR PURPOSE & OUTCOME GOALS

It is the purpose of the Communication Studies major to equip future communication professionals and/or graduate students with a framework that will encourage them to do all things in pursuit of truth.

The major in Communication Studies provides training and education necessary for a successful life in the many areas supported by professional communication. Regardless of the concentration, the Communication student will gain valuable knowledge, skills and an attitude necessary for pursuing his/her career and life goals.

The Communication Studies major offers a concentration in the broader area of Interpersonal & Public Communication (IPC). IPC students will gain insights into the how and why of human interaction, as well as how to strategically represent themselves and organizations. Students in the IPC concentration will have the opportunity to focus on the knowledge and skills essential in leadership, public relations and a number of other areas supported by the field of human communication. Hands-on experience can be gained through specific involvement in field-related work areas involving our several student-run media outlets and other department related activities. Additionally, through internships, IPC majors will have a chance to work alongside professionals in their desired career areas.

The Communication Studies major also offers a concentration for those who want to pursue a more dedicated line of study in Mass Communication (MCM). The Mass Communication concentration seeks to produce culturally informed citizens with a high degree of media literacy who are thus well-equipped for service to the Kingdom in the creation and reception of mediated communication forms. The Communication Studies major operates four student managed publications that allow for hands on experience in a variety of contemporary media. EagleRadio is...
an online radio station. EagleProductions is a video production unit. The Talon is an online newspaper. The Forrester is the college yearbook.

The learning objectives for this major include the following:

- Learning fundamental principles, generalization or theories of communication (IDEA 2)
- Learning to apply course material in the context of professional communication (IDEA 3)
- Developing skill in expressing oneself orally or in writing at a level appropriate of a professional communicator (IDEA 8)
- Developing a clearer understanding of, and commitment to, personal biblical values—appropriate to a Christian communicator in intellectual and practical matters (IDEA 10)
- Learning to analyze and critically evaluate ideas, arguments, and points of view of communication and communicative acts (IDEA 11)

ENGLISH MAJOR (B.A.) PURPOSE & OUTCOME GOALS
The English major is a learning community that exists to prepare students with the godly character and academic skills to pursue a career in English or related professional fields by analyzing and interpreting literary texts from a biblical worldview.

The learning objectives for this major include:

- Gaining factual knowledge of periods, movements, authors, and works in English and American Literature (IDEA 1)
- Learning fundamental principles and theories of literary interpretation (IDEA 2)
- Gaining a broader understanding and appreciation of literature and its contributions to life and culture (IDEA 7)
- Developing a clear understanding of and commitment to biblical values relating to literature and life (IDEA 10)

GENERAL STUDIES MAJOR (B.S or B.A.) PURPOSE & OUTCOME GOALS
The mission of the General Studies major is to produce graduates prepared both personally and professionally for service through a unique and individually-tailored path of study leading to an accredited college degree.

The learning objectives for this major include:

- Gaining factual knowledge in interdisciplinary pursuits in areas including biblical & theological studies, humanities, social sciences, computer, science, and mathematics (IDEA 1)
- Learning to apply course material to cultivate critical thinking skills (IDEA 3)
- Developing skill in expressing oneself orally and in writing (IDEA 8)
- Learning how to find and use resources for college-level research projects in cross-disciplinary contexts (IDEA 9)
- Developing a clear understanding of and commitment to personal biblical values in all aspects of life (IDEA 10)

HISTORY MAJOR (B.A.) PURPOSE & OUTCOME GOALS
The History major facilitates the personal and professional development of knowledge, skills, and character through the exploration of human activity across time. It does so with the context of a learning community governed by an overarching biblical worldview.

The learning objectives for this major include:

- Gaining factual knowledge of periods, movements, and events in history (IDEA 1)
- Learning fundamental principles and theories of historical interpretation (IDEA 2)
- Developing specific skills, competencies, and points of view needed by professionals in the fields of historical research, teaching, or pre-professional studies (IDEA 4)
- Developing a clear understanding of and commitment to biblical values relating to history (IDEA 10)

PHILOSOPHY MAJOR PURPOSE & OUTCOME GOALS
The Philosophy major prepares future graduates both personally and professionally for service by fostering biblical integration and spiritual formation, stimulating critical thinking skills through participatory learning, and introducing students to noteworthy philosophers and philosophical topics.

The learning objectives for this major include:

- Fundamental principles, generalizations or theories (IDEA 2)
- To apply course material to improve critical thinking skills (IDEA 3)
- To analyze and critically evaluate ideas, arguments and points of view (IDEA 11)
- To acquire an interest in learning more by asking questions and seeking answers (IDEA 12)

ASSOCIATE DEGREE PURPOSE & OUTCOME GOALS
The Associate of Arts degree integrates the pursuit of truth with godly character in a two-year associate-level degree to produce graduates prepared both personally and professionally for service.

The learning objectives for this major include:

- Gaining factual knowledge of the history, literature, and science, etc. of Western culture (IDEA 1)
- Learning fundamental principles of mathematics and computers (IDEA 2)
- Developing skill in expressing oneself orally and in writing (IDEA 8)
- Learning how to find and use resources in college-level research (IDEA 9)
- Developing a clearer understanding of and commitment to personal biblical values (IDEA 10)
COMMUNICATION STUDIES MAJOR

INTERPERSONAL & PUBLIC COMMUNICATION CONCENTRATION

GENERAL EDUCATION - 69 hours
BIBLE & THEOLOGY - 30 hours
BIB 213 Hermeneutics
BSF 103 Foundations for Spiritual Formation
NTE 103 Introduction to the New Testament
OTE 103 Introduction to the Old Testament
NTE ___ New Testament Elective
OTE ___ Old Testament Elective
THE 303 Introduction to Theology
THE ___ Theology Elective
6 hours Bible/Theology Elective from any BIB, BMI, GRK 333, 343, HEB 223, 333, 343, NTE, OTE, THE or approved integrative courses

HUMANITIES - 18 hours
COM 113 Introduction to Communication
ENG 113 Freshman Composition I
ENG 123 Freshman Composition II
HUM 103 Western Thought & Culture
3 hours ENG Literature Elective
3 hours Philosophy Elective

SOCIAL SCIENCES - 12 hours
3 hours Psychology Elective from PSY 113 or PSY 243
3 hours History Elective
6 hours Social Science Electives from ANT, CSG, ECO, GHY, HIS, ICS 323, POL, PSY, or SOC

COMPUTER, SCIENCE, & MATHEMATICS - 9 hours
SCI 113 Scientific Literacy or other science elective
3 hours Mathematics Elective
3-4 hours Computer, Science or Mathematics Elective prefixed BIO, CHM, CSC, MAT, PHS or SCI

MAJOR - 37 hours
COMMUNICATION STUDIES CORE – 18 hours
COM 213 Introduction to Communication Theory
COM 283 Persuasion
COM 313 Introduction to Communication Research Methods
COM 363 Media & Society
COM 423 Communication Ethics
COM 463 Christ, Communication & Culture*

IPC CONCENTRATION – 19 hours
IPC 201 Inter. & Public Com. Practicum (May be repeated)
IPC 293 Interpersonal Communication
IPC 313 Organizational Communication
IPC 333 Small Group Communication
IPC 343 Advanced Public Speaking
IPC 493 Inter. & Public Com. Internship or
COM 383 Study Abroad
IPC ___ 3 hours IPC elective at 300- or 400-level

MINOR or OPEN ELECTIVES - 23 hours*
TOTAL = 126 hours

*It is assumed that the integrative course COM 463 will be used in fulfillment of a Bible & Theology elective. If not, Minor or Open Electives is reduced to 20 hours to accommodate a separate 3 hour Bible & Theology elective and maintain a total of 126 hours.

INTERPERSONAL & PUBLIC COMMUNICATION COURSE SCHEDULE SAMPLE

First Year

Fall Semester
NTE 103 Introduction to the New Testament 3

## HISTORY MAJOR

### GENERAL EDUCATION - 69 hours

#### BIBLE & THEOLOGY – 30 hours
- BIB 213 Hermeneutics
- BSF 103 Foundations of Spiritual Formation
- NTE 103 Introduction to the New Testament
- NTE __ New Testament Elective
- OTE 103 Introduction to the Old Testament
- OTE ___ Old Testament Elective
- THE 303 Introduction to Theology
- THE ___ Theology Elective

6 hours of Bible/Theology Electives from any BIB, BMI, GRK 333, 343, HEB 223, 333, 343, NTE, OTE, THE, or approved integrative courses

#### HUMANITIES – 18 hours
- COM 113 Introduction to Communication
- ENG 113 Freshman Composition I
- ENG 123 Freshman Composition II
- HUM 103 Western Thought & Culture
- PHY 113 Introduction to Philosophy

3 hours ENG Literature Elective at 200- or 300-level

#### SOCIAL SCIENCES – 12 hours
- HIS 113 History of Western Civilization I
- HIS 123 History of Western Civilization II
- POL 213 American Government
- PSY 113 General Psychology

3 hours Mathematics Elective
3-4 hours Elective prefixed BIO, CHM, CSC, MAT, PHS, or SCI

#### COMPUTER, SCIENCE, & MATHEMATICS – 9-10 hours
- SCI 113 Scientific Literacy or other science elective

3 hours Mathematics Elective
3-4 hours Elective prefixed BIO, CHM, CSC, MAT, PHS, or SCI

#### MAJOR – 42 hours
- HIS 223 Twentieth Century World History
- HIS 233 History of the United States I
- HIS 243 History of the United States II
- HIS 413 Historiography
- HIS 473 History Seminar
  - ___ ___ Elementary French, Greek, Hebrew or Spanish I
  - ___ ___ Intermediate French, Greek, Hebrew or Spanish I
  - ___ ___ Elementary French, Greek, Hebrew or Spanish II
  - ___ ___ Intermediate French, Greek, Hebrew or Spanish II

Choose 5 of the following:
- HIS 313 History of Ancient Greece & Rome
- HIS 323 History of Medieval Europe
- HIS 343 History of Latin America
- HIS 353 Church History
- HIS 363 American Church History
- HIS 373 History of Africa
- HIS 383 Study Abroad in History
- HIS 393 History of Asia

#### MINOR OR OPEN ELECTIVES – 15 hours
Recommended minors for History Majors: English, Philosophy
Recommended elective courses for History Majors:
- ANT 203 Cultural Anthropology
- GHY 213 World Geography
- PHY 413 Ancient & Medieval Western Philosophy
- PHY 433 Contemporary Philosophy
- THE 453 History of Theology

Any ENG course

**TOTAL = 126 hours**

HUMANITIES MINORS

APPLIED ETHICS MINOR - 15 hours
The Applied Ethics minor is an interdisciplinary minor that provides a solid philosophical foundation for ethics and then allows student-directed focus into areas of practical applied ethics in various fields to prepare students to think and act ethically in these professional and scholarly environments.

Required courses:
- PHY 113 Introduction to Philosophy 3
- PHY 243 Ethics 3
- Choose three of the following courses:
  - BUS 323 Nonprofit Ethics & Social Responsibility 3
  - BUS 333 Business Ethics 3
  - BUS 373 Sports Law & Ethics 3
  - COM 423 Communications Ethics 3
  - PHY 333 Bioethics 3
  - THE 313 Theology of Creation Care 3

ENGLISH MINOR - 15 hours
A minor in English provides an opportunity for the student to obtain some knowledge of literature, which can enrich the Christian life and testimony by a vicarious exposure to all kinds of people, situations, and values in the works studied. An advanced writing course offers the student intensive practice in integrating Christian faith with its written expression.

ENG/ENL ___ 200-level or above Elective 3

FRENCH MINOR – 15 hours
A minor in French builds on basic courses to provide further expertise in French language, literature, and culture.

FRN 233 Intermediate French I or equivalent 3
FRN 243 Intermediate French II or equivalent 3
- Choose three of the following courses:
  - FRN 313 French Composition & Conversation 3
  - FRN 323 Survey of French Literature 3
  - FRN 413 French Civilization 3
  - FRN 423 Francophone World 3

HISTORY MINOR - 15 hours
A minor in History at a Christian college enables the student to view history from the conceptual framework of the Christian faith, to develop critical insight into historical problems, to relate the history of the Christian church with other developments, and to learn some of the methods of historical inquiry.

HIS ___ History Elective 3

JOURNALISM MINOR - 16 hours
Most career and ministry opportunities demand strong writing and analytical skills. Journalism minor is an excellent option for students interested in freelance work, writing, or publishing. It is also a dynamic complement to majors in Communication, English, or Business.

MCM 203 Introduction to Mass Communication 3
MCM 201 Mass Communication Practicum 1
MCM 313 Introduction to Journalism 3
MCM 373 Writing for Media 3
- Two of the following electives:
  - MCM 353 Broadcast Journalism 3
  - MCM/COM ___ Communication Elective 3
  - COM 363 Media & Society 3
LEADERSHIP MINOR – 15 hours
An overwhelming need within a wide spectrum of vocations, the Leadership minor provides specific training and development in this crucial area. The minor is designed to focus on the whole person as the student develops his/her natural abilities.

COM 283 Persuasion 3
IPC 293 Interpersonal Communication 3
IPC 353 Leadership Communication 3
IPC 373 Mentoring 3
MLD 453 Leadership Formation 3

MEDIA STUDIES MINOR – 15 hours
This minor will serve to equip students with a high degree of media literacy that will serve them well in the contemporary media-immersed culture, regardless their chosen profession.

MCM 203 Introduction to Mass Communication 3
MCM 333 Rhetoric of Media 3
MCM 363 Narrative and Image 3
MCM 383 Film Genres 3
COM 365 Media and Society 3

PHILOSOPHY MINOR - 15 hours
A minor in Philosophy offers Christian students an opportunity to pursue the examined life by honing their critical thinking skills while exploring the answers given to the great questions by both secular and Christian thinkers.

PHY 113 Introduction to Philosophy 3
PHY 233 Critical Thinking 3

Choose three of the following courses:
PHY 243 Ethics 3
PHY 313 Knowledge & Reality 3
PHY 333 Bioethics 3
PHY 413 Great Philosophers I 3
PHY 423 Great Philosophers II 3
PHY 473 Philosophy of Religion 3

PUBLIC RELATIONS MINOR - 15 hours
Communicating the story of an organization or company is the purpose of public relations. The minor is designed to prepare the student to serve in the broad field of public relations.

COM 283 Persuasion 3
IPC 313 Organizational Communication 3
IPC 323 Public Relations 3
MCM 313 Introduction to Journalism 3

One of the two courses below:
IPC 343 Advanced Public Speaking 3
MCM 393 Film & Digital Photography 3

SPANISH MINOR – 15 hours
A minor in Spanish builds on basic courses to provide further expertise in Spanish language, literature, and culture.

SPN 233 Intermediate Spanish I or equivalent 3
SPN 243 Intermediate Spanish II or equivalent 3

Choose three of the following courses:
SPN 313 Spanish Composition & Conversation 3
SPN 323 Survey of Spanish & Latin American Lit. 3
SPN 413 Spanish Civilization 3
SPN 423 Latin American Civilization 3

PRE-LAW PLAN OF STUDY AT TFC
It surprises many students to learn that law schools do not recommend a particular curricular path for admission. Instead, they prefer applicants prepared by a broad range of challenging courses that develop skills in areas such as problem solving, critical thinking, research, writing, and oral communication. Therefore, most colleges do not offer a “pre-law” major. The American Bar Association (ABA) counsels undergraduate students as follows: “The ABA does not recommend any undergraduate majors or group of courses to prepare for a legal education. Students are admitted to law school from almost every academic discipline. You may choose to major in subjects that are considered to be traditional preparation for law school, such as history, English, philosophy, political science, economics or business, or you may focus your undergraduate studies in areas as diverse as art, music, science and mathematics, computer science, engineering, nursing or education. Whatever major you select, you are encouraged to pursue an area of study that interests and challenges you, while taking advantage of opportunities to develop your research and writing skills.”

Toccoa Falls College offers majors in business, English, history, and philosophy as standard routes to law school. However, our majors in biblical studies, communication studies, and cross-cultural studies also develop proficiencies that law schools find highly desirable (careful reading and analysis of complex material, speaking and listening skills, and an understanding of diverse cultures, respectively). Regardless of the major chosen, students should consider taking several of the following courses as electives, or as components of a minor:

COM 283 Persuasion
ECO 213 Microeconomics
ENG 383 Advanced Composition
MCM 393 Film & Digital Photography
PHY 223 Logic
PHY 233 Critical Thinking
PHY 243 Ethics
POL 213 American Government

In addition to rigorous academic training, law schools value service to others and the promotion of justice. To again cite the ABA, “you should seek some significant experience, before coming to law school, in which you may devote substantial effort toward assisting others. Participation in public service projects or similar efforts at achieving objectives established for common purposes can be particularly helpful.” These objectives align nicely with the intention of TFC to be a college that intentionally integrates the development of character with intellect. Students interested in law school have the opportunity to demonstrate these values through our Service & Outreach program, and they should think about tailoring their Service & Outreach choices accordingly. Involvement in TFC student organizations like Student Government Association (SGA) and Students of Diversity (SOD) also provides valuable experience in this area.

Students interested in pursuing a legal education should consult with the Chair of the Humanities & Natural Sciences Department as early in their academic training as possible. The Department works with you to ensure that your curricular goals are met and that you receive the best available information to achieve a strong performance on the Law School Admissions Test (LSAT).
INTRODUCTION
The Natural Sciences & Mathematics Department serves the total student body by providing the computer, science, and mathematics portion of the general education core curriculum, teaching students to think constructively about every area of life based on the biblical worldview. The Biology major and several pre-medical options prepare students for professional service. Natural Sciences & Mathematics also provides a concentration in Science Education for secondary education majors. Minors available in the department include Biology and Chemistry.

PROCEDURE FOR ADMISSION
A student desiring to pursue a program in the Natural Sciences & Mathematics Department must submit a Declaration of Major Form as an application. Then the student is assigned one of the Natural Sciences & Mathematics Department instructors as an advisor. Students must hold a cumulative 2.0 grade point average, and have at least 12 earned hours, for consideration for admittance to the Natural Sciences & Mathematics Department.

GRADUATION REQUIREMENTS (B.A. or B.S.)
1. Fulfillment of all the “General Requirements for Graduation” (see section on “Degree Requirements”)
2. For the Biology Major (B.S.): Satisfactory completion of a minimum of 41 hours in Biology, Chemistry and Physics above the 100 level. A grade of “C-” or better must be achieved in all science courses, along with a cumulative grade point average of 2.0 for the total hours applied to the major. At least 23 hours must be at the 300 or 400 level.
3. A minimum grade of “C-” is required in each course taken to fulfill requirements for a minor if the student elects to have a minor

BIOLOGY (PRE-MED) MAJOR PURPOSE & OUTCOME GOALS
The Biology major approaches rigorous scientific investigation as a natural outgrowth of a Christian worldview, facilitating the development of knowledge, skills, and character necessary to produce graduates prepared to pursue a career, or graduate study, in the life or health sciences.

The learning objectives for this major include:
• Gaining factual knowledge of scientific facts, terminology, classifications, and methods in biology (IDEA 1)
• Learning fundamental principles and theories of biological science (IDEA 2)
• Developing skills, competencies, and points of view needed by professionals in medicine or scientific research (IDEA 4)
• Developing a clear understanding of and commitment to biblical values as related to biological science (IDEA 10)
**BIOLOGY MAJOR**

**GENERAL EDUCATION - 71 hours**

**BIBLE & THEOLOGY - 30 hours**
- BIB 213 Hermeneutics
- BSF 103 Foundations of Spiritual Formation
- NTE 103 Introduction to the New Testament
- NTE ___ New Testament Elective
- OTE 103 Introduction to the Old Testament
- OTE ___ Old Testament Elective
- THE 303 Introduction to Theology
- THE ___ Theology Elective

6 hours of Bible/Theology Electives from any BIB, BMI, GRK 333, 343, HEB 223, 333, 343, NTE, OTE, or THE, or approved integrative courses

**HUMANITIES - 15 hours**

Minimum hours required = 126

*Students enrolled in BIO 114 must register for an evening session of BSF 103.*
NATURAL SCIENCES & MATHEMATICS MINORS

BIOLOGY MINOR – 15-16 hours

The Biology minor provides students with unique opportunities to integrate Christian faith with scientific learning. Understanding basic cell biology strengthens appreciation for the design of life and gives greater understanding of contemporary bioethical issues facing society.

Required courses:
- BIO 104 General Biology 4
  Choose at least 11 hours from any BIO prefixed courses except BIO 411.

Or
- Required courses:
  - BIO 114 Biology I 4
  - BIO 124 Biology II 4
  Choose at least 7 hours from any BIO prefixed courses except BIO 411.

CHEMISTRY MINOR – 16 hours

The Chemistry minor provides students with the opportunity to delve into the atomic and molecular world. Investigations into the chemistry of life lead us to a unique understanding of the complex world around us and point us to the order and creativity of our God. Students will also see how the fields of organic chemistry and/or biochemistry impact our daily lives.

- CHM 214 Chemistry I
- CHM 224 Chemistry II
  Choose at least 7 hours from any CHM prefixed courses.

PRE-MEDICAL OPTIONS AT TOCCOA FALLS COLLEGE

Toccoa Falls College offers several options for students considering medical careers. Students should carefully review these options to determine which will best meet their career goals.

1. Biology Major
2. Pre-Med Plan of Study for Baccalaureate Majors
3. Pre-Pharmacy Plan of Study for Baccalaureate Majors
4. Prerequisite courses for admission to Life University Chiropractic School

1. The Biology Major is a standard four year baccalaureate major at TFC offered through the Natural Sciences & Mathematics Department. This major is designed to prepare students for medical school, veterinary school, pharmacy school, or graduate work in Biology.

2. The Pre-Med Plan of Study for Baccalaureate Majors is provided through the Natural Sciences & Mathematics Department. It is not a recognized major, minor, or concentration. It is simply a selection of courses designed to meet the prerequisite requirements of most medical schools and can be integrated with any of the baccalaureate majors offered at Toccoa Falls College. Medical schools do not specify one particular major over another. A Toccoa Falls College major should be selected that will best complement the medical career of the student’s choice. For example, Counseling Psychology would provide a strong background in the specific major is not required to enter a Doctor of Pharmacy professional program. The choice of major should complement the career goals of the student, and some examples are provided above (see “The Pre-Med Plan of Study”). Many students will find that the Biology major works well to meet the goal of entering a Doctor of Pharmacy professional program while allowing for a choice of minor(s) that supplements the student’s broader career goals.

4. Prerequisite Courses for Admission to Life University Chiropractic School. Toccoa Falls College also has an articulation agreement with Life University whereby if a student completes 90 hours of core and science courses, he or she may be admitted to the Doctor of Chiropractic program at Life University. Although the agreement does not specify that the student earn the Bachelor’s degree, it is the recommendation of Toccoa Falls College that the student graduate with a Bachelor’s in addition to fulfilling the stated prerequisites prior to attending Life University. This plan is designed for students desiring to attend Life University for the Doctor of Chiropractic degree. See the Registrar’s Office for details.

Prerequisite Courses for Admission to Life University Chiropractic School

Students anticipating enrolling in the Doctor of Chiropractic program of Life University may meet the program prerequisites by taking the following courses through Toccoa Falls College. Although a TFC degree is not specified as a prerequisite with the following courses, it is highly recommended the student earn a complete Bachelor’s degree from Toccoa Falls College prior to attending Life University.

- ENG 113 Freshman Composition I
- Select one from: ENG 123, 203, 213, 223, 233
- Select one from: PSY 113, 243, 323X
- Select 15 hours from the following Social Sciences/Humanities areas: ANT, COM, ECO, ENG, Language, GHY, HIS, HUM, MUS, PHY, POL, PSY, REL, SOC
- BIO 114 or BIO 214
- BIO 124 or BIO 224
- CHM 214, 224, 314, 324
- PHY 214
- PHY 224 or MAT 253

Total – 90 hours

programs in the southeastern United States. Careful planning is required since there is some variation in the prerequisites among the Doctor of Pharmacy programs. Students should review the requirements for the Doctor of Pharmacy professional programs of interest carefully and work with their academic advisor when setting up a course schedule each semester. These courses can be integrated into any major offered at Toccoa Falls College since a specific major is not required to enter a Doctor of Pharmacy professional program. The choice of major should complement the career goals of the student, and some examples are provided above (see “The Pre-Med Plan of Study”). Many students will find that the Biology major works well to meet the goal of entering a Doctor of Pharmacy professional program while allowing for a choice of minor(s) that supplements the student’s broader career goals.

PRE-MED PLAN OF STUDY AT TFC

Does TFC have a pre-med major?
No. Actually there is no such thing as an undergraduate pre-med major. Medical schools do not specify one particular major over another. Students may select any major as long as they take the courses listed as prerequisites for entrance to graduate medical schools. The pre-med sequence at TFC allows you to choose any one of our majors and still take the courses necessary for admission to graduate medical schools.

What we have designed is a sequence of courses that will meet the requirements for entrance to most medical schools. The sequence is structured around the core consisting of biblical studies and general studies, and also takes into account the scheduling for your chosen major.

What major should I select while taking the pre-med plan?
You should select an area of study that will best complement the particular medical career you are contemplating. Biology is an obvious choice, but other majors can also be considered. For example, counseling/psychology could equip you as a physician with the ability to minister to spiritual and emotional needs as well as the physical. If you are interested in overseas ministry, the cross-cultural major would be excellent preparation. Philosophy would give you a strong background in critical thinking and ethics. Music would be an obvious choice for a field such as music therapy. Business would prepare you for management in health services. Communication Studies would enhance your ability to relate well to others. English would open doors for writing in the area of medicine and health services. Others majors would be possible as well.

We also have available a biology major for those who want a narrower focus particularly on science. This major has the advantage of enabling you to complete all the requirements for pre-med in the fewest number of semester hours.

Your choice of a major should also take into consideration the possibility that you may not be accepted into a graduate medical school. Competition for entrance is keen. At the University of Georgia, for instance, only about one in five students who apply will be accepted. You should view your major as something that will prepare you for an alternate career or open doors to graduate study in another area of real interest to you.

What courses are prerequisites for entrance to medical schools?
Different medical colleges vary somewhat in the courses they want a student to have completed before applying. If you have a particular medical school in mind, you should check that school’s admissions website to determine exactly what the prerequisites for that school are. The University of Georgia, for example, requires the following:

- One year of general biology or zoology
- One year of general/inorganic chemistry
- One year of advanced chemistry (includes organic chemistry and biochemistry)
- One year of physics
- One year of English

Many schools also require some advanced math, such as calculus. Others require or recommend such courses as microbiology, statistics, genetics, or anatomy/physiology.

For more details on specific schools, check on the Medical School Admission Requirements book published by the Association of American Medical Colleges. There is a copy in our library. You will also find much helpful information for students on the association’s website at www.aamc.org.

Can I schedule all the necessary courses in four years?
It is possible to complete the program in eight semesters, though it would require a load of 17 – 20 hours each semester. We recommend that students in this program plan on taking at least one summer school in order to keep the semester load at 15 – 17 hours. It is very important to maintain high grades, especially in the science courses, so it would be wise to spread the credit load into at least one summer. A sample schedule is shown on the next page, though some variation is possible.

What are my chances of getting accepted into a medical school?
There is a high demand for a limited number of spaces in medical colleges. These schools will be very selective, accepting only about one in five applicants. The average GPA of a student admitted to med school is about 3.7. The average score nationwide for students taking the day-long MCAT (Medical College Admissions Test) is 8 - 9 on a scale of 15 for each of the three multiple choice sections (physical sciences, biological sciences, and reading with verbal reasoning). There is also a writing skills section. Students admitted to med school averaged about 10 on each section. There are practice tests available on the AAMC website, as well as commercial agencies that provide preparation for the MCAT.

A well-rounded liberal arts education is one of the best preparations you can get. A higher percentage of applicants from majors from liberal arts areas are accepted into medical school than applicants who take the traditional science majors such as biology. This may be because med schools are looking for students who have a broad background in the humanities and social sciences, as well as developed abilities in critical thinking and communication skills.

In addition, they desire students who demonstrate integrity, responsibility, and initiative. A student’s involvement in health care opportunities is also seen as indicating his/her motivation for a career in medicine. Cross-cultural experience and sensitivity to the concerns of others are sought after by admissions committees as well.

The following factors are considered most important by medical schools:
- Your GPA for undergraduate work as an indication of your intellectual capacity
- Your score on the Medical College Admission Test (MCAT)
- Your research experience in some science courses
- Your personal characteristics and qualities
- Your ability to communicate well with patients and health-care professionals
- Your emotional stability and capacity to withstand the stress of the program
- Your work responsibilities prior to application
- Your ethnic, socioeconomic or cultural background
- Your commitment to serve others through the practice of medicine
- Your motivation and potential for success in completing studies
- Your ability to “sell yourself” in personal interviews
- Your letters from references
- Your involvement in community service, such as volunteer work in a clinic or hospital, or experience in “shadowing” physicians

You should also be aware that state-supported medical schools strongly prefer applicants from their own states. Only a small percentage of applicants from out-of-state are accepted at these schools.
For what kinds of careers will the pre-med plan prepare me?

Medicine is an expanding field with a number of directions you may choose. Some of the most common areas are the following:

- Physician
- Physician’s assistant
- Dentist
- Dental hygienist
- Nurse Practitioner
- Physical Therapist
- Respiratory Therapist
- Occupational Therapist
- Veterinarian
- Medical research
- Medical technology
- Medical missions
- Psychiatrist (with counseling major)
- Nursing (two-year pre-nursing track leading to the associates degree)

The value of a TFC preparation for medical careers

TFC is uniquely positioned to prepare you for a career in medicine. We combine the strengths of both a Bible college and a Christian liberal arts college. Like a Bible college, we require 30 credit hours of Bible and theology for every major, as well as practical ministry involvement of all students. We believe this kind of grounding in the Word of God is essential for all Great Commission believers, not just those going into traditional “full-time” ministry. So, like a liberal arts college, we offer a variety of majors to prepare students for careers that will further the Kingdom in many areas of life.

There are very few Bible colleges that offer a program to prepare you for careers in medicine. On the other hand, there are very few liberal arts colleges that provide the emphasis on Bible and theology you will find in a Bible college. At TFC you can have the best of both worlds. You will learn biblical principles that will form a solid foundation for moral and ethical decision-making throughout your career in medicine. And you will also have the coursework you need to gain entrance to that career. The Service & Outreach involvement at TFC is also a natural fit with the kind of volunteer work that medical schools expect applicants to have.

The program at TFC will be quite rigorous, but you’ll have a preparation here unparalleled anywhere else.

### PRE-MED PLAN OF STUDY SAMPLE

**First Year**

**Fall Semester**
- NTE 103 Introduction to the New Testament 3
- ENG 123 Freshman Composition II
- BIO 114 Biology I & Lab
- CHM 214 Chemistry I & Lab
- Major Course #1 3
- TFC 100 Orientation 0
- Winterim
- HUM 103 Western Thought & Culture 3

**Spring Semester**
- BIB 213 Hermeneutics 3
- BSF 103 Foundations of Spiritual Formation 3
- BIO 124 Biology II & Lab
- CHM 224 Chemistry II & Lab

**Second Year**

**Fall Semester**
- NTE New Testament Elective 3
- OTE 103 Introduction to the Old Testament 3
- Anatomy/Physiology I or Genetics 4
- Organic Chemistry I & Lab or Physics I & Lab
- Major Course #2 3
- SAO Service & Outreach 0
- Winterim
- Bible or Theology Elective

**Spring Semester**
- Old Testament Elective 3
- Calculus or Intro to Sociology
- Major Course #3 3
- SAO Service & Outreach 0

**Summer School**
- PSY 243 Developmental Psychology
- Literature Elective
- Major Course #4

**Third Year**

**Fall Semester**
- HIS History Elective 3
- Anatomy/Physiology I or Genetics 4
- Organic Chemistry I & Lab or Physics I & Lab
- Major Course #5 3
- Major Course #6 3
- SAO Service & Outreach 0
- Winterim
- Bible or Theology Elective

**Spring Semester**
- COM 113 Introduction to Communication 3
- Anatomy/Physiology II or Biochemistry 4
- Organic Chemistry II & Lab or Physics II & Lab
- Major Course #7 3
- Major Course #8 3
- SAO Service & Outreach 0

**Fourth Year**

**Fall Semester**
- THE 303 Introduction to Theology 3
- CSG 113 Introduction to Counseling 3
- Major Course #9 3
- Major Course #10 3
- Major Course #11 3

**Spring Semester**
- THE Theology Elective 3
- Major Course #12 3
- Major Course #13 3
- Major Course #14 3

Minimum hours required = 147

1Semester load can be reduced if this course is taken in Summer School.
2Anatomy/Physiology, Cell Biology, and Biochemistry are not required for all careers, but recommended. It may be possible to substitute Microbiology or Genetics for one of these, depending on the medical field desired.
3It is expected that students will have Advanced Placement credit for the Freshman Composition I course.
4The classes listed as either/or are offered on an alternate-year basis.

e-mail: bible@tfc.edu

INTRODUCTION
The Bible & Theology Department serves the total student body by providing the 30 hours of Bible & theology required for most majors. The department also serves those students who elect to major or minor in a Bible & theology area by providing additional courses. The Bible & Theology Department offers a number of majors and minors that provide extensive Bible knowledge, advanced theological studies, and a challenge toward greater spiritual maturity for students who desire to prepare for various facets of full-time Christian ministry. This program contributes to a broad knowledge of the content, themes, and application of selected books of the Bible providing a solid foundation for various responsibilities related to full-time Christian ministry. It also provides an advanced knowledge of systematic theology facilitating entry into full-time Christian ministry and providing a foundation for a lifetime of theological inquiry as well as a level of spiritual maturity necessary for entry into leadership in Christian ministry.

PROCEDURE FOR ADMISSION
A student desiring to pursue a major in the Bible & Theology Department must submit a Declaration of Major form as an application. Such application is expected to be made before the beginning of the junior year. Then the student will be assigned one of the Bible & Theology professors as an advisor. After the student has earned at least 12 semester hours, the advisor will submit that student’s name to the entire faculty of the Bible & Theology Department, who will vote on the applicant, with a majority needed for approval. Factors that can deter a student from approval include: a cumulative grade point average of less than 2.0; defects of character; serious breach of conduct; a contentious spirit; or unsuitability for Christian ministry. A letter is sent to inform the student whether the application has been approved, disapproved, or delayed.

GRADUATION REQUIREMENTS (B.A. OR B.S.)
1. Fulfillment of all the “General Requirements for Graduation” (see section on “Degree Requirements”)
2. Satisfactory completion of all majors courses listed in one of the four majors below with a “C-” or better
3. A cumulative average of 2.0 will be required for the total hours applied to the major
4. Satisfactory completion of a written examination and an oral examination given by a faculty committee with a grade of “C-” or better. Results of these examinations will appear on the student’s transcript.
5. A minimum grade of “C-” for each course taken to fulfill requirements for a minor if the student elects to have a minor
6. Satisfactory completion of at least 4 semesters of Service & Outreach projects

DOUBLE MAJOR IN BIBLE & THEOLOGY PURPOSE & OUTCOME GOALS
The major in Bible & Theology is uniquely designed to serve as a secondary major for students wishing to double major outside of their primary discipline. It builds upon courses already taken to satisfy the 30-hour Bible & Theology core for all programs except Nursing and Teacher Education, and enables students to increase their focus on biblical and theological studies. This major is only available for students with a primary major outside of the Bible & Theology department, and only as a secondary major.

Students in the Bible & Theology double major are equipped with knowledge, skill, and character pertinent to detailed knowledge of Old and New Testament literature & theology (both historical and systematic); with advanced skills in personal and practical application of biblical & theological principles; and with fundamental skills in research, writing and presentation of material appropriate to students’ professional goals.

The learning objectives for this major include:
• Gaining factual knowledge of the Bible & theology (IDEA 1)
• Developing a clearer understanding of and commitment to personal faith values (IDEA 10)
• Learning to analyze and critically evaluate ideas and arguments relevant to biblical and theological studies (IDEA 11)

BIBLICAL STUDIES PURPOSE & OUTCOME GOALS
Students in the Biblical Studies major are equipped with knowledge, skill, and character pertinent to detailed knowledge of Old and New Testament literature, with advanced skills in personal and practical application of biblical principles, and with fundamental skills in research, writing and presentation of material appropriate to student’s professional goals.

The learning objectives for this major include:
• Gaining detailed factual knowledge of Biblical Literature beyond the general knowledge provided by the core (IDEA 1)
• Developing skills in expressing oneself orally or in writing and presenting material appropriate to the student’s professional goals (IDEA 8)
• Developing a clearer understanding of and commitment to biblical values (IDEA 10)
• Learning to analyze and critically evaluate ideas and arguments relevant to the major and advanced biblical knowledge (IDEA 11)

BIBLICAL LANGUAGES PURPOSE & OUTCOME GOALS
Students in the Biblical Languages major are equipped with knowledge, skill, and character pertinent to detailed knowledge of Old and New Testament literature with special reference to the original languages, with advanced skills in the translation and exegesis of Scriptural texts, and with fundamental skills in research, writing and presentation of material appropriate to students’ professional goals.

The learning objectives for this major includes:
• Gaining factual knowledge of biblical languages (IDEA 1)
• Developing specific skills in translation and interpretation needed by professionals in the field (IDEA 4)
• Learning to analyze and critically evaluate ideas and arguments relevant to the major and advanced biblical interpretation (IDEA 11)

CHRISTIAN THOUGHT PURPOSE & OUTCOME GOALS
Students in the Christian Thought major are equipped with knowledge, skill, and character pertinent to detailed knowledge of the structure of Christian beliefs and practices, with advanced skills in personal and practical application of the principles and practices found in Scripture and in the theological heritage of the Christian faith, and with fundamental skills in research, writing and presentation of material appropriate to students’ professional goals.

The learning objectives for this major include:
• Gaining factual knowledge of the logic and theological beliefs of the Christian faith beyond the general knowledge provided by the core (IDEA 1)
• Developing a clearer understanding of and commitment to personal faith values (IDEA 10)
• Learning to analyze and critically evaluate ideas and arguments relevant to the major and advanced theological knowledge (IDEA 11)

<td>Religious Belief Systems</td>
<td>3</td>
</tr>
</tbody>
</table>

- Students taking this minor may not enroll in the Biblical Languages minor.
- Bible & Theology majors taking this minor cannot substitute the Greek exegesis paper for THE 473 Theological Research Seminar.

### BIBLICAL STUDIES CERTIFICATE

#### PROGRAM PURPOSE & OUTCOME GOALS

The one-year Biblical Studies Certificate offered through the Bible & Theology Department provides non-degree students with a basic academic knowledge of the content, themes, and interpretation of the Bible. This program is designed to meet the desire for biblical studies by a wide variety of students who do not enroll in a course of study leading to an academic degree at this college. It will assist those who wish a foundation in Bible instruction prior to pursuing a degree in a different field. It serves lay people who desire to study the Word for personal growth or greater usefulness in their local churches. It also supplies the need of professionals and other college graduates who seek an intensive cluster of college level Bible courses to fulfill requirements of a mission board or other Christian organization. Ministry-related students seeking graduate degrees may need to take courses from this program to fulfill entrance prerequisites for their graduate programs.

Learning objectives for this program include the following:
- Gaining factual knowledge of the contents, major themes, and doctrines of Scripture (IDEA 1)
- Developing skills in accurately interpreting Scripture and applying it to life situations (IDEA 3)
- Developing a clearer understanding of, and commitment to, the personal values of living out the message of Jesus and communicating that message to others as well (IDEA 10)

82  Toccoa Falls College 18-19 Catalog
INTRODUCTION
The Global Ministries Department exists to develop disciple makers who, in cooperation with the church, holistically minister the good news of Jesus Christ to people of other cultures. Communicating effectively in a second culture requires ethnographic knowledge and communication skills that can be learned, practiced, and refined. This does not eliminate the necessity for God’s guidance and the empowering of His Spirit. In fact, thorough training enhances the cooperative efforts of God and the Christian communicator to the extent that reaching the thousands of unreached people groups and ministry support for those many unevangelized areas becomes an attainable goal. The Global Ministries Department values wholehearted devotion to Christ, Biblically informed practice, scholarly based training, incarnational living, and disciplemaking among the unreached.

The faculty in the Global Ministries Department is comprised of people who have served in other cultures and are academically trained to deliver a curriculum which will prepare those whom God is leading to serve Him in a new culture. With a biblical worldview at the foundation of their teaching, these faculty aim at excellence in the preparation of prospective cross-cultural servant-leaders to communicate the gospel of Jesus Christ, especially to those who have never heard. Graduates of the Global Ministries Department serve in many roles and in many cultures, including the multicultural mosaic of the United States. A common thread that binds graduates together is the compelling desire to reach those who have yet to learn of God’s great Gift to all people, for “Salvation is found in no one else, for there is no other name under heaven given to men by which we must be saved” (Acts 4:12).

The Global Ministries Department offers four majors, Cross-Cultural Studies, Cross-Cultural Business Administration, Cross-Cultural Adult Education, and Sustainable Community Development. The department also offers an option of six specialized minors designed to meet the qualification of mission organizations and denominations and to prepare the graduate to live, work, and minister successfully in a second culture. These majors provide spiritual preparation through 30 semester hours of Bible and theology. They also provide preparation through the biblical emphasis in all courses. The Christian worldview of experienced professors and their mentoring relationship with students in these majors insure a depth of Christian maturity able to sustain the graduate who will serve in a second culture and language. In all degrees offered by the Global Ministries Department, gifts and abilities are assessed as well as the student’s understanding of God’s call to Himself and His leading in serving Him.

In addition to the four majors and six minors referred to above, the Global Ministries Department offers a selection of five minors to students in other majors at Toccoa Falls College. Furthermore, the GMD in conjunction with the Online Department, offers a Certificate in Cross-Cultural Studies, which can be taken either online or in residence.

PROCEDURE FOR ADMISSION
A student desiring to pursue a major in the Global Ministries Department, and has completed 12 semester hours, must submit a Declaration of Major form to the department chair. A cumulative grade point average of at least 2.0 must be attained before admission. The advisor responsible for the area of specialization for which the student has applied (or an advisor designated by the Department chair) will conduct an interview. Following the interview, the entire GMD faculty will review the student’s application. Upon satisfactory completion of this application procedure, the student will receive a letter of notification regarding acceptance from the Department chair.

GRADUATION REQUIREMENTS (B.A. or B.S.)
1. Fulfillment of all the general requirements for graduation (see section on “Curriculum Structure & Degree Requirements”)
2. Satisfactory completion of all required courses as listed in one of the curricula below with a minimum grade of “C-” in all courses in a student’s major. A minimum cumulative average of 2.0 is required for the total hours necessary for graduation from the Global Ministries Department
3. Satisfactory completion of a senior evaluation interview conducted by a faculty committee or an approved sending agency
4. A minimum grade of “C-” for each course taken to fulfill requirements for a minor if the student elects to take a minor
5. Completion of six weeks of cross-cultural field internship in a new culture

CROSS-CULTURAL STUDIES MAJOR PURPOSE & OUTCOME GOALS
The Cross-Cultural Studies major produces graduates who integrate the pursuit of truth with godly character pertinent to professionally communicating the Gospel of Jesus Christ to people of other cultures and establishing faith communities.

The major contributes to an understanding of cross-cultural principles drawn from cultural anthropology and missiology; competence in the application of skills and knowledge in a specific cultural context; and comprehension of the history, theology, and strategy of Christian missions. Students use this knowledge to develop a personalized plan for language acquisition, cross-cultural ministry competence, and growth in their understanding and application of biblical principles to daily life and the disciplining of others.

It is the recommendation of the faculty that the student in this major takes one of the six specialized minors offered in the Global Ministries Department. There is also the alternative of 15 hours of open electives, which may be used to take a minor offered in any other department.

Semester Abroad for CCS Students
For CCS students there is a Semester Abroad offered in the fall of the senior year for those who desire to spend a semester abroad during their TFC experience. The student may select one of various centers located outside the U.S. and complete the fall semester classes while overseas. By selecting this option, the student does not do the six-week summer internship but instead fulfills the internship requirement via the Semester Abroad program.

The learning objectives for this major include the following:
• Gaining factual knowledge of cultural issues in diverse cultures in order to be able to relate to the context (IDEA 1)
• Learning fundamental principles, generalizations, or theories necessary to interpret the cross-cultural setting for ministry purposes (IDEA 2)
• Learning to apply course material in cross-cultural settings to enable more effective ministry (IDEA 3)
• Developing skills, competencies, and points of view needed by professionals to understand an unfamiliar cultural setting in order to establish a culturally sensitive church (IDEA 4)
• Developing a clearer understanding of, and commitment to, personal Biblical values in order to contextualize those values into another cultural setting (IDEA 10)
• Learning to analyze and critically judge cross-cultural realities which are valuable/not valuable in contextualizing the Gospel (IDEA 11)
CROSS-CULTURAL ADULT EDUCATION MAJOR PURPOSE & OUTCOME GOALS
The Cross-Cultural Adult Education major produces graduates who integrate the pursuit of truth with godly character pertinent to the professional planning and implementation of adult education programs in cross-cultural settings while participating in local faith communities.

This major is an interdisciplinary degree that combines biblical principles with andragogical principles to prepare students to design a wide continuum of adult education programs based on cross-cultural knowledge and detailed ethnographic study. This major enables the student to enter creative access countries with marketable skill in the planning and implementation of adult education programs. Students are prepared to research, plan, and implement adult education programs. These programs can be in such areas as business training classes, health education, literacy programs, AIDS prevention training, English as a foreign language programs, computer literacy, and physical exercise classes. Students are also prepared to assist mission agencies in the planning of leadership development programs, Theological Education by Extension programs, and the development of Bible Institutes. This major prepares the student for immediate deployment as a cross-cultural adult educator. Students who minor in TESOL would find immediate opportunities available through ELIC and other English language organizations. Students are prepared to enter additional training programs in specialized fields such as community health education, relief and development, aids prevention, computer technology, physical exercise, and literacy. This major also provides a training track for students preparing to enter ethnic ministries within the United States who are seeking cross-cultural ministry training that prepares students to plan and provide viable community service within the ethic community such as ESL or GED completion.

The learning objectives for this major include the following:

- Learning fundamental principles, generalizations, or theories necessary to develop curriculum for ministry purposes in cross-cultural settings (IDEA 2)
- Learning to apply course material in cross-cultural educational settings to enable more effective ministry (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals to understand an unfamiliar cultural setting in order to establish a culturally sensitive curriculum (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values in order to contextualize those values into another cultural setting (IDEA 10)

CROSS-CULTURAL BUSINESS ADMINISTRATION MAJOR PURPOSE & OUTCOME GOALS
The Cross-Cultural Business Administration major integrates the pursuit of truth with godly character to produce marketplace professionals with cross-cultural and business knowledge and skills for service with faith communities through international business, cross-cultural employment, and nonprofit organizations.

This major is an interdisciplinary degree that integrates biblical principles with business principles to prepare students in the area of international business. With knowledge of cross-cultural principles, a student in this major is enabled to enter limited access countries with a marketable skill. This could be as a mission field business manager, developing micro-enterprises, or serving as international workers with a multinational business or another organization requiring these skills. The graduate with this degree could help develop economically viable community projects that would enhance the living standard of the community and financial resources to aid the local and worldwide community. This degree establishes the international worker in an acceptable role in communities that disparage professional religious workers.

The learning objectives for this major include the following:

- Learning fundamental principles, generalizations, or theories necessary to interpret cross-cultural business settings for ministry purposes (IDEA 2)
- Learning to apply course material in cross-cultural business settings to enable more effective ministry (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals to understand an unfamiliar business setting in a diverse culture (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values in order to contextualize those values into another cultural setting (IDEA 10)

The Cross-Cultural Business Administration major is jointly sponsored, supervised, and promoted by the Departments of Global Ministries and Business Administration. Students must select membership and an advisor from the department that suits their employment and/or graduate school interest.

SUSTAINABLE COMMUNITY DEVELOPMENT MAJOR PURPOSE & OUTCOME GOALS
The Sustainable Community Development major produces graduates who integrate the pursuit of truth with godly character pertinent to professionally helping community leaders to identify needs and create sustainable solutions. Students learn to practice sustainable lifestyles and plan sustainable projects while participating in local faith communities.

This major is an interdisciplinary degree that integrates biblical principles with sustainable economic and environmental practices. The Global Ministries Department is committed to the training of SCD workers who possess an attitude that desires for people to know Jesus Christ and become His disciples, while at the same time prays and yearns for people to have a sustainable lifestyle that meets their physical needs. Students majoring in Sustainable Community Development learn ways to practice sustainable lifestyles, plan sustainable development with community leaders, and establish locally appropriate communities of faith among all people, including unreached people groups.

The learning objectives for this major include the following:

- Gaining factual knowledge (terminology, classifications, methods, trends) related to assessing diverse context and establishing sustainability (IDEA 1)
- Learning fundamental principles, generalizations, and theories in the fields of anthropology, health, business, and spiritual development as they relate to establishing sustainable communities (IDEA 2)
- Learning to apply course material to the development of sustainable projects in diverse environmental and spiritual context (IDEA 3)
- Developing specific skills, competencies, and points of view needed by professionals in the field of sustainable community development (IDEA 4)
- Acquiring skills in working with others as a member of a team in a globally diverse context (IDEA 5)
- Learning how to find and use resources for answering questions or solving problems within a community with a view to sustainability (IDEA 9)
- Developing a clearer understanding of, and commitment to, personal Biblical values in order to contextualize those values into another cultural setting (IDEA 10)
CROSS-CULTURAL STUDIES MAJOR

GENERAL EDUCATION – 69 hours

BIBLE & THEOLOGY - 30 hours
BIB 213  Hermeneutics
BSF 103  Foundations for Spiritual Formation
NTE 103  Introduction to the New Testament
NTE ___ New Testament Elective (NTE 323 recommended)
OTE 103  Introduction to the Old Testament
OTE ___ Old Testament Elective
THE 303  Introduction to Theology
THE ___ Theology Elective (THE 313, 333, or 343 recommended)

6 hours of Bible/Theology Electives from any BIB, BMI, GRK 333, 343, HEB 223, 333, 343, NTE, OTE or THE (BMI 213, BMI 473 recommended)

HUMANITIES - 18 hours
COM 113  Introduction to Communication
ENG 113  Freshman Composition I
ENG 123  Freshman Composition II
HUM 103  Western Thought & Culture
PHY 113  Introduction to Philosophy or Language*

3 hours 200- or 300-level ENG Literature Elective

*Global Ministries Department highly recommends its students take at least one semester of a language; however, students with TESOL Minor must elect SPN 113, FRN 113 or another approved language.

SOCIAL SCIENCES - 12 hours
ANT 203  Cultural Anthropology
CSG 113  Introduction to Counseling
PSY 113  General Psychology

3 hours History Elective

COMPUTER, SCIENCE, & MATHEMATICS - 9 hours
SCI 113  Scientific Literacy or other science elective

3 hours Mathematics Elective from MAT 113, 133, 253
3 hours Elective from BIO, CHM, CSC, PHS, MAT or SCI

MAJOR – 43 hours
Global Ministries Department Core for CCS (17 hours)
ANT 323  Applied Ethnography
ANT 363  Religious Belief Systems
ANT 372  Sociolinguistics
ANT 483  Anthropology Research Project
ICS 113  Gifts, Guidance, & Goals
ICS 323  World Religions

Cross-Cultural Studies Core (26 hours)
ICS 253  History of Missions
ICS 373  Church Health
ICS 383  Training & Discipling
ICS 352  Cross-Cultural Internship¹
ICS 413  Selected Topics
ICS 453  Cross-Cultural Communication
ICS 463  Strategy of Missions
ICS 473  Urban Ministry & Practicum
ICS 493  Missiology Strategy Project

MINOR, or OPEN ELECTIVES – 15 hours

TOTAL = 127 hours

¹This course can be taken in the summer for six weeks instead of in the fourth year fall semester. Taking it in the fall semester means the student is abroad for approximately three and a half months. If interested, see your Advisor.

MINORS AVAILABLE TO STUDENTS MAJORING IN THE GLOBAL MINISTRIES DEPARTMENT

There are varied career options for those planning to serve God in a second culture. To serve those who major cross-culturally, the Global Ministries Department offers six minors designed to be integrated with the major for career choices. Any one of them more than meets the mission board and denominational requirements in undergraduate training for career missionary service. Students majoring in this department should carefully match selection of a minor with planned ministry roles and requirements in their mission board or denomination. Academic advisors will be glad to help with selecting this option.

CHURCH PLANTING & ENLARGEMENT MINOR – 15 hours
(This Minor is only for non-CCAE Majors.)

Realizing that the mandate of Christ is to glorify Him through the extension of His Kingdom, and realizing that the most effective way to do that is to plant new churches, the Department of Global Ministries offers this minor for students who desire to be or expect to be involved in establishing new church groups, whether traditional or non-traditional church plants.

ICS 373 Church Health 3
ICS 393 Training & Discipleship 3
ICS 413 Selected Topics 3
ICS 473 Urban Ministry & Practicum 3
Choose 3 hours from ANT, ICS or ESL that is not in the CCAE or CCBA Major

CROSS-CULTURAL BIBLE TEACHING & COUNSELING MINOR – 15 hours
(This Minor is only for non-CCAE Majors.)

This minor is designed to prepare the prospective cross-cultural worker with Bible teaching and counseling skills that are vital both in a new culture and in one’s home culture. Since many mission boards and denominations require service in the United States before going into a new culture, this minor can prepare students to teach Bible in a church-related ministry while performing a missionary internship in a church in this country. However, such job opportunities are limited, and further graduate training should be considered for those in this minor.

MIN 243 The Leader as Teacher 3
THE 353 Apologetics 3
Choose one of the following courses:
PSY 243 Developmental Psychology 3
EDU 323 Educational Psychology 3
Six hours from the following courses or any elective related to Bible teaching or Counseling:
ANT 333 Peoples of the World 3
ICS 333 Small Group Ministries 3
ICS 342 Women in International Ministry 2
ICS 433 Christian Education in Other Cultures 3
ICS 443 Cross-Cultural Storytelling 3

CROSS-CULTURAL TESOL MINOR
This minor is designed to integrate Bible, missions, and anthropology with training in TESOL to provide students who plan to minister cross-culturally with this professional skill. This minor leads primarily toward a non-traditional cross-cultural vocation. TESOL skills are used by regular missionaries and tentmakers around the world as a platform upon which the love and message of Christ can be displayed. TESOL teachers are in demand in China, Russia, the Middle East, North Africa, South America, and numerous other countries where people desire to learn English. Although TESOL teachers may go directly into a vocation after graduation, in many areas of the world, graduate studies in TESOL enhance the credibility of this vocation in the eyes of government officials.

Choose one of the following courses:

<td>Cross-Cultural Storytelling</td>
<td>3</td>
</tr>
</tbody>
</table>

DISCIPLESHIP MINOR – 17/18 hours
(This Minor is only for non-CCAE Majors.)

The greatest need in world evangelization today is for missionaries who are able to make disciples of Christ among people groups where the gospel message is unknown. Church planting involves building relationships and then introducing people to Jesus Christ. Through continuing contacts with friends and relatives of the new believers the missionary has won to Christ, the church planter forms a small group of Christians, whom he/she is discipling, into a local church.

This minor is designed to aid the GMD graduate in developing a discipling ministry in a more personal manner. It is an excellent companion minor for the CCS major as it prepares the student for a ministry in small groups (ideal for urban settings) and discipling new converts.

ICS 333 Small Group Ministries 3
ICS 443 Cross-Cultural Storytelling 3
PAM 443 Evangelism & Disciple-Making in the Church 3
Choose any three from the following:

SUSTAINABLE DEVELOPMENT MINOR – 16/17 hours
(This minor cannot be paired with the SCD major.)

The Global Ministries Department offers a minor in sustainable development to students from any department. Sustainability is defined as meeting the needs of the present without compromising the ability of future generations to meet their needs. There are three general areas in sustainability – environmental integrity, social equity, and economic vitality. Courses in the minor are interdisciplinary reflecting all three concerns. It is hosted by the Global Ministries Department because of its global importance.

Choose at least 6 hours from the following courses not already being used toward your major:

Toccoa Falls College 18-19 Catalog
WORLD RELIGIONS MINOR – 15 hours
Following the events of September 11, 2001, people began to realize in a new way the necessity of learning more about the major religions of the world. This minor offers training in the beliefs and worldviews of several of these religions. They are no longer “foreign” religions, but advocates are in the USA and their numbers are growing. This program aims at a broad-based training in world religions with the understanding that the student who elects this program will most likely continue on in graduate studies in the development of professional and ministry skills.

ICS 303 Non-Traditional Religious Movements 3
ICS 313 Introduction to Hinduism & Buddhism 3
ICS 343 Introduction to Islam 3
THE 353 Apologetics 3
Choose one of the following courses:
THE 323 Catholicism & Orthodoxy 3
REL 353 Judaism 3

MINOR IN PRE-ETHNOMUSICOCOLGY – 17 hours
The Global Ministries Department desires to draw attention to our students that there is a Minor in Pre-Ethnomusicology offered by the Music Department. It is well documented that “music” is an excellent “bridge” into most cultures. For GMD students interested in using their love for music as a means to gain access to a culture we recommend this Minor.

ANT 203 Cultural Anthropology or
ICS 443 Cross Cultural Storytelling1 3
GMU 213 American & World Music Traditions 3
ENS 190 Multicultural Music Ensemble 0
ENS  Ensemble Elective2 0
MRA 110 Recital Attendance3 0
MUT 111 Aural Skills I 1
MUT 113 Music Theory I 3
MUT 121 Aural Skills II 1
MUT 123 Music Theory II 3
Choose 3 hours from the following:
__  __  Applied Lessons total of 1, 2 or 3
__  __  Class Piano total of 1, 2 or 3
CSC 173 Introduction to Music Technology 3
ENS  Ensemble Electives total of 3
MED 211 Woodwind Methods 1
MED 311 Brass Methods 1
MED 321 Percussion Methods 1
MED 411 String Methods 1
MUH 213 Music History & Literature I 3
MUH 223 Music History & Literature II 3
MUT 233 Music Theory III 3
MVC 112 Diction for Singers 2

1 Students who are required to take ANT 203 for their Major, or for another Minor, should then take ICS 443 Cross Cultural Storytelling.
2 Must be taken twice.
3 Four semesters required.

CROSS-CULTURAL STUDIES CERTIFICATE (Residential and Online)
The Cross-Cultural Studies Certificate is for adults who desire to be better equipped to minister among peoples of diverse cultures. This could be within one’s own country or outside of it. Examples would be adults who already have a degree and want to expand their training to equip them for cross-cultural ministries, adults who lack a degree and due to circumstances are unable to invest in the time and resources for a full degree but still desire equipping for cross-cultural ministry, or adults already in cross-cultural ministry but feel a need for sharpening their skills and knowledge to more effectively minister. The Certificate equips the adult cross-cultural worker in key area of both knowledge and skills.

CROSS-CULTURAL STUDIES CERTIFICATE
18 hour Certificate
ANT 203 Cultural Anthropology
BMI 213 Theology of Missions
BMI 473 Power Encounter
ICS 323 World Religions
ICS 443 Cross-cultural Storytelling
3 hours TFC Elective that supports the student’s interests/plans
TFC 100 Orientation (online only)

MINORS FOR STUDENTS IN OTHER DEPARTMENTS
The Global Ministries Department offers the following minors to students who complete a major in another department in the college. These minors supplement the curriculum of students in other departments with specific skills and knowledge, primarily cross-cultural, for people who plan to work in a second culture, or in a group that is ethno-linguistically different from their own. These minors are also valuable for people who will work in the US with people from other cultural and linguistic backgrounds.

ANTHROPOLOGY MINOR – 15 hours
ANT 203 Cultural Anthropology 3
ANT 323 Applied Ethnography 3
ANT 333 Peoples of the World 3
ANT 363 Religious Belief Systems 3
ANT ___ Anthropology Elective 3

CHURCH PLANTING & ENLARGEMENT MINOR – 15 hours
ICS 373 Church Health 3
ICS 413 Selected Topics 3
ICS 383 Training & Discipleship 3
ICS 473 Urban Ministry & Practicum 3
Choose 3 hours from the following:
CAE 213 Introduction to Adult Education 3
ESL 313 Introduction to TESOL 3
ICS 333 Small Group Ministries 3
ICS 443 Cross-Cultural Storytelling 3

CROSS-CULTURAL STUDIES MINOR - 15 hours
ANT 203 Cultural Anthropology 3
ICS 253 History of Missions 3
ICS 323 World Religions 3
ICS 383 Training & Discipling 3
BMI 473 Power Encounter 3

TESOL MINOR - 16 hours
ANT 203 Cultural Anthropology 3
ANT 372 Sociolinguistics 2
ICS 453 Cross-Cultural Communication 3
ICS 323 World Religions 3
ICS 383 Training & Discipling 3

INTRODUCTION
The Ministry and Leadership Department prepares men and women for specializations in disciple-making ministries in the church and faith-based nonprofit organizations. It builds upon a strong biblical and theological base while integrating insights from the social sciences. The majors of this department contribute to an understanding of the biblical mandate for discipleship, with particular emphases on:

- The ability to communicate effectively in various contexts
- Relational life-span ministry
- The importance of personal and organizational leadership development
- A biblically-sound philosophy of ministry
- The ability to design, administer, and evaluate discipleship ministries.

PROCEDURE FOR ADMISSION
A student desiring to pursue a major in the Ministry and Leadership Department must submit a Declaration of Major form as an application to the Department. An advisor will be assigned to the student. Entry requirements include a cumulative grade point average of 2.0, a faculty advisee interview, and the Taylor-Johnson Temperament Analysis. Affirmation of the faculty is needed for approval. A letter will be sent to the applicant to inform him or her of their approval.

GRADUATION REQUIREMENTS (B.A. or B.S.)
1. Fulfillment of all the “General Requirements for Graduation”
   (see section on “Degree Requirements”)
2. Satisfactory completion of all required Ministry and Leadership courses listed with a minimum grade of “C-”
3. Satisfactory completion of a comprehensive examination given by a faculty committee.
4. A minimum grade of “C-” for each course taken to fulfill requirements for a minor if the student elects to have a minor
5. Satisfactory completion of 4 SAO experiences, 3 of which must be related to the major

DENOMINATIONAL CREDENTIALS
Students are advised concerning their denominational relationship in any of the Ministry and Leadership majors. Those persons desiring denominational credentials and possible ordination should use open electives to select the following courses: PAM 233 Introduction to Preaching, PAM 343 Preaching as a Communication Tool, PAM 473 Pastoral Methods, and either THE 333 Baptist Distinctives, or THE 343 Alliance Distinctives.

FAMILY & CHILDREN’S MINISTRIES PURPOSE & OUTCOME GOALS
The mission of the Family & Children’s Ministries major is to cultivate learning that integrates the pursuit of truth with godly character and to equip students with knowledge and skill sets necessary for culturally competent professionals serving families and children in church, faith-based organizations, and society.

The learning objectives for this major include the following:
- Gaining factual knowledge of the foundations for family and children’s ministries (IDEA 1)
- Learning fundamental principles, generalizations, and theories related to family and children’s ministries (IDEA 2)
- Developing skills, competencies, and points of view needed by family and children’s ministry professionals (IDEA 4)
- Developing skill in expressing oneself orally in writing in family and children’s ministries contexts (IDEA 8)
- Developing a clearer understanding of, and commitment to, personal biblical values that inform family and children’s ministry and individual character (IDEA 10)
- Learning to analyze and critically evaluate ideas, arguments, and points of view (IDEA 11)

MINISTRY LEADERSHIP PURPOSE & OUTCOME GOALS
The mission of the Ministry Leadership major is to create a learning community that integrates the pursuit of truth with godly character to equip students with the knowledge, skill, character, and cultural awareness necessary for ministry leadership in church and faith-based organizations. This major is offered in two formats – online and residential. The online format has two distinctions from the residential format:

1. Students with more than 2 years full time ministry experience or 4 years bi-vocational experience may substitute MIN 333 Communication for Ministry Leadership for MIN 493 Ministry Leadership Internship
2. The online format is degree completion

Resident students are encouraged to take a ministry-related minor such as Youth Ministry, Family and Children’s Ministry, Outdoor Leadership and Education, Pastoral Ministries, or Cross-Cultural Studies.

The learning objectives for this major include the following:
- Gaining factual knowledge of the foundations for ministry leadership ministries (IDEA 1)
- Learning fundamental principles, generalizations, and theories related to ministry leadership (IDEA 2)
- Developing skills, competencies, and points of view needed by ministry leadership professionals (IDEA 4)
- Developing skill in expressing oneself orally in ministry leadership contexts (IDEA 8)
- Developing a clearer understanding of, and commitment to, personal biblical values that inform ministry leadership and individual character (IDEA 10)
- Learning to analyze and critically judge ideas (IDEA 11)
OUTDOOR LEADERSHIP & EDUCATION PURPOSE & OUTCOME GOALS
The mission of the Outdoor Leadership & Education major is to cultivate learning that integrates the pursuit of truth with godly character to produce ministry leaders prepared both personally and professionally for service.

The learning objectives for this major include the following:
• Gaining factual knowledge of the foundations for outdoor leadership and education ministries (IDEA 1)
• Learning fundamental principles, generalizations, and theories related to outdoor leadership and education (IDEA 2)
• Developing skills, competencies, and points of view needed by outdoor leadership and education professionals (IDEA 4)
• Developing skill in expressing oneself orally in outdoor leadership and education contexts (IDEA 8)
• Developing a clearer understanding of, and commitment to, personal biblical values that inform outdoor leadership and individual character (IDEA 10)
• Learning to analyze and critically judge ideas (IDEA 11)

Students preparing for the Outdoor Leadership & Education major should be aware of the following demands and expectations of the OLE program:
• Additional course fees will be added to all skills classes in the OLE program. These fees will total a minimum of $1,800.00.
• OLE 343 is completed during the Winterim session.

PASTORAL MINISTRIES PURPOSE & OUTCOME GOALS
The mission of the Pastoral Ministries major is to cultivate learning that integrates the pursuit of truth with godly character to produce ministry leaders prepared both personally and professionally for service.

The learning objectives for this major include the following:
• Gaining factual knowledge of the foundations for pastoral ministries (IDEA 1)
• Learning fundamental principles, generalizations, and theories related to pastoral ministries (IDEA 2)
• Developing skills, competencies, and points of view needed by pastors (IDEA 4)
• Developing skill in expressing oneself orally in ministry contexts (IDEA 8)
• Developing a clearer understanding of, and commitment to, personal biblical values that inform pastoral ministries and individual character (IDEA 10)
• Learning to analyze and critically judge ideas (IDEA 11)

Students preparing for the Pastoral Ministries major should be aware of the following demands and expectations of the PMA program:
• Additional course fees will be added to all skills classes in the PMA program. These fees will total a minimum of $1,800.00.
• OLE 343 is completed during the Winterim session.

YOUTH MINISTRIES PURPOSE & OUTCOME GOALS
The mission of the Youth Ministries major is to cultivate learning that integrates the pursuit of truth with godly character to produce ministry leaders prepared both personally and professionally for service.

This major is offered in two formats – online and residential. The online format has two distinctions from the residential format:
1. Students with more than 2 years full time ministry experience or 4 years bi-vocational experience may substitute YTH 453 Youth Ministry in Cultural Contexts for YTH 473 Youth Ministry Internship
2. The online format is degree completion

The learning objectives for this major include the following:
• Gaining factual knowledge of the foundations for youth ministries (IDEA 1)
• Learning fundamental principles, generalizations, and theories related to youth ministry (IDEA 2)
• Developing skills, competencies, and points of view needed by youth ministry professionals (IDEA 4)
• Developing skill in expressing oneself orally in youth ministry contexts (IDEA 8)
• Developing a clearer understanding of, and commitment to, personal biblical values that inform youth ministry and individual character (IDEA 10)
• Learning to analyze and critically judge ideas (IDEA 11)

ADVANCED MINISTRY EXPERIENCES (SAO 250)
The Service & Outreach 250 Advanced Ministry Experiences is an enhanced SAO that is available for residential Ministry & Leadership Department students. Details of major specific offerings are provided on each major’s catalog page.

In consultation with the student’s academic advisor, the student will decide on an appropriate number and type of SAO 250 Advanced Ministry Experiences based on ministry/vocational goals.

MINISTRY & LEADERSHIP MINORS
Minors in Outdoor Leadership & Education, Ministry Leadership, Family & Children’s Ministries, Pastoral Ministries, and Youth Ministries are open to students with majors within and without the Ministry & Leadership Department. ML Department students are also encouraged to consider the many minors offered in other departments.

FAMILY & CHILDREN’S MINISTRIES MINOR - 15 hours
FAM 243 Ministry to Families 3
Choose 12 hours prefixed FAM 12

MINISTRY LEADERSHIP MINOR - 15 hours
(Residential and Online)
MIN 233 Biblical Foundations of Leadership 3
Choose 12 hours from courses prefixed MIN1 12

OUTDOOR LEADERSHIP & EDUCATION MINOR - 15 hours
OLE 103 Foundations for Outdoor Leadership & Ed. 3
Choose 12 hours prefixed OLE 12

PASTORAL MINISTRIES MINOR – 15 hours
Choose 15 hours from Pastoral Ministries specialization courses2
(Recommended: PAM 233, 253, 343, 373, 443)

YOUTH MINISTRIES MINOR - 15 hours
(Residential and Online)
YTH 253 Foundations for Youth Ministry 3
Choose 12 hours prefixed YTH3 12

1Students who are taking FAM 433 as a part of a major cannot use it to fulfill requirements for the Ministry Leadership minor.

2Ministry Leadership majors may not take PAM 333 to fulfill Pastoral Ministries minor. Youth majors may not minor in Pastoral Ministries. Family Children Ministry majors may not take PAM 453 to fulfill the PAM minor.

3Pastoral Ministry majors may not minor in Youth Ministries.

CHURCH PLANTING & ENLARGEMENT MINOR – 15 hours
The Department of Ministry & Leadership desires to draw attention to our students that there is a Minor in Church Planting & Enlargement offered by the Global Ministries Department. Since many students entering pastoral ministry will find themselves in church planting situations, this minor is highly recommended.

ICS 273 Church Planting & Development 3
ICS 393 Introduction to Church Growth 3
ICS 383 Training & Discipleship 3
ICS 473 Urban Ministry & Practicum 3
Choose 3 hours from the following:
CAE 213 Introduction to Adult Education 3
ESL 313 Introduction to TESOL 3
ICS 333 Small Group Ministries 3
ICS 443 Cross-Cultural Storytelling 3
BACHELOR OF SCIENCE DEGREE
MINISTRY LEADERSHIP MAJOR

INTRODUCTION
The Bachelor of Science in Nursing (BSN) is a four-year prelicensure degree that will prepare a nurse generalist for leadership and practice in the role of professional registered nurse. Initial approval for the BSN program was granted by the Georgia Board of Nursing (GBON); full approval from the GBON will be granted after graduation of the first nursing class. National accreditation will be sought from the American Association of Colleges of Nursing after completion of one academic year of nursing studies. The program will prepare graduates to write the national examination (NCLEX-RN) leading to licensure as Registered Nurses for a life of service in the profession of nursing.

OVERVIEW OF BSN PROGRAM
Toccoa Falls College is an established Christian community dedicated toward merging the finest traditions of a liberal arts education within a biblical framework. The nursing program intentionally instills and promotes knowledge across multiple fields of study. This includes a broad range of scientific disciplines (biology, chemistry, social sciences), the arts and humanities, mathematics, and theological and biblical studies. Cultural awareness and sensitivity, societal factors and the use of intellectual skills prepare nurses to provide compassionate care and solve complex problems related to population-based health care. All content is founded upon a commitment to Christian and spiritual values and beliefs. The BSN degree will emphasize compassionate patient-centered, evidence-based care that is delivered in a variety of settings across the life span. Essential components include a focus on servant leadership, spiritual care, cultural humility and global engagement. The School of Nursing program is structured to challenge students to become competent, moral nursing leaders who excel in compassionate care who will impact the world, transform health care, and view nursing as a sacred ministry.

MISSION STATEMENT OF THE SCHOOL OF NURSING
The mission of the Toccoa Falls College School of Nursing is: “To prepare graduates for Christian servant leadership in the profession of nursing who excel in compassionate, patient-centered care.”

The mission statements of both the College and the School of Nursing are founded upon Christian beliefs and values, and a commitment to teach and defend the historic and basic doctrines of evangelical Christianity. This vision is a channel for the ultimate beliefs in spiritual formation, academic excellence, intellectual and moral leadership, and professional growth which give direction and meaning to the BSN program.

PURPOSE STATEMENT
The purpose of the baccalaureate nursing program is to prepare graduates for entry level practice incorporating the generalist knowledge common to baccalaureate nursing education as delineated in The Essentials of Baccalaureate Education for Professional Nursing Practice (AACN 2008). Baccalaureate-prepared nurses apply the knowledge, skills, and attitudes learned from the foundational courses to be providers, designers, leaders, managers, and coordinators of care, and to address and solve complex problems related to health care.

CORE VALUES OF THE SCHOOL OF NURSING
The Core Values of the Fetterman School of Nursing are aligned with the Mission Goals of the College. The administration, faculty, and staff of the School of Nursing embrace the following Core Values: Christian Worldview, Servant Leadership, and Nursing as a Sacred Ministry of Caring. These Core Values inform our identity and drive our Vision for the future.

PHILOSOPHY OF THE SCHOOL OF NURSING
The philosophy of the School of Nursing exemplifies the beliefs that faculty and students share about the immortal truth of the scripture and a personal faith in Jesus Christ that shapes the person, the nurse, and the practice of professional nursing. The faculty facilitates the integration of faith, knowledge, and professional practice to prepare nurses to provide safe, competent and compassionate care.

CURRICULUM OF THE SCHOOL OF NURSING
The School of Nursing offers a four-year curriculum designed to lead to a Bachelor of Science degree in Nursing. The nursing curriculum consists of 130 credits of which 68 credits are general education requirements, including 20 hours of natural science and 12 hours of social science support courses, and 62 credits are nursing courses. The first two years of study is designed to include basic competencies in the humanities, fine arts, sciences and mathematics, social and behavioral, and bible and theology studies. These represent the lower division courses of the nursing program and are prerequisite general education courses which provide a foundational skill set and broad-based knowledge within the context of a biblically-centered education. The lower division courses total 68 credit hours and must be completed prior to entry into the upper division courses. The nursing curriculum, comprising the Junior and Senior Level upper division nursing courses, has a total of 62 hours that require four semesters and a summer to complete. Students will have practice-based learning activities in diverse environments with populations across the lifespan that represent different cultures, ethnicities, and socio-economic backgrounds. Also integral to the learning environment is the practice of clinical skills in the simulation/skills laboratory.

PROGRAM OUTCOMES OF THE SCHOOL OF NURSING
1. Synthesize knowledge from arts, humanities and sciences in the planning, provision and evaluation of professional nursing care to diverse populations.
2. Apply organization and leadership concepts, skills and decision making to effectively implement patient safety and quality improvement initiatives within the context of the interprofessional team.
3. Integrate evidence, clinical judgment, interprofessional perspectives, and patient preferences in planning, implementing, and evaluating outcomes of care.
4. Demonstrate skills in using patient care technologies, information systems, and communication devices that improve patient care outcomes and create a safe care environment.
5. Demonstrate basic knowledge of healthcare policy, finance, regulatory environments including local, state, national, and global healthcare trends.
6. Demonstrate effective communication and collaboration strategies when working with interprofessional teams to optimize patient outcomes.
7. Integrate the concepts of spirituality, psychosocial needs and culturally appropriate strategies for health promotion, risk reduction, and disease and injury prevention for diverse individuals, families, groups, and communities across the life span.
8. Integrate professional standards of moral, ethical and legal conduct in the provision of care to patients across the lifespan including vulnerable populations.
9. Integrate the knowledge, skills, and attitudes into the implementation of holistic, patient-centered compassionate care of individual, families, communities and populations in a variety of settings.

ADMISSION TO THE SCHOOL OF NURSING
Students who are offered admission to the College must be formally admitted to the nursing major. Requirements for admission will include the following:
1. A minimum, cumulative GPA of 3.0
2. Successful completion of all lower division nursing course work with a “C” or better
3. Meet the minimum HESI Assessment Test score
4. Interview with nursing faculty
5. Completion of admission packet provided by the School of Nursing

INTRODUCTION
The academic programs of the Business Administration Department lead to the Associate of Arts (AA) degree in Business Administration or one of several majors leading to the Bachelor of Arts (BA) degree or the Bachelor of Science (BS) degrees.

The Business Administration Department offers bachelor degree majors in Business Administration, Cross-Cultural Business Administration, Nonprofit Business Administration (online only), Organizational Leadership (online only), and Sport Management, as well as six minors: Business Administration, International Business, Management, Marketing, Nonprofit Business Administration, and Sport Management.

Students pursuing a Business Administration major are encouraged to take a minor in Marketing, Management, Nonprofit Business Administration, or a minor from outside the department. However, students pursuing a major in the Business Administration Department may take additional courses within the department in lieu of a minor or open electives per employment and graduate school interests. Foreign language(s) for a Bachelor of Arts degree are highly recommended.

Students obtain a broad-based education that not only gives them business expertise, but also contributes to proficiency in communication and analytical skills needed for successful performance in today’s economy. Our graduates leave with knowledge of the best current practices in business, skills that are essential in the market place, and positive attitudes that will help them move into leadership positions in their chosen careers. Taught from a biblical perspective integrating faith and practice, our courses equip graduates to become servant leaders with strong ethical and moral standards in commerce, industry, local churches, Christian ministries, mission agencies, nonprofits, etc.

PROCEDURE FOR ADMISSION
Students interested in the Business Administration major may apply for admission into the degree program after completing 12 semester hours in the college with a cumulative grade point average of 2.0. Students are encouraged to apply for admission early to receive appropriate academic counseling regarding prerequisite courses. A Declaration of Major form must be completed by the student and submitted to the advisor and Department Chair.

GRADUATION REQUIREMENTS (B.A. or B.S.)
1. Fulfillment of all the “General Requirements for Graduation” (see section on “Degree Requirements”)
2. Satisfactory completion of major courses as listed and Business Administration Department courses included in the General Education with a minimum grade of “C-” in each.
3. A minimum grade of “C-” for each course taken to fulfill requirements for a minor if the student elects to have a minor
4. A cumulative grade point average of 2.0 will be required for the total hours applied to the major

BUSINESS ADMINISTRATION DEPARTMENT’S MISSION STATEMENT
The Business Administration Department integrates the pursuit of truth with godly character to produce graduates intellectually prepared both personally and professionally with knowledge and skills for service in the marketplace. Department Motto: Service in the Marketplace.

BUSINESS ADMINISTRATION MAJORS
The Business Administration major is a comprehensive major with interdisciplinary courses drawn from major business functions. Taught from a biblical perspective, business courses equip learners with knowledge of the best current business practices, skills that are essential in the marketplace, and biblical character development opportunities to become Christian servant leaders in business with strong ethical and moral standards.

The Cross-Cultural Business Administration major is an interdisciplinary degree that integrates missiological principles with business principles to prepare students in the area of international business. Students may select an advisor from either the Business Administration Department or the Global Ministries Department per their employment and/or graduate school interests and will march at graduation with the department of their faculty advisor.

Nonprofit Business Administration is an online degree completion program to equip future servant leaders with the knowledge, skills and character pertinent to serving as professionals in leadership roles from a biblical worldview.

The Sport Management major prepares students for a leadership role with the ever-growing world of sport. Taught from a biblical perspective, students are equipped with the knowledge of the best current practices in business and sport management.

BUSINESS ADMINISTRATION MAJOR PURPOSE & OUTCOME GOALS
The Business Administration major produces marketplace professionals with business knowledge and skills for service in public and private organizations by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:
- Gaining factual knowledge—to identify and recall key facts, terms, and methods in business administration (IDEA 1)
- Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to business administration (IDEA 2)
- Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in business administration such as analytical thinking, communication, computers, presentations, research, teamwork, and writing (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in business administration, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)
CROSS-CULTURAL BUSINESS ADMINISTRATION MAJOR

PURPOSE & OUTCOME GOALS
The Cross-Cultural Business Administration major integrates the pursuit of truth with godly character to produce marketplace professionals with cross-cultural and business knowledge and skills for service with faith communities through international business, cross-cultural employment, and nonprofit organizations.

The learning objectives for this major include the following:

- Learning fundamental principles, generalizations, or theories—necessary to interpret cross-cultural business settings for ministry purposes (IDEA 2)
- Learning to apply course material in cross-cultural business settings to enable more effective ministry (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals to understand an unfamiliar business setting in a diverse culture (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values in order to contextualize those values into another cultural setting (IDEA 10)

NONPROFIT BUSINESS ADMINISTRATION MAJOR

PURPOSE & OUTCOME GOALS
The Nonprofit Business Administration major produces marketplace professionals with business knowledge and skills for service in nonprofit organizations by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:

- Gaining factual knowledge—to identify and recall key facts, terms, and methods in nonprofit business administration (IDEA 1)
- Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to nonprofit business administration (IDEA 2)
- Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in nonprofit business administration (IDEA 3)
- Developing skills, competencies, and points of view needed by nonprofit professionals—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in nonprofit business administration, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

ORGANIZATIONAL LEADERSHIP MAJOR

PURPOSE & OUTCOME GOALS
The Organizational Leadership major produces professionals with organizational knowledge and skills for service in leadership roles by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:

- Gaining factual knowledge—to identify and recall key facts, terms, and methods in organizational leadership (IDEA 1)
- Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to organizational leadership (IDEA 2)
- Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in organizational leadership (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals in leadership—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in organizational leadership, specifically: a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

SPORT MANAGEMENT MAJOR

PURPOSES & OUTCOME GOALS
The Sport Management major produces marketplace professionals with sport management knowledge and skills for service in sport organizations, media, events, and facilities by integrating the pursuit of truth with godly character.

The learning objectives for this major include the following:

- Gaining factual knowledge—to identify and recall key facts, terms, and methods in sport management such as Coaching, Facilities Management, Sport Marketing, Sport Finance, and Sport Law (IDEA 1)
- Learning fundamental principles, generalizations, or theories—to identify, recall, and understand concepts relating to sport management (IDEA 2)
- Learning to apply course material to enable students to develop analytical and decision-making tools to apply to problem solving and planning in sport management (IDEA 3)
- Developing skills, competencies, and points of view needed by professionals—enabling students to develop in the skills of research, analytical thinking, communication, writing, presentations, and computer usage (IDEA 4)
- Developing a clearer understanding of, and commitment to, personal Biblical values enabling students to integrate faith and practice in sport management, specifically, a biblical worldview, personal ethics and integrity, social responsibility, moral character, and a strong work ethic (IDEA 10)

BUSINESS ADMINISTRATION MINORS
The Business Administration Department offers minors designed to supplement a student’s major for graduate school and career choices enabling students to experience greater success in the administration and leadership of for-profit and non-profit organizations. None of these minor courses may serve double duty toward any major course including Business elective; therefore, students majoring in a Business Department major may be ineligible for a particular minor or may be required to substitute a lower-level required minor course for an upper-level minor course. Students that are not Business Department majors are encouraged to include ECO 213 Microeconomics and/or ECO 223 Macroeconomics as Social Science electives along with their Business Department minor.

BUSINESS ADMINISTRATION1 – 15 hours
ACC 213 Principles of Accounting I 3
BUS 113 Introduction to Business 3
MAN 213 Principles of Management 3
MKT 213 Principles of Marketing
  Choose one of the following courses:
  ACC 223 Principles of Accounting II 3
  BUS 333 Business Ethics 3
  BUS 343 Business Law 3
  BUS 473 Business Finance 3

INTERNATIONAL BUSINESS3 – 15 hours
BUS 113 Introduction to Business 3
BUS 443 International Business 3

INTRODUCTION

The Music Department exists to prepare Christian musicians for career ministries in performance, teaching, church worship arts and varied music-related vocations. Students develop and share their God-given abilities by participation in ensembles, recitals, concerts, service projects and ministries. Through these experiences, the Music Department brings the whole person into the learning process through the integration of curricular and co-curricular activities and provides for the dynamic integration of Faith and Learning, together with Character and Intellect. This approach, along with the study of music theory, history, worship music, pedagogy and performance gives students the skills to become highly effective in their chosen field.

A Bachelor of Science degree in music education with concentrations in choral or instrumental music is offered under the Teacher Education Department. Please refer to that section of the catalog for degree requirements. Music Education majors must perform an entrance audition for the Music Department. Audition requirements appear below. The Music Department offers one program leading to the Bachelor of Music degree. This professional program is Music Performance. This academic major provides 60 semester hours beyond those required in the core curriculum and provides professional preparation for students majoring in music performance. The Music Department also offers a general Music major leading to either the Bachelor of Arts or Bachelor of Science degree. A Worship Arts concentration is also available in the Bachelor of Science degree program. Toccoa Falls College is an accredited institutional member of the National Association of Schools of Music.

A general music minor is available for those who are interested and qualified. A student should have some previous music experience in one or more of the following areas: keyboard, choir, band, orchestra, private lessons on an instrument or voice, or some high school or college music class. An audition is required.

PROCEDURE FOR ADMISSION

AUDITION REQUIREMENTS

In addition to meeting the entrance requirements of the college, all applicants for admission to the Music Department, freshmen or transfers, are required to audition. Music scholarships are available and eligible recipients will be notified following the results of an audition and interview.

Auditions are scheduled throughout the academic year. Although recorded auditions are acceptable, an “in person” audition and interview is always preferable when possible. Applicants unable to be present at the college for an audition should request permission to submit a recorded audition. All requests should be addressed to: Toccoa Falls College Music Department, 107 Kincaid Drive, MSC 847, Toccoa Falls, GA 30578, or contact the chair via email at music@tfc.edu.

The purpose of the audition is to enable the faculty to evaluate the student’s musical background and potential, and to assess the level of proficiency in the applied area relative to the degree program sought. The audition includes performance of two selections and an interview with the music faculty. Audition information and an application are available from the Music Department Administrative Assistant (706-886-6831) or online at http://tfc.edu/academics/degrees-and-programs/music-performance/preparing-for-auditions.

During on-campus orientation, new music students will complete placement testing for the Music Department. This testing is scheduled through the music office during the regularly scheduled orientation days. The testing consists of: placement tests in music theory, general music knowledge, piano, sight singing and ear training. These tests are for placement only. They are non-threatening and will not be used to deny enrollment.

AUDITION PERFORMANCE REQUIREMENTS

INSTRUMENTAL SOLO PERFORMANCE

Wind and stringed instruments: Students should be prepared to perform major and minor scales through four sharps and flats, chromatic scales covering the entire range of the instrument, and selected solos representing at least two styles of music (e.g., Baroque, Classic, Romantic, Twentieth Century).

Percussion: (two parts).

Snare drum: Student will play a solo (rudimental or orchestral), a long roll (crescendo and diminuendo) and various rudiments. Melody percussion instrument (bells, marimba or xylophone): student will play all scales through three sharps and flats, and a solo demonstrating at least two-mallet technique.

Organ: Students should demonstrate proficiency on the piano in at least two styles of music with levels of difficulty equal to a two-part invention by J. S. Bach; any standard sonata by Mozart, Haydn, or Beethoven; a waltz by Chopin; or a piano composition by a modern composer such as Bartok or Kabalevsky. Students may or may not have had previous training on the organ. For those who have had private organ studies, the following are suggested as sample audition pieces: a prelude and fugue from Eight Little Preludes and Fugues by J. S. Bach; a choral prelude from The Liturgical Year by J. S. Bach.

Piano: Students should perform art music from at least two style periods. A list of suggested representative works is provided below as a general idea of the expected performance level at the audition. Baroque Period—Bach: Two Part Inventions or Three-Part Inventions, Preludes and Fugues from The Well-Tempered Clavier, French Suites—Scarlatti: any of the Sonatas. Classical Period—Haydn: easier Sonatas—Mozart: Sonatas, Fantasies, or easier Concerti—Beethoven: easier Sonatas. Romantic Period—representative works by Schubert, Schumann, Chopin, Liszt, Mendelssohn, Brahms, or a similar composer. If there is a question, such as with Rachmaninoff, style will be the main consideration. Rachmaninoff would be considered from the Romantic Period. Twentieth Century Period—Debussy: Children’s Corner Suite, easier Preludes, or either of the two Arabesques—Bartok: Allegro Barbaro, later books of the Mikrokosmos—Gershwin: Preludes—Hindemith: Sonata No. 2—Tcherepnin: Bagatelles, op. 5—Copland: Cat and the Mouse. Candidate should be able to play major and minor scales, (hands together, four octaves, sixteenth notes, quarter note MM 92) as well as sight-read an accompaniment of an art song.

Harp: (Student must bring instrument, storage is provided.) Slow scales, one and one-half octaves, hands alone; one selected study of the difficulty of Lariviere “Exercise et Etudes;” and a selected romantic, classical, or contemporary piece.

Guitar: Three major and minor scales in two octaves; a composition of moderate difficulty from any period; a study or exercise demonstrating an understanding of various techniques such as legato, arpeggios, and bars; and ability to sight read a composition of moderate difficulty.

VOCAL SOLO PERFORMANCE

In addition to possible warm-up using scales and arpeggios, the student should sing two contrasting songs, preferably from memory. Standard English, Italian, French or German Art Songs are encouraged. Other types of song (contemporary, folk songs, hymn arrangements) may be used with special permission. Pre-recorded accompaniments are not acceptable. Students whose auditions require accompaniment are welcome to bring their own accompanist, although one will be provided if requested. Please indicate this need and repertoire when arranging for the audition.
WORSHIP ARTS
Prospective Worship Arts students perform two songs of contrasting style and tempo. One of the selections should be a modern song of worship. The second song should be a classical art song or traditional hymn. Vocalists may accompany themselves on guitar or piano. An accompanist will be provided for you if needed, but you must provide the music for us two weeks in advance of the audition. Drummers must provide music for us in advance and are expected to play two songs as described above while one of our accompanists plays the piano or guitar part.

MUSIC MINORS
Prospective music minors are required to audition. The requirements are the same as for prospective music majors, except that the student is only required to perform one song for the audition.

PRE-ETHNOMUSICOLOGY MINOR
The Pre-Ethnomusicology minor does not require an audition.

PROCEDURE FOR ADMISSION

PLACEMENT TEST REQUIREMENTS
Students will be given a non-threatening pre-test. The following explanation describes the perfect candidate. However, we accept those for college level study who have not had the opportunity to study music theory, piano or aural skills during their high school years.

THEORY
Students will be expected to demonstrate familiarity with basic terminology of music; ability to read music written in either treble or bass clef and basic knowledge of music theory. Students may prepare for the written theory exam by studying one of the following texts: *Programmed Rudiments in Music* by Robert W. Ottman and Frank D. Mainous, *Basic Materials in Music Theory: A Programmed Course* by Paul O. Harder, or *Scales, Intervals, Keys, Triads, Rhythm, and Meter* by Boge, Clough and Conley. You may also prepare for the pre-test by the following on-line resource: www.musictheory.net.

GENERAL MUSIC KNOWLEDGE
Students should be familiar with primary style periods of music; knowledge of primary composers; and of various genres, for example, opera, symphony, chamber music, etc. Students may prepare by studying any standard music appreciation text.

PIANO
Students ideally should be adept at scales and chord progressions, harmonization, sight-reading, and have adequate repertoire. Students may prepare by taking private piano lessons. Students with little or no piano experience will not be denied entrance on that basis, but will be expected to make sufficient progress during the class piano sequence to make up for initial short comings.

SIGHT-SINGING
Students will be expected to sight-sing musical material of the difficulty of an average folk song.

EAR TRAINING
Students will be given a brief aural quiz in recognizing intervals, melodies, and rhythms.

GRADUATION REQUIREMENTS
1. Fulfillment of all the “General Requirements for Graduation” (see section on “Degree Requirements”).
2. Satisfactory completion of all required courses as listed in the curriculum below with a minimum grade of "C-" in all courses taken in the Music Department. A cumulative average of 2.0 will be required for the total hours in the major.

APPLIED MUSIC
Any student majoring in music may take private lessons in piano, organ, voice, or guitar or an orchestral instrument. Music Department majors will select their primary area from piano, organ, voice, or an instrument; this selection is subject to faculty approval.

MUSIC MAJOR (B.A. or B.S.) PURPOSE & OUTCOME GOALS
The Music Major equips musicians personally with godly character in the pursuit of truth and professionally with the knowledge and skills needed for continued growth in general music related careers.

The learning objectives for this program include the following:
• Gaining factual knowledge in the areas of music history, repertory and music theory (IDEA 1)
• Developing skills, competencies, and points of view needed by professionals—in the areas of Aural Skills, analysis, technology, piano/keyboard, composition, and improvisation and performance (IDEA 4)
• Gaining a broad understanding, appreciation of intellectual/cultural activity—The successful student will demonstrate the ability to synthesize knowledge in the area of general music and an increased understanding and appreciation for various forms and styles of music (IDEA 7)
• Developing a clearer understanding of, and commitment to, personal Biblical values reflecting God’s call on his or her life for service in a general music-related career (IDEA 10)

MUSIC MAJOR (B.S.) WITH A WORSHIP ARTS CONCENTRATION OUTCOME GOALS
The Music Major with a Worship Arts concentration equips musicians personally with godly character in the pursuit of truth and professionally for careers in music ministries. The courses within the concentration focus especially on trends and methodologies in contemporary Christian music and worship arts leadership.

The learning objectives for this program include the following:
• Gaining factual knowledge in the areas of music history, repertory and music theory (IDEA 1)
• Developing skills, competencies, and points of view needed by professionals—in the areas of Aural Skills, analysis, technology, piano/keyboard, composition, improvisation, performance and skills needed for leadership positions in contemporary Christian music and worship ministries (IDEA 4)
• Gaining a broad understanding, appreciation of intellectual/cultural activity—The successful student will demonstrate the ability to synthesize knowledge in the area of general music and an increased understanding and appreciation for various forms and styles of music (IDEA 7)
• Developing a clearer understanding of, and commitment to, personal Biblical values reflecting God’s call on his or her life for service in a general music-related career (IDEA 10)

MUSIC PERFORMANCE MAJOR (B.M.) PURPOSE & OUTCOME GOALS
The Music Performance major equips musicians personally with godly character in the pursuit of truth and professionally with the knowledge and skills needed for continued growth in musical performance.

The learning objectives for this program include the following:
• Gaining factual knowledge in the areas of music history, repertory and music theory (IDEA 1)
• Developing skills, competencies, and points of view needed by professionals—in the areas of Aural Skills, analysis, technology, piano/keyboard, composition, and improvisation and performance, including mastery of performance skills in the applied area (IDEA 4)
• Gaining a broad understanding, appreciation of intellectual/cultural activity—in the ability to synthesize knowledge in the area of music performance and various forms and styles of music (IDEA 7)
• Developing a clearer understanding of, and commitment to, personal Biblical values reflecting God’s call on his or her life for service in a career in music performance (IDEA 10)

OPEN ELECTIVES - 21 hours
[The student’s academic advisor should be consulted for preferred Open Elective options.]
The BA degree requires 12 credit hours in one foreign language. One course of PED is strongly recommended.
We encourage the student to consider the option of using 6 of these 21 hours for a “Double Major in Bible & Theology” (36 hours total) and the remaining 15 for a “minor” in another area.

- **REC 470** Note Check 0
- **SAO 1** Service & Outreach 0

Minimum hours required = 126

*Because some ENS 180 vocal groups are by audition/invitation only, some students may need to take this course in the spring when additional ensembles are available.*
MUSIC MINOR PURPOSE & OUTCOME GOALS
The minor in music develops foundational skills in theory, history, aural skills, and performance. Applied music instruction and participation in ensembles contribute to the development of the student’s performance skills.

1. Foundational academic knowledge in repertory and music history
2. Foundational music theory and aural skills
3. Foundational competence in performance

PRE-ETHNOMUSICOLOGY MINOR PURPOSE & OUTCOME GOALS
The minor in Pre-Ethnomusicology is designed to equip non-music majors desiring to incorporate music into their future career and ministries in cross-cultural settings. The curriculum includes studies in cross cultural music and general music knowledge.

Students taking this minor will learn to identify, perform and interact with the music of various people groups from around the world.

1 Students who are required to take ANT 203 for their Major, or for another Minor, should then take ICS 443 Cross Culture Storytelling.
2 Must be taken twice.
3 Four semesters required.

For the Music Education Major, please see the Teacher Education Department section.
TEACHER EDUCATION DEPARTMENT

(706) 886-7299, ext. 5298  e-mail: teacher@tfc.edu

INTRODUCTION
Because we believe “teaching is a calling,” the Teacher Education Department seeks to cultivate a uniquely Christian learning community through coursework with in-field experiences, a year-long clinical practice, and faculty support of candidates in their pursuit of truth with godly character for service in public, private and international schools teaching in grades Pre-K through twelve.

The Georgia Professional Standards Commission approves the programs offered and grants graduates eligibility for teacher certification. Certification of graduates gives access to teach in Christian, international, private and public schools.

ADMISSION TO THE TEACHER EDUCATION PROGRAM
Students must apply for admission to the Teacher Education Department. The process includes the following:
1. An essay on “Why I Am Called to Teach”
2. Official passing scores on the SAT/ACT test combining Critical Reading and Math, (SAT = 1,080 or ACT = 43), or passing the GACE Program Admission Assessment
3. Satisfactory recommendation from two TFC faculty members
4. Satisfactory recommendation from the Office of Student Affairs
5. A grade point average of 2.7 or above
6. An acceptable LiveText portfolios highlighting the student’s previous experiences and achievements
7. Cleared Criminal Background check
8. GA Educator Ethics Assessment – Program Entry
9. PAGE membership

GRADUATION REQUIREMENTS (B.A. or B.S.)
1. Fulfillment of the “General Requirements for Graduation” (see section under “Degree Requirements”)
2. A minimum cumulative grade point average of 2.7
3. Satisfactory completion of all education courses (with a “C-” or above for content concentration courses, specifically a “B-” for The Exceptional Learner class, and an education minor with a minimum grade of “C-”)
4. Completion of an interview portfolio that gives evidence of mastery of professional objectives
5. Passing the GA Educator Ethics Assessment – Program Exit
6. Completion of the GACE Content Assessments
7. Completion of the edTPA

ADMISSION TO CLINICAL PRACTICE AND OVERSEAS
During EDU 311 Education Seminar, teacher candidates will seek admission to clinical practice. The process requires the completion of an Interview Portfolio, an interview, and a cumulative GPA of 2.7. An additional course fee will be added to the regular tuition for this class. This fee will cover the cost of the GACE Content Assessment.

Students desiring to student teach overseas must have a cumulative GPA of 3.0, complete the admission process to student teaching and manifest both the desire and ability to function in an international setting. Applications must be submitted the fall semester of a student’s junior year.

SPECIAL COURSE PREREQUISITES
All 200-level Teacher Education courses require a 2.7 GPA or above. All 300-400 level Teacher Education courses require admission to the program unless the student fits in one of the following categories:
1. First semester transfer standing
2. Non-Teacher Education major status
3. Special committee approval

REQUIREMENTS
Teacher Education majors must complete all of the following:
1. Field Experiences: These field experiences are embedded within courses required for each program and require Pre-service Certification.
2. Portfolios: Three portfolios are required which demonstrate readiness for Program Admission, Clinical Practice Admission, and Program Completion.
3. Clinical Practice: Students practice the skills they have learned and demonstrate their ability to teach career-ready standards upon graduation. Clinical practice spans both the fall and spring semesters of the senior year through two courses (EDU 413 and EDU 419).
4. GACE Content Assessment: To receive GA certification students are required to pass the GACE Content Assessment taken between the junior and senior year.
5. edTPA: To receive certification students are required to pass the edTPA (a pedagogy based teacher performance assessment submitted in the senior year).

CERTIFICATION PROGRAM
Individuals who have already completed a baccalaureate degree at an accredited institution may complete one of the approved programs in the Teacher Education Department to be certified without receiving a second baccalaureate degree. An individual must meet all of the requirements for admission to the college, to the program, and to clinical practice.

TEACHER EDUCATION MAJOR PURPOSE & OUTCOME GOALS
The Teacher Education majors in Early Childhood, Middle Grades, Secondary and Music equip future servant leaders with knowledge of the diverse learners and the content they teach, skills in planning instruction, assessing, and managing, and character reflecting appropriate interaction with the school community, life-long learning and a calling as a Christian servant leader all from a Biblical world view for kingdom service.

The Professional Teaching Objectives for these majors are based on the InTASC standards, and include the following:
1. The candidate understands concepts, tools of inquiry, and structures of the discipline(s) he/she teaches. (IDEA 1)
2. The candidate understands how learners grow and develop, recognizes patterns of learning, and identifies individual differences. (IDEA 2)
3. The candidate uses the understanding of all learners to design and implement differentiated learning experiences and create inclusive environments that enable learners to meet high standards. (IDEA 4)
4. The candidate plans instruction using a variety of instructional strategies and resources including technology to support rigorous learning goals, to develop deep understanding of content areas, and to build skills to apply knowledge in meaningful ways. (IDEA 4)
5. The candidate understands how to connect concepts to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic issues. (IDEA 3)
6. The candidate uses multiple methods of assessment to monitor learner progress, to engage learners in their own growth, and to guide decision making. (IDEA 4)
7. The candidate works to create safe, orderly, and well-managed environments that support collaborative learning, active engagement in learning and self-motivation. (IDEA 4)
8. The candidate seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with others to ensure learner growth, and to advance the profession. (IDEA 5)
9. The candidate engages in ongoing professional learning and reflects upon his/her practice. (IDEA 12)
10. The candidate demonstrates a clear commitment to the professional and ethical standards as outlined by the GaPSC in the Code of Ethics for Educators, while understanding the effects of his/her choices and actions on others. (IDEA 10)
EARLY CHILDHOOD MAJOR
The Early Childhood program leads to certification in grades preschool through five.

GENERAL EDUCATION - 58 hours
BIBLE & THEOLOGY - 15 hours
BIB 213 Hermeneutics
BSF 103 Foundations of Spiritual Formation
NTE 103 Introduction to the New Testament
OTE 103 Introduction to the Old Testament
THE 303 Introduction to Theology

HUMANITIES - 15 hours
ENG 113 Freshman Composition I
ENG 123 Freshman Composition II
ENL 393 Grammar for Teachers
HUM 103 Western Thought & Culture

SOCIAL SCIENCES - 12 hours
ANT 203 Cultural Anthropology
PSY 243 Developmental Psychology

COMPUTER, SCIENCE, & MATHEMATICS – 16 hours
BIO 104 General Biology
CSC 303 Technology for Teachers
MAT 223 Math for Teachers
MAT 313 Geometry for Teachers
SCI 243 Earth Science

MAJOR - 55 hours
EDC 223 Curriculum & Assessment
EDC 253 Introduction to Reading Methods
EDC 263 Creative Arts & Motor Skills Methods
EDC 273 Instructional Design for Early Childhood
EDC 333 Content Methods I
EDC 343 Content Methods II
EDC 353 Reading & Writing in the Content Area: EC
EDC 363 Children’s Literature
EDC 433 Philosophy of Classroom Management
EDC 453 Reading Diagnosis & Remediation
EDU 133 Foundations & Trends in Education
EDU 200 Teacher Education Orientation
EDU 213 Exploring Diversity in Education
EDU 253 The Exceptional Learner*
EDU 311 Education Seminar
EDU 419 Clinical Practice II
EDU 423 Professional Integration

*Requires a grade of "B-" or higher

OPEN ELECTIVES = 15 hours**
**Use of Open Electives to complete the ESOL Endorsement is highly recommended.

TOTAL = 128 hours

ESOL Endorsement: Taking the following courses, along with ANT 203 Cultural Anthropology will result in this endorsement on your teaching certification.
ESL 313 Introduction to TESOL
EDE 323 Classroom ESL Methodology and Practicum

Reading Endorsement: Taking the following embedded courses will result in this endorsement on your teaching certificates.
EDC 253 Introduction to Reading Methods in Early Childhood
EDC 353 Reading & Writing in the Content Area: EC
EDC 363 Children’s Literature
EDC 453 Reading Diagnosis and Remediation

MUSIC EDUCATION (K-12) MAJOR
The Music Education major leads to certification in grades kindergarten through 12. Students in this major specialize in either choral or instrumental music. Before admission to the Music Education program, the prospective Music Education major is required to present an audition in the principal applied area of concentration as well as to demonstrate a musical background sufficient for the undertaking of basic musicianship studies at the level of entry into the music program. This audition should be completed before or during the student’s first semester of study. Audition requirements are listed in this catalog under the Music Department entrance requirements.

THE 303 Introduction to Theology

HUMANITIES - 15 hours
ENG 113 Freshman Composition I
ENG 123 Freshman Composition II
ENL 393 Grammar for Teachers
HUM 103 Western Thought & Culture
MUT 113 Music Theory I

SOCIAL SCIENCES - 9 hours
MUH 213 Music History & Literature I
MUH 223 Music History & Literature II
PSY 243 Developmental Psychology

COMPUTER, SCIENCE, & MATHEMATICS – 12 hours
CSC 173 Introduction to Music Technology
CSC 303 Technology for Teachers
SCI 113 Scientific Literacy or other science elective
One Mathematics course from: MAT 113, 123, 133, 253

MAJOR – 70 hours
MUSIC CORE - 29 hours
CON 311 Basic Conducting
CON 321 Choral Conducting
CON 331 Instrumental Conducting
ENS 150 Handbell Choir (2 semesters)
MPD 432 Pedagogy of Music (Vocal Emphasis)
MPN 241 Class Piano IV
MRA 110 Recital Attendance (6 semesters)
MUS 110 Music Seminar
MUT 111 Aural Skills I
MUT 121 Aural Skills II
MUT 123 Music Theory II
MUT 231 Aural Skills III
MUT 233 Music Theory III
MUT 241 Aural Skills IV
MUT 243 Music Theory IV
REC 110 Recital Performance (6 semesters)
REC 120 Freshman Platform
REC 240 Sophomore Platform
REC 350 Note Check
REC 360 Junior Recital
ENS ___ Ensemble Elective (3 semesters)
Applied Principal (7 hours)
Applied Secondary (3 hours)

If the applied principal is piano, the student should elect voice (choral concentration) or a band/orchestral instrument (instrumental concentration) as the Applied Secondary. If the applied principal is not piano, the student should elect piano as the applied secondary.

MUSIC EDUCATION – 13 hours
MED 122 Introduction to Teaching Music
MED 210 Music Education Workshop
MED 231 Woodwind Methods
MED 243 Brass Methods
MED 351 Percussion Methods
MED 363 Teaching Music in the Elementary School
MED 371 String Methods
MED 383 Teaching Music in the Middle School & High School

PROFESSIONAL EDUCATION - 28 hours
EDU 133 Foundations & Trends in Education
EDU 200 Teacher Education Orientation
EDU 253 The Exceptional Learner*
EDU 311 Education Seminar
EDU 413 Clinical Practice I
EDU 419 Clinical Practice II
EDU 423 Professional Integration
MED 223 Curriculum & Assessment
MED 433 Philosophy of Classroom Management

Music Education Majors take 2 hours plus ensembles specific to their individual concentrations as follows:

CHORAL CONCENTRATION - 2 hours
ENS 120 College Choir (7 semesters)
ENS 180 Vocal Chamber Ensemble (2 semesters)
MVC 112 Diction for Singers

INSTRUMENTAL CONCENTRATION - 2 hours
CMP 452 Orchestration
ENS 130 Concert Band (7 semesters) or
ENS 140 Accompanying (7 semesters) or
ENS 160 Orchestra (7 semesters)
ENS 170 Instrumental Chamber Ensemble (2 semesters)

OPEN ELECTIVES - 3 hours

TOTAL = 126 hours

*Requires a grade of “B-” or higher

- EDM Middle Grades Education
- EDS Secondary Education
- EDU Education
- MED Music Education

**TOCCOA FALLS COLLEGE**
- TFC Orientation
COURSE DESCRIPTIONS

ACC - ACCOUNTING

ACC 213 Principles of Accounting I (3 hours, fall; offered as scheduled online)
This course is a study of fundamental accounting principles and concepts - focusing on financial accounting. Attention is given to the basic structures of the accounting cycle and accounting for internal controls, cash, receivables, inventories, liabilities, and stockholders’ equity. Prerequisite: None.

ACC 223 Principles of Accounting II (3 hours, spring; offered as scheduled online)
This course is a continued study of fundamental accounting principles and concepts focusing on managerial accounting. Attention is given to cost accounting, budgeting, and managerial concepts such as statement analysis. Prerequisite: ACC 213.

ANT - ANTHROPOLOGY

ANT 203 Cultural Anthropology (3 hours, either semester or summer; offered as scheduled online)
This course is an introduction to the study of humans as cultural beings. Anthropological ways of thought are seen as offering a conceptual framework sufficiently broad to accommodate all human experience, providing support for a wide range of data and information. Prerequisite: None.

ANT 323 Applied Ethnography (3 hours, fall)
The basic principles learned in cultural anthropology are applied to the life and work of the Christian ethnographer. Students begin ethnographic data collection focusing on a specific people group and build a comprehensive data file using the OCM filing system. Students learn principles for effective cross-cultural ministry from social psychology, sociology, anthropology, and adult education and actual case studies bridge the gap between theoretical models and meaningful application. Prerequisite: ANT 203.

ANT 333 Peoples of the World (3 hours, spring)
This course studies the specific area in the specialization of the resident missionary with emphasis on customs, art, history, religion, and social structure. Prerequisite: None.

ANT 363 Religious Belief Systems (REL 363X) (3 hours, spring)
This course is an examination of the structural properties of belief systems and their expression in the lives and rituals of people. Actual case studies are used to refer anthropological insights to life situations. Particular emphasis is placed on the communication of the gospel in the context of animistic practices and practitioners. Prerequisite: ANT 323.

ANT 372 Sociolinguistics (2 hours, fall)
This course is designed to give an understanding of the relationship between language and culture. Its approach to the ethnic group is through the symbolic medium of language, and language-learning techniques are presented which aim at teaching effective communication in a cross-cultural context. Phonetic transcription is introduced to enable the student to understand how sounds can be described, written, and reproduced. Prerequisite: None.

ANT 401-3 Independent Study (1-3 hours, either semester or summer)
The content and method within this course framework will be directed by the professor in charge through consultation with the student. This course is offered by approval of the Global Ministries Department Chair. Prerequisite: None.

ANT 483 Anthropology Research Project (3 hours, fall)
Research and practical application of skills developed as a major are combined to produce a research paper centering on a distinct ethnic and linguistic group. A major emphasis of the seminar is the detailed study of a given area or people in terms of geography, history, and ethnicity. Prerequisites: ANT 363 and ICS 352/CAE 352/ICS 362.

BIB - GENERAL BIBLICAL STUDIES

BIB 213 Hermeneutics (3 hours, either semester residential and online)
This course briefly surveys the history of biblical interpretation before focusing on the procedures, tools, and skills necessary for responsible Bible interpretation. An assessment of basic competency in key course elements will be included, which must be passed to successfully complete the course. Prerequisite: ENG 113 and either NTE 103 or OTE 103.

BIB 313 Advanced Hermeneutics: Selected Topics (3 hours, fall odd years; spring odd years online)
This course prepares the student for advanced interpretation of scripture and will investigate biblical interpretation in light of tridisciplinary and current theological, philosophical, ecclesiastical, historical and social challenges. These topics include language, genre, authorial intent, the relationship between the Testaments, the New Testament’s use of the Old Testament, and the exploration of several theological systems. A seminar format that includes student research and presentations will be followed during part of the course. Prerequisite: BIB 213.

BIB 383 Study Abroad in Biblical Studies (3 hours, offered as announced)
This course provides Biblical study in an international setting. The professor specially designs each course, including reading in advance, study abroad at on-site locations, a reflection on specific Biblical topics, and the articulation of ideas in writing based on the student’s experience abroad. Prerequisite: Completion of one year at TFC, TFC Application for Study Abroad, and permission of Instructor.

BIB 401-3 Independent Study (1-3 hours, either semester)
Selected students are permitted to secure specialized training appropriate to individual needs. The student’s project may concern the Old Testament, New Testament, whole Bible, Dead Sea Scrolls, or Apocrypha and may involve intensive investigation of literature in a field, individualized instruction, or collection and evaluation of data relating to a biblical problem. Availability of the course is dependent upon availability of faculty. Independent study requires a minimum of 42 clock hours of work per semester hour. Prerequisites: BIB 213, NTE 103, and OTE 103. Approval from the Bible & Theology Department Chair is also required.

BIB 433 Leviticus & Hebrews (3 hours, fall even years)
This course is a study of Leviticus and Hebrews that explores the relationship between the Old Testament sacrificial system and the redemptive work of Jesus Christ. The course also examines background issues and the relations of the Old and New Covenants. Prerequisites: BIB 213, NTE 103 and OTE 103.

BIB 443 Daniel & Revelation (3 hours, spring even years; fall even years online)
This course is an analysis of the apocalyptic books of Daniel and Revelation, especially their symbolic visions, in the light of their historical settings. Prerequisites: BIB 213, NTE 103 and OTE 103.

BIO – BIOLOGY

BIO 104 General Biology (4 hours, fall)
A broad overview of the biological sciences for non-majors including, but not limited to, scientific methodology, components of the cell, taxonomy, basic biochemistry, fundamental principles of genetics, environmental science, and biotechnology. Three lecture hours and one two-hour lab are held each week. Special emphasis will be placed on areas fulfilling GACE II standards for early childhood science education. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: None.

BIO 114 Biology I (4 hours, fall)
Introductory course for science majors covering basic cellular biochemistry, bioenergetics, cell structure and function, mitosis and meiosis, genetics, gene expression, biotechnology, and evolutionary theory. Three lecture hours and one two-hour lab...
140 Biology II (4 hours, spring)
This course is a continuation of BIO 114 that surveys the diversity of microorganisms, plants, and animals. Special emphasis placed on plant and animal form and function, reproductive and development, and an introduction to ecology. Three lecture hours and one two-hour lab held each week. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: BIO 114.

BIO 214 Anatomy & Physiology I (4 hours, fall)
This course studies the anatomy and physiology of the human body. Chemical topics include solutions and ions, acid - bases, simple organic compounds, structures and reactions of carbohydrates, lipids and proteins. It also focuses on cells, tissues, physiological stress, and body systems such as skeletal, muscular, nervous and endocrine. The laboratories incorporate the use of models, specimens, and the collecting of physiological data. Three lecture hours and one two-hour lab are held each week. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisites: BIO 104 or BIO 124.

BIO 244 Anatomy & Physiology II (4 hours, spring)
This is a continuation of BIO 214. The anatomy and physiology of the human body with appropriate chemical concepts is included. Body systems examined include respiratory, cardiovascular, lymphatic and immune response, digestive, renal, reproductive, genetics and human development. Anatomical and physiological changes associated with aging are also studied. Laboratory activities incorporate use of models, specimens, and the collection of physiological data on human subjects. Three lecture hours and one two-hour lab are held each week. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: BIO 214.

BIO 213 General Microbiology (4 hours, spring)
A thorough overview of bacteria, viruses, and eukaryotic microorganisms. Special consideration is given to medically important microbes, methods of microbial control, and the growing problem of antibiotic resistance. Basic immunology is also addressed. Growth, isolation and identification of microorganisms are emphasized of the laboratory portion of the course. Three lecture hours and one two-hour lab are held each week. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: None.

BIO 313 Evolutionary Biology (3 hours, spring even years)
This course provides an in-depth study of evolutionary theory, including current proposed models for evolutionary mechanisms, fossil evidence, and molecular biological advances. Initial emphasis will be placed on knowledge specifically required in the marketplace of ideas, with subsequent development of a framework of integration of that knowledge into the biblical worldview. Prerequisites: BIO 104 or BIO 124, or permission of the instructor.

BIO 314 Genetics (4 hours, fall odd years)
Study of the foundational concepts of prokaryotic and eukaryotic genetics, including principles of inheritance, mutations, chromosome aberrations, genetic mapping, population genetics, DNA organization, gene regulation and genomics. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisites: BIO 104 or BIO 124.

BIO 323 Introduction to Global Public Health (3 hours, spring odd years)
This course is designed to provide a foundation in public health assessment and health-related policies, specifically related to underserved communities. We will explore the services required to stabilize and maintain the health of a population, including hygiene, nutrition, safe water, waste handling, and basic medical needs, as well as defining social and political challenges to implementing these services. Prerequisite: BIO 104 or BIO 124.
BSF – BIBLICAL SPIRITUAL FORMATION

BSF 103 Foundations of Spiritual Formation (either semester residential and online)
This course serves as the gateway course into the curriculum and student-life experience of Toccoa Falls College. Building on a foundation of biblical texts and principles, this course is designed to orient the student to the cognitive, affective, and volitional nature of spiritual formation, its practices and potential challenges, and explores how spiritual formation is integrated throughout the curricular and co-curricular components of Christian higher education. This course will also help students learn how personal evangelism, world evangelism and effective ministry flow from a commitment to spiritual formation. Prerequisite: None.

BUS - BUSINESS

BUS 113 Introduction to Business (3 hours, either semester; offered as scheduled online)
This survey course assumes no prior study of business. Emphasis is on business terminology and the environments in which business functions. Topics covered include an overview of forms of business ownership, internal organization, structure, management functions, marketing and finance activities, labor unions, production, insurance, and government as it relates to business. Students will prepare a business plan. Prerequisite: None.

BUS 303 Business for Nonprofit Organizations (3 hours, offered as announced; offered as scheduled online)
This course is an introductory study of the administration and management of churches, mission agencies, schools, and Christian institutions, agencies and ministries, applying principles, procedures, and techniques used in today’s business world. Topics include organizational structures, staffing and paying personnel, stewardship, financing and funding budgets and building programs, accounting records and reports, computer information systems, facilities and equipment, public relation, and legal compliance of the nonprofit organization. Sample models, forms and examples will be distributed to students. Prerequisite: None.

BUS 313 Organization & Administration of Sport (3 hours, fall; offered as scheduled online)
Basic principles of organization, administration, and supervision are taught. Emphasis is placed on staffing, finance, purchasing, scheduling, care of facilities and equipment, public relations, and liability. Prerequisite: None.

BUS 323 Nonprofit Ethics & Social Responsibilities (3 hours, offered as scheduled online)
Learners in this course examine the ethical environment and social responsibilities of nonprofits. The purpose of this course is to introduce students to ethical concepts, theories and issues as they relate to nonprofits and managerial decision making. All organizations operate in a social and ethical environment, and managers make decisions with moral significance and consequences. Thus consideration of ethics and the social responsibilities are relevant both for effective managing and for nonprofits properly fulfilling their function(s) in the larger society. Prerequisite: None.

BUS 333 Business Ethics (3 hours, spring)
A study of a Christian World View as contrasted with other world views and its application to a variety of business and occupational areas. After laying a foundation of ethical theory, the course will stress biblical integration into business decision making and operations. Emphasis is on practical application of ethical principles through case studies, articles, discussions of audio and video tapes, a research paper, and guest lecturers. Prerequisite: None.

BUS 343 Business Law (3 hours, fall)
This course is a study of the basic principles of law that apply to business transactions and the legal environment of business. Topics cover contracts, agency, bailments, negotiable instruments, forms of business organization, sales, estates, real property, and bankruptcy. Prerequisite: None.

BUS 353 Business Communication (3 hours, offered as announced)
This course is a study of written and oral communication skills necessary in a business environment. Emphasis is on the preparation of effective correspondence such as letters, memorandums, reports, and other forms of business writing on the computer. Also stressed is the preparation and presentation of oral reports and electronic presentations. Prerequisite: None.

BUS 363 Philanthropy: Theory & Practice (3 hours, offered as scheduled online)
 Enables learners to develop the capacity to think and plan critically and strategically in order to develop financial resources for nonprofit organizations. The course will cover the components of a development plan, including types of campaigns, sources of funding, and mechanisms for solicitation. The course will also cover how to discern which fund raising elements are appropriate for a specific organization; the roles of a board, development staff, executive staff and program staff; and emerging trends in philanthropy. Prerequisite: None.

BUS 373 Sport Law & Ethics (3 hours, spring; offered as scheduled online)
This course is designed to enable students to expand their knowledge of some of the law, regulations, and ethical issues that apply to the sport industry and that impact the work setting of sport organizations. Students will learn about and analyze substantive legal concepts in the following core areas of law: constitutional, employment, antitrust, labor, intellectual property, agency, and contract and business law. The purpose of the course is to provide students with an understanding of the legal and ethical issues involved in the operation and management of organizations in the sport industry, and to equip students with the skills, strategies, and character needed to effectively work with business executives and lawyers to resolve these issues. Prerequisite: None

BUS 383 Nonprofit Law & Governance (3 hours, offered as scheduled online)
This course provides a synopsis of the application of economics and financial management used in the sport organization decision making context. Course content includes, but is not limited to: Basic accounting principles with a special emphasis on the importance of fund accounting in public enterprise; Use of...
BUS 463 Nonprofit Financial Management (3 hours, offered as scheduled online)
The course is designed to provide the learners with an understanding of the primary financial management issues and decisions that confront senior management in the nonprofit sector. Learners will gain an understanding and examine financial analysis techniques from both a practical and strategic perspective for operating and capital decisions. The course enables learners to understand how managers integrate the various discrete financial decisions within a broader framework that allows them to analyze, develop, execute, and manage a coherent overall financial strategy. Prerequisite: ACC 223 and ECO 213.

BUS 473 Business Finance (3 hours, fall)
An examination of the art and science of handling money, this course studies the sources and uses of funds in today's business environment. Topics covered include financial analysis, capital budgeting, working capital, sources of financing, cost of capital, financial forecasting, cash flow, and techniques of the time value of money, risks, and rates of return. Prerequisites: ACC 223 and ECO 213.

BUS 483 Microeconomic Practicum (3 hours, offered as scheduled online)
A self-directed experience and study in the emerging role of "business as missions," focusing on first-hand observation of business administration practices and operations. General themes explored include: 1) the theology of business as missions; 2) practical issues related to using business as a vehicle for cross-cultural missions; and 3) non-profit and for-profit business models. By the end of the practicum students will have a better understanding of the impacts of culture, education, religion, customs, and values on global business operations. The experience may be fulfilled either by participation in an overseas business trip or through a "business as missions" experience and the completion of a journal, portfolio, and written paper on the experience. Prerequisite: Permission of Instructor.

BUS 493 Business Internship (3 hours, either semester or summer; offered as scheduled online)
This course is a supervised experience in a business firm or nonprofit organization combining practical experience with classroom studies and preparation of organizational chart, job description, journal, and a portfolio. It requires 240 hours of work experience. Prerequisites: junior or senior business administration majors only and approval of the Business Administration Department Chair.

CAE – CROSS-CULTURAL ADULT EDUCATION
CAE 213 Introduction to Adult Education (3 hours, spring)
This course surveys the profession of Adult Education with topics such as the history and philosophy of the adult education movement, theories of adult education, learning styles, delivery systems including teaching/learning and trends and issues. Prerequisite: None.

CAE 313 Planning & Administration of Adult Education (3 hours, fall)
This course introduces students to the planning and administration of education programs for adults. Special emphasis is placed on ethnographically based critical planning theory. Students will be introduced to the work of Tyler, Freire, and Cervero. Prerequisite: None.

CAE 323 Adult Teaching Practice (3 hours, spring)
This course is designed to develop the student's knowledge and skill in the practice of teaching adults. Topics such as teaching style, critical reflective practice, lesson plan development, and teaching methodology are covered. Students are also given opportunity to develop their skills in teaching adults through in-class teaching modules. Prerequisite: CAE 213 Introduction to Adult Education.

CAE 352-6 Adult Education Internship (2-6 hours, summer)
Students are provided the opportunity to sharpen their adult teaching and organizational skills through practical service in a cross-cultural adult educational situation. Time necessary in the teaching context is at least six weeks. Prerequisite: CAE 323 Adult Teaching Practice.

CAE 493 Adult Education Strategy Project (3 hours, spring)
This course provides the student majoring in Cross-Cultural Adult Education the opportunity to be a part of a diverse team which, in conjunction with church planting, develops a strategy to establish an adult education program among a specific people group. Skills in teamwork, critical thinking, strategic planning, and project presentation are refined. Prerequisite: CAE 352 and ANT 483 Anthropology Research Project.

CHM – CHEMISTRY
CHM 214 Chemistry I (4 hours, fall)
This course is an introduction to the transformation of matter in chemical reactions and the energy changes that accompany these reactions. This course also covers states of matter, stoichiometry, and atomic structures in detail. Three lecture hours and one two-hour lab are held each week. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: None.

CHM 224 Chemistry II (4 hours, spring)
This course is an introduction to acids and bases, reaction kinetics and chemical equilibria. Reactions of chemical elements and compounds are described, and the separation and identification of inorganic compounds are studied in detail. Qualitative inorganic analysis is covered in lecture and lab. Three lecture hours and one two-hour lab are held each week. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: CHM 214.

CHM 314 Organic Chemistry I (4 hours, fall even years)
As the first of a two-semester sequence of organic chemistry, topics include relative reactivity of organic molecules, stereochemistry, functional groups, introduction to reaction mechanisms, and beginning synthesis. It provides an introduction to organic chemistry for entrance into medical, dental, veterinary, and pharmacy schools. Biology majors may, in most cases, use this sequence for their requirements; however, some schools will not transfer this sequence to satisfy their requirements for chemistry majors. A three-hour lab per week is included as part of this course. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: CHM 224 with grade of “C-” or better.

CHM 324 Organic Chemistry II (4 hours, spring odd years)
As the second semester course in the two-semester sequence, topics include an in-depth study of reaction mechanisms and the synthesis of more complex molecules. The study of sugars, organic acids, aldehydes, ketones, aromatic compounds, and molecular spectroscopy is included. A three-hour lab per week is included as part of this course. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: Completion of Organic Chemistry I with “C-” or better.

CHM 401-3 Independent Study (1-3 hours, either semester or summer)
Advanced students are permitted to secure specialized training appropriate to individual needs. Students will pursue a rigorous plan of investigation with the guidance of a faculty member. The project may involve original laboratory research, intensive library
research of a specialized topic, or comprehensive study of a chemistry discipline not represented in the regular course offerings. Prerequisites: at least 15 hours of chemistry and approval of the chemistry coordinator.

CHM 414 Biochemistry (4 hours, offered as announced)
An overview of the fundamental chemical processes of living organisms. Topics emphasized include the structure of biological macromolecules, metabolic pathways, enzyme kinetics, and structure-function relationships. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisites: BIO 124, CHM 314.

CHM 433 Selected Topics (3 hours, offered as announced)
This course provides an in-depth analysis of a specialized chemistry discipline such as advanced organic chemistry, quantitative analysis, water analysis, soil analysis, or chemistry education. This course may be repeated if a different topic is chosen. Prerequisite: CHM 324.

CMP – MUSIC COMPOSITION
CMP 322 Contemporary Song Writing (2 hours, spring)
Students will gain an understanding of popular music theory as well as the structure of popular, contemporary music. This will include arranging popular tunes and writing original pieces. Prerequisite: By permission of instructor.

CMP 452 Orchestration (2 hours, fall)
The student will learn idiomatic scoring for orchestral instruments in solo, band, and orchestral contexts. Prerequisite: MUT 113.

COM - COMMUNICATION
COM 113 Introduction to Communication (3 hours, either semester; offered as scheduled online)
This course is an introductory course providing the fundamentals of effective communication. The course will encourage students to consider communication from a biblical and kingdom perspective. Viewing communication as a dynamic process, the student will become aware of and develop skills in communication principles and practices in a variety of communication contexts. Prerequisite: None.

COM 213 Introduction to Communication Theory (3 hours, fall)
This course provides an overview and understanding of the practice of theory and theory building. Additionally, students will be exposed to a broad sampling of the theories that undergird the major areas of communication. Prerequisite: None.

COM 283 Persuasion (3 hours, spring even years)
Persuasion is a study of the way in which beliefs, values, attitudes, and behaviors are formed and changed. It discusses the role of reason in argument, propaganda, and other forms of overt and covert persuasion. Prerequisite: None.

COM 313 Introduction to Communication Research Methods (3 hours, fall odd years)
This course introduces and explores the practice of research within the field of communication. Students will learn both how to read and understand research and structure a research study. The areas of quantitative and qualitative research will both be explored. Prerequisite: None.

COM 363 Media & Society (3 hours, fall even years)
This course explores the dialectical relationship of mass media texts. Students will critically engage the complex issues of media production and consumption and consider how they are related to social meaning and identity. Prerequisite: None.

COM 373 Communication Law (3 hours, offered as announced)
The legal restrictions, freedoms and tensions pertaining to the field of communication are examined. Students will gain an understanding of the legal, ethical and moral dimensions of professional communication in light of a biblical worldview. Prerequisite: None.

COM 383 Study Abroad (3 hours, summer even years)
This course will involve the study of communication during an international field experience. Prerequisite: HUM 103.

COM 393 Selected Topics (3 hours, offered as announced)
This course explores the characteristics, development, life cycle and unique dimensions of social movements. By exploring various theories on origin and need, social movements will be examined as communication phenomena addressing specific societal needs. Prerequisite: None.

COM 401-3 Independent Study (1-3 hours, offered as announced)
This course is an individual study course for the advanced communication student. Prerequisite: Advance approval by the Department Chair of Communication.

COM 413 New Media (3 hours, spring even years)
This course seeks to investigate and integrate the theory and forms that constitute new media. Students will be exposed to Mass Communication theory that seeks to explain the social/cultural significance of new media. Students will likewise be exposed to a variety of new media forms and techniques, focusing particularly on convergent media. Prerequisite: None.

COM 423 Communication Ethics (3 hours, fall)
This course discusses the ethical tensions inherent within the field of Communication. Students will critically exercise the mutual influence of Christian faith and communication. Specific focus will be given to the interplay of Christ and culture. Prerequisite: None.

COM 463 Christ, Communication, & Culture (3 hours, spring)
This course will examine the nature of culture and the role faith and media play in its ongoing construction and communication. Emphasis will be placed on developing a biblical critique of those roles as well as discussing an appropriate position of the Church, as producers and consumers, in today’s mediated culture. Prerequisite: None.

CON - CONDUCTING
CON 311 Basic Conducting (1 hour, spring)
This course teaches basic conducting patterns, physical coordination, score study and interpretation, and general choral communication. Prerequisite: MUT 113 Music Theory I.

CON 321 Choral Conducting (1 hour, fall)
This course is a continuation of CON 311. Prerequisite: CON 311.

CON 331 Instrumental Conducting (1 hour, spring)
This course features study in instrumental conducting including refinement of baton technique, score analysis, rehearsal techniques, and band/orchestra literature. Prerequisite: CON 311. MUT 113.

CRJ – CRIMINAL JUSTICE
CRJ 113 Principles of Criminal Justice (3 hours, offered as scheduled online)
Focusing on an introduction to the criminal justice system of the United States, the course will explore the areas of law enforcement, the judicial process, and corrections. The student will broadly examine the history, structure, and philosophy of each area. Prerequisite: None.

CRJ 123 Juvenile Justice (3 hours, offered as scheduled online)
This course examines the juvenile justice system. There will be a focus on the theories of delinquency, including type, extent, and nature of crimes. Students will also explore an overview of the causation and prevention, as well as treatment and punishment of delinquents in the United States. Prerequisite: None.

CRJ 213 Corrections (3 hours, offered as scheduled online)
A major emphasis on this course is an overview of the history, philosophy, and practices of correctional institutions. The student will develop an understanding for the procedures and issues in rehabilitating an offender back into a suitable member of society. Prerequisite: CRJ 113.
CRJ 223 Judicial Process (3 hours, offered as scheduled online)
This course examines the judicial process in the United States. A focus will be placed on the structure and organization of the courts; including lawyers, judges, and other law enforcement individuals and organizations. The learner will analyze the judicial decision making and its effect on the general public. Prerequisite: CRJ 113.

CRJ 233 Criminology (3 hours, offered as scheduled online)
Students will study the psychological, philosophical, and sociological nature of criminal behavior and its effect on society. This course will examine crimes and criminals for causation and prevention of crime in society. Prerequisite: CRJ 113.

CRJ 313 Criminal Law (3 hours, offered as scheduled online)
This course introduces the historical development and the current status of criminal law at the State and Federal level. Prerequisite: CRJ 113.

CRJ 323 Criminal Procedure (3 hours, offered as scheduled online)
Students will be introduced to the procedural law of the criminal justice system. This course will focus on the laws of arrest and search and seizure, as well as the rights and responsibilities of citizens and officers. Students will discuss court cases that have dictated criminal procedure that affects individual privacy and the interest of society. Prerequisite: CRJ 113.

CRJ 333 Criminal Investigation (3 hours, offered as scheduled online)
This course will focus on the theory and practice of investigations. The student will develop an understanding of the techniques, technology, and reporting procedures associated with maintaining, collecting, and examining a crime scene. Prerequisite: CRJ 113.

CRJ 413 Homeland Security (3 hours, offered as schedule online)
Students will be introduced to the history, techniques and issues with homeland security. A focus will be placed on the examination of the roles and responsibilities of officers during emergency situations from intelligence and warning, emergency preparedness, and response to catastrophic threats. Prerequisite: CRJ 113.

CRJ 423 Forensics (3 hours, offered as scheduled online)
This course will introduce students to the role forensics plays in crime scene investigations. Students will examine the technology, techniques, and procedures used by forensics in criminal investigations and how the officer will assist in the crime scene investigation. Prerequisite: CRJ 113.

CRJ 433 Criminal Ethics (3 hours, offered as schedule online)
Students will focus on the application of morality and ethics in the field of criminal justice from law enforcement officers, legal professionals, and policymakers. Prerequisites: CRJ 1113, PHY 243.

CRJ 493 Criminal Justice Internship (3 hours, offered as scheduled online)
This course is a practical application of the academic knowledge gained from class experiences. Students will secure a supervised position with law enforcement or related agency to complete their internship. Prerequisites: CRJ 113, Junior or Senior status.

CSC - COMPUTER SCIENCE
CSC 113 Introduction to Computers (3 hours, offered as announced; offered as scheduled online)
This course is designed to familiarize the student with today’s Mac and PC operation and application. Application will be developed through the use of word processing, spreadsheet, and database software. Prerequisite: None.

CSC 123 Applied Technology (3 hours, fall; offered as scheduled online)
This course provides an overview and understanding of today’s computer technology, with an emphasis on the application of real world technology. Students will gain hands-on knowledge and experience necessary for implementing technology in their personal and professional lives. Prerequisite: None.

CSC 173 Introduction to Music Technology (3 hours, either semester)
This class is for Music Majors only. Through study and laboratory experience, this course explores the applications of technology as they relate to composition, performance, analysis, teaching, and research. Prerequisite: By permission of instructor.

CSC 303 Technology for Teachers (3 hours, either semester)
This course acquaints the future teacher with a variety of educational technologies. Emphasis is on using a computer for teacher tasks, for classroom instruction, for research, and for online portfolio development. Prerequisite: Admission to Teacher Education.

CSC 393 Management Information Systems (3 hours, spring; offered as scheduled online)
Examining information systems from a business perspective, this course is designed to facilitate improvement of problem-solving skills and business professionalism within the context of information systems. Emphasis will be placed on the use and design of information systems within the organization, including developments in both hardware and software used to solve management problems. Prerequisite: ACC 213 is recommended.

CSC 401-3 Independent Study (1-3 hours, either semester or summer)
The methodology of this individualized academic framework will be determined by the professor directing the course, in consultation with the student requesting this course of study. Prerequisite: The student must secure advance approval from the Department Chair of Humanities & Natural Sciences.

CSG - COUNSELING
CSG 113 Introduction to Counseling (3 hours, either semester or summer; offered as scheduled online)
This course offers an introduction to the field of counseling. Christian and humanistic worldviews are contrasted. Christian and secular approaches to counseling are outlined and contrasted. Case studies are assigned for analysis and discussion. Class demonstrations of counseling strategies are given. Prerequisite: None.

CSG 253 Counseling Skills (3 hours, either semester; offered as scheduled online)
Emphasis in this course will be placed on the acquisition of skills that will enable the student to individualize effective counseling strategies directed at establishing trust, guiding the interview, probing and understanding the nature and manifestations of psychological conflict, overcoming resistance, facilitating positive change, personal healing, and freedom. This course is practice-oriented, allowing the student to integrate skills and knowledge vital for effective Christ-centered counseling. Central to this course is the development of a personalized relating and influencing style which can be applied to a wide range of situations in ministry and community, as well as professionally. Teaching methods include lectures and discussions, live practice and analysis of video recordings. Prerequisite: CSG 113.

CSG 333 Crisis & Trauma Therapy (3 hours, spring; offered as scheduled online)
This course introduces the theory of crisis intervention and trauma therapy. Critical incident stress management (CISM) and debriefing (CISD) are emphasized. A second emphasis is trauma models of therapy: trauma and dissociation, assessments, treatments, and therapies. Special cases will focus on grief, sexual assault, sexual abuse, and relational trauma. Prerequisites: CSG 253.
CSG 363 Family Therapy (3 hours, spring; offered as scheduled online)
This course introduces the student to the various models of family therapy. Systems, structural, and strategic family therapies will be presented. Notable figures from each of the theories, models of therapy, key concepts and techniques will be discussed, compared, and evaluated. An emphasis on family systems including internal family systems and multigenerational family therapy will be addressed. Students will develop their own integrative model of therapy. Prerequisites: CSG 113, PSY 113.

CSG 383 Christ-Centered Counseling (3 hours, spring; offered as scheduled online)
This course utilizes the foundational aspects of Scripture and Christ's ministry taught in Christ-centered counseling and applies them practically and experientially. It builds on the approaches to Christ-centered counseling by emphasizing the techniques and skills necessary to help individuals, families, the church, community, and society. This offers an incredible opportunity for those in counseling and in any ministry to begin to develop or enhance skills necessary for counseling. Prerequisite: CSG 113.

CSG 401-3 Independent Study (1-3 hours, either semester)
Capable students are permitted to engage in specialized study appropriate to individual needs. The student's project must relate to the counseling process and may involve individualized intensive or extensive reading in literature on a selected area resulting in a research paper. Availability of the course is dependent upon the availability of the faculty. Independent study requires a minimum of 42 clock hours of work per semester hour. Prerequisite: CSG 113. This course requires approval from the Counseling Psychology Department Chair, upper class or advanced status, and a grade point average of 2.2 or better.

CSG 423 Counseling for Addictions (3 hours, spring)
This course will provide the student the opportunity to understand the problems, techniques, and practicalities of addictions treatment. Using case studies and role-played scenarios, the student will develop and apply an integrative model of change, as well as addressing the treatment and relapse issues of individuals and group members with addictions. Students will be directed in the Christ-centered integration and applications of the 12-step recovery model, and will be required to observe and participate in addictions recovery groups. Prerequisites: PSY 363.

CSG 443 Premarital & Marital Counseling (3 hours, fall; offered as scheduled online)
This course will consider the dynamics of the marital, as well as the premarital relationship. An understanding of the biblical roles of husband and wife will be explored and challenged. The purpose of this course is to solidify one's beliefs as a people-helper regarding a theology of marriage, love, divorce, remarriage, conflict, etc. Different premarital counseling models will be explored, discussed, and evaluated. Prerequisites: CSG 113, PSY 113.

CSG 453 Child & Adolescent Therapy (3 hours, spring; offered as scheduled online)
This course is an overview of developmentally appropriate approaches to counseling children and adolescents in school and mental health settings. Major types of intervention techniques will be explored, including individual, play therapy, cognitive behavioral methods, family and group therapy, and developmental theory relating to the issues and struggles of children and adolescents today. Students will learn skills in assessment of treatment progress, working with parents and teachers, and ethical and legal considerations in working with this population. Prerequisite: PSY 243.

CSG 463 Group Counseling (3 hours, either semester or winterim; offered as scheduled online)
This course will give the student a basic understanding of the group counseling process from an academic and an experiential basis. Students will lead and participate in a group counseling experience to gain an understanding of the various aspects of group work: types, stages, attending skills, key components, problematic behaviors, and critical interventions. Prerequisites: CSG 253. Senior level standing.

CSG 473 Counseling Internship (3 hours, either semester or summer; offered as scheduled online)
Students gain practical experience working in a health-related professional environment providing services under supervision. Students will be required to log 24 hours of actual service to the agency for each credit hour. Daily log required as well as three-page summary report. Supervisors must provide weekly face-to-face supervision and final practicum evaluation. Additional internship hours can be taken with permission of Department Chair by registering for CSG 401-3. Prerequisites: CSG 113, CSG 253, and PSY 363.

CWA - CHURCH WORSHIP ARTS
CWA 342 Music & Worship (2 hours, spring even years)
This course is an examination of music appropriate for use in the life of the church from Old Testament times to contemporary trends in sacred music. It includes historical background and a comprehensive philosophy of church music as a tool of worship, creative service planning, use in Christian education, plus an evaluation of blended, contemporary and inter-generational worship music. Prerequisite: None.

CWA 452 Organizing, Administrating & Leading Music in the Contemporary Church (2 hours, spring odd years)
This course leads students to an understanding of organizing, administrating and leading music and worship in the modern church. This will include the church-wide music program, service planning, purchasing equipment, architecture, music library, public relations, and professional ethics. Prerequisite: None.

CWA 472 Blended Worship Repertoire (2 hours, fall)
This course is an examination of music appropriate for use in the contemporary church or school. Prerequisite: CWA 342.

CWA 492 Worship Arts Internship (2 hours, either semester)
This course is designed to give the students exposure to, and experience in, the total music program of a contemporary, local church, including rehearsals and performances. Prerequisite: By permission of instructor.

ECO - ECONOMICS
ECO 213 Microeconomics (3 hours, fall; offered as scheduled online)
A study of the basic tools of economic analysis and economic principles in action, including the marginal concept and scientific economic analysis; the market process and the price mechanism; demand, supply, prices; exchange and the market process; income distribution; monopoly power; real-world markets; micro problems of modern society with a summary microeconomic history of the United States. Prerequisite: None

ECO 223 Macroeconomics (3 hours, spring; offered as scheduled online)
A study of the basic tools of economic analysis and macroeconomic principles including the topics of money, spending, output, and income; analyzing national income; inflation, unemployment, and the stabilization dilemma. Prerequisite: None

EDC - EARLY CHILDHOOD EDUCATION
EDC 223 Curriculum & Assessment (3 hours, spring)
A study of curriculum emphasizing the relationship between curriculum, teaching practice, and assessment in the Early Childhood classroom. This course analyzes quantitative and qualitative concepts and practices used to assess student learning and behavior; and uses these assessments to provide useful feedback for the learner, the teacher, and the improvement of the instructional program. Prerequisite: Admission to Teacher Education. Must be taken in the same semester as EDC 273.
EDC 253 Introduction to Reading Methods in Early Childhood (3 hours, spring)
This is a course for the teaching of reading. This course is designed to study and evaluate teaching materials and techniques in reading with emphasis on various approaches to teach reading in early childhood. Georgia Standards of Excellence are studied and incorporated. Prerequisite: Admission to Teacher Education.

EDC 263 Creative Arts & Motor Skills Methods (3 hours, spring)
This course is designed to examine the development of children and teaching methods that engage learners through art, drama, music, and motor skills. Emphasis is on implementing methods and materials to integrate the arts in learning and to teach health, physical and safety education. A directed field-based experience is embedded in this class to provide opportunity for observation and participation in the classroom. Prerequisite: 2.7 GPA.

EDC 273 Instructional Design for Early Childhood (3 hours, spring)
This course introduces students to the concepts of developmentally appropriate practice in Early Childhood Education. Students will focus on the developmental characteristics of young children and examine diverse methods, resources, and environments necessary to support a developmentally and culturally responsive early childhood classroom. Students will begin planning lessons and implementing them through reflective teaching exercises. This course requires teacher candidates to participate in a field-based experience that allows them to explore the career choice of becoming a teacher. It allows candidates to observe and participate in a P-5 classroom. In addition to regular tuition a course fee of $25 will be charged. Prerequisite: Admission to Teacher Education. Must be taken in the same semester as EDC 223 Curriculum & Assessment.

EDC 333 Content Methods I (3 hours, fall)
This is a course that examines various methods of teaching mathematics and science in the early childhood classroom. These methods include, but are not limited to, P-5 student use of technology. This course prepares teacher candidates for long-range planning and implementing an instructional unit in their host classroom. Teacher candidates will analyze and assess teaching resources and techniques in mathematics and science that will enable the early childhood teacher to effectively teach content and concepts to diverse students. Georgia Standards of Excellence (GSE) and STEAM are studied and incorporated. Teacher candidates will also participate in the K-5 classroom, for a minimum of 35 hours, by preparing instruction, engaging learners, assessing and analyzing their own teaching. In addition to regular tuition a course fee of $25 will be charged. Prerequisite: Admission to Teacher Education.

EDC 343 Content Methods II (3 hours, spring)
This is a course that examines various methods of teaching language arts and social studies in the early childhood classroom. These methods include, but are not limited to, P-5 student use of technology. This course prepares teacher candidates for long-range planning and implementing an instructional unit in the corresponding field experience. Teacher candidates will analyze and assess teaching resources and techniques in language arts, and social studies that will enable the Early Childhood teacher to effectively teach content and concepts to diverse students. Georgia Standards of Excellence (GSE) are studied and incorporated. Teacher candidates will also participate in the K-5 classroom, for a minimum of 35 hours, by preparing instruction, engaging learners, assessing and analyzing their own teaching. In addition to regular tuition a course fee of $25 will be charged. Prerequisites: EDC 223, EDC 333, MAT 123 and admission to Teacher Education.

EDC 353 Reading & Writing in the Content Area: Early Childhood (3 hours, spring)
This course is designed to prepare teacher candidates to teach reading and writing in the content. We will examine the three phases of the reading process: before, during and after reading. Teacher candidates will explore various strategies for each component of the reading process to effectively design lesson plans and teach reading in the content. We will also explore various writing strategies to equip teacher candidates to effectively integrate writing into this process. Candidates will be required to teach a 3-5 day segment. Prerequisites: Admission to Teacher Education.

EDC 363 Children’s Literature (3 hours, fall)
This course is a study of the literature written for children. The course reviews criteria for selecting children’s books, a historical survey of literature, books written internationally and in the United States for children, children’s book awards for outstanding literary and artistic styles, and a survey of genres suitable for early childhood readers. Prerequisite: Admission to Teacher Education.

EDC 433 Philosophy of Classroom Management (3 hours, fall)
This course examines the important and pressing issues surrounding classroom management in today’s schools. Teacher candidates will explore various approaches to classroom management; several methods of discipline which are student-centered will be discussed. Teacher candidates will analyze and evaluate their personal classroom management skills to identify areas of strength and areas for improvement. Prerequisite: Admission to Clinical Practice. Must be taken in the same semester as EDE 413 Clinical Practice I.

EDC 453 Reading Diagnosis & Remediation (3 hours, fall)
This course is designed to help prospective classroom teachers pinpoint reading difficulties within their classroom, diagnose the difficulty, and remediate the problem appropriately for student success. Testing and procedures are practiced in local experiences. Prerequisite: Admission to Clinical Practice. Must be taken in the same semester as EDE 413 Clinical Practice I.

EDE – EDUCATION ESL
EDE 323 Classroom ESL Methodology & Practicum (3 hours, spring)
This course is intended for a student interested in teaching in the K-5, 4-6, and 6-12 classroom setting. This course is designed to provide participants with an overview of English language development methodologies. Students will examine and analyze cognitive and affective factors that affect the achievement of English language learners. Students will develop an understanding of how cultural groups and individual cultural identities affect language learning. Students will be able to write and design effective lesson plans targeting those students by applying concepts, research, and evidence-based practice. A practicum of ESL teaching and learning experiences is embedded in this course to help students practice approaches develop methodologies, and collaborate with the classroom teacher. Prerequisite: EDE 213 Exploring Diversity in Education, EDC/M/S 333 Content Methods I or II & ESL 313.

EDM - MIDDLE GRADES EDUCATION
EDM 223 Curriculum & Assessment (3 hours, spring)
A study of curriculum emphasizing the relationship between curriculum, teaching practice, and assessment in the Middle Grades classroom. This course analyzes quantitative and qualitative concepts and practices used to assess student learning and behavior; and uses these assessments to provide useful feedback for the learner, the teacher, and the improvement of the instructional program. Prerequisite: Admission to Teacher Education. Must be taken in the same semester as EDM 273.

EDM 273 Instructional Design for Middle School (3 hours, spring)
This course introduces students to the concepts of developmentally appropriate practice in Middle Grades Education. Students will focus on how the developmental characteristics of young adolescence inform and influence the middle school concept. They will examine diverse methods, resources, and environments necessary to support a developmentally and culturally responsive middle school. Candidates will begin planning lessons, using the Georgia Standards of Excellence (GSE), and implementing them through reflective teaching.
EDM 333 Content Methods I (3 hours, fall)
This is a course that examines various methods of teaching in the middle school classroom. This course prepares teacher candidates for long-range planning and implementing an instructional unit. Teacher candidates will analyze and assess teaching resources and techniques in mathematics, science, social studies, and language arts that will enable the middle school teacher to effectively teach content and concepts to diverse students. Georgia Standards of Excellence (GSE) are studied and incorporated. Teacher candidates will also participate in the 4-8 classroom, for a minimum of 35 hours, by preparing instruction, engaging learners, assessing and analyzing their own teaching of concepts learned in this course. In addition to regular tuition a course fee of $25 will be charged. Prerequisite: EDM 223, EDM 273, and Admission to Teacher Education.

EDM 343 Content Methods II (3 hours, spring)
This is a course that examines various methods of engaging grades 6-8 students with technology to enhance learning of content material. Additionally, it is designed to prepare teacher candidates to teach reading and writing in the content. There is a strong emphasis on informational text. Teacher candidates will explore various strategies for incorporating student use of technology, reading, and writing in the content to develop lesson plans that effectively utilize each of these. Through this course, teacher candidates are prepared to create and implement lessons that incorporate various strategies for student use of technology, reading, and writing. Teacher candidates will also participate in the 4-8 classroom, for a minimum of 35 hours, by preparing instruction, engaging learners, assessing and analyzing their own teaching of concepts learned in this course. In addition to regular tuition a course fee of $25 will be charged. Prerequisites: EDM 223, EDM 273, and Admission to Teacher Education.

EDM 363 Young Adult Literature (3 hours, fall)
This course focuses on the characteristics of young adult literature, the stages of literary appreciation, a history of young adult literature, the use of young adult literature in the classroom, and a survey of outstanding young adult literature. Prerequisite: Admission to Teacher Education.

EDM 433 Philosophy of Classroom Management (3 hours, fall)
This course examines the important and pressing issues surrounding classroom management in today’s schools. Teacher candidates will explore various approaches to classroom management; several methods of discipline which are Christ-centered will be discussed. Teacher candidates will analyze and evaluate their personal classroom management skills to identify areas of strength and areas for improvement. Prerequisite: Admission to Clinical Practice. Must be taken in the same semester as EDU 413 Clinical Practice I.

EDU - EDUCATION
EDU 133 Foundations & Trends in Education (3 hours, either semester)
This is an introductory course for prospective teachers. This course is designed to explore the characteristics and dispositions of an effective educator for today's rigorous classrooms. Students will study the historical and philosophical underpinnings of education as well as the sociological and demographic influences on current practices. This course introduces the preparatory requirements and standards set forth by the state of GA for certification. Prerequisite: None.

EDU 200 Teacher Education Orientation (0 hour, either semester)
This course is a seminar to orient all new students to all Teacher Education programs, to their advisor, to the admission process for Teacher Education majors, and to the requirements and responsibilities of a Teacher Education major. In addition to regular tuition a course fee of $175 will be charged. Prerequisite: None.

EDU 213 Exploring Diversity in Education (3 hours, fall)
The purpose of this course is to provide pre-service teachers opportunities to explore various facets of diversity and their implications for teaching practice. This course is designed to examine the nature and function of culture, the development of individual and group cultural identity, definitions and implications of diversity and the influences of culture on learning development and pedagogy. While this course is broad in scope, the primary aim is to assist future teachers in exploring what it means to be an educator in a society that is diverse, within an educational system which is stratified. There is a 15-20 hour field-base experience that will provide opportunities for pre-service teachers to observe diverse student population in an educational setting. Prerequisite: None.
EDU 253 The Exceptional Learner (3 hours, fall)
This course examines the foundation of special education including historical perspective, service delivery models and educational trends and issues. It provides education majors with methods for teaching children who have intellectual disability, learning disabilities, visual and hearing impairments, communication disorders, autism spectrum disorders, physical challenges and those who are gifted and talented, including students with limited English proficiency. Prerequisite: None.

EDU 311 Education Seminar (1 hour, spring)
This seminar class assists teacher candidates in their preparations for the Georgia Assessments for the Certification of Educators (GACE) Content Assessments. Admission is determined through a portfolio and interview. Candidates successful passing these assessments should enroll in EDU 413 the following semester. In addition to regular tuition a course fee of $208 will be charged. Prerequisite: Admission to Teacher Education.

EDU 323 Educational Psychology (PSY 323X) (3 hours, either semester)
This course is a study of the fundamental principles of the nature and conditions of learning. Application of educational methods to the problems of guiding students behaviors is stressed. Prerequisite: None.

EDU 401-3 Independent Study (1-3 hours, either semester)
Special project or research is offered for the advanced student. The Teacher Education Department Chair must approve this course.

EDU 413 Clinical Practice I (3 hours, fall)
Teacher candidates will be placed in a school for a year long practicum to begin the instructional planning process in utilizing the state and national standards to collect and categorize resources, and begin building lessons and units. They will implement differentiated instruction based on the student demographics of their particular placement, and have opportunities to begin phasing into their teaching segments to experience the continuum of a school year in carrying out the scope and sequence of their various disciplines. Teacher candidates are placed in a cohort under a TFC supervisor, meeting regularly to carry out the process of reflective teaching in action and to develop their professional practice based on the 10 Professional Teaching Objectives (PTO) tied to the Conceptual Framework. In addition to regular tuition a course fee of $75 will be charged. Prerequisite: Admission to Clinical Practice.

EDU 419 Clinical Practice II (9 hours, spring)
Teacher candidates continue in their school placement for authentic teaching experience under a mentor teacher and college supervisor. This placement begins during the Winterim term and continues throughout the spring semester. The teacher candidate, during the duration of clinical practice, will work towards assuming full responsibilities in the classroom. Responsibilities include, but are not limited to lesson planning, co-teaching assignments, assessment of student progress and learning, and participation in other teacher related activities. Weekly cohort sessions continue with their college supervisor to discuss methods and tasks pertinent to teaching, and to problem-solve various issues related to the teaching practice. Teacher candidates will complete a comprehensive, student-centered, multiple measure assessment to demonstrate application and proficiency of the 10 Professional Teaching Objectives based on the INTASC Standards. In addition to regular tuition a course fee of $400 will be charged. Prerequisite: EDU 413.

EDU 423 Professional Integration (3 hours, spring)
This Capstone course is designed to help graduating seniors integrate their faith with their profession and be prepared to immediately enter the teaching field. Teacher candidates will reflect on their clinical practice as it relates to entering into the first year of teaching. Candidates will prepare to enter the job market by developing a professional resume, cover letter, and Induction Action Plan. Candidates will make application for Induction Certification upon successful completion of all requirements, and will pass the GA Ethics Exam. In addition to regular tuition a course fee of $45 will be charged. Prerequisite: EDU 413. Must be taken in the same semester as EDU 419.

ENG - ENGLISH

ENG 113 Freshman Composition I (3 hours, either semester; offered as scheduled online)
This course is a study of the principles and practice of rhetoric and expository writing. ENG 113 is a prerequisite for ENG 123, and a minimum grade of “C-” is required for entrance into ENG 123. Students with superior scores on the ACT/SAT may test for credit through the CLEP test. Prerequisite: None.

ENG 123 Freshman Composition II (3 hours, either semester or summer; offered spring online)
This is a continuation of ENG 113, using poetry, fiction, and drama for critical analysis. Formal research paper required. A minimum grade of “C-” is required. The major research paper, which includes an assessment of basic competencies in writing and critical thinking, must be passed to successfully complete the course. Prerequisite: a minimum grade of “C-” in ENG 113 or its equivalent.

ENG 203 World Literature I (3 hours, fall)
This course is a survey of canonical texts from the Classical Era through the Neoclassical Age. Prerequisite: ENG 123.

ENG 213 World Literature II (3 hours, spring; offered as scheduled online)
This course surveys key writings of Romanticism through Post-Colonialism. Prerequisite: ENG 123.

ENG 223 English Literature I (3 hours, fall)
This course surveys the Medieval, Renaissance, and Enlightenment periods. Prerequisite: ENG 123.

ENG 223 English Literature II (3 hours, spring)
This is a course that surveys the Romantic, Victorian, and Modern periods. Prerequisite: ENG 123.

ENG 243 American Literature I (3 hours, fall; offered as scheduled online)
This course is a survey of American literature from the Colonial period through the Civil War. Prerequisite: ENG 123.

ENG 253 American Literature II (3 hours, spring)
This course is a survey of American literature from the Civil War to the present. Prerequisite: ENG 123.

ENG 303 C.S. Lewis (3 hours, spring odd years)
This course examines the life, thought, and literary works of C.S. Lewis. Prerequisite: ENG 123.

ENG 323 Renaissance Literature (3 hours, fall even years)
This course study is sixteenth-century prose and poetry, excluding drama. Emphasis on the relationship between the Renaissance and the Reformation, the rise of the English Sonnet, and Spenser. Prerequisite: ENG 123.

ENG 333 Seventeenth-Century Literature (3 hours, offered as announced)
This course studies late Renaissance and Baroque prose and poetry. Emphasis is placed on the great devotional poets and Milton. Prerequisite: ENG 123.

ENG 343 The American Novel (3 hours, fall odd years)
The course traces the development of novel formats in American literary history from Romanticism through the modern era. Interdisciplinary frameworks will allow students to understand the socio-intellectual ramifications of works covered in the class. Prerequisite: ENG 123.

ENG 353 Jane Austen (3 hours, fall even years)
The seminar examines the historical, moral, and spiritual implications of Jane Austen's major novels. Course assignments will help students analyze the vitalized universal themes that
cause Jane Austen’s writings to achieve lasting aesthetic value in the literary canon. Prerequisite: ENG 123.

ENG 363 The Victorian Novel (3 hours, spring odd years) This course studies major Victorian novelists in relation to Victorian intellectual, religious, and social life. Prerequisite: ENG 123.

ENG 373 Contemporary Literature (3 hours, spring even years) This course studies selected outstanding writers of modern poetry, drama, and prose from late nineteenth and twentieth centuries, such as T. S. Eliot, E. M. Forster, James Joyce, Virginia Woolf, Salman Rushdie, and others. Prerequisite: ENG 123.

ENG 413 Shakespeare (3 hours, spring even years) This course is an in-depth survey of Shakespeare’s major histories, comedies, and tragedies. Prerequisite: ENG 123.

ENG 423 Middle Ages (3 hours, offered as announced) This course covers major figures, issues, and movements of the Old and Middle English periods, mostly in translation, but with some exposure to Middle English texts. Prerequisite: ENG 123.

ENG 433 Selected Topics (3 hours, offered as announced) This course will study in depth a selected author or topic at the instructor’s discretion: Dante, Milton, Arthurian Legends, Modern Poetry, and Creative Writing. This course may be repeated if a different topic is chosen. Prerequisite: ENG 123.

ENG 443 History & Practice of Literary Criticism (3 hours, spring odd years) This course is a survey of critical theory and practice from Plato to the present. Prerequisite: BIB 213, ENG 123; PHY 113 is also required of all B.A. in English majors.

ENL – ENGLISH LANGUAGE

ENL 313 History & Structure of the English Language (3 hours, fall odd years) This course surveys the linguistic history of English from its Indo-European roots to the present, concentrating on lexicography, morphology, syntax, and grammar, along with their relevance for literary history, current usage, and the structures of modern English. Prerequisite: ENG 123.

ENL 323 Introduction to Creative Writing (3 hours, spring even years) This course explores the basics of creative writing in both fiction (short stories) and poetry. Prerequisite: ENG 123.

ENL 383 Advanced Composition (3 hours, spring odd years) ENG 383 offers rhetorical strategies that are applicable to student writing and publishable works. It offers students an opportunity to reflect on their writing/reading experiences through autobiography and to choose writing projects pertinent to their fields. Prerequisite: ENG 123.

ENL 393 Grammar for Teachers (3 hours, fall) This course is an intensive review of traditional grammatical terminology and the rules of correct usage in Standard English, with special attention to appropriate methods of pedagogy. Prerequisite: ENG 123.

ENS - ENSEMBLE

ENS 100/101 Community Chorus/Oratorio (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This course includes the study of major works in choral literature and performances of this literature. Prerequisite: By permission of instructor.

ENS 110/111 Jazz Ensemble (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This course features study and performance of traditional jazz repertoire within established parameters of improvisation. Prerequisite: By permission of instructor.

ENS 120/121 College Choir (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) The student participates in major choral ensemble on campus, whose purpose is to proclaim the gospel in song, to perform in concert and at special services on campus, to foster college/community relations, and to enhance the spiritual lives of the participants. Membership is open to any student, faculty, or staff member. Participation is expected for fall and spring semesters. Prerequisite: Audition required; By permission of instructor.

ENS 130/131 Concert Band (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This course is open to pianists with superior sight-reading skills. The student will accompany voice and instrumental students on recital programs, final examinations, and platform examinations. Interview with professor is required before registering for this course. Prerequisite: Interview with instructor is required before registering for this course.

ENS 150/151 Handbell Choir (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This ensemble performs literature suitable for the church and school. Membership is open to all students, faculty, and staff. Prerequisite: By permission of instructor.

ENS 160/161 Orchestra (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This ensemble performs sacred, classical and pops literature. Membership is open to all students, faculty, and staff. Prerequisite: By permission of instructor.

ENS 170/171 Instrumental Chamber Ensemble (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This course provides an opportunity for accomplished instrumentalists to study and perform small ensemble literature. Membership is on an audition basis and may include faculty, staff, or members of the community as the need arises. Prerequisite: By permission of instructor.

ENS 180/181 Vocal Chamber Ensemble (0 hour for music majors/minors; 1 hour for non-music majors/minors; either semester) This course offers a study and performance of works for various vocal chamber groupings. Ensembles are formed from a general pool of registrants. These include ensembles for mixed voices (which will meet in the fall semester), men (both semesters), and women (spring semester). With the permission of the instructor(s), members of the community at large are permitted to participate in these groups without formal application or registration procedures. Prerequisite: Audition required; by permission of Instructor.

ENS 190/191 Multicultural Music Ensemble (0 hour for music majors/minors; 1 hour for non-music majors/minors; spring) This course offers a study, and performance in music, of various cultures. Membership is open to any interested persons. The ability to read music notation is not a prerequisite. Prerequisite: None.

ENS 210/211 Opera Workshop (0 hour for music majors/minors; 1 hour for non-music majors/minors; spring) The student will learn techniques for the singing actor. The class will produce scenes from the dramatic repertory from both opera and Broadway. Prerequisite: By permission of instructor.
ENS 220/221 Worship Arts Team (0 hour or 1 hour, either semester)
Students will study and perform music suitable for the modern church and Christian school, the various types and concepts of leading worship, and will gain practical experience in contemporary worship. Prerequisite: for those with Worship Arts Concentration only; by permission of Instructor.

FAM 233 Marriage & Family Relationships (3 hours, fall)
This course will examine biblical and contemporary perspectives on marriage and family relationships. Beginning with an examination of dating and premarital relationships this course considers theological foundations for marriage and family, communication dynamics, conflict resolution, sexuality, parenting, and the cultivation of wholeness in marriage and family life. Preliminary consideration of the church’s role in enhancing healthy marriage and family relationships will be given throughout the course. Prerequisite: None.

FAM 243 Ministry to Families (3 hours, spring)
Based on thorough understanding of the biblical and theological foundations for marriage and family, special attention will be given to the life-cycle stages of individuals within a family structure and relationships. A critical examination of recent research findings from social developmental sciences will be included. In addition, students are introduced to several family ministry models and ministry alternatives in both the church and faith-based ministry contexts. Prerequisite: FAM 233.

FAM 253 Foundations for Children's Ministry (3 hours, fall)
This course is designed to prepare the student with the foundations for effective children’s ministry. The course will include the biblical, theological, developmental, and sociological foundations. Prerequisite: MIN 113.

FAM 313 Ministry to Adults (3 hours, spring, odd years)
This course examines the characteristics and needs of adults as lifelong learners in various ministry contexts. Particular emphasis will be given to an exploration of the nature of adult discipleship, various adult learning theories and their proponents, and adult life-span development. In addition, various models of adult ministries will be explored. Prerequisite: PSY 243.

FAM 343 Organization & Administration of Family & Children’s Ministry (3 hours, spring)
This course studies the organizing, planning, decision-making, supervision, and human relations in the administration and management of family and children’s ministries. Prerequisite: MIN 113.

FAM 353 Child & Family Advocacy (3 hours, fall)
Based on the biblical, theological, and historical perspectives on the health of children and family, this course will examine different types of abuse, various factors that lead to abuse, the developmental impact of child maltreatment, and the church’s role in preventing and responding to child abuse and neglect. Particular emphasis will be of the role of the individual ministry leader as a child and family advocate. Prerequisite: FAM 253.

FAM 401-3 Independent Study (1-3 hours, either semester)
This course offers individual study of family ministry education for the advanced student. Advance approval by the Ministry and Leadership Department Chair is required. Prerequisite: Senior status.

FAM 453 Curriculum Development for Family & Children (3 hours, fall)
This course is designed to explore the process of curriculum development and design. It also identifies principles for selecting curriculum to meet the needs of learners and the educational program of the local church. This course will include a systematic evaluation of available curricula of the major evangelical publishers and attention will be given to the writing of lesson plans for a variety of ministry settings. Prerequisite: FAM 253.

FAM 463 Seminar in Family & Children's Ministry (3 hours, spring)
This capstone course will be composed of a cohort of family and children’s ministry students. Curriculum will include at least five components: 1) a written doctrinal statement, 2) an integrative comprehensive exam (written and oral) related to family and children’s ministry and based on previous courses, 3) contemporary issues in family and children’s ministries, 4) placement issues, and 5) the integration of character and intellect. Prerequisite: senior status.

FAM 473 Family & Children’s Ministry Internship (3 hours, summer)
This internship is the practical application of the principles and practices learned in the student’s classroom experiences in a family ministry situation. Students will be involved in an approved ministry and will receive the benefits of supervision and evaluation. Prerequisites: 90 completed hours or approval by the Ministry and Leadership Department Chair and acceptance to the Ministry and Leadership Department.

FAM 483 Research in Family & Children’s Ministry (3 hours, spring)
This course will assist students to develop skills in research and scientific communication in the field of family and children’s ministry by providing opportunities to integrate knowledge and practical skills. Students will acquire proficiency in literature search, transcription/coding (for both qualitative and quantitative studies), and oral/written proposals or presentations. Successful completion of the course results in an APA-style paper and/or submission for conference presentation or grant proposal. Prerequisite: Senior status.

FRN - French
FRN 113 Elementary French I (3 hours, fall)
This course is an introduction to approximately one-fourth of the phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: None.
FRN 123 Elementary French II (3 hours, spring)
This course is an introduction to the second of four parts of the essential phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: FRN 113 or equivalent.

FRN 233 Intermediate French I (3 hours, fall)
This course is an introduction to the third of four parts of the phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: FRN 123 or equivalent.

FRN 243 Intermediate French II (3 hours, spring)
This course is an introduction to the fourth of four parts of the phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: FRN 233 or equivalent.

FRN 313 French Composition & Conversation (3 hours, offered as announced)
This course is a review/advanced grammar course with an emphasis on systematic vocabulary, conversation, and composition in the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking with immersion in the language during the class time. Prerequisite: FRN 243 or equivalent.

FRN 323 Survey of French Literature (3 hours, offered as announced)
This course is an introduction to excerpts of many of the major French literary works spanning six major literary time periods (Medieval, Renaissance, Neo-Classical, Romantic, Modern, Post-modern). Emphasis will be placed on reading and writing outside of class with listening and speaking in the target language via discussion of the texts in French. Prerequisite: FRN 243 or equivalent.

FRN 413 French Civilization (3 hours in residence or on a summer mission trip to France, Belgium, or Switzerland)
This course is an introduction to France's history, geography, artistic forms, and expressions from the Middle Ages to the 21st century. Assignments emphasize the reading and writing of essays outside of the class. It emphasizes listening and speaking in the target language via discussion of the assignments in French. Prerequisite: FRN 243 or equivalent.

FRN 423 Francophone World (3 hours in residence or on a summer mission trip to francophone America or Africa)
This course is an introduction to the various countries colonized by the French, their history, geography, artistic forms, and expressions from colonization through independence until the current day. The assignments emphasize reading and writing of various target cultures outside of class with listening and speaking in the target language via discussion of the assignment in French. Prerequisite: FRN 243 or equivalent.

GMU 213 American & World Music Traditions (3 hours, fall)
A survey of music in the United States including the world music that has shaped the unique landscape of U.S. music. Prerequisite: None.

GRK 213 Elementary Greek I (3 hours, fall even years)
This course is a study of the grammar and vocabulary of Koine Greek. This course includes translation from simpler passages in the Greek New Testament. It does not count towards the college’s minimum requirement of Bible and theology hours for graduation. It is strongly recommended that a student who passes GRK 213 also enroll in GRK 223. Prerequisite: None.

GRK 223 Elementary Greek II (3 hours, spring odd years)
This course is a continuation of GRK 213 and counts towards the college’s minimum requirement of Bible and theology for graduation. Prerequisite: GRK 213.

GRK 333 Intermediate Greek I: Johannine Literature (3 hours, fall odd years)
This course consists of the translation and analysis of selected passages from the Gospel and Epistles of John from the Greek New Testament. It includes continuing grammatical investigation, vocabulary acquisition, and development of syntactical analysis. Each week’s work includes direct studies in the Greek text. The course counts towards the college’s minimum requirement of Bible and theology hours for graduation. Prerequisite: GRK 223.

GRK 343 Intermediate Greek II: Pauline Literature (3 hours, spring even years)
This course concentrates on the translation and analysis of a selected Pauline letter from the Greek New Testament. Includes continuing grammatical investigation, vocabulary acquisition, and development of syntactical analysis. Time will be given to introductory studies in textual criticism. Each week’s work includes direct studies in the Greek text. This course counts towards the college’s minimum requirement of Bible and theology hours for graduation. Prerequisite: GRK 333.

GRK 453 Greek Exegesis: Selected Passages (3 hours, offered as announced)
This course offers the student translation and analysis of selected passages from the New Testament. Special attention is given to the normal sequence of steps in the exegetical process. Emphasis will also be placed on the resources useful for exegesis, such as lexicons, concordances, textual criticism guides, and commentaries. Each week’s work includes direct study of the Greek NT text. Students may take this course more than once by concentrating on a different text of the NT. This course counts toward the college’s minimum requirement of Bible and theology for graduation. Prerequisite: GRK 343.

GRK 463 Greek Readings: Selected Passages (3 hours, offered as announced)
This course consists of selected readings from the Greek New Testament with special emphasis on developing reading and translation skills. Attention will also be given to the special syntax, grammar, and vocabulary of the author. Each week’s work will involve the study of the Greek NT. Students may take this course more than once by concentrating on a different part of the Greek NT. It counts toward the college’s minimum requirement of Bible and theology for graduation. Prerequisite: GRK 343.

HEB - HEBREW

HEB 213 Elementary Hebrew I (3 hours, fall odd years)
This course teaches the grammar and vocabulary of biblical Hebrew and includes translation from simpler passages in the Hebrew Old Testament. It does not count towards the college’s minimum requirement of Bible and theology hours for graduation. It is strongly recommended that a student who passes HEB 213 also enroll in HEB 223. Prerequisite: None.

HEB 223 Elementary Hebrew II (3 hours, spring even years)
This course is a continuation of HEB 213. Continued study of Hebrew grammar and vocabulary with an emphasis on reading and translating the Hebrew text, all of which will develop confidence in the language. This course counts towards the college’s minimum requirement of Bible and theology for graduation. Prerequisite: HEB 213 or instructor's permission.

HEB 333 Intermediate Hebrew (3 hours, offered as announced)
This course involves application of exegetical methods to the study of selected passages in the Hebrew text. This course consists of translation, identification of grammatical forms, further...
acquisition of vocabulary and analysis of syntactical construction. It continues the reading of the Hebrew Scriptures begun in HEB 213 and HEB 223. This course counts towards the college’s minimum requirement of Bible and theology for graduation. Prerequisite: HEB 223 or instructor’s permission.

HEB 343 Biblical Aramaic (3 hours, offered as announced)
This course offers an explanation of differences between Hebrew and Aramaic followed by student translation of selected Aramaic portions of Ezra and Daniel. Attention is given to Aramaic words in the New Testament. This course counts towards the college’s minimum requirement of Bible and theology for graduation. Prerequisite: HEB 223 or instructor’s permission.

HEB 401-3 Independent Study (1-3 hours, either semester)
Selected students are permitted to secure specialized training in Hebrew composition and/or reading appropriate to individual needs. The project will involve extensive independent work under individualized direction of a professor. Availability of the course is contingent on availability of faculty. Independent study requires a minimum of 42 clock hours of work per semester hour. Prerequisites: HEB 213 and HEB 223.

HEB 453 Hebrew Exegesis: Selected Passages (3 hours, offered as announced)
This course offers an introduction to the tools and methods for the exegesis of selected Hebrew texts, using concordances, lexicons, textual criticism, critical commentaries and technical journal articles. This course counts towards the college’s minimum Bible and Theology requirement. The course includes direct study of the Hebrew OT text each week and the completion of an exegesis paper on a selected passage. Prerequisite: HEB 223. Not required but highly recommended: HEB 343 or instructor’s permission.

HIS - HISTORY

HIS 113 History of Western Civilization I (3 hours, fall)
This course traces political, social, economic, and cultural developments characterizing Western society from its beginnings in the Ancient Era through the end of the Middle Ages. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisite: None.

HIS 123 History of Western Civilization II (3 hours, spring)
This course traces political, social, economic, and cultural developments characterizing Western society from the Early Modern Era through the end of the Twentieth Century. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisite: None.

HIS 133 World Civilizations I (3 hours, offered as scheduled)
This course traces political, social, economic, and cultural developments within a global context, beginning with the emergent civilizations of the Ancient Era and ending with the expanding intercontinental confrontation and interaction characteristic of the Early Modern Era. Cause-and-effect relationships among individuals, issues, and events are emphasized. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisites: None.

HIS 143 World Civilizations II (3 hours, offered as scheduled)
This course traces political, social, economic, and cultural developments within a global context, beginning with the expanding intercontinental confrontation and interaction characteristic of the Early Modern Era and ending with the complex interdependency of the world’s peoples as they entered the Twenty-first Century. Cause-and-effect relationships among individuals, issues, and events are emphasized. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisites: None.

HIS 223 Twentieth Century World History (3 hours, fall odd years)
This course traces global political, social, economic, and cultural developments from the late 19th century to the end of the 20th. Cause-and-effect interrelationships among individuals, issues, and events are emphasized, both within specific nations as well as those of an international character. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisite: None.

HIS 233 History of the United States I (3 hours, fall; offered as scheduled online)
This course traces political, social, economic, and cultural developments from the Colonial Period through Reconstruction. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisite: None.

HIS 243 History of the United States II (3 hours, spring)
This course traces political, social, economic, and cultural developments from Reconstruction through the Reagan-Bush Era. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Interaction with primary source documents facilitates critical thinking and historical insight. Prerequisite: None.

HIS 313 History of Ancient Greece & Rome (3 hours, fall odd years)
This course traces political, social, economic, and cultural developments within these Mediterranean-centered civilizations from the Bronze Age beginnings of the Mycenaean Greeks to the collapse of the western portion of the Roman Empire on the eve of the Medieval Era. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Historiographical exploration of topics and interaction with primary source documents facilitate critical thinking and historical insight. Prerequisite: None.

HIS 323 History of Medieval Europe (3 hours, fall even years)
This course traces political, social, economic, and cultural developments from the disintegration of the western portion of the Roman Empire to the emergence of the Renaissance Era. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Historiographical exploration of topics and interaction with primary source documents facilitate critical thinking and historical insight. Prerequisite: None.

HIS 343 History of Latin America (3 hours, spring odd years; offered as scheduled online)
This course is a broad survey of political, economic, social, and cultural developments in South America, from the earliest civilizations to the end of the 20th century. Prerequisite: None.

HIS 353 Church History (3 hours, fall; spring even years online)
This course studies the post-apostolic period through the Protestant Reformation, emphasizing the development of Christian theology, institutions, and lifestyles, especially in light of their relevance to contemporary problems in the church. Prerequisite: None.

HIS 363 American Church History (3 hours, spring; fall even years online)
This course traces the growth and development of Christianity within the United States, from the Colonial Era through the late Twentieth Century. Attention is given to key individuals, issues, and events within their broader historical context. Historiographical exploration of topics and interaction with primary source documents facilitate critical thinking and historical insight. Prerequisite: None.

HIS 373 History of Africa (3 hours, spring even years; offered as scheduled online)
This course broadly surveys political, economic, social, and cultural developments on the African continent, from the earliest civilizations to the end of the 20th century. Prerequisite: None.
HIS 383 Study Abroad in History (3 hours, winterim or summer II or offered as announced)
This is a special study of history in an international setting. The professor designs each course, including reading in advance, study abroad at on-site locations, a reflection on specific historical features, and the articulation of ideas in writing based on the student's experience abroad. Prerequisites: Completion of one year at TFC, TFC Application for Study Abroad, and permission of instructor.

HIS 393 History of Asia (3 hours, spring even years)
This course traces political, social, economic, and cultural developments on the Asian continent from the Ancient Era through the late Twentieth Century. Attention is given to the civilizations of India, China, and Japan. Cause-and-effect interrelationships among individuals, issues, and events are emphasized. Historiographical exploration of topics and interaction with primary source documents facilitate critical thinking and historical insight. Prerequisite: None.

HIS 413 Historiography (3 hours, fall)
This course focuses on the "doing of history." Topics addressed include historians and their craft, philosophies of history, and historical methodologies. Oral and written, individual and group, projects facilitate the development of discipline-relevant skills. Prerequisite: 6 hours of HIS.

HIS 473 History Seminar (3 hours, spring)
This capstone course focuses primarily on the research and writing of an in-depth scholarly essay on a specific historical topic. Topics are chosen by students with the approval of the professor. Among other requirements, students will take the GACE Content Assessment. Prerequisites: HIS 413, the course must be taken in a student's final spring semester.

HUM - HUMANITIES
HUM 103 Western Thought & Culture (3 hours, winterim or summer I; offered as scheduled online)
This interdisciplinary course relates a Christian worldview to the art and thought of Western civilization since the Enlightenment. It examines the assumptions underlying current Western culture and identifies the fundamental ideological conflicts these assumptions have with Christianity, as well as how Christians can nevertheless appreciate art and thought built on these assumptions for whatever truth is present. Residential students may not take this course online. Prerequisite: None.

HUM 113 Art Appreciation (3 hours, offered as announced)
An introductory study of the theory, principles, and elements of art, this course includes basic art analysis, criticism, and aesthetic concepts. It is intended for the general interest student; no previous art study is required. May include a field trip as announced. Prerequisite: None.

HUM 123 Introduction to Art Media & Techniques (3 hours, offered as announced)
This course is an introductory studio art course exploring two-dimensional art materials and techniques. Focus is primarily on drawing and painting, but some printmaking and paper making techniques may also be addressed. It is intended for the general interest student; no previous art study is required. May include a field trip as announced. Prerequisite: None, but HUM 113 is recommended.

HUM 383 Study Abroad in Humanities (3 hours, winterim or summer II or offered as announced)
This course is an interdisciplinary, in-depth study of the humanities in an international setting. The professor designs each course special, including reading in advance, study abroad at on-site locations, a reflection on specific topics in the humanities, and the articulation of ideas in writing based on the student's experience abroad. Prerequisites: Completion of one year at TFC, TFC Application for Study Abroad, and permission of instructor.

ICS - INTERCULTURAL STUDIES
ICS 113 Gifts, Guidance, & Goals (3 hours, fall semester)
This course is a study and discussion of spiritual gifts, temperaments, goal setting, and biblical guidelines for knowing and applying godly wisdom to daily life. Testing tools are used to analyze spiritual gifts and temperaments. Prerequisite: None.

ICS 253 History of Missions (3 hours, spring)
This is a history of missions course pertaining to the progress of missions. It is presented from its inception to the present era including a study of the beginning, process, and advancement of modern missions on the various fields throughout the world. The latter part of the semester is concerned with case studies in historic patterns of church growth around the world. Prerequisite: None.

ICS 303 Non-Traditional Religious Movements (REL 303X) (3 hours, spring odd years)
This course assesses the history, development, and beliefs of selected contemporary non-evangelical systems that deviate from traditional Christendom (cults) as well as selected new religious movements originating in major non-western world religions. Special attention is given to apologetic responses in light of current social, political and economic situations. Prerequisite: None.

ICS 313 Introduction to Hinduism & Buddhism (REL 313X) (3 hours, spring even years)
This course provides an in-depth survey and a deeper understanding of the Hindu and Buddhist religions. It also explores current strategies being used to bring the gospel of Christ to these two primary religions, both of which comprise a large number of unreached people groups. Analysis of relationships between Eastern religions and their influence in the Western world will be explored. Prerequisite: ICS 323.

ICS 323 World Religions (REL 323X) (3 hours, either semester; fall even years offered)
This course is an introduction to the major religions of the world. Focus is on the historical origin, development, doctrine and current status and influence in modern world. Prerequisite: None.

ICS 333 Small Group Ministries (3 hours, fall)
This course investigates the dynamics and value of cell groups, home based churches, friendship groups, etc. in cross-cultural setting. This is not a course on "cell-churches" but reviews this phenomenon along with other models of small group ministries. This is a valuable course for a cross-cultural church planter expecting to minister in an urban setting, whether in the United States or abroad. Prerequisite: permission of Instructor.

ICS 342 Women in International Ministry (2 hours, offered as announced, winterim)
The role of women in the Church is explored through an examination of biblical truths, history, and present reality with a focus on ministry in the non-Western world. Challenges to women in the global community are dealt with and practical guidelines offered. Prerequisite: None.

ICS 343 Introduction to Islam (REL 343X) (3 hours, fall)
This is a study of the structure, beliefs, and practices of Islam, including an analysis of the Quran, the life of Muhammad, and the historical development of the religion. Emphasis will be given to apologetics and outreach to Muslims. Prerequisite: None.

ICS 352-6 Cross-Cultural Internship (2-6 hours, summer)
Designed to be integrated into an actual cross-cultural situation, this course is carried out through practical service in a new culture. Specially designed programmed materials serve as a guide to field work using participant-observation and other anthropological methods. Time necessary in a new culture is at least six weeks. Prerequisite: ANT 323.
ICS 362-6 International Business Internship (2-6 hours, summer)
This course is designed to integrate, either in an actual cross-cultural situation or in a mission agency office, the knowledge gained in the areas of business/missions in actual day-to-day field/home office operations. Time necessary for this practicum is a minimum of six weeks. Prerequisite: ANT 323.

ICS 373 Church Health (3 hours, fall, as offered winterim)
This course is designed to investigate the Biblical basis for church multiplication and the foundations for establishing a healthy and reproducing church. Prerequisite: None.

ICS 383 Training & Discipling (3 hours, spring semester and fall even years)
This course is designed to give instruction and practical applications relating to personal discipleship. It will familiarize prospective missionaries with the methods and models for training Christian workers in another culture. It emphasizes Theological Education by Extension (TEE) as well as other models of theological training. Prerequisite: None.

ICS 401-3 Independent Study (1-3 hours, either semester or summer)
The content and method within this course framework will be directed by the professor in charge through consultation with the student. Offered by approval of the Global Ministries Department Chair. Prerequisite: None.

ICS 413 Selected Topics (3 hours, spring)
This course will study in depth a topic facing the global Church and cross-cultural ministry. The topic will be selected by the Global Ministries Department. The course may be repeated if a different topic is chosen. Prerequisite: None.

ICS 433 Christian Education in Other Cultures (3 hours, fall odd years)
This course studies the basic philosophy of Christian education and the application of related principles to cultural situations. Emphasis will be on researching needs, designing curricula to meet those needs, and using teaching methods that are acceptable to the culture and reproducible by teachers within that culture. Prerequisite: None.

ICS 443 Cross-Cultural Storytelling (3 hours, spring; offered as scheduled online)
This course is designed to enable students to use storytelling as a means of disciple making. Storying is a viable means to effectively present the message of Christ to and make disciples of people who are primary oral learners or who prefer to learn through oral methods. This course aims at teaching skills necessary to communicate the gospel in a strategic way through storytelling. Prerequisite: None, but ANT 203 recommended.

ICS 453 Cross-Cultural Communication (3 hours, spring)
This course enables the student to develop an understanding of culture’s effects on the communication process. It concentrates in areas such as worldview, cognitive process as related to culture, and contextualization of supra-cultural meaning. Prerequisite: not required, but recommended, ANT 203.

ICS 463 Strategy of Missions (3 hours, fall)
The student will be taught to discern the ways and means of attaining the goals of missions in action. It is a critical examination of methods and purposes in order to establish relevant, functional, and biblical strategies. Prerequisite: None.

ICS 473 Urban Ministry & Practicum (3 hours, fall)
This course studies the urban ministry of the church in terms of evangelism, church planting, and the meeting of social needs. It relates to urban minority considerations in cities of the USA as well as in world-class cities in other countries. The process of urbanization, its accompanying problems, and how the church can respond to them will be the major focus of the class. Practical applications are studied at on-site locations in urban areas. Prerequisite: None.

ICS 483 Intercultural Development Strategy Project (3 hours, spring)
This course provides the student majoring in Cross-cultural Business Administration the opportunity to be a part of a diverse planning team that develops a strategy to establish a development project among a specific people group. Skills in teamwork, critical thinking, strategic planning, and project presentation are refined. Prerequisite: ICS 362, ANT 363 and ANT 483.

ICS 493 Missiology Strategy Project (3 hours, spring)
This course provides the student majoring in Cross-cultural Studies the opportunity to be a part of a diverse team that develops a strategy to plant and establish a new church or accelerate the growth of an established church among a specific people group. Skills in teamwork, critical thinking, strategic planning, and project presentation are refined. Prerequisite: ANT 363 and ANT 483.

IPC – INTERPERSONAL & PUBLIC COMMUNICATION

IPC 201 Interpersonal & Public Communication Practicum (1 hour, either semester or summer)
The practicum will allow students to gain hands-on experience working in areas of interest related to their study. Projects may include Communication Department publications, The Talon, or other projects as approved by the Department Chair of Communication. This course may be repeated up to three times over three semesters. Graded on an S/U basis. Prerequisite: None.

IPC 243 Nonverbal Communication (3 hours, as announced)
This course teaches the nature and function of nonverbal communication. It is designed to heighten the student’s ability to perceive and transmit meaning nonverbally. Included in the course are kinesics, proxemics, vocalic, and artifactual communication. Special attention is given to understanding the emotional significance of nonverbal communication and how it influences the communication process. Prerequisite: None.

IPC 293 Interpersonal Communication (3 hours, spring)
This course instructs the student on the fundamentals of understanding the process of interpersonal communication. Covering such topics as the role of self-concept and self-disclosure in communication, the influence of perception and emotions on communicating, interpersonal attraction and communication effectiveness, developing a climate of communication, and dealing with conflict in communication. Prerequisite: None.

IPC 313 Organizational Communication (3 hours, fall even years)
This course examines the interplay of structures and organizational practices by exploring communication within an organization. The dynamic of Organizational Communication is from a variety of theoretical approaches. Prerequisite: None.

IPC 323 Public Relations (3 hours, spring even years)
This is a course that focuses on effective public relations principles which could be applied to church, business, institutional, or mass communication. Through reading, discussion, lecture, projects, and class guest, the student will gain understanding of basic aspects of the public relations process. Prerequisite: None.

IPC 333 Small Group Communication (3 hours, spring odd years)
This course introduces students to a deeper understanding of small groups. The course explores issues such as group dynamics, roles, and functions of small groups. Prerequisite: None.
IPC 343 Advanced Public Speaking (3 hours, fall odd years)  
This course is designed to provide a deeper appreciation for the complexities of public speaking. Specifically, students will gain additional practice and more individualized instruction in developing their unique voice. More complex aspects of message construction, development, and adaptation will be covered. Prerequisite: COM 113.

IPC 353 Leadership Communication (3 hours, fall even years)  
This course provides students with an overview of business communication as it relates to leadership practices and theory in business and professional settings. Students will examine the factors contributing to effective leadership through theory and practice. Prerequisite: None.

IPC 373 Mentoring (3 hours, offered as announced)  
Focusing on the unique aspects of communication within the context of mentoring, this course introduces students to a deeper understanding of the interpersonal constructs from IPC 293. Students are instructed in the specific areas of developing relational trust, openness, and disclosure. This course provides essential knowledge and skills for those pursuing the study of the communicative practices of leadership. Prerequisite: None.

IPC 401-3 Independent Study (1-3 hours, offered as announced)  
This course is an individual study course for the advanced communication student. Prerequisite: Advance approval by the Communication Department Chair.

IPC 493 Interpersonal & Public Communication Internship (3 hours, offered either semester or summer)  
This course gives credit for supervised and approved work experience in related fields. Minimum of 210 hours of on-the-job experience required. Assessment is required. Graded on an S/U basis. Prerequisite: Junior status.

LAT - LATIN  
LAT 113 Elementary Latin I (3 hours, offered as announced)  
This course is an introduction to approximately the first fourth of the phonetics, grammar, vocabulary, and texts needed to adequately read, recite, write, and translate the Latin language. Prerequisite: None.

LAT 123 Elementary Latin II (3 hours, offered as announced)  
This course is an introduction to approximately the second fourth of the phonetics, grammar, vocabulary, and texts needed to adequately read, recite, write, and translate the Latin language. Prerequisite: LAT 113 or equivalent.

LED – LEADERSHIP  
LED 233X Biblical Foundations of Leadership (3 hours, fall; offered as scheduled online)  
See MIN 233 for course description.

LED 313 Building & Leading Teams (3 hours, offered as scheduled online)  
This course focuses on how to build and lead successful teams in the marketplace. Team building models will be analyzed with emphasis on actionable steps that can be taken to overcome common hurdles and build cohesive, high performing teams. The principles of coaching and coaching strategies are explored. An emphasis will be placed on the role of the leader in developing successful work teams, project teams, virtual teams, and inter-organizational teams. Prerequisite: None.

LED 323X Leadership & Management Theory (3 hours, spring; offered as scheduled online)  
See MIN 323 for course description.

LED 363X Servant Leadership (3 hours, offered as scheduled online)  
See MAN 363 for course description.

LED 383 Leading Organizational Change (3 hours, offered as scheduled online)  
This course focuses on the theoretical concepts, practices, and impact of change on an organization in order to lead sustainable organizational change efforts in the context of a highly competitive, rapidly changing, and evolving global economy. Learners study how to prepare the organization, plant the details, execute a change process across an organization, and measure the plan’s effectiveness and the change it brings to achieve continuous improvement. Prerequisite: None.

LED 413X Strategies for Leadership Development (3 hours, fall; offered as scheduled online)  
See MIN 413 for course description.

LED 453 Cross-Cultural Leadership (3 hours, offered as scheduled online)  
In a rapidly changing world, leaders need to recognize the dynamics of globalization and cross-cultural communication. The underlying theme of this course is that the skills and behaviors that are perceived as effective leadership characteristics in one culture are not necessarily those that will be effective in a different culture. Learners will analyze various theoretical frameworks to help them identify culture’s effect on attitudes and behaviors, as well as on approaches to ethics, motivational practices, negotiation patterns, strategic decision making, and change. Prerequisite: ECO 213, 223.

LED 493 Organizational Leadership Research (3 hours, offered as scheduled online)  
This capstone course empowers organizational leadership and management students to survey the applicable literature in order to develop at least three deliverables: 1) a written personal philosophy of organizational leadership, 2) a research project involving investigation of a contemporary leadership issue approved by the instructor, and 3) a reflection project that integrates contemporary issues in organizational leadership with Christian character and intellect. Prerequisite: senior status or permission of instructor.

MAN – MANAGEMENT  
MAN 213 Principles of Management (3 hours, either semester; offered as scheduled online)  
This is an introduction to the foundational principles and basic management techniques which every manager must master to succeed in today’s fast-changing competitive environment. Emphasis is on the managerial functions of planning, organizing, staffing, leading, and controlling. Prerequisite: None.

MAN 323 Production & Operations Management (3 hours, offered as announced)  
This course studies the methods used for effective production of goods and services. The concepts and techniques of planning, scheduling, operations strategy, supply chain design, inventory management, resource management, quality management, and project management are discussed. Prerequisite: MAN 213.

MAN 353 Volunteer Engagement & Resource Management (3 hours, offered as scheduled online)  
Volunteers are often referred to as the heart of a nonprofit. This course focuses on the dynamics of volunteerism in nonprofit organizations and in the life of the community, covering issues such as committees and task force organization and leadership. The course will examine definitions, values, standards, principles, and effective practices in volunteer resource management within the nonprofit organization. Prerequisite: None.

MAN 363 Servant Leadership (LED 363X) (3 hours, offered as scheduled online)  
This course integrates theory-based and practice-based approaches to servant leader dynamics and service delivery in the nonprofit organization setting. The course focuses on such topics as leader styles, characteristics, and strategies; leading volunteers; leading in a diverse world; leading in times of crisis and complexity; and leading for the future. Prerequisite: None.
**MAN 373 Event & Facility Management in Sport & Entertainment** (3 hours, fall; offered as scheduled online)

Sport and entertainment (amateur and professional) activities are held in facilities that create unique opportunities for the sport and entertainment business manager. This course focuses on the application of facility operations and event management principles and concepts providing students with an in-depth investigation of the unique challenges and opportunities that are faced by a business manager in the context of events at sport and entertainment venues. This course will examine differing styles of facility management and the many areas that it encompasses to include planning, designing, equipping, human resources, budgeting, marketing, and risk management. Prerequisite: None.

**MAN 383 Organizational Behavior & Development** (3 hours, spring; offered as scheduled online)

This course examines behavior in organizational settings as affected by individual, group, and organizational processes with the goal of understanding and explaining why people act and react within organizations especially to change. Emphasis will be placed on the effects of organizational structure on patterns of communication and the role of leadership to describe, understand, predict, develop, and to some degree control human activity in the work place to bring about planned change. Students will be given opportunity to recognize and respond to change, motivation, morale, attitude, stress, corporate culture and politics, group dynamics, and decision-making processes. Prerequisite: MAN 213 recommended.

**MAN 393 Study Abroad in Sport Management** (3 hours, offered as announced)

This course provides Sport Management study in an international setting. The professor specially designs each course, including reading in advance, study abroad at on-site locations, a reflection on specific Sport Management topics, and the articulation of ideas in writing based on the student's experience abroad. Prerequisites: Completion of one year at TFC, TFC Application for Study Abroad, and permission of instructor.

**MAN 413 Human Resources Management** (3 hours, fall even years; offered as scheduled online)

This course is a study of the nature and behavior of humans as we relate and work together in the organization. It examines techniques of applying the managerial functions of staffing and controlling to accomplish organizational goals. Topics include employer/employee relations, recruitment, job design, performance appraisal, training and development, compensation, communication, and legal compliance. Prerequisite: MAN 213.

**MAN 433 Business Policy & Strategy** (3 hours, spring)

This is a seminar course exploring current issues faced by management with special attention to business ethics and social responsibility. Relationship of business, government and society are discussed culminating in a major paper assignment. Ethical core values are taught as guidelines for development of organizational plans and strategies. Prerequisite: senior business administration majors only.

**MAN 443 Policies & Issues in Sport Management** (3 hours, spring; offered as scheduled online)

This course is a capstone course designed to explore the leadership of strategic management planning and policy development in sport organizations. "Capstone" means that this course integrates concepts from the sport management/management functional areas, the sport studies functional areas, and the Biblical/theological areas in analyzing and resolving strategic management and policy issues. This course examines how leaders of sport organizations choose, maintain, or redirect the strategic positions of their organizations with a Biblical worldview within ever changing environments. Prerequisite: senior status or permission of instructor.

**MAN 453 International Management** (3 hours, spring)

This course studies the organizational structure, management processes, organizational behavior, and human resources as related to the global company’s expatriates, third country nationals, and host country nationals. Emphasis is given to the international manager’s job of staffing, training, motivating, leading, and controlling in cross-cultural environments. Students will prepare a comparative country portfolio. Prerequisite: MAN 213.

**MAN 463 Strategic Nonprofit Management** (3 hours, offered as scheduled online)

The course is designed as a capstone to enable learners to integrate knowledge and skills learned in previous courses in the Nonprofit Business Administration specialization and demonstrate the ability to lead a nonprofit organization. This course also prepares learners to consider the “big picture” with coverage of strategic planning and policy development. Prerequisite: senior status, or permission of instructor.

**MAN 473 Sport Management Internship** (3 hours, either semester or summer; offered as scheduled online)

This course is a supervised experience which involves putting into practice those things learned in academic preparation. An internship site will be determined by the student’s future goals. The internship may be set up in a variety of different areas such as coaching, sport administration, sport marketing, facilities management, etc. It requires 240 hours of experience on the job. Prerequisite: junior or senior status and approval of the Business Administration Department Chair.

**MAN 483 Entrepreneurship & Small Business Management** (3 hours, offered as announced)

This is a study of the application of business and managerial principles to the establishing and operating of a small business in today’s dynamic environment. Special emphasis is given to the entrepreneur, process entry strategies, market opportunities and threats, sources of capital and funding, legal and tax issues, operations, record keeping, growth challenges, and buying or selling a business. Students will select a product or service and prepare a comprehensive business plan for starting a small business. Prerequisite: MAN 213.

**MAT - MATHEMATICS**

**MAT 113 General College Math** (3 hours, either semester; offered as scheduled online)

The overall focus of this course is to increase understanding in the general areas of mathematics, specifically numbering and base sense. The course will employ a variety of topics including number systems, rational numbers, consumer mathematics, percentages, linear and quadratic equations, graphing, and geometry. By use of real world examples, learner will be exposed to an array of problem-solving techniques promoting greater flexibility with numbers, shapes, operations, estimation, and geometric and algebraic applications. Prerequisite: None.

**MAT 133 College Algebra** (3 hours, fall; offered as scheduled online)

This course is a study of polynomial and rational functions with an emphasis on their graphic representations. The course will include topics such as operations with complex numbers and radicals, solving quadratic, exponential, and logarithmic equations, and using mathematical models to solve tangible problems. Other applications include rigid and non-rigid transformations, and the use of the Fundamental Theorem of Algebra to determine the number of zeros of a polynomial function. Prerequisite: None.

**MAT 223 Mathematics for Teachers** (3 hours, spring)

This course is designed for those planning to teach grades PreK-8. The course assimilates conceptual knowledge with pedagogical strategies, manipulative tools, and instructional techniques applicable for mathematics instruction at these grade levels. Topics include problem solving, notation systems and sets, operations with integers, fractions, and decimals, number theory, introductory geometry, and algebraic thinking as it applies to mathematics at the elementary and preschool levels. Prerequisite: None.
MAT 253 Introduction to Statistics (3 hours, either semester or summer; offered as scheduled online)
This course is an introduction to descriptive and inferential statistics. Topics include sampling, frequency distributions and graphs, measures of central tendency and variation, probability theory, the binomial and normal distributions, the Central Limit Theorem, estimation, and correlation. Prerequisite: None.

MAT 263 College Trigonometry (3 hours, spring even years)
This course is a study of the foundations of trigonometry and analytic geometry. Topics include the trigonometric functions and the unit circle, trigonometric identities, operations, and equations. Other areas of focus include the Law of Sines and Cosines, vector, polar coordinates, and the study of conics. Prerequisite: MAT 133 or permission of the professor.

MAT 313 Modern Geometry (3 hours, fall)
This course is designed for those planning to teach mathematics in grades 4-8. Applications shall emphasize core geometric properties and relationships among polygons, polyhedral, circles, angles, and lines on a plane and in space. Topics will include measurement, area, volume, perimeter, triangle congruence and similarity, constructions and transformations. Prerequisite: MAT 233 or permission of the professor.

MAT 323 Elements of Calculus (3 hours, spring odd years)
This course is a study of limits and their properties, differentiation, and applying calculus concepts to real-world settings. Prerequisite: MAT 133 or permission of the professor.

MCM - MASS COMMUNICATION
MCM 201 Mass Communication Practicum (1 hour, either semester or summer)
This course will offer opportunities for special training or specific project work in video, radio broadcasting, or journalism. This course may be repeated up to three times over four semesters. It is graded on an S/U basis. Requires permission of the instructor. Prerequisite: None.

MCM 203 Introduction to Mass Communication (3 hours, spring even years)
This course introduces students to the foundational concepts and terms in the field of Mass Communication. This course exposes students to an integration of the knowledge of Mass Communication with a biblical worldview. This course is a gateway for all Mass Communication courses for majors. Prerequisite: None.

MCM 213 Media Production (3 hours, fall even years)
This course introduces the basic principles, techniques and equipment of video and audio production and editing. Basic proficiency is achieved in video and audio production through hands-on experience with basic audio and video equipment. Students participate in both group and individual creative projects. Prerequisite: None.

MCM 293 Digital Photography (3 hours, offered as announced)
This course includes the rudiments of film photography with special attention given to the use of digital photographic cameras and software. Prerequisite: None.

MCM 313 Introduction to Journalism (3 hours, spring odd years)
This course looks at the history of journalism and its current manifestations in contemporary times. The principles of news gathering and writing for the mass media will be covered along with applying those principles through the writing of stories. Prerequisites: ENG 113 and MCM 203.

MCM 333 Rhetoric of Media (3 hours, fall odd years)
This course will explore the history of communication arts and the medium employed to record and distribute information. The course will particularly emphasize the prominent place of rhetoric in the world of communications and demonstrate how rhetoric has been impacted by the development of communication technologies. It will further seek to demonstrate the inherent rhetoric present in communication technologies. Prerequisite: None.

MCM 353 Broadcast Journalism (3 hours, offered as announced)
This course considers the process and practical aspects of gathering, writing, editing, and reporting news for the electronic media. It also provides a framework for evaluation of these skills on a continual basis. Prerequisite: MCM 203.

MCM 363 Narrative & Image (3 hours, fall even years)
This course will investigate the cultural forms of narrative and image present within mass communication media. Attention will be paid to the formative function of both word and image and the cultural forms that are produced and consumed. Special consideration will be given to the biblical narrative and theological construct of the image of God. Prerequisite: None.

MCM 373 Writing for Media (3 hours, spring even years)
This course examines the practice and process of writing for different genres of contemporary media. Emphasis will be placed on newswriting, editorials, and public relations. Prerequisite: None.

MCM 383 Film Genres (3 hours, spring odd years)
The focus of this course is the study of genre in film. The course will examine the development, history, definitions, sociocultural roles, and the blending of genres within visual media. Attention will be given to narrative structure, aesthetics, character and social group stereotyping, and popular appeal of generic patterns. Prerequisite: None.

MCM 401-3 Independent Study (1-3 hours, offered as announced)
This is an individual study for the advanced Mass Communication student. Advance approval by the Communication Department Chair is required. Prerequisite: None.

MCM 423 Advanced Radio Production (3 hours, offered as announced)
This course offers training and practical experience in these specialized areas: multi-channel recording for use in commercials and promotional announcements plus syndication and satellite programming. This course will enable students to develop quality programming acceptable for use at any radio station. Current trends and principles used in radio production will also be discussed. Prerequisite: None.

MCM 443 Advanced Video Production (3 hours, offered as announced)
Dramatic video production will explore single camera dramatic production. Students will produce a 30-second dramatic commercial and a dramatic scene on video tape. Students will learn how to work with a production crew, write dramatic scripts, etc. Prerequisite: None.

MCM 493 Mass Communication Internship (3 hours, either semester or summer)
This course gives credit for supervised and approved work experience in related fields. Minimum of 210 hours of on the job experience required. Assessment is required. Graded on an S/U basis. Prerequisite: junior status.

MED - MUSIC EDUCATION
MED 122 Introduction to the Teaching of Music (2 hours, spring)
This introductory course is designed for potential music education students to develop basic abilities related to the teaching of music K-12. Students will explore knowledge, skills, and dispositions related to teaching in the music content area. The course is structured to demonstrate appropriate models of instruction for performance classes, exploratory, general classroom, advanced placement, and elective possibilities using content specified by NASM and Georgia State Standards. Prerequisite: None.
MED 210 Music Education Workshop (0 hour, fall)
This course provides students the opportunity to observe in a P-12 Music classroom under the supervision of their professor. Taken at the same time as MED 231. Prerequisite: None.

MED 223 Curriculum & Assessment (3 hours, spring)
A study of curriculum, emphasizing the relationship between curriculum, teaching practice, and assessment in the Secondary classroom. This course analyzes quantitative and qualitative concepts, and practices used to assess student learning and behavior, and uses these assessments to provide useful feedback for the learner, the teacher, and the improvement of the instructional program. Prerequisite: Admission to Teacher Education.

MED 231 Woodwind Methods (1 hour, fall)
This is a basic laboratory course covering teaching principles, methods, and materials for woodwind orchestral instruments using content specified by NASM and Georgia State Standards. Through hands-on experience, students will learn proper playing position, embouchure formation, tone production, breath support, articulation, and routine care and maintenance of all the standard woodwind instruments. Taken at the same time as MED 210. Prerequisite: 2.7 GPA.

MED 242 Brass Methods (2 hours, spring)
This is a basic laboratory course covering teaching principles, methods, and materials for brass orchestral instruments. Through hands-on experience, teacher candidates will learn proper playing position, embouchure formation, tone production, breath support, articulation, and routine care and maintenance of all the standard brass instruments using content specified by NASM and Georgia State Standards. Taken at the same time as MED 211. In addition to regular tuition a course fee of $25 will be charged. Prerequisite: Admission to Teacher Education.

MED 351 Percussion Methods (1 hour, fall)
This is a basic laboratory course covering teaching principles, methods, and materials for percussion instruments using content specified by NASM and Georgia State Standards. Through hands-on experience, teacher candidates will learn proper hand position on all mallets and sticks, correct execution of strokes, and techniques of producing the desired sound on each instrument. Prerequisite: Admission to Teacher Education.

MED 363 Teaching Music in the Elementary School (3 hours, fall)
This course is designed to stimulate critical thinking concerning the teaching profession and the role of the elementary music teacher as an integral element in the musical, aesthetic, intellectual, and socio-emotional development of the elementary child. This course will prepare students with competencies necessary to creatively formulate, plan, effectively teach, and evaluate a thorough elementary music program using content specified by NASM and Georgia State Standards. In addition to regular tuition a course fee of $25 will be charged. Prerequisite: Admission to Teacher Education.

MED 371 String Methods (1 hour, spring)
This is a basic laboratory course covering teaching principles, methods, and materials for string orchestral instruments using content specified by NASM and Georgia State Standards. Through hands-on experience teacher candidates will learn proper playing position, tone production, bowings, routine maintenance and care of all the standard string instruments. Prerequisite: Admission to Teacher Education.

MED 383 Teaching Music in the Middle School and High School (3 hours, spring)
This course will prepare the music education major for classroom teaching at the middle school and high school levels and will cover organization of a total sequential music program using content specified by NASM and Georgia State Standards. A major component of the course will be the preparation and presentation of research projects and unit plans on multi-cultural music, jazz, twentieth century music and musical theater, correlated to the National Standards and Georgia State Standards. Teacher candidates will teach at least one of these units in the public schools. In addition to regular tuition a course fee of $25 will be charged. Prerequisite: Admission to Teacher Education.

MED 433 Philosophy of Classroom Management (3 hours, fall)
This course examines the important and pressing issues surrounding classroom management in today’s schools. Teacher candidates will explore various approaches to classroom management. A biblical philosophy of education will also be studied along with legal issues concerning Bible and Religion in the public schools. Teacher candidates will construct a management plan while observing the class in which they will complete clinical practice. Prerequisite: Admission to Clinical Practice. Must be taken in the same semester as EDU 413 Clinical Practice.

MIN – MINISTRY LEADERSHIP

MIN 113 Foundations for Christian Ministries (3 hours, either semester; offered as scheduled online)
This course is an overview of the biblical foundations for balanced church ministry. It studies the significance of the teaching ministry and church education. Selected topics, current issues, and procedures necessary for the effective functioning of the church’s educational ministry are discussed. Prerequisite: None.

MIN 233 Biblical Foundations of Leadership (LED 233X) (3 hours, fall, offered as scheduled online)
This course explores the theology of leadership as well as the biblical models of leadership found in both the New and Old Testaments. Prerequisite: MIN 113 for residential students.

MIN 243 The Leader as Teacher (3 hours, either semester; offered as scheduled online)
This course introduces the critical role of the ministry leader as teacher. It introduces and integrates elements of educational theory and practice in order to cultivate effective biblical teaching in leadership contexts concerned with Christian discipleship. Based on Ephesians 4:11-12, this course emphasizes the equipping/teaching responsibility of leadership and will require the student to prepare and present multiple teaching presentations in a format other than the sermon. Prerequisite: None.

MIN 313 Ministry Leadership & Society (3 hours, spring; offered as scheduled online)
This course will address Christian ministry leadership in the context of contemporary society or culture. Societal or cultural themes such as ethnic diversity, gender roles, technology, economics, and social change will be studied in regard to their influence on ministry leadership. Furthermore the class will explore the role of the leader in addressing societal issues and the responsibility of Christian leaders in impacting culture. Prerequisite: None.

MIN 323 Leadership & Management Theory (LED 323X) (3 hours, spring; offered as scheduled online)
While leadership and management are not synonymous, leaders nonetheless must at various times perform functions of management. This course, then, will address theories of both leadership and management. Theories of leadership attempt to explain either the factors involved in the emergence of leadership or the nature of leadership. Contemporary management theories such as systems and contingency theories attempt to describe how leaders and managers work with people through activities such as planning, evaluating, supervising, and staffing. Prerequisite: None.

MIN 333 Communication for Ministry Leadership (3 hours, offered as scheduled online)
This course provides students with an overview of communication as it relates to leadership practices and theory in church and faith-based context. Prerequisite: None.
MIN 343 Organization & Administration of Christian Ministries (3 hours, fall; offered as scheduled online)
This course studies the organizing, planning, decision-making, supervision, and human relations in the administration and management of the local church or faith-based organization. Prerequisite: MIN 113.

MIN 353 Small Group Leadership (3 hours, either semester; offered as scheduled online)
The course examines the theory and practice of small groups and small group strategies. The biblical and sociological rationale for small groups is established. Current models, leadership training, and the administration of small groups within a local church framework are reviewed. Prerequisite: None.

MIN 401-3 Independent Study (1-3 hours, either semester)
This course allows an individual study in Christian education for the advanced student. Prerequisite: Advance approval by the Ministry and Leadership Department Chair.

MIN 413 Strategies for Leadership Development (LED 413X) (3 hours, spring; offered as scheduled online)
Building on and modeling Team Leadership Theory, this course explores the nature and models of leadership and leadership development. The primary outcome is the design of a specific plan to develop current and emerging leaders in the church and faith-based nonprofit organizations. Prerequisite: senior status.

MIN 423 Change, Conflict, & Organizational Culture in Ministry (3 hours, fall; offered as scheduled online)
This course will provide the theoretical and practical framework for understanding the significance of organizational culture and its impact on Christian education and disciple-making ministries. The material will lead to a comprehensive analysis of change and conflict in Christian organizations. Special attention will be given to the biblical and theological issues related to change and conflict management. Prerequisite: senior status.

MIN 433 Leader Care (3 hours, spring; offered as scheduled online)
This course will examine the personal and spiritual developmental factors that shape a Christian leader’s development. In particular, we will explore the convergence of various stages and specific influences that Christian leaders frequently encounter in their development. Assuming that effective leadership emerges from a leader’s character and that leadership is a dynamic process, special emphasis will be placed on analyzing “core” issues in the leader’s life and ministry/vocation in ways that will assist students in understanding their experience thus far and in anticipating future developmental experiences. Prerequisite: senior status.

MIN 463 Spiritual Formation (3 hours, either semester; offered as scheduled online)
This course introduces the student to the nature of spiritual life by examining the biblical, theological, and sociological foundations for Christian spirituality. Attention is given to the expression and growth in one’s personal spiritual life, the nature of holistic integrity, the role of spiritual disciplines, and ways in which ministry personnel can cultivate spiritual growth in other people. Prerequisite: senior status.

MIN 483 Seminar in Ministry Leadership (3 hours, spring; offered as scheduled online)
This course will be composed of a cohort of ministry leadership students. Curriculum will include at least five components: 1) a written doctrinal statement, 2) an integrative comprehensive exam (written and oral) related to ministry leadership and based on previous courses, 3) contemporary issues in ministry leadership, 4) placement issues, and 5) the integration of character and intellect. Prerequisite: senior status.

MIN 493 Ministry Leadership Internship (3 hours, summer)
This internship is the practical application of the principles and practices learned in the student’s classroom experiences in a ministry leadership situation. Students will be involved in an approved ministry and will receive the benefits of supervision and evaluation. Prerequisites: 90 completed hours or approval by the Ministry and Leadership Department Chair, and acceptance to the Ministry and Leadership Department.

MKT - MARKETING

MKT 213 Principles of Marketing (3 hours, spring; offered as scheduled online)
This course provides an introduction to the marketing discipline with emphasis on planning and the development of competitive strategies. Topics include the marketing environment, marketing research, advertising, marketing plans, marketing campaigns, sales, new product development, and distribution channels. Prerequisite: None.

MKT 323 Consumer Behavior (3 hours, fall, even years)
This is a course that examines fundamental areas of consumer decision-making processes such as information processing, external and internal influences, and business influences on consumer choices of products and services. Psychological and socio-cultural factors are examined along with a broad range of purchase and consumption situations. Appropriate target market strategies are explored. Prerequisites: none, but MKT 213 is recommended.

MKT 333 Advertising & Promotions (3 hours, fall, odd years)
This is a course that studies advertising and promotion methods used by organizations to promote and sell products and services. Emphasis is placed on the role of advertising and promotion in developing advertising plans and campaigns. Topics include creative design of ads, copy writing, direct mail, direct response advertising, catalogs, print media, broadcast media, media buying, telemarketing, and advertising on the Internet. Consideration will be given to the advertising and promotion of churches and mission ministries. Prerequisites: none, but MKT 213 is recommended.

MKT 343 Selling & Sales Management (3 hours, offered as announced)
An introduction to the principles, concepts and terminology of personal selling and sales management. The sales process will be examined, paying particular attention to developing a relationship approach to the sales transaction. Prerequisite: none, but MKT 213 and PSY 113 are recommended.

MKT 353 E-Marketing (3 hours, fall, odd years)
Marketing operations as applied to Internet marketing, new media marketing, and direct marketing is this course’s focus. The primary emphasis is customer relationship interactions using all marketing tools. Some topics include email, blogs, search engine positioning, social networks, virtual marketplaces, auctions, virtual communities, personalization, and personal privacy and security. Prerequisite: none, but MKT 213 is recommended.

MKT 373 Sport Marketing (3 hours, fall; offered as scheduled online)
This course will offer insight into the role of sport in the marketing world’s ongoing effort to connect with consumers. Students will be introduced to and become familiar with the terms and tools relevant to the sport industry, and examine the difference between the use of sport for marketing and the use of marketing in sport. The course will focus on five basic marketing concepts and their innovative application in the business of sport: event marketing, brand marketing, sponsorship, public relations, media, and digital marketing. Additional topics include the effect of globalization on sport and other uses of sport marketing such as Cause Marketing and Sport Corporations. Prerequisite: none but MKT 213 is recommended.

MKT 393 Nonprofit Marketing (3 hours, offered as announced; offered as scheduled online)
Application of marketing principles and practices to nonprofit organizations is the course focus. Key topics include the growth and development of nonprofit marketing, developing a core marketing strategy, positioning the organization, fundraising, and designing and managing the marketing mix. Also includes student design of an integrated marketing plan for a nonprofit organization. Prerequisite: none, but MKT 213 is recommended.
MKT 433 Marketing Research (3 hours, offered as announced)
This course studies modern marketing research techniques and their problem-solving applications to marketing, sales, advertising, and promotions. Specific topics include research decisions, problem definition, exploratory research, hypothesis testing, research instrument design, data collection, data analysis, and the reporting of results. Prerequisites: MKT 213, MKT 323 or 333, MAT 253.

MKT 493 Marketing Internship (3 hours, either semester or summer; offered as scheduled online)
This course is a supervised experience in a business firm or nonprofit organization combining practical experience with classroom studies. It requires 240 hours of work experience and preparation of an organization chart, job description, journal and portfolio. Prerequisites: junior or senior business administration majors only and approval of the Business Administration Department Chair.

MBH, MBN, MCE, MCL, MDB, MFH, MFL, MGT, MHD, MHP, MOB, MOR, MPN, MPR, MSX, MTA, MTP, MTU, MVA, MVC, MVN
- MUSIC LESSONS
Private and class applied music lessons are offered to music majors from beginners to advanced. Attention is given to technical and interpretive skills and an exposure to standard literature. Students may be given the opportunity to perform in student recitals at the discretion of the instructor. Please consult the cost of attendance schedule in the student financial services section of this publication for music fee amounts.

MPN 111/231 Class Piano (1 hour, fall)
The class piano sequence prepares the student for the piano proficiency examination. Scales, chord progressions, repertoire, harmonization, and other skills will be learned. This is a class applied music lesson. Prerequisite: None for MPN 111; MPN 111 and MPN 121 required for MPN 231.

MPN 121/241 Class Piano (1 hour, spring)
The class piano sequence prepares the student for the piano proficiency examination. Scales, chord progressions, repertoire, harmonization, and other skills will be learned. This is a class applied music lesson. Prerequisite: MPN 111 required for MPN 121; MPN 111, 121, and 231 required for MPN 241.

MVC 112 Diction for Singers (2 hours, fall)
This course features an introduction to the basic phonetic tools every singer needs in order to be able to sing knowledgeably in English as well as Latin, Italian, French, and German. Prerequisite: None.

MPD - PEDAGOGY
MPD 432 Pedagogy of Music (2 hours, spring)
These courses provide a study of psychological and physiological aspects of teaching; survey of methods and early literature, business aspects of teaching, practical experience in teaching, and attendance at workshops. Prerequisite: None.

MRA - RECITAL ATTENDANCE
MRA 110 Recital Attendance (0 hour, either semester)
The student is required to attend concerts, artist series, lectures, recitals and seminars. The music, or music education, major must pass a minimum of six times to graduate. Prerequisite: None.

MUH - MUSIC HISTORY
MUH 213 Music History & Literature I (3 hours, fall)
This course features a survey of the historical development of the art music of Western culture. In MUH 213 attention is focused on the musical developments in Medieval, Renaissance and Baroque art music and includes extensive listening requirements. Prerequisite: None.

MUH 223 Music History & Literature II (3 hours, spring)
This course is a continuation of MUH 213. In MUH 223 attention is focused on the musical developments in classical, Romantic and 20th/21st century art music and includes extensive listening requirements. Prerequisite: MUH 213.

MUH 432 Music Literature (2 hours, fall)
This course is designed to survey vocal or instrumental music literature from the perspective of historically significant masterworks and the appropriateness of using specific pieces in various pedagogic or performance settings. Prerequisite: None.

MUS - MUSIC MAJOR
MUS 110 Music Seminar (0 hour, fall)
Music seminar is an introductory two-part seminar for new and transfer students. Topics covered will include the music department handbook, general student recitals, sectional, recital attendance, ensembles, applied lessons, and other topics impacting the success of the music department and music students. Prerequisites: None.

MUS 311 Instruments of Praise I (1 hour, spring)
Students will develop proficiency at playing and teaching acoustic, electric and bass guitar in a worship band setting. Prerequisite: Worship Arts students only.

MUS 321 Instruments of Praise II (1 hour, fall)
Students will develop proficiency at playing/singing, teaching and incorporating electronic and acoustic piano and voice into a praise band setting. Prerequisite: Worship Arts students only.

MUS 331 Instruments of Praise III (1 hour, spring)
Students will develop proficiency at playing, teaching and incorporating drum set and accessory percussion into a praise band setting. Prerequisite: Worship Arts students only.

MUS 401-2 Independent Study (1-2 hours, either semester)
This course features an individualized study of a topic related to music done under the supervision of a faculty member. Prerequisite: approval of supervising instructor.

MUS 412 Stage & Sound Techniques (2 hours, spring)
Students will gain proficiency in sound reinforcement plus stage lighting and set up. Prerequisite: Worship Arts students only.

MUT - MUSIC THEORY
MUT 111 Aural Skills I (1 hour, fall)
This is a companion course to MUT 113. It provides sight-singing, using solfege, ear-training in diatonic melodies, and two-part rhythmic dictation. Prerequisite: None.

MUT 113 Music Theory I (3 hours, fall)
This course is designed to give the student insight into the design and structure of music with emphasis on developing skill in partwriting. The principal topics covered include the following: chord structure, cadences, part-writing diatonic chords in root position and inversion, C clefs and transposition. Prerequisite: None.

MUT 121 Aural Skills II (1 hour, spring)
This is a companion course to MUT 123. It provides sight-singing and ear-training utilizing triads in root position and inversion. Prerequisite: MUT 111.

MUT 123 Music Theory II (3 hours, spring)
This course is a continuation of MUT 113. The principal topics covered include the following: non-harmonic tones, dominant and supertonic seventh chords, the Phrygian cadence, harmonic
sequences, secondary dominants and elementary modulation. Prerequisite: MUT 113.

**MUT 231 Aural Skills III** (1 hour, fall)
This is a companion course to MUT 233. It provides sight-singing and ear-training of seventh chords in all position, asymmetric meters, and sequence. Prerequisite: MUT 121

**MUT 233 Music Theory III** (3 hours, fall)
This course is a continuation of MUT 123. The principal topics covered include the following: modulation, diminished triads and seventh chords, secondary leading-tone seventh chords, modulation with diminished seventh chords, binary and ternary forms and diatonic seventh chords. The application of theoretical concepts studied thus far is demonstrated through the harmonization and arranging of a given melody. Prerequisite: MUT 123.

**MUT 241 Aural Skills IV** (1 hour, spring)
This is a companion course to MUT 243. It provides sight-singing and ear-training utilizing secondary dominants, pre-dominants, and modulation. Prerequisite: MUT 231.

**MUT 243 Music Theory IV** (3 hours, spring)
This is a continuation of skills learned in MUT 233. Emphasis is placed on part-writing and analysis of altered chords and advanced modulation. The principal topics covered include the following: chromatic chords (modal mixture, Neapolitan sixth, augmented triads), augmented sixth chords, augmented sixth chords used in modulation, chords of the ninth, eleventh and thirteenth. The application of theoretical concepts studied thus far is demonstrated through the creation of an original musical composition. Prerequisite: MUT 233.

**NTE - NEW TESTAMENT**

**NTE 103 Introduction to the New Testament** (3 hours, either semester residential and online)
This course is a study of the purposes and message of the New Testament. Each of the 27 books is examined in light of its structure (historical setting, genre, message, and distinctives) and how each part contributes to the whole. Prerequisite: None.

**NTE 213 Gospel of Matthew** (3 hours, winter; spring even years online)
This course considers the background and interpretation of the Gospel of Matthew. Special attention is given to the author’s presentation of Jesus as the promised Messiah, use of the Old Testament, and the theme of fulfillment. Prerequisite: NTE 103.

**NTE 243 Gospel of John** (3 hours, spring even years; fall even years online)
This course is a study of the fourth Gospel and focuses on some of the major Christological themes, the prologue and the unique features of this book’s presentation of Christ’s message, ministry and passion. Prerequisite: NTE 103.

**NTE 323 Acts** (3 hours, spring; fall odd years online)
This course is an analysis of the message, motive, growth, and methods of the New Testament Church. Attention is given to the historical, theological, and missiological significance of the events. Prerequisites: BIB 213 and NTE 103.

**NTE 333 Early Pauline Epistles** (3 hours, fall odd years)
This course focuses upon an inductive study of Paul’s letters to the Thessalonians and Corinthians. Attention will be directed to the major Pauline themes and their application to the personal and corporate life of the believer. Prerequisites: BIB 213 and NTE 103.

**NTE 343 General Epistles** (3 hours, spring odd years; fall odd years online)
This course is an analysis of the epistles by James, Peter, John and Jude. It will investigate the general content of each epistle, analyze the unique theological perspectives of these epistles and demonstrate how they contribute to the knowledge base of New Testament theology. Prerequisites: BIB 213 and NTE 103.

**NTE 463 Later Pauline Epistles** (3 hours, fall even years)
This course focuses upon an exegetical study of the Pauline Prison Epistles and the Pastoral Epistles. Emphasis will be placed upon the theological content of the Prison Epistles and the practical pastoral guidelines of the Pastoral Epistles. Prerequisites: BIB 213 and NTE 103.

**NTE 473 Romans & Galatians** (3 hours, fall; spring odd years online)
This is an analytical study of Romans and Galatians giving special attention to such themes as sin, justification, sanctification, glorification, and practical living. Prerequisites: BIB 213 and NTE 103.

**NUR – NURSING**

**NUR 305 Foundations of Professional Practice** (5 hours, fall)
The central focus of this course is an understanding of the basic theories and the scope and standards underlying professional nursing practice. Comprehensive patient care is applied with an emphasis on beginning technical competency in the knowledge and skills used to apply the nursing process. Prerequisite: Admission to Nursing Program.

**NUR 313 Pathophysiology and Pharmacology I** (3 hours, spring)
This course is the first part of a comprehensive study that provides a foundation in the pathophysiology of disease processes and pharmacological therapies. Principles of pathophysiology and pharmacology are integrated to provide a basis for study of selected medications that are used to treat or manage diseases. Prerequisites: None.

**NUR 314 Nursing Practice I: Health Assessment and Promotion** (4 hours, fall)
This course includes a theoretical, lab, and clinical component, introducing the beginning nursing student to the concepts and skills used in basic health assessment, health promotion, and the development of professional nursing practice. Emphasis is placed on disease prevention, risk reduction, and behavior change for a person across the lifespan. Prerequisites: None.

**NUR 326 Nursing Practice II: Adult Health Care I** (6 hours, spring)
This course is the first of two adult health care courses that integrate conceptual threads and nursing skills fundamental to the professional practice of nursing. The concepts of health wellness and illness, disease prevention, and disease process for diverse adult populations and their affected families are introduced. Prerequisites: NUR 305, 314.

**NUR 336 Nursing Practice III: Community/Public Health** (6 hours, spring)
This course focuses on preventative health care and health promotion in individuals, families, and communities, considering the influence of culture and lifespan development. Using biophysical, environmental, sociocultural and economic determinants of health, students focus on improving health outcomes with individuals, families, and communities. Global factors and local health issues impacting healthcare are critically examined. Prerequisite: NUR 326.

**NUR 345 Nursing Practice IV: Psychiatric Mental Health** (5 hours, summer)
This course focuses on the principles and concepts of mental health for individuals, families, and groups. The psychopathology of mental health and the use of various treatment modalities related to the nursing care of patients and their families with mental health needs are examined. Prerequisites: NUR 326, 336.
NUR 351 Cross-Cultural Nursing (1 hour, summer)
Health care beliefs, practices, and traditions are examined in this course with a focus on health, wellness and illness from various cultural perspectives and how these concepts form the foundation of cross-cultural nursing. Emphasis is on how the patient’s beliefs, values and practices are influenced by culture, and how these perceptions affect the delivery of culturally competent nursing care. Prerequisites: None.

NUR 361 Global Health Nursing Field Experience (1 hour, summer)
This elective course was developed to enhance cultural awareness, personal reflection, and integration of cultural competency skills in a short-term service learning experience, either international or in a local ethnically diverse setting. With a focus on population health, health disparities and high-risk populations, students are prepared to become providers in nursing care at the local, national, and international level. Prerequisites: None.

NUR 413 Pathophysiology and Pharmacology II (3 hours, fall)
Part II of a comprehensive study of human pathophysiology and the application of pharmacologic therapies appropriate to the professional nurse role. Students will demonstrate a cumulative knowledge of the application of pathophysiologic and pharmacologic processes to the care and promotion of health and wellness across the lifespan. Prerequisite: NUR 313.

NUR 423 Leadership and Management (3 hours, spring)
This course explores concepts of leadership and management through an examination of various leadership/management theories, application of ethical and legal principles and organizational and resource management styles. Emphasis is on the application of critical thinking skills, evidence-based practice outcomes, compassionate patient-centered care, and advanced communication skills in collaboration with interprofessional teams. Prerequisite: NUR 305.

NUR 455 Nursing Practice V: Childbearing and Family (5 hours, fall)
This course explores theoretical concepts and clinical application of holistic nursing care for mothers, children, and families based on physiological and developmental normalcy and stressing safety and optimization of outcomes. A synthesis of pathophysiology, pharmacologic and therapeutic concepts are presented. Prerequisite: NUR 314, 336.

NUR 465 Nursing Practice VI: Adult Health Care II (5 hours, fall)
This course is the second of two adult health care courses that is designed to enable students to integrate conceptual threads and skills that provide a basis for the generalist graduate nurse. The course content includes advanced concepts related to physiological and psychological changes experienced by the adult during alterations in health. Prerequisite: NUR 326.

NUR 475 Nursing Practice VII: Care of the Complex Patient Across the Lifespan (5 hours, spring)
This course completes the transition from novice nurse to generalist graduate nurse in the provision of nursing care of individuals across the lifespan who are experiencing transitions in health requiring complex nursing judgment and interventions. This course integrates complex learning concepts and advanced technical skills within the care of diverse populations and their affected families. Prerequisites: NUR 326, 465.

NUR 482 Capstone Integration (2 hours, spring)
This course is designed to provide students with the opportunity to synthesize theoretical and clinical experiences from previous nursing courses into a capstone experience. Students will integrate knowledge and skills acquired throughout the program including: nursing research, critical thinking, information technology, cultural competence, care coordination, leadership and management, collaboration and communication skills. Prerequisite: NUR 323, 423.

NUR 493 Senior Preceptorship (3 hours, spring)
This clinical course is the culmination of the baccalaureate nursing curriculum combining a preceptorship in a diverse patient, family, and community health care environment. This course focuses on the student’s ability to integrate the concepts from the broad liberal education foundation with nursing knowledge, technical skills, and the core values of the School of Nursing. Prerequisites: All previous nursing course work.

OLE – OUTDOOR LEADERSHIP & EDUCATION
OLE 103 Foundations for Outdoor Leadership & Education (3 hours, spring)
This is an introductory course designed to familiarize students with key components of the Christian camping movement and outdoor leadership and education. Grounded in biblical and theological foundations, these components include 1) the history and development of Christian camping and outdoor leadership and education, 2) the significance of the temporary community and outdoor setting, 3) models and trends of camping and outdoor education, 4) methods and resources for leadership development and education in the outdoor context, and 5) the world wide impact of the movement. Prerequisite: None.

OLE 203 Wilderness First Responder (3 hours, spring)
The Wilderness First Responder Curriculum uses the principles of long-term care, improvised resources and varying environmental conditions as the framework for learning. It is now the most widely recognized and most often required outdoor leader certification. This certification will provide outdoor leaders and guides with the knowledge needed to deal with crises in remote settings. This certification course meets DOT national standards for First Responder with additional protocols for extended-care situations. Taken over a ten-day period, a typical day consists of a mixture of hands-on practical skill work, didactic lectures, mock scenarios and simulations. The program is fast-paced and physically demanding. Students who successfully complete the course will receive a Wilderness First Responder card and an American Heart Association Adult Heartsaver CPR card. In addition to regular tuition, a First Responder Course fee of $300 will be charged. Prerequisite: None.

OLE 213 Camp Programming & Leadership (3 hours, fall)
This course deals primarily with the subjects of organized camping and outdoor leadership. Students will build a professional philosophy of organized camping, as well as look at the present status of future trends in the movement. Developing leadership skills, discipline and techniques used in a residential setting will be explored. Students will be introduced to various programs and programming styles popular in modern camps today. The course culminates with students planning and carrying out an organized weekend event for a target population during the semester. Prerequisite: OLE 103.

OLE 223 Backcountry Education (3 hours, fall)
This course develops leaders through various organized outdoor experiences. Students will be involved in the logistical arrangements necessary to implement two backcountry expeditions and will be exposed to technical skills needed for backcountry travel. Students will work and prepare assignments both individually and in small groups. In addition to regular tuition a course fee of $300 will be charged. Prerequisite: OLE 103.

OLE 243 Rock Climbing (3 hours, fall)
This course equips students with basic rock climbing skills and teaching techniques. It emphasizes risk management, belaying, anchor systems, ascent and descent techniques, knots, basic rescue, and proper use of equipment, climbing site management, and ministry opportunities within this venue. In addition to regular tuition a course fee of $300 will be charged. Prerequisite: OLE 103.

OLE 253 Paddling: Canoeing & Kayaking (3 hours, spring)
This course develops the necessary knowledge and skills to instruct and lead a group on a whitewater and flat water paddling experience in kayaks and canoes as well as in sea kayaking. Students will learn boating skills, kayak and canoe packing, water
safety, rolls, water rescue, water entries and exits, and leadership skills related to canoeing and kayaking. In addition to regular tuition a course fee of $300 will be charged. Prerequisite: OLE 103.

**OLE 313 Adventure-based Education** (3 hours, spring)
This course is designed to offer an experiential model of adventure programming to students who wish to work with groups. Students will become proficient at leading activities designed to build trust, communication, and confidence, as well as to develop individual and group problem-solving skills, awareness, and commitment. Such activities may be implemented in Christian education programs, recreation programs, and programs addressing the needs of special populations. Prerequisite: OLE 103.

**OLE 333 Organization & Administration for Outdoor Ministry** (3 hours, fall)
This course studies the organizing, planning, decision-making, supervision, and human relations in the administration and management of outdoor leadership or faith-based organizations. Prerequisite: MIN 113.

**OLE 343 Expedition Module** (3 hours, winterim, offered as announced)
Students gain practical experience in a two-week wilderness opportunity equipping them to utilize backcountry experiences in positively impacting others. The goal of this class is to prepare students to successfully plan, lead and effectively carry out a successful wilderness experience. Emphasis is placed on leadership skills, decision-making, communicating effectively, group dynamics as well as basic outdoor skills. A $600 course fee will be added to regular tuition. An international expedition will be offered as announced, in which case a larger course fee will be added to the regular tuition. A $150 non-refundable deposit will be required for this course. Prerequisite: OLE 103 and OLE 223.

**OLE 401-3 Independent Study** (1-3 hours, either semester)
This is an individual study in outdoor leadership and education for the advanced student. Advance approval by the department chair is required. Prerequisite: None.

**OLE 463 Seminar in Outdoor Leadership & Education** (3 hours, spring)
This capstone course will be composed of a cohort of outdoor leadership and education students. Curriculum will include at least five components: 1) a written doctrinal statement, 2) an integrative comprehensive exam (written and oral) related to outdoor leadership and education and based on previous courses, 3) contemporary issues in outdoor leadership and education, 4) placement issues, and 5) the integration of character and intellect. Prerequisite: senior status.

**OLE 473 Outdoor Leadership & Education Internship** (3 hours, summer)
This course provides for the practical application of experiential education in a camping or outdoor wilderness ministry situation. Students will be involved in an approved assignment and will receive the benefits of supervision and evaluation. Prerequisite: 90 completed hours or approval of the Ministry and Leadership Department Chair, and acceptance to the Ministry and Leadership Department.

**OTE - OLD TESTAMENT**

**OTE 103 Introduction to the Old Testament** (3 hours, either semester residential and online)
This course is a study of the purpose and message of the Old Testament. Each of the 39 books is examined in light of its structure (historical setting, genre, message, and distinctive) and how each part contributes to the whole. Prerequisite: None.

**OTE 233 Psalms & Proverbs** (3 hours, spring even years; fall even years online)
This course emphasizes principles for approaching Hebrew poetry, a grasp of the contents and message of the books of Psalms and Proverbs through exegetical analysis of selected passages, and an appreciation for musical and devotional uses. Prerequisite: OTE 103; not required but recommended: BIB 213.

**OTE 303 Kings of Israel** (3 hours, offered as announced)
Samuel, Kings, and Chronicles are investigated primarily from a historical perspective on the rise, zenith, and decline of the Israelite monarchy. Attention is given to introductory issues and the structure and theology of these books. Prerequisites: BIB 213 and OTE 103.

**OTE 313 Wisdom Literature** (3 hours, spring odd years)
This course emphasizes principles for approaching Hebrew wisdom literature. The focus will be analysis and application of the philosophical and practical wisdom of Job, Ecclesiastes, and Song of Solomon, though other Old Testament wisdom literature will be considered. Special emphasis will be given to the important themes of evil and suffering, meaning of life, and the nature and expression of love between a man and woman. Prerequisite: None required, but BIB 213 recommended.

**OTE 323 Isaiah** (3 hours, fall odd years; spring odd years online)
This course surveys important passages in their contexts and historical background of the book of Isaiah. It stresses exegetical method and interpretation of Isaiah’s messianic hope with attention to authorship and unity. Prerequisites: BIB 213 and OTE 103.

**OTE 343 Minor Prophets** (3 hours, fall even years; spring even years online)
This course is an expository analysis of the final twelve books of the Old Testament. The course notes the function of these prophets in history as well as their messianic and practical teachings. Prerequisite: OTE 103.

**OTE 363 Post-Exilic History** (3 hours, offered as announced)
This course is an investigation of Jewish Secondary History in the post-exilic historical books. The course will cover the contents, historiography, culture, and theology of post-exilic and inter-testamental history as found in the books Ezra, Nehemiah, Esther, Chronicles, and the major events of the inter-testamental. Prerequisites: BIB 213 and OTE 103.

**OTE 393X Old Testament Theology** (3 hours, offered as announced, fall odd years online)
See THE 393 for course description.

**OTE 473 Genesis** (3 hours, fall even years; spring even years online)
This is a seminar course that examines the origin, contents, problems, theological import, and spiritual message of Genesis. Part of the course is devoted to student research and class presentation. Prerequisites: BIB 213 and OTE 103.

**OTE 493 Writings of Jeremiah** (3 hours, spring odd years)
This is an advanced lecture course based on grammatical-historical exegesis of selected passages of Jeremiah and Lamentations. The relationship between the Old and New Covenants will be discussed. Prerequisites: BIB 213 and OTE 103.

**PAM - PASTORAL MINISTRIES**

**PAM 233 Introduction to Preaching** (3 hours, fall; offered as scheduled online)
Offering a preliminary overview of preaching, this course will provide the student with the process of developing a sermon. Included with preaching opportunities is an overview of the role of preacher, the context and audience of preaching (children, youth, adults), goals of preaching, language tools, and the process of sermon preparation. Prerequisite: COM 113.

**PAM 253 The Emotionally Healthy Minister** (3 hours, fall)
Using an analysis of self-awareness, self-management, social awareness, and relationship management, this course seeks to increase emotional intelligence as it relates to church ministry. Course study will include practical ways to distinguish and manage emotions in ways that assist with minimizing stress,
strengthening communication, deepening empathy, bridging challenges, mitigating conflict, and developing a practical plan of stewardship for family, ministry, finances, and time. Prerequisite: None.

PAM 333 Organization & Administration of Pastoral Ministry
(3 hours, spring)
This course studies the organizing, planning, decision-making, supervision, and human relations in the administration and management of adult church ministries. Prerequisite: MIN 113.

PAM 343 Preaching as a Communication Tool
(3 hours, spring)
Building off the foundation of sermon preparation, this course identifies and practices preaching as a form of communication. The course will include preaching opportunities with discussion of the calling of the preacher, the interaction of the preacher with the audience, and both verbal and non-verbal communication skills. Prerequisite: PAM 233.

PAM 373 Spiritual Care & Counseling for Adult Ministry
(3 hours, fall)
This course equips the student with pastoral counseling methods and skills within a ministry context including counseling various generations (children, youth, adults, and family), an overview of psychological disorders, adolescent and family developmental and crisis issues, pre-, inter-, and post-martial counseling, family counseling, and methods of spiritual direction. Prerequisites: PSY 243.

PAM 393X Introduction to Church Growth
See ICS 393 for course description.

PAM 401-3 Independent Study
(1-3 hours, either semester)
This is an individual study in pastoral ministries for the advanced student. Advance approval by the department chair is required. Prerequisite: None.

PAM 443 Evangelism & Disciple-Making in the Church
(3 hours, spring)
The goal of this course is to integrate evangelistic outreach with disciple-making efforts to produce mature believers in Christ. It is a study in the principles, programming, and strategy needed in today's culture. The course includes an analysis of gospel presentation, various contextual evangelistic approaches, and the natural ministry environments that contribute to maturing disciples who reproduce by proclaiming the Gospel to others. An emphasis will be placed on practical application within the church setting. Prerequisite: None.

PAM 453 Curriculum Development for Adult Ministry
(3 hours, fall)
This course is designed to explore the process of curriculum development and design. It also identifies principles for selecting curriculum to meet the needs of learners and the educational program of the local church. This course will include a systematic evaluation of available curricula of the major evangelical publishers and attention will be given to the writing of lesson plans for adult learners. Prerequisite: PSY 243.

PAM 473 Pastoral Methods
(3 hours, fall)
The pastoral ministry is filled with distinctive practices with which the pastor is expected to be familiar. This course will analyze theological reasons for and rehearse truth-bearing practices of communion, baptism, biblical confession, child dedications, weddings, membership, visitation, and funerals as they pertain to the church's broad and rich traditions. Prerequisite: PAM 343.

PAM 483 Pastoral Ministry Internship
(3 hours, summer)
This course is designed to place the student in a pastoral setting for a minimum of six weeks to observe and engage in ministerial functions in an active church program under the tutelage of a capable pastor. Prerequisites: 90 completed hours or approval by the Ministry and Leadership Department Chair, and acceptance to the Ministry and Leadership Department.

PAM 493 Seminar in Pastoral Ministries
(3 hours, spring)
This capstone course will be composed of a cohort of pastoral ministries students. Curriculum will include at least five components: 1) a written doctrinal statement, 2) an integrative comprehensive exam (written and oral) related to pastoral ministry and based on previous courses, 3) contemporary issues in pastoral ministry, 4) placement issues, and 5) the integration of character and intellect. Prerequisite: senior status.

PED -- PHYSICAL EDUCATION

PED 243 First Aid, CPR, & Life Fitness
(3 hours, fall; offered as scheduled online)
This course will introduce the student to weight training, cardiovascular, and nutritional techniques that will help maintain a healthy lifestyle. It will also introduce the student to the fundamentals and techniques of administering first aid and CPR. Prerequisite: None.

PED 251 Softball
(1 hour, offered as announced)
This course will introduce the student to the basic fundamentals and rules for the sport of softball. Prerequisite: None.

PED 313 Prevention & Care of Injuries
(3 hours, spring odd years; offered as scheduled online)
Instruction is given for prompt and correct action in dealing with injuries, with major emphasis on accident prevention in home, school, and playground. It emphasizes fundamental procedures for care and prevention of injuries and physiological principles involved in athletics. Prerequisite: None.

PED 323 Coaching Techniques
(3 hours, spring; offered as scheduled online)
This course focuses on the theories, fundamentals, current research, and various techniques and strategies of a coaching system. A particular emphasis and focus will be on coaching as it applies to student athletes. Upon successful completion of the course the student will be nationally certified as a coach within a sport of their choosing. By completing this course you will be well-prepared to apply your coaching skills to your chosen career path. Prerequisite: None.

PED 373 Coaching Practicum
(3 hours, spring even years)
The student will gain administrative and practical knowledge of team sports. The student will assist in the areas of game day activities, scheduling, practices, and recruiting. Fall Semester: Women's Volleyball, Soccer, and Basketball; Men's Soccer and Basketball. Spring Semester: Women's Basketball, Men's Basketball, and Baseball. Prerequisite: None.

PHS -- PHYSICS

PHS 214 Physics I
(4 hours, fall odd years)
Investigation of the fundamental principles of physics is the focus of this course. Topics addressed include mechanics, thermodynamics, wave motion and sound. A thorough working knowledge of algebra and trigonometry, and a basic grasp of calculus, is assumed. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: A working knowledge of Trigonometry is assumed.

PHS 224 Physics II
(4 hours, spring even years)
A continuation of PHS 214, this course covers electricity, magnetism, optics and modern physics. A thorough working knowledge of algebra and trigonometry, and a basic grasp of calculus, is assumed. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: PHS 214.

PHS 333 Thermodynamics
(3 hours, offered as announced)
A study of the concepts of temperature and heat, thermodynamic systems, the first and second laws of thermodynamics, entropy, and ideal gasses with applications to various thermodynamic systems. Prerequisite: PHS 224.

PHS 334 Modern Physics
(4 hours, offered as announced)
Discussion of relativity, Bohr theory, atomic structure, classical and quantum probability and measurement, wave/particle duality, radioactivity, nuclear reactions and fundamental particles. May
also include special relativity, the solid state of matter, and other modern topics. Includes selected applications to modern technologies. In addition to regular tuition, a laboratory fee of $45 will be charged. Prerequisite: PHS 224.

**PHY - PHILOSOPHY**

**PHY 113 Introduction to Philosophy** (3 hours, either semester; offered as scheduled online)
This course introduces the student to the nature and importance of philosophy, the concept of a worldview, and an introduction to four key philosophical topics: epistemology, metaphysics, God and ethics. The student will learn to think critically by means of instruction (power point), an audience response system, team projects, discussion and various media. Prerequisite: None.

**PHY 223 Logic** (3 hours, offered as announced)
This course covers informal fallacies, induction, categorical propositions and syllogisms, formal (symbolic) sentential logic, and a brief exposure to predicate logic. Prerequisite: None.

**PHY 233 Critical Thinking** (3 hours, spring odd years)
This course introduces the student to the essential and practical skill of critical thinking. In discussion and debate, the student will learn to recognize and assess the essential components of a good argument as well as identify the signs of a fallacious argument. Prerequisite: None.

**PHY 243 Ethics** (3 hours, spring)
The course introduces the student to ethical theories (e.g., egoism, utilitarianism, natural law, etc.) and vital moral issues including business ethics, social ethics (e.g., divorce, homosexuality, capital punishment), war, abortion, euthanasia, reproductive and genetic technology. The student will learn to think critically by means of instruction (power point), case study analysis, team projects, discussion and various media. Prerequisite: None.

**PHY 313 Knowledge & Reality** (3 hours, fall even years)
The student will examine relevant epistemological topics including the sources and extent of knowledge, theories of knowledge, the problem of induction, the problem of justified true belief, internalism vs. externalism, realism vs. idealism, etc. Metaphysics is an "umbrella term." It covers a variety of topics including the nature of reality, classifications of existence, the mind-body problem, the soul, the nature of time, etc. Lecture/seminar format including student-led discussions. Prerequisite: PHY 113.

**PHY 333 Bioethics** (3 hours, fall)
This course introduces the student to a range of bioethical topics from stem cell research to emerging technologies in health care and includes information required for examination of ethical decision-making in clinical practice. Emphasis is on ethical obligations of professional nurses in their roles as members of a profession, providers of care, and designers and managers of care. The course introduces students to methods of analyzing and resolving moral dilemmas using clinical decision-making frameworks as well as methods for increasing self-awareness by examining and understanding the impact of their own personal value systems. Prerequisite: strongly recommended: PHY 113.

**PHY 383 Study Abroad in Philosophy** (3 hours, offered as announced)
A special study of philosophy in an international setting. The professor specially designs each course, including reading in advance, study abroad at on-site locations, consideration of a specific philosopher, and the articulation of ideas in writing based on the student’s experience abroad. Prerequisites: Completion of one year at TFC, TFC Application for Study Abroad, and permission of instructor.

**PHY 401-3 Independent Study** (1-3 hours, either semester)
Capable students may engage in specialized study appropriate to individual needs; the student’s project may involve intensive or extensive reading in philosophical literature. Availability of the course is dependent upon availability of faculty. Independent study requires a minimum of 42 hours of work per semester hour.

Prerequisites: at least two semesters of philosophy and approval from the professor and the Arts and Sciences Department Chair.

**PHY 413 Great Philosophers I** (3 hours, fall odd years)
In this course, the student is introduced to several major Western philosophers including Plato, Aristotle, Descartes, Hume and Kant. Students will be required to read primary and secondary sources. Seminar format including student-led discussions. Prerequisite: PHY 113.

**PHY 423 Great Philosophers II** (3 hours, spring even years)
In this course, the student will be introduced to several major Western philosophers and movements including Kierkegaard, Nietzsche, Heidegger, existentialism and postmodernism. Students will be required to read primary and secondary sources. Seminar format including student-led discussions. Prerequisite: PHY 113.

**PHY 463 Senior Philosophy Project** (3 hours, either semester)
This is a capstone course with Thesis or Practicum options. The Thesis option involves intensive research on a philosophical topic through the preparation of an extended paper. The student will meet periodically with the professor throughout the semester. The Practicum option involves integrating and applying the material from the previous philosophy courses in another academic discipline. For this option, the student will be assigned to a professor who will oversee the student’s progress. Prerequisite: The student must be in his/her final year of study.

**POL - POLITICAL SCIENCE**

**POL 213 American Government** (3 hours, fall odd years, offered as scheduled online)
This course concentrates on government institutions and the political process, primarily at the national level. Emphasis is placed upon the historical foundations of the political system as well as the historical contexts in which the process has been played out. Interaction with primary source documents facilitates critical thinking. Prerequisite: None.

**PSY - PSYCHOLOGY**

**PSY 113 General Psychology** (3 hours, either semester or summer; offered as scheduled online)
This course is an introduction to the study of human behavior from primarily a scientific perspective. The Christian perspective of human behavior will be discussed when relevant. Foundations of human thinking, feeling, and behaving as derived from studies of physiology, perception, social behavior, human growth and development, operant and classical conditioning, social learning processes, social group dynamics, and other content areas are addressed. Prerequisite: None.

**PSY 243 Developmental Psychology** (3 hours, either semester or summer; offered as scheduled online)
Developmental psychology is the study of the biological, cognitive, psychological, and spiritual development of the individual across the life span. The first half of the course encompasses human development from conception, birth, infancy, to preschool and school age years. The second half of the course covers adolescent and young adult development through middle age and late adulthood. Prerequisite: None.

**PSY 253 Psychology of Human Sexuality** (3 hours, offered as announced)
This course investigates the psychology of human sexuality from a biblical and theological perspective. In addition, the psychology of human sexuality will be considered from the biological, sociocultural, and clinical perspectives. Potential topics include
singleness, premarital sex, marital sexuality, as well as sexual harassment, abuse, violence, and addiction. Prerequisite: None.

PSY 263 Social Psychology (3 hours, fall)
This course surveys the major topic areas within social psychology. Social psychology studies how the thoughts, feelings, and actions of individuals influence, and are influenced by, the behavior of others. The goal of the course is to introduce the theories and research that study social interaction. Potential topics include: social behavior, social cognition, self-identity, self-motives, persuasion, attitudes and behaviors, group processes, prejudice, stereotyping, discrimination, interpersonal aggression, prosocial behavior, interpersonal attraction, and close relationships. Prerequisite: None.

PSY 323X Educational Psychology (3 hours, either semester; offered as scheduled online)
See EDU 323 for course description.

PSY 343 Psychology of Religion (3 hours, spring)
This course is a survey of psychological research on religion from an empirical viewpoint, including such topics as the psychological nature of religion, foundations for the psychological study of religion, religion and human development, various religious experiences, and mental health. The empirical psychological research approach will be evaluated according to a Christian worldview. Prerequisites: None.

PSY 353 Personality Theories (3 hours, fall; offered as scheduled online)
Personality dynamics, along with recognized theories of counseling, will be covered in this class. Such approaches as psychodynamic therapy, cognitive and behavioral therapy, and existential-humanistic therapies, will be included. Students are encouraged to evaluate the theories from their own Christian worldview. Practical application of techniques from each approach will also be given. From the theories presented, students will be able to develop their own counseling model and present it to the class. Prerequisite: CSG 253.

PSY 363 Abnormal Psychology (3 hours, fall; offered as scheduled online)
This course introduces students to a wide variety of disorders that they may encounter in their clinical work. Major disorders ranging from developmental disorders of childhood, anxiety and mood disorder to schizophrenia will be studied. Lesser known disorders will also be examined. Each disorder will be examined from the perspective of its clinical description, as well as its potential causation and treatment. Students will be introduced to the disorders through text and case studies and video clips. The focus will be on developing ways to better understand each disorder and to compassionately help the person struggling with it. Prerequisite: PSY 113.

PSY 401-3 Independent Study (1-3 hours, either semester or summer)
Capable students are permitted to engage in specialized research appropriate to individual needs. The student’s project must relate to an area of psychology and take the form of a literature review, a scholarly paper, or the completion of a research project in which data is collected, analyzed, and written up in publication format. Availability of the course is dependent upon the availability of the faculty. Independent study requires a minimum of 42 clock hours of work per semester hour. Prerequisites: CSG 113. The student must obtain approval from Counseling Psychology Department Chair. The student also must be junior or senior status and have a grade point average of 2.2 or better.

PSY 413 Research Methods in Psychology (3 hours, spring; offered as scheduled online)
This is an introductory course in psychological research. It covers the scientific method, the research process, research design and implementation. Students will learn first-hand the steps in applied research through participation in research projects. Prerequisites: MAT 253. Permission from instructor for non-Counseling Psychology majors.

PSY 423 Tests & Measurements (3 hours, fall; offered as scheduled online)
This course will give the student a basic understanding of the measurement process. This will include evaluating instruments, as well as familiarization with various types of test including intelligence tests, aptitudes tests, personality assessments, career and relationship measures. Testing procedures and report writing for counselors will also be covered. Prerequisite: MAT 253.

PSY 473 Psychology Research Project (3 hours, offered as announced; offered as scheduled online)
This course requires attendance at scheduled seminar meetings and the completion of a scholarly paper in the area of psychology or counseling. The formal paper may be a research project or a review of published research in an area of study approved by the instructor. Prerequisites: PSY 113 and PSY 413.

PSY 493 Senior Seminar (3 hours, either semester; offered as scheduled online)
This course is designed as a seminar to aid the student in the final stages of preparation for a counseling ministry, work opportunity, or for graduate school. Students are given the opportunity to interact with others in the area of trends and issues, career opportunities, accreditation and credentialing, application to graduate schools, strategies for finding a job, and making the transition from student to employed professional. Guest speakers, inventories, and surveys will be part of the class format. A 10-page paper is required. Class is to be taken student’s final semester. Prerequisite: PSY 353.

REC - RECITAL

REC 110 Recital Performance (0 hour, either semester)
The student participates in the public performance of at least one piece in the principal applied area in general student recital. The performance is at the discretion of the applied teacher. Course may be repeated. Prerequisite: None.

REC 111 Recital Performance (1 hour, either semester)
The student participates in the public performance of at least two pieces in the principal applied area in general student recital. The performance is at the discretion of the applied teacher. Course may be repeated. Prerequisite: None.

REC 120 Freshman Platform (0 hour, either semester)
The student presents the private performance of three pieces in contrasting styles in the principal applied area for the Music Department faculty at the end of the freshman year. This course must be passed for continuation in the performance sequence. The performance is at the discretion of the applied teacher. Specific requirements are in the Music Department Handbook.

REC 130 Note Check (0 hour, either semester)
This class is for music minors only. For this class the student presents a private performance of the formal recital, REC 140 Recital, in the principal applied area during the semester prior to the public recital. This Note Check is heard by at least two members of the performance faculty. This course must be passed to receive permission to enroll for REC 140 Recital. The performance is at the discretion of the applied teacher. Prerequisite: By permission of applied professor.

REC 140 Recital (0 hour, either semester)
This class is for music minors only. The music minor will present a public recital a minimum of 15 minutes of music in the principal applied area. The performance is at the discretion of the applied teacher. Prerequisite: Completion of REC 130 Note Check during the previous semester.

REC 240 Sophomore Platform (0 hour, either semester)
The student presents the private performance of three pieces in contrasting styles in the principal applied area for the Music Department faculty at the end of the sophomore year. This course must be passed for continuation in the performance sequence. The performance is at the discretion of the applied teacher. This performance will be used by the music faculty to advise the student of their ability to continue in specific degree tracks.
Specific requirements are in the Music Department Handbook. Prerequisite: REC 120 Freshman Platform.

**REC 350 Note Check** (0 hour, either semester)
The student presents the private performance of the REC 360(362) Recital in the principal applied area presented during the semester prior to the public recital for at least two members of the performance faculty. Specific requirements are in the Music Department Handbook. This course must be passed to receive permission to enroll for REC 360(362) Recital. The performance is at the discretion of the applied teacher. Prerequisite: Completion of REC 240 Sophomore Platform.

**REC 360 Recital** (0 hour, either semester)
The student presents a public recital featuring 25 minutes of music given in the principal applied area. Specific requirements are in the Music Department Handbook. The performance is at the discretion of the applied teacher. Prerequisite: Completion of REC 350 Note Check during the previous semester.

**REC 362 Recital** (2 hours, either semester)
The student presents a public recital by a student in the performance emphasis featuring 25 minutes of music in the principal applied area. Specific requirements are in the Music Department Handbook. The performance is at the discretion of the applied teacher. Prerequisite: Completion of REC 350 Note Check during the previous semester.

**REC 470 Note Check** (0 hour, either semester)
The student presents the private performance of the REC 484 Recital in the principal applied area during the semester prior to the public recital for at least two members of the performance faculty. Specific requirements are in the Music Department Handbook. Prerequisite: Completion of REC 350 Note Check during the previous semester. The performance is at the discretion of the applied teacher. Prerequisite: completion of REC 362 Recital.

**REL 303X Non-Traditional Religious Movements** (3 hours, spring odd years)
See ICS 303 for course description.

**REL 313X Introduction to Hinduism & Buddhism** (3 hours, spring even years)
See ICS 313 for course description.

**REL 323X World Religions** (3 hours, either semester; fall even years online)
See ICS 323 for course description.

**REL 343X Introduction to Islam** (3 hours, fall)
See ICS 343 for course description.

**REL 353 Judaism** (3 hours, spring odd years)
This course studies structure, beliefs, and practices of Judaism, including post-biblical, rabbinic, and modern. Emphasis on the centrality of the synagogue, contemporary branches in Judaism, and Judeo-Christian relations. Prerequisite: None.

**REL 363X Religious Belief Systems** (3 hours, spring)
See ANT 363 for course description.

**REL 383 Study Abroad in Religion** (3 hours, summer II or offered as announced)
This is a special study of religion in an international setting. The professor specially designs each course, including reading in advance, study abroad at on-site locations, a reflection on specific religious life and doctrine, and the articulation of ideas in writing based on the student’s experience abroad. Prerequisite: Completion of one year at TFC, TFC Application for Study Abroad, and permission of instructor.

**REL 401-3 Independent Study** (1-3 hours, either semester)
Capable students are permitted to engage in specialized study appropriate to individual needs. The student’s project may involve intensive or extensive reading in literature on a concept, ritual, or period of religion. It may concern denominational distinctive of a religion not covered by a standard course at this college. Availability of the course is dependent upon availability of faculty. Independent study requires a minimum of 35 clock hours of work per semester hour. Prerequisite: Approval of the Bible & Theology Department Chair, junior or senior status, and a grade point average of 2.2 or better.

**SAO – SERVICE & OUTREACH**

**SAO 210-240 Service & Outreach** (0 hour, either semester or summer)
This is Field experience in ministry conducted through the Office of Service & Outreach. It builds on classroom learning by providing opportunities for organized and supervised ministry. No more than two Student Ministries may be taken per term. Prerequisite: None.

**SAO 250 Advanced Ministry Experiences** (0 hour, either semester or summer)
These enhanced SAOs are designed for residential Ministry & Leadership Department students. This is field experience in ministry conducted through the Office of Service & Outreach that builds on classroom learning providing opportunities for organized and supervised ministry. In consultation with the student’s academic advisor, the student will decide on an appropriate number and type of Advanced Ministry Experiences based on ministry/vocational goals. No more than 2 SAO 250s may be taken per term. Prerequisites: MIN 113.

**SCD – SUSTAINABLE COMMUNITY DEVELOPMENT**

**SCD 213 Introduction to Sustainable Community Development** (3 hours, spring)
This course provides an overview of sustainable community development, an examination of the biblical basis for community development, and introduces participants to Christian organizations such as ECHO (Educational Concerns for Hunger Organizations). Prerequisite: None.

**SCD 313 Applied Technology I** (3 hours, fall)
This course is designed to develop foundational environmental knowledge and applied skills for conducting sustainable community development projects. This course focuses on soil and water conservation and develops foundational environmental knowledge and applied skills for conducting Sustainable Community Development projects through farm diversification, basic plant propagation and care, animal integration, agroforestry principles, and post-harvest food storage with specific projects appropriate for climatic conditions during fall and winter months. Applied technology opportunities are provided at the SCD Farm and other locations in Northeast Georgia. Prerequisite: None.

**SCD 323 Applied Technology II** (3 hours, spring)
This course increases knowledge of basic plant propagation and care, animal integration, and agroforestry applications in Sustainable Community Development projects. This course focuses specifically on plant nutrients, pest and disease management, seed savings and multiplication techniques, and agricultural applications for urban environments with specific applications for winter and spring months. Applied Technology opportunities are provided at the SCD Farm and other locations in Northeast Georgia. Prerequisite: None.

**SCD 332 Sustainable Community Development Center Practicum** (2 hours, summer, fall & spring as announced)
This course is designed to increase environmental knowledge and applied skills by offering SCD students with opportunities to (1) design and implement specific TFC campus projects with SCD center oversight, (2) participate as volunteers in SCD center
approved agro-business opportunities, or to (3) provide supervised oversight of SCD 302 and SCD 312 projects. Prerequisite: None.

**SCD 352-6 Sustainable Community Development Internship**
(2-6 hours, summer)
This course is designed to offer the student majoring in Sustainable Community Development an opportunity to integrate sustainable community development knowledge and skills through practical service in a cross-cultural context. Time necessary for this internship is at least 6 weeks. Prerequisite: ANT 323

**SCD 383 Study Abroad in SCD**
(3 hours, offered as announced)
A special study of sustainable community development in an international setting. The professor specially designs each course, including reading in advance, study abroad at on-site locations, reflection on specific topics in community development, and writings and/or presentations related to the learner's experience abroad. Prerequisites: completion of one year at TFC, TFC application for Study Abroad, and permission of the professor.

**SCD 401-3 Independent Study**
(1-3 hours, either semester, summer or winterim)
The content and method with this course framework will be directed by the professor in charge through consultation with the student. Offered by approval of the Global Ministries Department Chair. Prerequisite: None.

**SCD 413 Applied Technology III**
(3 hours, fall)
This course is designed to develop knowledge and applied skills for conducting Sustainable Community Development projects with specific applications in humanitarian relief efforts. Applied Technology opportunities are provided at the SCD Farm and other locations in Northeast Georgia. This course focuses specifically on appropriate technology for assessing, maintaining, restoring, or increasing human health including human justice issues. Prerequisite: SCD 313 or SCD 323.

**SCD 493 Sustainable Community Development Strategy Project**
(3 hours, spring)
This course provides the student majoring in Sustainable Community Development the opportunity to be a part of a diverse team that develops a strategy to plant and establish a new church or accelerates the growth of an established church among a specific people group. Skills in teamwork, critical thinking, strategic planning, and project presentation are refined. Prerequisites: ANT 363 & 483.

**SCI - SCIENCE**

**SCI 113 Scientific Literacy**
(3 hours, either semester or online in summer)
This course surveys the most important revolutions in the history of scientific thought and explains the science behind technologies that strongly influence contemporary life. Special emphasis is placed on themes crucial to the formulation of an integrated Christian worldview. Major topics addressed include, but are not limited to, principles of scientific thinking and methodology, the structure and scope of the universe, understanding matter, nuclear technology, the development of modern medicine, emerging issues in public health, genetic engineering and cloning, and why evolution matters. Prerequisite: None.

**SCI 243 Earth Science**
(3 hours, spring)
This course considers the disciplines of astronomy, meteorology, and geology. Prerequisite: None.

**SOC - SOCIOLOGY**

**SOC 213 Introduction to Sociology**
(3 hours, fall, odd years; offered as scheduled online)
This course is an introduction to the sociological analysis of society from a Christian and a scientific perspective. It emphasizes the nature of culture, social interaction, social groups, and social institutions. Prerequisite: None.

**SOC 223 Contemporary Social Problems**
(3 hours, offered as announced)
This course is an analysis of major social problems, both general and special, from a Christian and a scientific perspective. A study of the impact of current social forces upon American society is included. Alternative approaches for remediating problems are considered. Prerequisite: None.

**SOC 233 Marriage & Family**
(3 hours, offered as announced)
This course considers the social aspects of courtship, marriage, and parenting across the life cycle. Additional topics include divorce, sexuality, and family communication. Consideration will be given to the qualities that strengthen marriage and family. Prerequisite: None.

**SPN - SPANISH**

**SPN 113 Elementary Spanish I**
(3 hours, fall; offered as scheduled online)
This course is an introduction to approximately one-fourth of the phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: None.

**SPN 123 Elementary Spanish II**
(3 hours, spring; offered as scheduled online)
This course is an introduction to the second of four parts of the essential phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: SPN 113 or equivalent.

**SPN 233 Intermediate Spanish I**
(3 hours, fall)
This course is an introduction to the third of four parts of the phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: SPN 123 or equivalent.

**SPN 243 Intermediate Spanish II**
(3 hours, spring)
This course is an introduction to the fourth of four parts of the phonetics, grammar, and vocabulary needed to adequately express the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: SPN 233 or equivalent.

**SPN 313 Spanish Composition & Conversation**
(3 hours, offered as announced)
This course is a review/advanced grammar course with an emphasis on systematic vocabulary, conversation, and composition in the target language. There will be a balance between the four basic language skills of reading, writing, listening, and speaking. Prerequisite: SPN 243 or equivalent.

**SPN 323 Survey of Spanish & Latin American Literatures**
(3 hours, offered as announced)
This course is an introduction to excerpts of many of the major Spanish and Latin American literary works spanning six major literary time periods (Medieval, Renaissance, Baroque, Neo-Classical, Romantic, Modern, and Post-Modern). The student will emphasize reading and writing outside of class. Emphasis will be placed on reading and writing outside of class with listening and speaking in the target language via discussion of the texts in Spanish. Prerequisite: SPN 243 or equivalent.

**SPN 413 Spanish Civilization**
(3 hours, in residence or on a summer mission trip to Spain)
This course is an introduction to Spain's history, geography, and artistic forms and expressions from the Middle Ages to the 21st century. Assignments emphasize the reading and writing of essays outside of class. It emphasizes listening and speaking in the target language via discussion of the assignments in Spanish. Prerequisite: SPN 243 or equivalent.
SPN 423 Latin American Civilization (3 hours, in residence or on a summer mission trip to Latin America)
This course is an introduction to Latin America’s history, geography, artistic forms, and expressions from the Pre-Colombine period to the 21th century. The assignments emphasize reading and writing outside of class, with listening and speaking in the target language via discussion of the assignments in Spanish. Prerequisite: SPN 243 or equivalent.

TFC - Toccoa Falls College
TFC 100 Orientation (0 hour, either semester)
The Toccoa Falls College Orientation is designed for students who are new to TFC. This course equips students with the knowledge, skills, and resources necessary for a positive experience at TFC. The college offers the course during the week of orientation for the fall semester and as part of the regular semester for the spring. The college does not charge tuition for this course since it is non-credit; however, a passing grade in the course is a requirement for graduation.

THE - BIBLICAL, HISTORICAL, SPECIALIZED & SYSTEMATIC THEOLOGICAL STUDIES
THE 303 Introduction to Theology (3 hours, either semester residential and online)
This course will examine basic Christian doctrine from a historical and systematic perspective. Topics include God, Scripture, the person and work of Jesus Christ, the person and work of the Holy Spirit, and the nature, role, and destiny of the Church. It includes an emphasis on the unity and diversity of Christian belief. Prerequisite: OTE 103, NTE 103.

THE 313 Theology of Creation Care (3 hours, fall odd years; spring odd years online)
This course examines the biblical and theological basis for a Christian approach to environmental ethics. It develops the connection between a theology of creation and God’s call to care for the world as an important factor driving human responsibility. Prerequisites: BIB 213, THE 303.

THE 323 Catholicism & Orthodoxy (3 hours, fall even years)
This is a study of the doctrine, history, liturgy, and practice of the Roman Catholic and Eastern Orthodox churches, with special emphasis on their unique worship, development of doctrine and polity, conciliar decisions, global presence, and recent ecumenical trends. Prerequisite: None.

THE 333 Baptist Distinctives & History (3 hours, spring even years)
This course surveys distinctive emphases in Baptist theology and polity. It will stress on the independence of the local church and believer’s baptism. Attention is given to the history of the Baptist movement and its constituent denominations. Prerequisite: None.

THE 343 Alliance Distinctives & History (3 hours, spring odd years; fall odd years online)
This course explains the doctrinal emphases of the Christian and Missionary Alliance centering in Christ as Savior, Sanctifier, Healer, and Coming King. History, polity, and missionary program of the denomination are addressed. Prerequisite: None.

THE 353 Apologetics (3 hours, spring even years; fall even years online)
This course studies the justification of apologetics, apologetic options (e.g., Reformed epistemology, presuppositionalism, classical apologetics, evidentialism and integrative apologetics) and the evidences for and against the Christian faith. In addition, the student is required to do a worldview interview. The professor utilizes instruction (power point), class and group discussion and media to present the material. Prerequisite: strongly recommended: PHY 113 and THE 303.

THE 363 Theology of the Kingdom (3 hours, spring odd years)
This course is a study of the Kingdom of God as a central motif of theology. The course will look at the kingdom through the lens of biblical theology in the books and covenants of the Bible and then systematize these findings for kingdom faith and practice. Prerequisites: BIB 213 and THE 303.

THE 373 Theology of Worship & Prayer (3 hours, fall, odd years; spring odd years online)
This course examines corporate and private worship and prayer, following the Bible’s storyline concerning both subjects from Genesis to the Book of Revelation. The goal is to establish biblical principles which can be applied in today’s church as well as in personal devotion. Prerequisite: BIB 213 and THE 303.

THE 383 Study Abroad in Theology (3 hours, winterim)
This course provides a special study of theology in an international setting. The professor specially designs each course, including reading in advance, study abroad at on-site locations, a reflection on specific doctrines, and the articulation of ideas in writing based on the student’s experience abroad. Prerequisite: Completion of one year at TFC, TFC Application for Study Abroad, and permission of Instructor.

THE 393 Old Testament Theology (OTE 393X) (3 hours, offered as announced; fall odd years online)
This biblical theology course traces development of the major categories of theology throughout the historical epochs of the Old Testament. It also demonstrates the connections across these time periods as well as integrating the further development of these themes in the New Testament. Some attention is given to contemporary relevance and sermonic value of the Old Testament. Prerequisites: BIB 213.

THE 401-3 Independent Study (1-3 hours, either semester)
Selected students are permitted to secure specialized training appropriate to individual needs. The student’s project may involve intensive library investigation in a special area of theology, individualized instruction, or collection and evaluation of data relating to a theological problem. Availability of the course is dependent upon availability of faculty. Independent study requires a minimum of 42 clock hours of work per semester hour. Prerequisites: at least two semesters of systematic theology and approval of the Bible & Theology Department Chair.

THE 423 Critical Issues in Theology (3 hours, fall; spring even years online)
This course is an in-depth study of critical issues in systematic theology, such as the nature of God, the Trinity, the atonement, sanctification and the coming kingdom. Prerequisites: BIB 213 and THE 303.

THE 443 Theology & Contemporary Culture (3 hours, fall even years)
This course explores and addresses key intersections between theology and culture, focusing in particular on the way contemporary issues in society influence ministry and the mission of the church. It discusses a theology of culture, methods of engaging society theologically, and the impact of culture and contextuality on how Christians live out their faith. Prerequisite: BIB 213 and THE 303.

THE 453 History of Theology (3 hours, spring even years)
This course surveys the teachings of great theologians and movements that shaped Christian doctrine from the end of the first century to the end of the nineteenth century. Prerequisite: BIB 213 and THE 303.

THE 463 Modern Theology (3 hours, spring odd years)
This course surveys the teachings of major theologians and movements from the turn of the 20th century to the present. A special emphasis on how these movements and theologians impact evangelical thought and practice. Prerequisite: BIB 213 and THE 303.

THE 473 Theological Research Seminar (3 hours, offered as announced; offered as scheduled online)
This course fosters skills in research and writing on theological topics. The essential course requirement is to produce a carefully written, in-depth, scholarly paper in a prescribed style on a topic chosen by the student and approved by the instructor. Class
meets only at the beginning and end of the semester; attendance is required. Prerequisites: BIB 213, THE 303, and junior or senior status.

THE 493 Senior Seminar (3 hours; spring; fall online)
This is the designated capstone course for Bible & Theology majors. It is designed to provide students with a focused opportunity to demonstrate the integration of faith and learning within the context of their major’s subject material. The course will contain the following components: a written doctrinal statement, comprehensive exams (written and oral) related to each major, the QEP integrative assignment, and a service/teaching practicum. Prerequisite: None.

YTH - YOUTH

YTH 233 Introduction to Communicating to Youth (3 hours; spring; offered as scheduled online)
Offering a preliminary overview of preaching in youth ministry, this course will provide the student with the process of developing a sermon. Included with preaching opportunities is an overview of the role of preacher, the context and audience of preaching (children and youth), goals of preaching, language tools, and the process of sermon preparation. Prerequisite: COM 113.

YTH 243 The Emotionally Healthy Youth Minister (3 hours; fall; offered as scheduled online)
Using an analysis of self-awareness, self-management, social awareness, and relationship management, this course seeks to increase emotional intelligence as it relates to youth ministry. Course study will include practical ways to distinguish and manage emotions in ways that assist with minimizing stress, strengthening communication, deepening empathy, bridging challenges, mitigating conflict, and developing a practical plan of stewardship for family, ministry, finances, and time. Prerequisite: None.

YTH 253 Foundations for Youth Ministry (3 hours; fall; offered as scheduled online)
This introductory youth ministry course addresses the theological, sociological, developmental and historical foundations for youth ministry. Attention is given to youth ministry practices, models of youth ministry, the person of the youth pastor, and parachurch youth ministries. Prerequisite: MIN 113.

YTH 323 Organization & Administration of Youth Ministry (3 hours; spring; offered as scheduled online)
This course studies the organizing, planning, decision-making, supervision, and human relations in the administration and management of youth ministry. Prerequisite: MIN 113.

YTH 363 Youth Culture (3 hours; fall; offered as scheduled online)
This course guides students in understanding contemporary youth culture norms (such as search for identity, generation and communication gaps, sexual patterns and attitudes, impact of mass/social medias, drugs, alcohol, music and spiritual attraction). Special attention will be given to the evaluation and critique of adolescent culture. Prerequisite: PSY 243 and YTH 253.

YTH 373 Spiritual Care & Counseling for Youth Ministry (3 hours; fall; offered as scheduled online)
This course equips the student with counseling methods and skills within a youth ministry context including counseling various generations (children, youth, and family), an overview of psychological disorders, adolescent and family developmental and crisis issues, pre-, inter-, and post-marital counseling, family counseling, and methods of spiritual direction. Prerequisites: YTH 253.

YTH 401-3 Independent Study (1-3 hours, either semester)
This is an individual study in youth ministry education for the advanced student. Advance approval by the Ministry and Leadership Department Chair is required. Prerequisite: None.

YTH 413 Curriculum Development for Youth Ministry (3 hours; fall; offered as scheduled online)
This course is designed to explore the process of curriculum development and design. It also identifies principles for selecting curriculum to meet the needs of learners and the educational program of youth ministry. This course will include a systematic evaluation of available curricula within the major’s subject material. Emphasis will be given to the writing of lesson plans for a variety of youth ministry settings. Prerequisite: YTH 253.

YTH 423 Youth Evangelism & Discipleship (3 hours; spring; offered as scheduled online)
The goal of this course is to integrate evangelistic outreach with disciple-making efforts to produce mature believers in Christ. It is a study in the principles, programming, and strategy needed in today’s culture. The course includes an analysis of gospel presentation, various contextual evangelistic approaches, and the natural ministry environments that contribute to maturing disciples who reproduce by proclaiming the Gospel to others. An emphasis will be placed on practical application within youth ministry. Prerequisite: YTH 253.

YTH 453 Youth Ministry in Cultural Contexts (3 hours; offered as scheduled online)
This course is an in-depth study of youth ministry in cultural contexts. It explores urban youth ministry, multi-cultural youth ministry, and youth ministry in cross-cultural settings. Various issues emerging from multi and cross-cultural youth ministries, as well as perspectives of multiple ethnicities are explored. These issues and perspectives are placed in the light of contextually relevant church and faith-based youth ministries. Prerequisite: None.

YTH 463 Seminar in Youth Ministry (3 hours; spring; offered as scheduled online)
This capstone course will be composed of a cohort of youth ministry students. Curriculum will include at least five components: 1) a written doctrinal statement, 2) an integrative comprehensive exam (written and oral) related to youth ministry and based on previous courses, 3) contemporary issues in youth ministry, 4) placement issues, and 5) the integration of character and intellect. Prerequisite: senior status.

YTH 473 Youth Ministry Internship (3 hours; summer)
This course allows practical application of the laws of learning and educational administration in a youth ministry situation. Students will be involved in an approved youth ministry assignment and will receive the benefits of supervision and evaluation. Prerequisites: 90 completed hours or approval by the Ministry & Leadership Department Chair, and acceptance to the Ministry & Leadership Department.
