Georgia Student Access Loan Promissory Note

In order to finalize the approval for your Georgia Student Access Loan (SAL), you must complete the promissory note, which is how you agree to all of the loan terms.

How to Complete the Georgia SAL Promissory Note

Shortly after receiving your updated financial aid offer, you would have received an email from salprogram@gsfc.org with instructions for electronically signing your Georgia SAL MPN. If you have already completed this step, you do not need to do anything further at this time.

The state will then review your submitted paperwork and will notify you via email if there are any issues with the submission.

Once the state has approved your Georgia SAL MPN (which can take up to 3 weeks), you will receive an email. We will update this document in our system within 2 business days of the state's approval.

****Please be aware that this loan will not show up on your student account until the Georgia SAL MPN has been approved by the state of Georgia.****

If you have any questions, feel free to call or email us (*see top of page*). If you would prefer, you can also schedule a Zoom meeting, in person meeting, or phone call with a member of our Financial Aid Team at <https://calendly.com/tfc-financial-aid/>.
